UNIVERSITY OF CALIFORNIA

ELIGIBILITY, ENROLLMENT, TERMINATION AND PLAN ADMINISTRATION PROVISIONS

January 1, 2009

The following information applies to the University of California plan and supersedes any corresponding information that may be contained elsewhere in the document to which this insert is attached. The University establishes its own medical plan eligibility, enrollment and termination criteria based on the University of California Group Insurance Regulations ("Regulations"), and any corresponding Administrative Supplements. Portions of these Regulations are summarized below.

ELIGIBILITY

The following individuals are eligible to enroll in this Plan. Anyone enrolled in a non-University Medicare Advantage Managed Care contract or enrolled in a non-University Medicare Part D Prescription Drug Plan will be deenrolled from this health plan.

Subscribers

Employee: You are eligible if you are appointed to work at least 50% time for twelve months or more or are appointed at 100% time for three months or more or have accumulated 1,000* hours while on pay status in a twelve-month period. To remain eligible, you must maintain an average regular paid time** of at least 17.5 hours per week and continue in an eligible appointment. If your appointment is at least 50% time, your appointment form may refer to the time period as follows: "Ending date for funding purposes only; intent of appointment is indefinite (for more than one year)."

*****Lecturers – see your benefits office for eligibility.

******Average Regular Paid Time - For any month, the average number of regular paid hours per week (excluding overtime, stipend or bonus time) worked in the preceding twelve (12) month period. Average regular paid time does not include full or partial months of zero paid hours when an employee works less than 43.75% of the regular paid hours available in the month due to furlough, leave without pay or initial employment.

Retiree: A former University Employee receiving monthly benefits from a University-sponsored defined benefit plan.

You may continue University medical plan coverage as a Retiree when you start collecting retirement or disability benefits from a University-sponsored defined benefit plan. You must also meet the following requirements:

(a) you meet the University's service credit requirements for Retiree medical eligibility;

(b) the effective date of your Retiree status is within 120 calendar days of the date employment ends; and

(c) you elect to continue medical coverage at the time of retirement.

Survivor: A deceased Employee's or Retiree's Family Member receiving monthly benefits from a University-sponsored defined benefit plan—may be eligible to continue coverage as set forth in the University's Group Insurance Regulations. For more information, see the UC *Group Insurance Eligibility Factsheet for Retirees and Eligible Family Members*.

If you are eligible for Medicare, you must follow UC's Medicare Rules. See "Effect of Medicare on Retiree Enrollment" below.

Eligible Dependents (Family Members)

When you enroll any Family Member, your signature on the enrollment form or the confirmation number on your electronic enrollment attests that your Family Member meets the eligibility requirements outlined below. The University and/or the Plan reserves the right to periodically request documentation to verify eligibility of Family Members, including any who are required to be your tax dependent(s). Documentation could include a marriage certificate, birth certificate(s), adoption records, Federal Income Tax Return, or other official documentation.

Spouse: Your legal Spouse.

Child: All eligible children must be under the limiting age (18 for legal wards, 23 for all others, except for a child who is incapable of self-support due to a physical or mentally disabling injury, illness or condition), unmarried, and may not be emancipated minors. The following categories are eligible:

(a) your natural or legally adopted children;

(b) your stepchildren (natural or legally adopted children of your spouse) if living with you, dependent on you or your spouse for at least 50% of their support and are your or your spouse's dependents for income tax purposes;

(c) grandchildren of you or your spouse if living with you, dependent on you or your spouse for at least 50% of their support and are your or your spouse's dependents for income tax purposes;

(d) children for whom you are the legal guardian if living with you, dependent on you for at least 50% of their support and are your dependents for income tax purposes;

(e) Children you are legally required to provide group health coverage for pursuant to an administrative or court order. (Child must also meet UC eligibility requirements.)

Any Child described above (except a legal ward) who is incapable of self-support due to a physical or mental disability may continue to be covered past age 23 provided:

- the incapacity began before age 23, the child was enrolled in a group medical plan before age 23 and coverage is continuous,
- the child is chiefly dependent upon you for support and maintenance,
- the Child is claimed as your dependent for income tax purposes or is eligible for Social Security Income or Supplemental Security Income as a disabled person or working in supported employment which may offset the Social Security or Supplemental Security Income, and
- the Child lives with you if he or she is not your or your Spouse's natural or adopted Child.

The Plan will notify the Employee that the child's coverage will end when the child reaches a University-sponsored medical plan's upper age limit at least 90 days prior to the date the child reaches that age. Application must be made to the Plan within 60 days of the date the Employee receives our request. If we do not complete our determination of the child's continuing eligibility by the date the child reaches the plan's upper age limit, the child will remain covered pending our determination. The Plan may periodically request proof of continued disability, but not more than once a year after the initial certification. Incapacitated children approved for continued coverage under a University-sponsored medical plan are eligible for continued coverage under any other University-sponsored medical plan; if enrollment is transferred from one plan to another, a new application for continued coverage is not required.

If you are a newly hired Employee with an incapacitated child, you may also apply for coverage for that child. If age 23 or more, the child must have had continuous group medical coverage since age 23, and you must apply for University coverage during your Period of Initial Eligibility. The Plan may

ask for proof that the child is still incapable of self-support due to a physical or mentally disabling injury, illness or condition, but, after the initial certification, not more than once a year after the initial certification.

Other Eligible Dependents (Family Members): You may enroll a same sex domestic partner (and the same sex domestic partner's children/grandchildren/stepchildren) as set forth in the University of California Group Insurance Regulations. The University recognizes an opposite-sex partner as a Family Member that is eligible for coverage in UC-sponsored benefits if the Employee/Retiree or domestic partner is age 62 or older and eligible to receive Social Security benefits and both the Employee/Retiree and domestic partner are at least 18 years of age.

An adult dependent relative is no longer eligible for coverage. Only an adult dependent relative who was enrolled as an eligible dependent as of December 31, 2003 may continue coverage in UC-sponsored plans.

No Dual Coverage

Eligible individuals may be covered under only one of the following categories: as an Employee, a Retiree, a Survivor or a Family Member, but not under any combination of these. If an Employee and the Employee's spouse or domestic partner are both eligible Subscribers, each may enroll separately or one may cover the other as a Family Member. If they enroll separately, neither may enroll the other as a Family Member. Eligible children may be enrolled under either parent's or eligible domestic partner's coverage but not under both. Additionally, a Child who is also eligible as an Employee may not have dual coverage through two University-sponsored medical plans.

More Information

For information on who qualifies and how to enroll, contact your local Benefits Office or the University of California's Customer Service Center. You may also access eligibility factsheets on the web site: http://atyourservice.ucop.edu.

ENROLLMENT

For information about enrolling yourself or an eligible Family Member, see the person at your location who handles benefits. If you are a Retiree, contact the University's Customer Service Center. Enrollment transactions may be completed by paper form or electronically, according to current University practice. To complete the enrollment transaction, paper forms must be received by the local Accounting or Benefits office or by the University's Customer Service Center by the last business day within the applicable enrollment period; electronic transactions must be completed by midnight of the last day of the enrollment period.

During a Period of Initial Eligibility (PIE)

A PIE begins the day you become eligible and ends 31-days after it began. Also see At Other times for Employees and Retirees below.

If you are an Employee, you may enroll yourself and any eligible Family Members during your PIE. Your PIE starts the day you become an eligible Employee.

You may enroll any newly eligible Family Member during his or her PIE. The Family Member's PIE starts the day your Family Member becomes eligible, as described below. During this PIE you may also enroll yourself and/or any other eligible Family Member if not enrolled during your own or their own PIE. You must enroll yourself in order to enroll any eligible Family Member. Family members are only eligible for the same plan you are enrolled in.

(a) For a Spouse, on the date of marriage.

(b) For a Domestic Partner, on the date the domestic partnership is legally established. Also see At Other times for Employees and Retirees below.

(c) For a natural Child, on the Child's date of birth.

(d) For an adopted Child, the earlier of:

- the date you or your Spouse, or your Domestic Partner, has the legal right to control the Child's health care, or
- the date the Child is placed in your physical custody.

If the Child is not enrolled during the PIE beginning on that date, there is an additional PIE beginning on the date the adoption becomes final.

(e) Where there is more than one eligibility requirement, the date all requirements are satisfied.

If you decline enrollment for yourself or your eligible Family Members because of other group medical plan coverage and you lose that coverage involuntarily (or if the employer stops contributing toward the other coverage for you or your Family Members), you may be able to enroll yourself and those eligible Family Members during a PIE that starts on the day the other coverage is no longer in effect.

If you are in a POS plan and you move or are transferred out of that plan's service area, or will be away from the plan's service area for more than two months, you will have a PIE to enroll yourself and your eligible Family Members in another University medical plan. Your PIE starts with the effective date of the move or the date you leave the plan's service area.

At Other Times for Employees and Retirees

Group Open Enrollment Period. You and your eligible Family Members may also enroll during a group open enrollment period established by the University.

If you are an Employee and opt out of medical coverage or fail to enroll yourself during a PIE or open enrollment period, you may enroll yourself at any other time upon completion of a 90 consecutive calendar day waiting period.

If you are an Employee or Retiree and fail to enroll your eligible Family Members during a PIE or open enrollment period, you may enroll your eligible Family Members at any other time upon completion of a 90 consecutive calendar day waiting period.

90-Day Waiting Period. The 90-day waiting period starts on the date the enrollment form is received by the local Accounting or Benefits office and ends 90 consecutive calendar days later.

If you have one or more children enrolled in the Plan, you may add a newly eligible Child at any time. See "Effective Date".

Special Circumstances. You may enroll without waiting for the University's next open enrollment period if you are otherwise eligible under any one of the circumstances set forth below:

1. You have met all of the following requirements:

   a. You were covered under another health plan as an individual or dependent, including coverage under a COBRA or CalCOBRA continuation, the Healthy Families Program, or no share-of-cost Medi-Cal coverage.

   b. You stated at the time you became eligible for coverage under this *plan* that you were declining coverage under this *plan* or disenrolling because you were covered under another health plan as stated above and you were given notice that if you choose to enroll later, you would be required to complete the 90-day waiting period described above.

c. Your coverage under the other health plan wherein you were covered as an individual or dependent ended because you lost eligibility under the other plan or employer contributions toward coverage under the other plan terminated, your coverage under a COBRA or CalCOBRA continuation was exhausted, you lost coverage under the Healthy Families Program as a result of exceeding the program's income or age limits, or you lost no share-of-cost Medi-Cal coverage.

d. You properly file an application with the University during the PIE which starts on day after the other coverage ends.

