ARTICLE 27
POSITIONS

A. CAREER POSITIONS

1. Career positions are positions established at a fixed or variable percentage of time at fifty percent (50%) or more of full-time, which are expected to continue for one (1) year or longer.

2. In addition, beginning on January 1, 2001 a career appointment may be established by conversion from a limited appointment pursuant to Section B.2. of this Article.

B. LIMITED APPOINTMENTS

1. A limited appointment is established at any percentage of time, fixed or variable, during which the appointee is expected to be on pay status for less than one thousand (1,000) hours in a rolling twelve (12)-month period.

2. In the event that a limited appointment employee attains one thousand (1,000) hours of qualifying service within a rolling 12-month period, without a break in service of at least one-hundred twenty (120) consecutive calendar days, the incumbent’s appointment shall convert to career. The University shall notify the employee of conversion.

   a. Qualifying service includes all time on pay status in one or more limited appointments at the campus/hospital/laboratory. Pay status shall not include on-call or overtime hours.

   b. Such career conversion shall be effective on the first day of the month following attainment of one-thousand (1000) hours of qualifying service.

   c. Any break in service of one-hundred twenty (120) days or longer shall result in a new 12-month period for purposes of calculating the 1000-hour requirement.

3. Employees in limited appointments may have their appointment terminated or have their time reduced at the sole discretion of the University and without recourse to the grievance and arbitration procedures of this Agreement. An employee who is appointed to a limited appointment is automatically terminated as of the last day of the appointment unless there is an earlier separation or a formal extension of the appointment.

C. PARTIAL-YEAR POSITIONS

Partial-year positions are career positions established with regularly scheduled periods during which the incumbents remain employees but are not at work. These scheduled periods during which employees are not at work are designated as furloughs and are without pay. Furlough periods are not to exceed a total of
three (3) months in each calendar year. Partial-year career positions may be established as nine-, ten- or eleven-month appointments.

a. When calculating time in pay status during a calendar year the University shall include any period of time for which an employee receives pay for time worked, including compensatory time off, or for time on paid leave. Paid leave time includes sick leave, extended sick leave, vacations, holidays, or military leave with pay. The one-month's pay for extended military leave lump-sum payments for terminal vacation do not represent time on pay status.

b. Whenever it appears that an employee will be unable to achieve nine (9) months on pay status in a calendar year, the University may assign the employee to perform additional work according to classification and skills in an attempt to achieve nine (9) months on pay status. Once an employee has reached her/his appointment rate, additional scheduling will occur in accordance with the needs of the University and the qualifications of the employees.

2. Distribution of Salary over the Year

Employees with partial-year career appointments may choose either to receive paychecks during pay periods worked only, or to distribute their pay so that they will receive twelve (12), or the biweekly equivalent, paychecks throughout the year. Employees who occupy partial-year career positions and who elect the pay over twelve (12) months option must occupy the partial-year career position at least nine (9) months or the biweekly equivalent before receiving pay during the furlough period.

3. Benefits

a. An employee in a designated partial-year career position shall be provided the University's contribution to the cost of University-sponsored life, medical, vision, dental, and disability while s/he is on furlough for a maximum of three (3) months in a calendar year where the employee's earnings are insufficient to otherwise generate the University's contribution. For medical plans, which require an employee contribution, employees on furlough must remit to the University the amount of the employee's contributions for the plan to remain in force.

b. Time on furlough is not qualifying time for service computation for seniority or for vacation leave, sick leave, or holiday pay when furloughed absences exceed twenty (20) days in a month.

4. Reassignment

The reassignment of an employee in a full-time career position to a partial-year position or to a part-time position at a fixed or variable percentage of time shall be considered a reduction in time and must be carried out in accordance with the provisions of Article 13, Layoff and Reduction in Time.
