ARTICLE 2
SCOPE OF AGREEMENT

This Agreement shall cover employees involved in the performance of work on plant buildings and facilities at the CAMPUS and LABORATORY, which has historically and traditionally been performed by UNIVERSITY skilled craft employees over which the UNIVERSITY possesses the right to control. Employees not covered by this Agreement include CAMPUS and LABORATORY workers performing work directly related to research or experimental projects; provided, however, that when CAMPUS or LABORATORY employees are assigned to install any utility services or feeder lines (up through the final services system isolation, disconnect, or absolute control point), they shall be skilled crafts employees.