2. A court has ordered coverage be provided for a spouse, domestic partner or dependent child under your employee health plan and an application is filed within the PIE which begins the date the court order is issued. (Family member must be eligible to enroll in UC-sponsored plans.)

3. You have a change in family status through either marriage or domestic partnership, or the birth, adoption, or placement for adoption, of a child:

   a. If you are enrolling following marriage or establishment of a domestic partnership, you and your new spouse or domestic partner must enroll during the PIE. Your new spouse or domestic partner's children may also enroll at that time. Other children may not enroll at that time unless they qualify under another of these circumstances listed above. Coverage will be effective on the first day of the PIE following the date you file the enrollment application provided you file it during the PIE.

   b. If you are enrolling following the birth, adoption, or placement for adoption of a child, your spouse (if you are already married) or domestic partner, who is eligible but not enrolled, may also enroll at that time. Other children may not enroll at that time unless they qualify under another of these circumstances listed above. Application must be made during the PIE; coverage will be effective as of the date of birth, adoption, or placement for adoption provided you enroll during the PIE.

4. You meet or exceed a lifetime limit on all benefits under another health plan. Application must be made within 31-days of the date a claim or a portion of a claim is denied due to your meeting or exceeding the lifetime limit on all benefits under the other plan. Coverage will be effective on the first day of the month following the date you file the enrollment application.

If you are an Employee or a Retiree and there is a lifetime maximum for all benefits under this plan, and you or a Family Member reaches that maximum, you and your eligible Family Members may be eligible to enroll in another UC-sponsored medical plan. Contact the person who handles benefits at your location (or the University's Customer Service Center if you are a Retiree).

If you are a Retiree, you may continue coverage for yourself and your enrolled Family Members in the same plan (or its Medicare version) you were enrolled in immediately before retiring. You must elect to continue enrollment for yourself and enrolled Family Members before the effective date of retirement (or the date disability or survivor benefits begin).

If you are a Survivor, you may not enroll your legal Spouse or domestic partner.

Effective Date

The following effective dates apply provided the appropriate enrollment transaction (paper form or electronic) has been completed within the applicable enrollment period.

- If you enroll during a PIE, coverage for you and your Family Members is effective the date the PIE starts.
- If you are a Retiree continuing enrollment in conjunction with retirement, coverage for you and your Family Members is effective on the first of the month following the first full calendar month of retirement income.

- The effective date of coverage for enrollment during an open enrollment period is the date announced by the University.
- For enrollees who complete a 90-day waiting period, coverage is effective on the 91st consecutive calendar day after the date the enrollment transaction is completed.

An Employee or Retiree already enrolled in adult plus child(ren) or family coverage may add additional children, if eligible, at any time after their PIE. Retroactive coverage is limited to the later of:

- the date the Child becomes eligible, or
- a maximum of 60 days prior to the date your Child's enrollment transaction is completed.

Change in Coverage

In order to change from single to adult plus child(ren) coverage, or two adult coverage, or family coverage, or to add another Child to existing family coverage, contact the person who handles benefits at your location (or the University's Customer Service Center if you are a Retiree).

Effect of Medicare on Retiree Enrollment

If you are a Retiree and you and/or an enrolled Family Member is or becomes eligible for premium free Medicare Part A (Hospital Insurance) as primary coverage, then that individual must also enroll in and remain in Medicare Part B (Medical Insurance). Once Medicare coverage is established, coverage in both Part A and Part B must be continuous. This includes anyone who is entitled to Medicare benefits through their own or their spouse's employment. Individuals enrolled in both Part A and Part B are then eligible for the Medicare premium applicable to this plan.

Retirees or their Family Member(s) who become eligible for premium-free Medicare Part A on or after January 1, 2004 and do not enroll in Part B will permanently lose their UC-sponsored medical coverage.

Retirees and their Family Members who were eligible for premium free Medicare Part A prior to January 1, 2004, but declined to enroll in Part B of Medicare, are assessed a monthly offset fee by the University to cover increased costs. The offset fee may increase annually, but will stop when the Retirees or Family Members become covered under Part B.

Retirees or Family Members who are not eligible for premium-free Part A will not be required to enroll in Part B, they will not be assessed an offset fee, nor will they lose their UC-sponsored medical coverage. Documentation attesting to their ineligibility for Medicare Part A will be required. (Retirees/Family Members who are not entitled to Social Security and premium-free Medicare Part A will not be required to enroll in Part B.)

An exception to the above rules applies to Retirees or Family Members in the following categories that will be eligible for the non-Medicare premium applicable to this Plan and will also be eligible for the benefits of this Plan without regard to Medicare:

a) Individuals who were eligible for premium-free Part A, but not enrolled in Medicare Part B prior to July 1, 1991.

b) Individuals who are not eligible for premium-free Part A.

You should contact Social Security three months before your or your Family Member's 65th birthday to inquire about your eligibility and how to enroll in the Hospital (Part A) and Medical (Part B) portions of Medicare. If you qualify for disability income benefits from Social Security, contact a Social Security office for information about when you will be eligible for Medicare enrollment.

UNIVERSITY OF CALIFORNIA

ELIGIBILITY, ENROLLMENT, TERMINATION AND PLAN ADMINISTRATION PROVISIONS

Upon Medicare eligibility, you or your Family Member must complete a University of California Medicare Declaration form, as well as submit a copy of your Medicare card. This notifies the University that you are covered by Part A and Part B of Medicare. The University's Medicare Declaration form is available through the University's Customer Service Center or from the web site: http://atyourservice.ucop.edu. Completed forms should be returned to University of California, Human Resources and Benefits, Health & Welfare Administration–Retiree Insurance Program, Post Office Box 24570, Oakland, CA 94623-9911.

Any individual enrolled in a University-sponsored Medicare Advantage Managed Care Contract must assign his/her Medicare benefit to that plan or lose UC-sponsored medical coverage. Anyone enrolled in a non-University Medicare Advantage Managed Care contract or enrolled in a non-University Medicare Part D Prescription Drug Plan will be deenrolled from this health plan.

Medicare Secondary Payer (MSP) Law

The Medicare Secondary Payer (MSP) Law affects the order in which claims are paid by Medicare and an employer group health plan. UC Retirees re-hired into positions making them eligible for UC-sponsored medical coverage, including CORE and mid-level benefits, are subject to MSP. For Employees or their Spouses who are age 65 or older and eligible for a group health plan due to employment, MSP indicates that Medicare becomes the secondary payer and the employer plan becomes the primary payer. You should carefully consider the impact on your health benefits and premiums should you decide to return to work after you retire.

MEDICARE PRIVATE CONTRACTING PROVISION AND PROVIDERS WHO DO NOT ACCEPT MEDICARE

Federal Legislation allows physicians or practitioners to opt out of Medicare. Medicare beneficiaries wishing to continue to obtain services **(that would otherwise be covered by Medicare)** from these physicians or practitioners will need to enter into written "private contracts" with these physicians or practitioners. These private agreements will require the beneficiary to be responsible for all payments to such medical providers. Since services provided under such "private contracts" are not covered by Medicare or this Plan, the Medicare limiting charge will not apply.

Some physicians or practitioners have **never** participated in Medicare. Their services (that would be covered by Medicare if they participated) will not be covered by Medicare or this Plan, and the Medicare limiting charge will not apply.

If you are classified as a Retiree by the University (or otherwise have Medicare as a primary coverage), are enrolled in Medicare Part B, and choose to enter into such a "private contract" arrangement as described above with one or more physicians or practitioners, or if you choose to obtain services from a provider who does not participate in Medicare, under the law you have in effect "opted out" of Medicare for the services provided by these physicians or other practitioners. In either case, no benefits will be paid by this Plan for services rendered by these physicians or practitioners with whom you have so contracted, even if you submit a claim. You will be fully liable for the payment of the services rendered. Therefore, it is important that you confirm that your provider takes Medicare prior to obtaining services for which you wish the Plan to pay.

However, even if you do sign a private contract or obtain services from a provider who does not participate in Medicare, you may still see **other** providers who have not opted out of Medicare and receive the benefits of this Plan for those services.

UNIVERSITY OF CALIFORNIA

ELIGIBILITY, ENROLLMENT, TERMINATION AND PLAN ADMINISTRATION PROVISIONS

TERMINATION OF COVERAGE

The termination of coverage provisions that are established by the University of California in accordance with its Regulations are described below. Additional Plan provisions apply and are described elsewhere in the document.

Deenrollment Due to Loss of Eligible Status

If you are an Employee and lose eligibility, your coverage and that of any enrolled Family Member stops at the end of the last month in which premiums are taken from earnings based on an eligible appointment. If you are hospitalized or undergoing treatment of a medical condition covered by this *plan*, benefits will cease to be provided and you may have to pay for the cost of those benefits yourself. You may be entitled to continued benefits under terms which are specified elsewhere under HIPAA COVERAGE AND CONVERSION. (If you apply for HIPAA COVERAGE AND CONVERSION, the benefits may not be the same as you had under this Plan.)

If you are a Retiree or Survivor and your annuity terminates, your coverage and that of any enrolled Family Member stops at the end of the last month in which you are eligible for an annuity.

If your Family Member loses eligibility, you must complete the appropriate transaction to delete him or her within 60 days of the date the Family Member is no longer eligible. Coverage stops at the end of the month in which he or she no longer meets all the eligibility requirements. For information on deenrollment procedures, contact the person who handles benefits at your location (or the University's Customer Service Center if you are a Retiree).

Deenrollment Due to Fraud

Coverage for you or your Family Members may be terminated for fraud or deception in the use of the services of the Plan, or for knowingly permitting such fraud or deception by another. Such termination shall be effective upon the later of (1) the date shown on the written notice to you, or (2) the date of the mailing of written notice to the Subscriber (and to the University if notice is given by the Plan). A Family Member who commits fraud or deception will be permanently deenrolled. If a Subscriber commits fraud or deception, the Subscriber and any Family Members will be deenrolled for 12 months.

Leave of Absence, Layoff or Retirement

Contact your local Benefits Office for information about continuing your coverage in the event of an authorized leave of absence, layoff or retirement.

Optional Continuation of Coverage

If your coverage or that of a Family Member ends, you and/or your Family Member may be entitled to elect continued coverage under the terms of the federal Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA), as amended and if that continued coverage ends, specified individuals may be eligible for further continuation under California law. The terms of these continuation provisions are contained in the University of California notice "Continuation of Group Insurance Coverage", available from the University's "At Your Service" website (http://atyourservice.ucop.edu). The notice is also available from the person in your department who handles benefits and from the University's Customer Service Center. You may also direct questions about these provisions to your local Benefits Office or to the University's Customer Service Center if you are a Retiree.

Grace Period

There shall be a Grace Period which provides additional time to University to complete full payment of monthly premiums to Anthem following the premium Due Date. The Due Date is the date the full premium is due and payable to Anthem Blue Cross Life and Health for a coverage month. The Grace period shall be in force 31 days following the Due Date. This Agreement shall remain in force during the Grace Period. No penalties or late fees shall be charged by Anthem Blue Cross Life and Health to University during the Grace Period. If the University fails to pay Anthem Blue Cross Life and Health the premiums due during the grace period, Anthem Blue Cross Life and Health will not end coverage for covered Employee Members or Family Members until the end of the Grace Period. The Employee Members will not be required by Anthem Blue Cross Life and Health to pay the premiums for the University nor will Members be required to pay more than their copay for any services received during the Grace Period.

If premiums due are not paid by the end of the Grace Period, the Agreement will be canceled as described above. If you are hospitalized or undergoing treatment of a medical condition covered by this Plan, benefits will cease to be provided and you may have to pay for the cost of those benefits yourself. You may be entitled to continued benefits under terms which are specified elsewhere under HIPAA COVERAGE AND CONVERSION. (If you apply for HIPAA COVERAGE AND CONVERSION, the benefits may not be the same as you had under this Plan.)

PLAN ADMINISTRATION

By authority of the Regents, University of California Human Resources and Benefits, located in Oakland, California, administers this plan in accordance with applicable plan documents and regulations, custodial agreements, University of California Group Insurance Regulations, group insurance contracts/service agreements, and state and federal laws. No person is authorized to provide benefits information not contained in these source documents, and information not contained in these source documents cannot be relied upon as having been authorized by the Regents. The terms of those documents apply if information in this document is not the same. The University of California Group Insurance Regulations will take precedence if there is a difference between its provisions and those of this document and/or the Administrative Services Agreement. What is written in this document does not constitute a guarantee of plan coverage or benefits--particular rules and eligibility requirements must be met before benefits can be received. Health and welfare benefits are subject to legislative appropriation and are not accrued or vested benefit entitlements.

This section describes how the Plan is administered and what your rights are.

TYPES OF PROVIDERS

PLEASE READ THE FOLLOWING INFORMATION SO YOU WILL KNOW FROM WHOM OR WHAT GROUP OF PROVIDERS HEALTH CARE MAY BE OBTAINED. IF YOU HAVE SPECIAL HEALTH CARE NEEDS, YOU SHOULD CAREFULLY READ THOSE SECTIONS THAT APPLY TO THOSE NEEDS. THE MEANINGS OF WORDS AND PHRASES IN ITALICS ARE DESCRIBED IN THE SECTION OF THIS BOOKLET ENTITLED DEFINITIONS.

Participating Providers. We have established a network of various types of "Participating Providers". These providers are called "participating" because they have agreed to participate in our preferred provider organization program (PPO), which we call the Prudent Buyer Plan. They have agreed to provide our members with health care at a special low cost. The amount of benefits payable under this *plan* will be different for *non-participating providers* than for *participating providers*. See the definition of "Participating Providers" in the DEFINITIONS section for a complete list of the types of providers which may be *participating providers* and "Liability of Subscriber to Pay Providers," in the GENERAL PROVISIONS section.

The *claims administrator* publishes a directory of Participating Providers. The directory lists all *participating providers* in your area, including health care facilities such as *hospitals* and *skilled nursing facilities*, *physicians*, laboratories, and diagnostic x-ray and imaging providers. You may call the *claims administrator* at the customer service number listed on your ID card and ask them to send you a directory. You may also search for a *participating provider* using the "Provider Finder" function on the *claims administrator's* website at **www.anthem.com/uc**, or you by calling the *claims administrator's* customer service unit at 1 (888) 209-7975.

Non-Participating Providers. *Non-participating providers* are providers which have not agreed to participate in the *claims administrator's* Prudent Buyer Plan network. They have not agreed to the *negotiated rates* and other provisions of a Prudent Buyer Plan contract.

Physicians. "Physician" means more than an M.D. Certain other practitioners are included in this term as it is used throughout the *plan*. This doesn't mean they can provide every service that a medical doctor could; it just means that we'll cover expense you incur from them when they're practicing within their specialty the same as we would if the care were provided by a medical doctor. As with the other terms, be sure to read the definition of "Physician" to determine which providers' services are covered. Only providers listed in the definition are covered as *physicians*. Please note also that certain providers' services are covered only upon referral of an M.D. (medical doctor) or D.O. (doctor of osteopathy). Providers for whom referral is required are indicated in the definition of "physician" by an asterisk (*).

Other Health Care Providers. "Other Health Care Providers" are neither *physicians* nor *hospitals*. They are mostly free-standing facilities or service organizations, such as ambulance companies. See the definition of "Other Health Care Providers" in the DEFINITIONS section for a complete list of those providers. *Other health care providers* are not part of our Prudent Buyer Plan provider network.

Reproductive Health Care Services. Some *hospitals* and other providers do not provide one or more of the following services that may be covered under your *plan* contract and that you or your family member might need: family planning; contraceptive services, including emergency contraception; sterilization, including tubal ligation at the time of labor and delivery; infertility treatment; or abortion. You should obtain more information before you enroll. Call your prospective *physician* or clinic, or call the *claims administrator* at the customer service telephone number listed on your ID card to ensure that you can obtain the health care services that you need.

Centers of Expertise. The *claims administrator* has established the following separate *Centers of Expertise* (COE) networks. The facilities included in each of these *COE* networks provide the following specified medical services:

- **Transplant Facilities.** Transplant facilities have been organized to provide services for specified organ transplants (heart, liver, lung, heart-lung, kidney-pancreas, or bone marrow, including autologous bone marrow transplant, peripheral stem cell replacement and similar procedures). Subject to any applicable co-payments or deductibles, these *COE's* agree to accept the *COE negotiated rate* as payment in full for covered services. **These procedures are covered only at a COE.**
- **Bariatric Facilities.** Hospital facilities have been organized to provide services for bariatric surgical procedures, such as gastric bypass and other surgical procedures for weight loss programs. **These procedures are covered only at a *COE*.**

A *participating provider* in the Prudent Buyer Plan network is not necessarily a *COE* facility.

SUMMARY OF BENEFITS

THE BENEFITS OF THIS *PLAN* ARE PROVIDED ONLY FOR THOSE SERVICES THAT ARE DETERMINED TO BE *MEDICALLY NECESSARY*. THE FACT THAT A *PHYSICIAN* PRESCRIBES OR ORDERS A SERVICE DOES NOT, IN ITSELF, MEAN THAT THE SERVICE IS *MEDICALLY NECESSARY* OR THAT THE SERVICE IS A *COVERED EXPENSE*. CONSULT THIS BOOKLET OR TELEPHONE THE *CLAIMS ADMINISTRATOR* AT THE NUMBER SHOWN ON YOUR IDENTIFICATION CARD IF YOU HAVE ANY QUESTIONS REGARDING WHETHER SERVICES ARE COVERED.

THIS *PLAN DESCRIPTION* CONTAINS MANY IMPORTANT TERMS (SUCH AS "MEDICALLY NECESSARY" AND "COVERED EXPENSE") THAT ARE DEFINED IN THE DEFINITIONS SECTION. WHEN READING THROUGH THIS BOOKLET, CONSULT THE DEFINITIONS SECTION TO BE SURE THAT YOU UNDERSTAND THE MEANINGS OF THESE ITALICIZED WORDS.

This summary provides a brief outline of your benefits. You need to refer to the entire *plan description* for complete information about the benefits, conditions, limitations and exclusions of your *plan*.

Second Opinions. If you have a question about your condition or about a plan of treatment which your *physician* has recommended, you may receive a second medical opinion from another *physician*. This second opinion visit will be provided according to the benefits, limitations, and exclusions of this *plan*. If you wish to receive a second medical opinion, remember that greater benefits are provided when you choose a *participating provider*. You may also ask your *physician* to refer you to a *participating provider* to receive a second opinion.

All benefits are subject to coordination with benefits under certain other plans.

The benefits of this *plan* are subject to the REIMBURSEMENT FOR ACTS OF THIRD PARTIES section.

IMPORTANT INFORMATION ABOUT YOUR MEDICAL BENEFITS

UTILIZATION REVIEW PROGRAM REQUIREMENTS -- Your *plan* has UTILIZATION REVIEW PROGRAM requirements. These are explained in the UTILIZATION REVIEW PROGRAM section beginning on page 44. **Your benefits may be reduced** if you do not follow the procedures outlined. If you have any questions about the UTILIZATION REVIEW PROGRAM requirements, call the *claims administrator* at the toll-free number on your identification card.

EMERGENCY CARE -- If you are admitted to the hospital in an emergency or have experienced an emergency medical procedure, call the *claims administrator* immediately using the number on your ID card or call 888-209-7975.

For an *emergency* admission or procedure, the *claims administrator* must be notified within one working day of the admission or procedure, unless "extraordinary circumstances" prevent such notification within that time period. Failure to notify the *claims administrator* of such care may result in your benefits being denied or reduced. Please refer to the section entitled UTILIZATION REVIEW PROGRAM, beginning on page 44, for details.

In determining "extraordinary circumstances", the *claims administrator* may take into account whether or not your condition was severe enough to prevent you from notifying the *claims administrator*, or whether or not a member of your family was available to notify the *claims administrator* for you. You may have to prove that such "extraordinary circumstances" were present at the time of the *emergency*.

Please read the definition of "Emergency" in the DEFINITIONS section carefully. This definition will be strictly enforced.

DISPUTES/APPEALS -- The Agent for Service of Legal Process is The University of California. Anthem Blue Cross Life and Health (the *claims administrator*) has taken the responsibility of Claim Appeal Fiduciary. Anthem Blue Cross Life and Health's duties and responsibilities as claim appeal fiduciary shall be limited to the review of denied claims. All claims with respect to which legal action is taken against the proceeds, such as suit, attachment or restraining order shall be referred to the University.

For claim appeals information, please refer to the Complaint Notice on the inside back cover of this booklet, and the Grievance Procedures and Binding Arbitration sections, pages 65 & 66.

YOUR MEDICAL BENEFITS

HOW COVERED EXPENSE IS DETERMINED

The *plan* will pay for *covered expense* you incur. A charge is incurred when the service or supply giving rise to the charge is rendered or received. *Covered expense* for medical benefits is based on a maximum charge for each covered service or supply that will be accepted for each different type of provider. It is not necessarily the amount a provider bills for the service.

Participating Providers and COE. The maximum *covered expense* for services provided by a *participating provider* or *COE* will be the lesser of the billed charge or the *negotiated rate*. *Participating providers* and *COE* have agreed not to charge you more than the *negotiated rate* for covered services. When you choose a *participating provider,* you will not be responsible for any amount in excess of the *negotiated rate*. If you receive an authorized, specified organ transplant at a *COE*, you will not be responsible for any amount in excess of the *COE negotiated rate* for the covered services of a *COE*.

If you go to a *hospital* which is a *participating provider,* you should not assume all providers in that *hospital* are also *participating providers*. To receive the greater benefits afforded when covered services are provided by a *participating provider,* you should request that all your provider services (such as services by an anesthesiologist) be performed by *participating providers* whenever you enter a *hospital*.

If you are planning to have outpatient surgery, you should first find out if the facility where the surgery is to be performed is an *ambulatory surgical center.* An *ambulatory surgical center* is licensed as a separate facility even though it may be located on the same grounds as a *hospital* (although this is not always the case). If the center is licensed separately, you should find out if the facility is a *participating provider* before undergoing the surgery.

Non-Participating Providers and Other Health Care Providers. The maximum *covered expense* for services provided by a *non-participating* or *other health care provider* will always be the lesser of the billed charge or (1) for a *physician,* the *customary and reasonable charge* or (2) for other than a *physician,* the *reasonable charge*. You will be responsible for any billed charge which exceeds the *customary and reasonable charge* or the r*easonable charge*.

The maximum *covered expense* for *non-participating providers* for services and supplies provided in connection with Cancer Clinical Trials will be the lesser of the billed charge or the amount that ordinarily applies when services are provided by a *participating provider*.

Exception: If Medicare is the primary payor, *covered expense* does not include any charge:

1. By a *hospital,* in excess of the approved amount as determined by Medicare; or
2. By a *physician* who is a *participating provider* who accepts Medicare assignment, in excess of the approved amount as determined by Medicare; or
3. By a *physician* who is a *non-participating provider* or *other health care provider* who accepts Medicare assignment, in excess of the lesser of maximum *covered expense* stated above, or the approved amount as determined by Medicare; or
4. By a *physician* or *other health care provider* who does not accept Medicare assignment, in excess of the lesser of the maximum *covered expense* stated above, or the limiting charge as determined by Medicare.

You will always be responsible for expense incurred which is not covered under this *plan*.

DEDUCTIBLES, CO-PAYMENTS, OUT-OF-POCKET AMOUNT AND MEDICAL BENEFIT MAXIMUMS

After subtracting any applicable deductible and your Co-Payment, the *plan* will pay benefits up to the amount of *covered expense,* not to exceed the applicable Medical Benefit Maximum. The Deductible amounts, Co-Payments, Out-Of-Pocket Amounts and Medical Benefit Maximums are set forth in the SUMMARY OF BENEFITS.

DEDUCTIBLES

Each deductible under this *plan* is separate and distinct from the other. Only charges that are considered *covered expense* will apply toward satisfaction of any deductible.

Calendar Year Deductible. Each *year*, you will be responsible for satisfying the Calendar Year Deductible before the *plan* begins to pay benefits.

Non-Certification Deductible. Each time you are admitted to a *hospital* or *residential treatment center* without properly obtaining certification, you are responsible for paying the Non-Certification Deductible. This deductible will not apply to an *emergency* admission or procedure, nor to services provided at a *participating provider*. Certification is explained in UTILIZATION REVIEW PROGRAM.

CO-PAYMENTS

After you have satisfied any applicable deductible, the *claims administrator* will subtract your Co-Payment from the amount of *covered expense* remaining.

If your Co-Payment is a percentage, the *claims administrator* will apply the applicable percentage to the amount of *covered expense* remaining after any deductible has been met. This will determine the dollar amount of your Co-Payment.

OUT-OF-POCKET AMOUNT

Satisfaction of the Out-Of-Pocket Amount. If, after you have met your Calendar Year Deductible, you pay Co-Payments equal to your Out-Of-Pocket Amount per *member* during a *calendar year*, you will no longer be required to make Co-Payments for any *covered expense* you incur during the remainder of that *year*.

Charges Which Do Not Apply Toward the Out-Of-Pocket Amount. The following expense will not be applied toward satisfaction of an Out-Of-Pocket Amount and is always your responsibility:

- Utilization Review Program penalties that may apply;
- Expense which is incurred for non-covered services or supplies; and
- Expense which is in excess of the amount of *covered expense.*

Note: The Calendar Year Deductible **applies** towards satisfaction of your Out-of-Pocket Amount.

MEDICAL BENEFIT MAXIMUMS

We do not make benefit payments for any *member* in excess of any of the Medical Benefit Maximums. Your Lifetime Maximum under this *plan* will be reduced by any benefits we paid to you or on your behalf under any other health plan provided by us.

CONDITIONS OF COVERAGE

The following conditions of coverage must be met for expense incurred for services or supplies to be considered as *covered expense*.

1. You must incur this expense while you are covered under this *plan*. Expense is incurred on the date you receive the service or supply for which the charge is made.
2. The expense must be for a medical service or supply furnished to you as a result of illness or injury or pregnancy, unless a specific exception is made.
3. The expense must be for a medical service or supply included in MEDICAL CARE THAT IS COVERED. Additional limits on *covered expense* are included under specific benefits and in the SUMMARY OF BENEFITS.
4. The expense must not be for a medical service or supply listed in MEDICAL CARE THAT IS NOT COVERED. If the service or supply is partially excluded, then only that portion which is not excluded will be considered *covered expense*.
5. The expense must not exceed any of the maximum benefits or limitations of this *plan*.
6. Any services received must be those which are regularly provided and billed by the provider. In addition, those services must be consistent with the illness, injury, degree of disability and your medical needs. 7. All services and supplies must be ordered by a *physician*.

Hospital

2. Services in *special care units*.

3. Outpatient services and supplies provided by a *hospital,* including outpatient surgery.

In no event will benefits exceed 100 visits during a *calendar year*. A visit of four hours or less by a home health aide shall be considered as one home health visit.

If you have a terminal illness and a life expectancy of one year or less, you have the option of electing Hospice Care benefits, which include professional services of an attending *physician*. An attending *physician* is one who is identified by you at the time you elect Hospice Care benefits as having the most significant role in the determination and delivery of your medical care. If you elect to receive Hospice Care, you must file an election statement with the *hospice*. You may revoke the election at any time. Election and revocation statements are available through the *hospice*.

Home health care services are not covered if received while you are receiving benefits under the "Hospice Care" provision of this section.

Hospice Care. The services and supplies listed below are covered when provided by a *hospice* for the palliative treatment of pain and other symptoms associated with a terminal disease. Covered services are available on a 24-hour basis for the management of your condition.

Your immediate family means your *spouse*, children, step-children, parents, and siblings.

10. Palliative care (care which controls pain and relieves symptoms, but does not cure) which is appropriate for the illness.

Your *physician* must consent to your care by the *hospice* and must be consulted in the development of your treatment plan. The *hospice* must submit a written treatment plan to the *claims administrator* every 30 days.

Plan benefits are limited to a lifetime maximum of 30 days of inpatient care and **$5,000** for outpatient care.

You must not take action which may prejudice our rights or interests under your *plan*. Failure to give such notice or to cooperate with the *claims administrator*, or actions that prejudice our rights or interests will be a material breach of this *plan* and will result in your being personally responsible for reimbursing us.

3. We will be entitled to collect on our lien even if the amount you or anyone recovered for you (or your estate, parent or legal guardian) from or for the account of such third party as compensation for the injury, illness or condition is less than the actual loss you suffered.

COORDINATION OF BENEFITS

If you are covered by more than one group health plan, your benefits under This Plan will be coordinated with the benefits of those Other Plans. These coordination provisions apply separately to each *member,* per *calendar year,* and are largely determined by California law. Any coverage you have for medical or dental benefits will be coordinated as shown below.

DEFINITIONS

The meanings of key terms used in this section are shown below. Whenever any of the key terms shown below appear in these provisions, the first letter of each word will be capitalized. When you see these capitalized words, you should refer to this "Definitions" provision.

Allowable Expense is any necessary, reasonable and customary item of expense which is at least partially covered by at least one Other Plan covering the person for whom claim is made. When a Plan provides benefits in the form of services rather than cash payments, the reasonable cash value of each service rendered will be deemed to be both an Allowable Expense and a benefit paid.

Benefit Reserve. A Benefit Reserve, if any, for a *calendar year* is created for a plan *member* under This Plan when a plan *member* is covered by more than one plan and This Plan is not the Principal Plan based on this Coordination of Benefits (COB) provision. The Benefit Reserve is the amount saved by the plan that is not the Principal Plan for the benefit of the plan *member*.

The following criteria are used to create a Benefit Reserve:

1. If This Plan is not the Principal Plan, then its benefits may be reduced so that the benefits and services of all the plans do not exceed Allowable Expense.
2. The benefits of This Plan will never be greater than the sum of the benefits that would have been paid if you were covered only under This Plan.
3. If This Plan is the Principal Plan, the benefits under This Plan will be determined without taking into account the benefits or services of any Other Plan. When This Plan is the Principal Plan, nothing will be applied to This Plan's Benefit Reserve.

Benefit Reserves for a plan *member* are not carried forward from one *year* to the next. A the end of each *calendar year*, the Benefit Reserve for plan *member* returns to zero and a new Benefit Reserve is created for the next *calendar year*.

Other Plan is any of the following:

1. Group, blanket or franchise insurance coverage;
2. Group service plan contract, group practice, group individual practice and other group prepayment coverages;
3. Group coverage under labor-management trusteed plans, union benefit organization plans, employer organization plans, employee benefit organization plans or self-insured employee benefit plans.

The term "Other Plan" refers separately to each agreement, policy, contract, or other arrangement for services and benefits, and only to that portion of such agreement, policy, contract, or arrangement which reserves the right to take the services or benefits of other plans into consideration in determining benefits.

Principal Plan is the plan which will have its benefits determined first.

This Plan is that portion of this *plan* which provides benefits subject to this provision.

EFFECT ON BENEFITS

1. If This Plan is the Principal Plan, then its benefits will be determined first without taking into account the benefits or services of any Other Plan.
2. If This Plan is not the Principal Plan, then its benefits may be reduced so that the benefits and services of all the plans do not exceed Allowable Expense.
3. The benefits of This Plan will never be greater than the sum of the benefits that would have been paid if you were covered under This Plan only.

EFFECT OF THE BENEFIT RESERVE ON PLAN BENEFITS

The Benefit Reserve provisions will apply if This Plan is not the Principal Plan and the benefits under This Plan and any Other Plan exceed the Allowable Expense for the *calendar year*.

The Benefit Reserve is determined by subtracting the amount the Principal Plan paid from the amount This Plan would have paid had it been the Principal Plan.

When This Plan is not the Principal Plan, the amounts saved, determined on a claim-by-claim basis, are recorded as a benefit reserve and are used to pay Allowable Expenses, not otherwise paid, that are incurred by the *member* during the *calendar year*.

ORDER OF BENEFITS DETERMINATION

The following rules determine the order in which benefits are payable:

1. A plan which has no Coordination of Benefits provision provides benefits before a plan which has a Coordination of Benefits provision.
2. A plan which covers you as a *subscriber* pays before a plan which covers you as a dependent. But, if you are a Medicare beneficiary and also a dependent of an employee with current employment status under another plan, this rule might change. If, according to Medicare's rules, Medicare pays after that plan which covers you as a dependent then, the plan which covers you as a dependent pays before a plan which covers you as a *subscriber*.

   For example: You are covered as a retired *subscriber* under this plan and a Medicare beneficiary (Medicare would pay first, this plan would pay second). You are also covered as a dependent of an active employee under another plan provided by an employer group of 20 or more employees (then, according to Medicare's rules, Medicare would pay second). In this situation, the plan which covers you as a dependent of an active employee will pay first and the plan which covers you as a retired *subscriber* will pay last, after Medicare.
3. For a dependent *child* covered under plans of two parents, the plan of the parent whose birthday falls earlier in the *calendar year* provides benefits before the plan of the parent whose birthday falls later in the *calendar year*. However, if one plan does not have a birthday rule provision, the provisions of that plan determine the order of benefits.

   Exception to rule 3: For a dependent *child* of parents who are divorced or separated, the following rules will be used in place of Rule 3:

   a. If the parent with custody of that *child* for whom a claim has been made has not remarried, then the plan of the parent with custody that covers that *child* as a dependent provides benefits first.

   b. If the parent with custody of that *child* for whom a claim has been made has remarried, then the order in which benefits are provided will be as follows:

      i. The plan which covers that *child* as a dependent of the parent with custody.

      ii. The plan which covers that *child* as a dependent of the stepparent (married to the parent with custody).

iii. The plan which covers that *child* as a dependent of the parent without custody.

iv. The plan which covers that *child* as a dependent of the stepparent (married to the parent without custody).

c. Regardless of a and b above, if there is a court decree which establishes a parent's financial responsibility for that *child's* health care coverage, a plan which covers that *child* as a dependent of that parent provides benefits first.

4. The plan covering the *member* as a laid-off or retired employee or as a dependent of a laid-off or retired employee provides benefits after a plan covering the *member* as other than a laid-off or retired employee or the dependent of such a person. But, if either plan does not have a provision regarding laid-off or retired employees, provision 6 applies.

5. The plan covering the *member* under a continuation of coverage provision in accordance with state or federal law provides benefits after a plan covering the *member* as an employee, a dependent or otherwise, but not under a continuation of coverage provision in accordance with state or federal law. If the order of benefit determination provisions of the Other Plan do not agree under these circumstances with the order of benefit determination provisions of This Plan, this rule will not apply.

6. When the above rules do not establish the order of payment, the plan on which the *member* has been enrolled the longest provides benefits first unless two of the plans have the same effective date. In this case, Allowable Expense is split equally between the two plans.

OUR RIGHTS UNDER THIS PROVISION

Responsibility For Timely Notice. The *claims administrator* is not responsible for coordination of benefits unless timely information has been provided by the requesting party regarding the application of this provision.

Reasonable Cash Value. If any Other Plan provides benefits in the form of services rather than cash payment, the reasonable cash value of services provided will be considered Allowable Expense. The reasonable cash value of such service will be considered a benefit paid, and our liability reduced accordingly.

Facility of Payment. If payments which should have been made under This Plan have been made under any Other Plan, we have the right to pay that Other Plan any amount the *claims administrator* determines to be warranted to satisfy the intent of this provision. Any such amount will be considered a benefit paid under This Plan, and such payment will fully satisfy our liability under this provision.

Right of Recovery. If the benefits provided under This Plan exceed the maximum amount necessary to satisfy the intent of this provision, the medical group and we have the right to recover that excess amount from any persons or organizations to or for whom those payments were made, or from any insurance company or service plan.

BENEFITS FOR MEDICARE ELIGIBLE MEMBERS

For Active Employees and Family Members. Any *member* who is an *employee* or a *family member* of an active *employee*, and eligible for Medicare, will receive the full benefits of this *plan*, except for the following:

1. *Members* who are receiving treatment for end-stage renal disease following the first 30 months such *members* are entitled to end-stage renal disease benefits under Medicare; and

2. *Members* who are entitled to Medicare benefits as disabled persons; unless the *members* have a current employment status, as determined by Medicare rules, through a *group* of 100 or more employees (according to OBRA legislation).

For cases where exceptions 1 or 2 apply, the *claims administrator* will determine our payment and then subtract the amount of benefits available from Medicare. We will pay the amount that remains after subtracting Medicare's payment. Please note, we will not pay any benefit when Medicare's payment is equal to or more than the amount which we would have paid in the absence of Medicare.

For Retired Employees and Their Spouses. If you are a retired employee or the *spouse* of a retired employee and you are enrolled for Medicare Part A and/or Part B, your benefits under this *plan* will be reduced.

When you incur *covered expense* under this *plan*, the *claims administrator* will determine this *plan's* payment and then subtract the amount of your benefits available from Medicare Parts A and B. This *plan* will pay the amount that remains after subtracting Medicare's benefits.

For example: Say you are a retired employee, a retired employee's *spouse* or that exceptions 1 or 2 above for active employees and *family members* apply to you. Say also that you are billed for **$100** of *covered expense*, by a Medicare provider who accepts assignment:

Medicare allowable expense	$62.50
Medicare payment	$50.00
Our payment	$12.50
Member payment	None

The combined amount of benefits from Medicare and this *plan* will equal, but not exceed, what your benefit would have been from this *plan* alone if you were not eligible for Medicare.

Electronic Claims Coordination

If you are covered by Medicare, call the *claims administrator's* Customer Service unit at 1 (888) 209-7975 and give them your Medicare number. The *claims administrator* will load it to its membership system, which will permit the *claims administrator* to electronically receive your Medicare EOB. This will allow the *claims administrator* to generate your UC benefit without you having to submit a claim.

UTILIZATION REVIEW PROGRAM

Benefits are provided only for *medically necessary* and appropriate services. Utilization Review is designed to work together with you and your provider to ensure you receive appropriate medical care and avoid unexpected out of pocket expense.

No benefits are payable, however, unless your coverage is in force at the time services are rendered, and the payment of benefits is subject to all the terms and requirements of this *plan*.

Important: The Utilization Review Program requirements described in this section do not apply when coverage under this *plan* is secondary to another plan providing benefits for you or your *family members*.

The utilization review program evaluates the medical necessity and appropriateness of care and the setting in which care is provided. You and your *physician* are advised if the *claims administrator* has determined that services can be safely provided in an outpatient setting, or if an inpatient *stay* is recommended. Services that are *medically necessary* and appropriate are certified by the *claims administrator* and monitored so that you know when it is no longer *medically necessary* and appropriate to continue those services.

It is your responsibility to see that your *physician* starts the utilization review process before scheduling you for any service subject to the utilization review program. If you receive any such service, and do not follow the procedures set forth in this section, your benefits will be reduced as shown in the "Effect on Benefits".

UTILIZATION REVIEW REQUIREMENTS

Utilization reviews are conducted for the following services:

- All inpatient *hospital stays* and *residential treatment center* admissions.
- *Facility-based care* for the treatment of *mental or nervous disorders, severe mental disorders,* and substance abuse.
- Organ and tissue transplants.
- Bariatric surgical services performed at a *Centers of Expertise* facility.
- Outpatient private duty nursing services.

Exceptions: Utilization review is not required for inpatient *hospital stays* for the following services:

- Maternity care of 48 hours or less following a normal delivery or 96 hours or less following a cesarean section; and
- Mastectomy and lymph node dissection.

The stages of utilization review are:

1. **Pre-service review** determines in advance the medical necessity and appropriateness of certain procedures or admissions and the appropriate length of stay, if applicable. Pre-service review is required for the following services:
    - Scheduled, non-emergency inpatient *hospital stays* and *residential treatment center* admissions (except inpatient *stays* for maternity care or mastectomy and lymph node dissection).
    - *Facility-based care* for the treatment of *mental or nervous disorders, severe mental disorders,* and substance abuse.

- Organ and tissue transplants.
- Bariatric surgical services performed at a *Centers of Expertise* facility.
- Outpatient private duty nursing services.

2. **Concurrent review** determines whether services are *medically necessary* and appropriate when the *claims administrator* is notified while service is ongoing, for example, an emergency admission to the hospital.

3. **Retrospective review** is performed to review services that have already been provided. This applies in cases when pre-service or concurrent review was not completed, or in order to evaluate and audit medical documentation subsequent to services being provided. Retrospective review may also be performed for services that continued longer than originally certified.

EFFECT ON BENEFITS

In order for the full benefits of this *plan* to be payable, the following criteria must be met:

1. The appropriate utilization reviews must be performed in accordance with this *plan*. When pre-service review is not performed as required for an inpatient *hospital* or *residential treatment center* admission or for *facility-based care* for the treatment of *mental or nervous disorders, severe mental disorders*, and substance abuse, the benefits to which you would have been otherwise entitled **will be subject to the Non-Certification Deductible shown in the SUMMARY OF BENEFITS.**

   When pre-service review is not performed for the other services listed below, the benefits to which you would have been otherwise entitled **will be reduced by $500 for each occurrence**. In addition, services for specified organ transplants are not covered when performed at other than designated COE.

2. When pre-service review is performed and the admission, procedure or service is determined to be *medically necessary* and appropriate, benefits will be provided for the following:

   - Organ and tissue transplants as follows:

     a. For kidney, bone, skin or cornea transplants if the *physicians* on the surgical team and the facility in which the transplant is to take place are approved for the transplant requested.

     b. For transplantation of liver, heart, heart-lung, lung, kidney-pancreas or bone marrow, including autologous bone marrow transplant, peripheral stem cell replacement and similar procedures if the providers of the related preoperative and postoperative services are approved and the transplant will be performed at a *Centers of Expertise (COE)* facility.

   - Bariatric surgical procedures, such as gastric bypass and other surgical procedures for weight loss if:

     a. The services are to be performed for the treatment of morbid obesity.

     b. The *physicians* on the surgical team and the facility in which the surgical procedure is to take place are approved for the surgical procedure requested; and

     c. The bariatric surgical procedure will be performed at a *Centers of Expertise (COE)* facility.

   - Outpatient private duty nursing care services will be provided only if the following criteria are met:

     a. The services are *medically necessary* and appropriate and can be safely provided in the *member's* home, as certified by the attending *physician*.

b. The attending *physician* manages and directs the *member's* medical care at home.

c. The attending *physician* must establish a definitive treatment plan which must be consistent with the *member's* medical needs and must list the services to be provided by the licensed nurse (R.N., L.P.N. or L.V.N.).

3. Services for inpatient *hospital stays, residential treatment center* admissions, and *facility-based care* for the treatment of *mental or nervous disorders, severe mental disorders,* and substance abuse that are not reviewed prior to or during service delivery will be reviewed retrospectively when the bill is submitted for benefit payment. If that review results in the determination that part or all of the services were not *medically necessary* and appropriate*,* benefits will not be paid for those services. Remaining benefits will be subject to previously noted reductions that apply when the required reviews are not obtained.

HOW TO OBTAIN UTILIZATION REVIEWS

Remember, it is always your responsibility to confirm that the review has been performed. If the review is not performed your benefits will be reduced as shown in the "Effect on Benefits".

Pre-service Reviews. Penalties will result for failure to obtain required pre-service review, before receiving scheduled services, as follows:

1. For all scheduled services that are subject to utilization review, you or your *physician* must initiate the pre-service review at least three working days prior to when you are scheduled to receive services.

2. You must tell your *physician* that this *plan* requires pre-service review. *Physicians* who are *participating providers* will initiate the review on your behalf. A *non-participating provider* may initiate the review for you, or you may call the *claims administrator* directly. The toll-free number for pre-service review is printed on your identification card.

3. If you do not receive the reviewed service within 60 days of the certification, or if the nature of the service changes, a new pre-service review must be obtained.

4. The *claims administrator* will determine if services are *medically necessary* and appropriate. For inpatient *hospital* and *residential treatment center* stays, the *claims administrator* will, if appropriate, specify a specific length of *stay* for services. For *facility-based care* for the treatment of *mental or nervous disorders, severe mental disorders*, and substance abuse the *claims administrator* will, if appropriate, specify the type and level of services, as well as their duration. You, your *physician* and the provider of the service will receive a written confirmation showing this information.

Concurrent Reviews

1. If pre-service review was not performed, you, your *physician* or the provider of the service must contact the *claims administrator* for concurrent review. For an *emergency* admission or procedure, the *claims administrator* must be notified within one working day of the admission or procedure, unless extraordinary circumstances* prevent such notification within that time period.

2. When *participating providers* have been informed of your need for utilization review, they will initiate the review on your behalf. You may ask a *non-participating provider* to call the toll free number printed on your identification card or you may call directly.

3. When the *claims administrator* determines that the service is *medically necessary* and appropriate, the *claims administrator* will, depending upon the type of treatment or procedure, specify the period of time for which the service is medically appropriate. The *claims administrator* will also determine the medically appropriate setting.

4. If the *claims administrator* determines that the service is not *medically necessary* and appropriate, your *physician* will be notified by telephone no later than 24 hours following its decision. The *claims administrator* will send written notice to you and your *physician* within two business days following its decision. However, care will not be discontinued until your *physician* has been notified and a plan of care that is appropriate for your needs has been agreed upon.

***Extraordinary Circumstances.** In determining "extraordinary circumstances", the *claims administrator* may take into account whether or not your condition was severe enough to prevent you from notifying the *claims administrator*, or whether or not a member of your family was available to notify the *claims administrator* for you. You may have to prove that such "extraordinary circumstances" were present at the time of the *emergency*.

Retrospective Reviews

1. Retrospective review is performed when the *claims administrator* is not notified of the service you received, and is therefore unable to perform the appropriate review prior to your discharge from the *hospital* or completion of outpatient treatment. It is also performed when pre-service or concurrent review has been done, but services continue longer than originally certified.

   It may also be performed for the evaluation and audit of medical documentation after services have been provided, whether or not pre-service or concurrent review was performed.

2. Such services which have been retroactively determined to not be *medically necessary* and appropriate will be retrospectively denied certification. If it is retroactively determined that benefits are not certifiable, the non-certification deductible will apply. (See SUMMARY OF BENEFITS.)

THE MEDICAL NECESSITY REVIEW PROCESS

The *claims administrator* works with you and your health care providers to cover *medically necessary* and appropriate care and services. While the types of services requiring review and the timing of the reviews may vary, the *claims administrator* is committed to ensuring that reviews are performed in a timely and professional manner. The following information explains the review process.

1. A decision on the medical necessity of a pre-service request will be made no later than 5 business days from receipt of the information reasonably necessary to make the decision, and based on the nature of your medical condition.

2. A decision on the medical necessity of a pre-service review for a condition that is an imminent and serious threat to the *member's* health including, but not limited to, the potential loss of life, limb, or other major bodily function, will be made no later than 72 hours from receipt of the information reasonably necessary to make the decision, and based on the nature of your medical condition. (As soon as the *claims administrator* can, based on your medical condition, as *medically nec*essary, the *claims administrator* may take less than 72 hours to decide if it will approve benefits.)

3. A decision on the medical necessity of a concurrent request will be made no later than one business day from receipt of the information reasonably necessary to make the decision, and based on the nature of your medical condition. However, care will not be discontinued until your *physician* has been notified and a plan of care that is appropriate for your needs has been agreed upon.

4. A decision on the medical necessity of a retrospective review will be made and communicated in writing no later than 30 days from receipt of the information necessary to make the decision to you and your *physician*.

5. If the *claims administrator* does not have the information it needs, the *claims administrator* will make every attempt to obtain that information from you or your *physician*. If unsuccessful, and a delay is anticipated, the *claims administrator* will notify you and your *physician* of the delay and

what it needs to make a decision. The *claims administrator* will also inform you of when a decision can be expected following receipt of the needed information.

6. All pre-service, concurrent and retrospective reviews for medical necessity are screened by clinically experienced, licensed personnel (called "Review Coordinators") using pre-established criteria and our medical policy. These criteria and policies are developed and approved by practicing providers not employed by the *claims administrator*, and are evaluated at least annually and updated as standards of practice or technology change. Requests satisfying these criteria are certified as *medically necessary*. Review Coordinators are able to approve most requests.

7. A written confirmation including the specific service determined to be *medically necessary* will be sent to you and your provider no later than 2 business days after the decision, and your provider will be initially notified by telephone within 24 hours of the decision for pre-service and concurrent reviews.

8. If the request fails to satisfy these criteria or medical policy, the request is referred to a Peer Clinical Reviewer. Peer Clinical Reviewers are health professionals clinically competent to evaluate the specific clinical aspects of the request and render an opinion specific to the medical condition, procedure and/or treatment under review. Peer Clinical Reviewers are licensed in California with the same license category as the requesting provider. When the Peer Clinical Reviewer is unable to certify the service, the requesting *physician* is contacted by telephone for a discussion of the case. In many cases, services can be certified after this discussion. If the Peer Clinical Reviewer is still unable to certify the service, your provider will be given the option of having the request reviewed by a different Peer Clinical Reviewer.

9. Only the Peer Clinical Reviewer may determine that the proposed services are not *medically necessary* and appropriate. Your *physician* will be notified by telephone within 24 hours of a decision not to certify and will be informed at that time of how to request reconsideration. Written notice will be sent to you and the requesting provider within two business days of the decision. This written notice will include:

    - an explanation of the reason for the decision,
    - reference of the criteria used in the decision to modify or not certify the request,
    - the name and phone number of the Peer Clinical Reviewer making the decision to modify or not certify the request,
    - how to request reconsideration if you or your provider disagree with the decision.

10. Reviewers may be plan employees or an independent third party the *claims administrator* chooses at its sole and absolute discretion.

11. You or your *physician* may request copies of specific criteria and/or medical policy by writing to the address shown on your plan identification card. The *claims administrator* discloses its medical necessity review procedures to health care providers through provider manuals and newsletters.

A determination of medical necessity does not guarantee payment or coverage. The determination that services are *medically necessary* is based on the clinical information provided. Payment is based on the terms of your coverage at the time of service. These terms include certain exclusions, limitations, and other conditions. Payment of benefits could be limited for a number of reasons, including:

- The information submitted with the claim differs from that given by phone;
- The service is excluded from coverage; or
- You are not eligible for coverage when the service is actually provided.

PERSONAL CASE MANAGEMENT

The personal case management program enables the *claims administrator* to authorize you to obtain medically appropriate care in a more economical, cost-effective and coordinated manner during prolonged periods of intensive medical care. Through a case manager, the *claims administrator* has the right to recommend an alternative plan of treatment which may include services not covered under this *plan*. It is not your right to receive personal case management, nor does the *claims administrator* have an obligation to provide it; the *claims administrator* provides these services at its sole and absolute discretion.

HOW PERSONAL CASE MANAGEMENT WORKS

You may be identified for possible personal case management through the *plan's* utilization review procedures, by the attending *physician, hospital* staff, or the *claims administrator's* claims reports. You or your family may also call the *claims administrator*.

Benefits for personal case management will be considered only when all of the following criteria are met:

1. You require extensive long-term treatment;
2. The *claims administrator* anticipates that such treatment utilizing services or supplies covered under this *plan* will result in considerable cost;
3. The *claims administrator's* cost-benefit analysis determines that the benefits payable under this *plan* for the alternative plan of treatment can be provided at a lower overall cost than the benefits you would otherwise receive under this *plan* while maintaining the same standards of care; and
4. You (or your legal guardian) and your *physician* agree, in a letter of agreement, with the *claims administrator's* recommended substitution of benefits and with the specific terms and conditions under which alternative benefits are to be provided.

Alternative Treatment Plan. If the *claims administrator* determines that your needs could be met more efficiently, an alternative treatment plan may be recommended by your health care professionals. This may include providing benefits not otherwise covered under this *plan*. A case manager will review the medical records and discuss your treatment with the attending *physician,* you, and your family.

The *claims administrator* makes treatment recommendations only; any decision regarding treatment belongs to you and your *physician*. We will not compromise your freedom to make such decisions.

EFFECT ON BENEFITS

1. Any alternative benefits are accumulated toward the Lifetime Maximum.
2. Benefits are provided for an alternative treatment plan on a case-by-case basis only. The *claims administrator* has absolute discretion in deciding whether or not to authorize services in lieu of benefits for any *member,* which alternatives may be offered and the terms of the offer.
3. The *claims administrator's* authorization of services in lieu of benefits in a particular case in no way commits the *claims administrator* to do so in another case or for another *member*.
4. The personal case management program does not prevent the *claims administrator* from strictly applying the expressed benefits, exclusions and limitations of this *plan* at any other time or for any other *member*.

Note: The *claims administrator* reserve the right to use the services of one or more third parties in the performance of the services outlined in the letter of agreement. No other assignment of any

rights or delegation of any duties by either party is valid without the prior written consent of the other party.

DISAGREEMENTS WITH MEDICAL MANAGEMENT DECISIONS

1. If you or your *physician* disagree with a decision, or question how it was reached, you or your *physician* may request reconsideration. Requests for reconsideration (either by telephone or in writing) must be directed to the reviewer making the determination. The address and the telephone number of the reviewer are included on your written notice of determination. Written requests must include medical information that supports the medical necessity of the services.

2. If you, your representative, or your *physician* acting on your behalf find the reconsidered decision still unsatisfactory, a request for an appeal of a reconsidered decision may be submitted in writing to us.

3. If the appeal decision is still unsatisfactory, your remedy may be binding arbitration. (See BINDING ARBITRATION.)

QUALITY ASSURANCE

Utilization review programs are monitored, evaluated, and improved on an ongoing basis to ensure consistency of application of screening criteria and medical policy, consistency and reliability of decisions by reviewers, and compliance with policy and procedure including but not limited to timeframes for decision making, notification and written confirmation. The *claims administrator's* Board of Directors is responsible for medical necessity review processes through its oversight committees including the Strategic Planning Committee, Quality Management Committee, and Physician Relations Committee. Oversight includes approval of policies and procedures, review and approval of self-audit tools, procedures, and results. Monthly process audits measure the performance of reviewers and Peer Clinical Reviewers against approved written policies, procedures, and timeframes. Quarterly reports of audit results and, when needed, corrective action plans are reviewed and approved through the committee structure.

HIPAA COVERAGE AND CONVERSION

If your coverage for medical benefits under this *plan* ends, you may be eligible to enroll for coverage with any carrier or health plan that offers individual medical coverage. HIPAA coverage and conversion coverage are available upon request if you meet the requirements stated below. Both HIPAA coverage and conversion are available for medical benefits only. Please note that the benefits and cost of these plans will differ from your current employer's *plan*.

HIPAA Coverage

The Health Insurance Portability and Accountability Act (HIPAA) is a federal law that provides an option for individual coverage when coverage under the employer's group *plan* ends. To be eligible for HIPAA coverage, you must meet all of the following requirements:

1. You must have a minimum of 18 months of continuous health coverage, most recently under an employer-sponsored health plan, and have had coverage within the last 63 days.
2. Your most recent coverage was not terminated due to nonpayment of the required monthly contribution, premiums or fraud.
3. If continuation of coverage under the employer *plan* was available under COBRA, CalCOBRA, or a similar state program including Senior COBRA, such coverage must have been elected and exhausted.
4. You must not be eligible for Medicare, Medicaid, or any group medical coverage and cannot have other medical coverage.

You must apply for HIPAA coverage within 63 days of the date your coverage under the employer's *plan* ends. Any carrier or health plan that offers individual medical coverage must make HIPAA coverage available to qualified persons without regard to health status. If you decide to enroll in HIPAA coverage, you will no longer qualify for conversion coverage.

Conversion Coverage

To apply for a conversion plan, you must submit an application to the *claims administrator* and make the first subscription charge payment within 63 days of the date your coverage under the employer's *plan* ends. Under certain circumstances you are not eligible for a conversion plan. They are:

1. You are not eligible if your coverage under this *plan* ends because the *plan* terminates and is replaced by another group plan within 15 days.
2. You are not eligible if your coverage under this *plan* ends because the required monthly contribution or premium is not paid when due because you (or the *subscriber* who enrolled you as a dependent) did not contribute your part, if any.
3. You are not eligible for a conversion plan if you are eligible for health coverage under another group plan when your coverage ends.
4. You are not eligible for a conversion plan if you are eligible for Medicare coverage when your coverage under this *plan* ends, whether or not you have actually enrolled in Medicare.
5. You are not eligible for a conversion plan if you are covered under an individual health plan.
6. You are not eligible for a conversion plan if you were not covered for medical benefits under the *plan* for three consecutive months immediately prior to the termination of your coverage.

   The three consecutive month period of coverage requirement will be waived for *members* who have been covered under another UC plan then switch to this *plan* during an Open Enrollment and need to convert prior to being covered for three consecutive months under this *plan*.

If you decide to enroll in a conversion plan, you will no longer qualify for HIPAA coverage.

IMPORTANT: The intention of conversion coverage is not to replace the coverage you have under this *plan,* but to make available to you a specified amount of coverage for medical benefits until you can find a replacement. The conversion plan provides lesser benefits than this *plan* and the provisions and rates differ.

When coverage under your employer's group *plan* ends, you will receive more information about how to apply for HIPAA coverage or conversion, including a postcard for requesting an application and a telephone number to call if you have any questions.

CERTIFICATION OF CREDITABLE COVERAGE

In accordance with the statutory requirements of the Health Insurance Portability and Accountability Act of 1996 and Section 1357.51 of the California Health and Safety Code, the claims administrator will provide certifications of periods of creditable coverage for *members* whose coverage under the *plan* terminates.

The *claims administrator* will also provide a certificate of creditable coverage in response to your request, or to a request made on your behalf, at any time while you are covered under this *plan* and up to 24 months after your coverage under this *plan* ends. The certificate of creditable coverage documents your coverage under this *plan*. To request a certificate of creditable coverage, please call the customer service telephone number listed on your ID card.

GENERAL PROVISIONS

Providing of Care. We are not responsible for providing any type of *hospital,* medical or similar care, nor are we responsible for the quality of any such care received.

Independent Contractors. The *claims administrator's* relationship with providers is that of an independent contractor. *Physicians,* and other health care professionals, *hospitals, skilled nursing facilities* and other community agencies are not their agents nor are they, or any of their employees, an employee or agent of any *hospital,* medical group or medical care provider of any type.

Non-Regulation of Providers. The benefits of this *plan* do not regulate the amounts charged by providers of medical care, except to the extent that rates for covered services are regulated with *participating providers*.

Out-of-California Providers. The Blue Cross and Blue Shield Association, of which the *claims administrator* is a member, has a program (called the "BlueCard Program") which allows our *members* to have the reciprocal use of participating providers contracted under other states' Blue Cross and/or Blue Shield Licensees. If you are outside of California and require medical care or treatment, you may use a local Blue Cross and/or Blue Shield provider. If you use one of these providers, your out-of-pocket expenses may be lower than those incurred when using a provider that does not participate in the BlueCard Program. The rules for the BlueCard Program, including those described below, are set by The Blue Cross and Blue Shield Association. In order for you to receive access to whatever discounts may be available, the *claims administrator* must abide by those rules.

When you obtain covered health care services through the BlueCard Program outside of California, your co-payment for such services, if it is not a flat dollar amount, is usually calculated on the lower of the:

- Billed charges for your covered services, or
- Negotiated price that the on-site Blue Cross and/or Blue Shield Licensee ("Host Blue") passes on to the *claims administrator*.

Often, the "negotiated price," referred to above, will consist of a simple discount, which reflects the actual price paid by the Host Blue. But, sometimes it is an estimated price that factors in expected settlements, withholds, any other contingent payment arrangements and non-claims transactions with your health care provider or with a specified group of providers. The negotiated price may also be billed charges reduced to reflect **average** expected savings with your health care provider or with a specified group of providers. If the negotiated price reflects average expected savings, it may result in greater variation (more or less) from the actual price paid than will the estimated price. The estimated or average price may be adjusted in the future to correct for over- or underestimation of past prices. Regardless of how the negotiated price is determined, the amount you pay is considered a final price.

Statutes in a small number of states may require the Host Blue to use a basis for calculating *member* liability for covered services that does not reflect the entire savings realized, or expected to be realized, on a particular claim or to add a surcharge. Should any state statutes mandate *member* liability calculation methods that differ from the usual BlueCard Program method noted above in the second paragraph of this section, or require a surcharge, we would then calculate your co-payment for any covered health care services using the methods outlined by the applicable state statute in effect at the time you received your care.

Providers available to you through the BlueCard Program have not entered into contracts with the *claims administrator*. If you have any questions or complaints about the BlueCard Program, please call the *claims administrator* at the customer service telephone number listed on your ID card.

You may choose any *physician* who holds a valid *physician* and surgeon's certificate and who is a member of, or acceptable to, the attending staff and board of directors of the *hospital* where services are received. You may also choose any other health care professional or facility which provides care covered under this *plan,* and is properly licensed according to appropriate state and local laws. However, your choice may affect the benefits payable according to this *plan*.

Transition Assistance does not provide coverage for services not otherwise covered under the *plan*.

The *claims administrator* will notify you by telephone, and the provider by telephone and fax, as to whether or not your request for Transition Assistance is approved. If approved, you will be financially responsible only for applicable deductibles, coinsurance, and copayments under the *plan*. Financial arrangements with *non-participating providers* are negotiated on a case-by-case basis. The *claims administrator* will request that the *non-participating provider* agree to accept reimbursement and contractual requirements that apply to *participating providers*, including payment terms. If the *non-participating provider* does not agree to accept said reimbursement and contractual requirements, we are not required to continue that provider's services. If you do not meet the criteria for Transition Assistance, you are afforded due process including having a *physician* review the request.

Continuity of Care after Termination of Provider: Subject to the terms and conditions set forth below, the *plan* will provide benefits at the *participating provider* level for covered services (subject to applicable copayments, coinsurance, deductibles and other terms) received from a provider at the time the provider's contract with the *claims administrator* terminates (unless the provider's contract terminates for reasons of medical disciplinary cause or reason, fraud, or other criminal activity).

You must be under the care of the *participating provider* at the time the provider's contract terminates. The terminated provider must agree in writing to provide services to you in accordance with the terms and conditions of his or her agreement with the *claims administrator* prior to termination. The provider must also agree in writing to accept the terms and reimbursement rates under his or her agreement with the *claims administrator* prior to termination. If the provider does not agree with these contractual terms and conditions, we are not required to continue the provider's services beyond the contract termination date.

The *claims administrator* will provide such benefits for the completion of covered services by a terminated provider only for the following conditions:

1. An acute condition. An acute condition is a medical condition that involves a sudden onset of symptoms due to an illness, injury, or other medical problem that requires prompt medical attention and that has a limited duration. Completion of covered services shall be provided for the duration of the acute condition.
2. A serious chronic condition. A serious chronic condition is a medical condition caused by a disease, illness, or other medical problem or medical disorder that is serious in nature and that persists without full cure or worsens over an extended period of time or requires ongoing treatment to maintain remission or prevent deterioration. Completion of covered services shall be provided for a period of time necessary to complete a course of treatment and to arrange for a safe transfer to another provider, as determined by the *claims administrator* in consultation with you and the terminated provider and consistent with good professional practice. Completion of covered services shall not exceed twelve (12) months from the date the provider's contract terminates.
3. A pregnancy. A pregnancy is the three trimesters of pregnancy and the immediate postpartum period. Completion of covered services shall be provided for the duration of the pregnancy.
4. A terminal illness. A terminal illness is an incurable or irreversible condition that has a high probability of causing death within one (1) year or less. Completion of covered services shall be provided for the duration of the terminal illness.

Such benefits will not apply to providers who have been terminated due to medical disciplinary cause or reason, fraud, or other criminal activity.

Please contact customer service at the telephone number listed on your ID card to request continuity of care or to obtain a copy of the written policy. Eligibility is based on the *member's* clinical condition and is not determined by diagnostic classifications. Continuity of care does not provide coverage for services not otherwise covered under the *plan*.

The *claims administrator* will notify you by telephone, and the provider by telephone and fax, as to whether or not your request for continuity of care is approved. If approved, you will be financially responsible only for applicable deductibles, coinsurance, and copayments under the *plan*. Financial arrangements with terminated providers are negotiated on a case-by-case basis. The *claims administrator* will request that the terminated provider agree to accept reimbursement and contractual requirements that apply to *participating providers*, including payment terms. If the terminated provider does not agree to accept the same reimbursement and contractual requirements, we are not required to continue that provider's services.

Provider Reimbursement. *Physicians* and other professional providers are paid on a fee-for-service basis, according to an agreed schedule. A participating *physician* may, after notice from the *claims administrator*, be subject to a reduced negotiated rate in the event the participating *physician* fails to make routine referrals to *participating providers*, except as otherwise allowed (such as for *emergency services*). *Hospitals* and other health care facilities may be paid either a fixed fee or on a discounted fee-for-service basis.

Availability of Care. If there is an epidemic or public disaster and you cannot obtain care for covered services, we refund the unearned part of the subscription charge paid for you. A written request for that refund and satisfactory proof of the need for care must be sent to us within 31 days. This payment fulfills our obligation under this *plan*.

Medical Necessity. The benefits of this *plan* are provided only for services which are considered to *medically necessary*. The services must be ordered by the attending *physician* for the direct care and treatment of a covered condition. They must be standard medical practice where received for the condition being treated and must be legal in the United States. The process used to authorize or deny health care services under this *plan* is available to you upon request.

Benefits Not Transferable. Only *members* are entitled to receive benefits under this *plan*. The right to benefits cannot be transferred.

Notice of Claim. You or the provider of service must send properly and fully completed claim forms to the *claims administrator* within 90 days of the date you receive the service or supply for which a claim is made. Services received and charges for the services must be itemized, and clearly and accurately described. If it is not reasonably possible to submit the claim within that time frame, an extension of up to 12 months will be allowed. We are not liable for the benefits of the *plan* if you do not file claims within the required time period. Claim forms must be used; canceled checks or receipts are not acceptable.

Payment to Providers. We will pay the benefits of this *plan* directly to *participating providers*, *COE* and medical transportation providers. We will pay non-contracting hospitals and other providers of service directly when *emergency* services and care are provided to you or one of your *family members*. We will continue such direct payment until the *emergency* care results in stabilization. Also, we will pay other providers of service directly when you assign benefits in writing. If you are a Medi-Cal beneficiary and you assign benefits in writing to the State Department of Health Services, we will pay the benefits of this *plan* to the State Department of Health Services. These payments will fulfill our obligation to you for those covered services.

Right of Recovery. When the amount we paid exceeds our liability under this *plan*, we have the right to recover the excess amount. This amount may be recovered from you, the person to whom payment was made or any other plan.

Workers' Compensation Insurance. The *plan* does not affect any requirement for coverage by workers' compensation insurance. It also does not replace that insurance.

Prepayment Fees. Your employer is responsible for paying subscription charges to us for all coverage provided to you and your *family members*. Your employer may require that you contribute all or part of the costs of these subscription charges. Please consult your employer for details.

Liability of Subscriber to Pay Providers. In accordance with California law, you will not be required to pay any *participating provider* or *other health care provider* any amounts we owe to that provider (not including co-payments or deductibles), even in the unlikely event that we fail to pay that provider. You may be liable, however, to pay *non-participating providers* any amounts not paid to them by us.

Renewal Provisions. The *plan* is subject to renewal at certain intervals. The required monthly contribution or other terms of the *plan* may be changed from time to time.

Financial Arrangements with Providers. The *claims administrator* or an affiliate has contracts with certain health care providers and suppliers (hereafter referred to together as "Providers") for the provision of and payment for health care services rendered to its members and *members* entitled to health care benefits under individual certificates and group policies or contracts to which *claims administrator* or an affiliate is a party, including all persons covered under the *plan*.

Under the above-referenced contracts between Providers and *claims administrator* or an affiliate, the negotiated rates paid for certain medical services provided to persons covered under the *plan* may differ from the rates paid for persons covered by other types of products or programs offered by the *claims administrator* or an affiliate for the same medical services. In negotiating the terms of the *plan*, the *plan administrator* was aware that the *claims administrator* or its affiliates offer several types of products and programs. The members, *members* and *plan administrator* are entitled to receive the benefits of only those discounts, payments, settlements, incentives, adjustments and/or allowances specifically set forth in the *plan*.

BINDING ARBITRATION

THIS PROVISION DOES NOT APPLY TO CLASS ACTIONS

ALL DISPUTES INLCUDING, BUT NOT LIMITED TO, DISPUTES RELATING TO THE DELIVERY OF SERVICES UNDER THE *PLAN* OR ANY OTHER ISSUES RELATED TO THE *PLAN* AND CLAIMS OF MEDICAL MALPRACTICE MUST BE RESOLVED BY BINDING ARBITRATION IF THE AMOUNT IN DISPUTE EXCEEDS THE JURISDICTIONAL LIMIT OF SMALL CLAIMS COURT. California Health & Safety Code section 1363.1 requires specific disclosures in this regard including the following notice: "It is understood that any dispute as to medical malpractice, that is, whether any medical services rendered under this contract were unnecessary or unauthorized or were improperly, negligently or incompetently rendered, will be determined by submission to arbitration as provided by California law, and not by a lawsuit or resort to court process except as California law provides for judicial review of arbitration proceedings. Both parties to this contract, by entering into it, acknowledge that they are giving up their constitutional right to have any and all disputes, including medical malpractice claims, decided in a court of law before a jury, and instead are accepting the use of arbitration." THE *MEMBER* AND PLAN ADMINISTRATOR AGREE TO BE BOUND BY THIS BINDING ARBITRATION PROVISION AND ACKNOWLEDGE THAT THE RIGHT TO A JURY TRIAL IS WAIVED FOR BOTH DISPUTES RELATING TO THE DELIVERY OF SERVICES UNDER THE *PLAN* OR ANY OTHER ISSUES RELATED TO THE *PLAN* AND MEDICAL MALPRACTICE CLAIMS.

The Federal Arbitration Act will govern the interpretation and enforcement of all proceedings under this BINDING ARBITRATION provision. To the extent that the Federal Arbitration Act is inapplicable, or is held not to require arbitration of a particular claim, state law governing agreements to arbitrate will apply.

The arbitration findings will be final and binding except to the extent that state or Federal law provides for the judicial review of arbitration proceedings.

The arbitration is initiated by the *member* making written demand on the *Plan Administrator*. The arbitration will be conducted by Judicial Arbitration and Mediation Services ("JAMS") according to its applicable Rules and Procedures. If, for any reason, JAMS is unavailable to conduct the arbitration, the arbitration will be conducted by another neutral arbitration entity, by agreement of the *member* and the *Plan Administrator*, or by order of the court, if the *member* and the *Plan Administrator* cannot agree.

The costs of the arbitration will be allocated per the JAMS Policy on Consumer Arbitrations. If the arbitration is not conducted by JAMS, the costs will be shared equally by the parties, except in cases of extreme financial hardship, upon application to the neutral arbitration entity to which the parties have agreed, in which cases, the *Plan Administrator* will assume all or a portion of the costs of the arbitration.
