

Your summary of benefits

Anthem Blue Cross

Effective: January 1, 2020

Your Plan: UC Health Savings Plan Prescription Drug Coverage

This summary of benefits is a brief outline of coverage, designed to help you with the selection process. This summary does not reflect each and every benefit, exclusion and limitation which may apply to the coverage. For more details, important limitations and exclusions, please review the formal Summary Plan Description (SPD). If there is a difference between this summary and the SPD, the SPD will prevail.

Covered Prescription Drug Benefits	Cost if you use an In-Network Provider	Cost if you use a Non-Network Provider
<p>Pharmacy Deductible <i>Combined with medical deductible. In-network deductible accumulates towards Out-of-Network deductible. Out-of-Network deductible does not accumulate towards In-network deductible. The family deductible is non-embedded meaning the cost shares of all family members apply to one shared family deductible. The individual deductible only applies to individuals enrolled under single coverage.</i></p>	\$1,400 Individual / \$2,800 Family	\$2,550 Individual / \$5,100 Family
<p>Pharmacy Out of Pocket <i>Combined with medical out of pocket. In-network Out-of-Pocket costs accumulates towards Out-of-Network Out-of-Pocket, Out-of-Network Out-of-Pocket costs do not accumulate towards the In-Network Out-of-Pocket maximum. The family out-of-pocket maximum is non-embedded meaning the cost shares of all family members apply to one shared family out-of-pocket maximum. The individual out-of-pocket maximum only applies to individuals enrolled under single coverage. The deductible is included in the out-of-pocket maximum.</i></p>	\$4,000 Individual / \$6,400 Family	\$8,000 Individual / \$16,000 Family

Your summary of benefits

Notes:

- When using non-network pharmacy; members are responsible for 40% of the prescription drug maximum allowed amount & costs in excess of the prescription drug maximum allowed amount. Members will pay upfront and submit a claim form.
- Supply limits for certain drugs may be different, go to Anthem website or call customer service for information.
- Certain drugs require pre-authorization approval to obtain coverage.
- In Network pharmacy deductibles apply towards the Non Network pharmacy deductible. However, Non Network deductibles do not apply towards the In Network deductible. Pharmacy deductibles count towards the annual out-of-pocket maximums.
- The Retail90 network includes major chains like Costco, Safeway/Vons, Walgreens, CVS, Rite Aid, and Wal-Mart.
- Specialty drugs are specific drugs used to treat complex or chronic conditions which usually require close monitoring such as multiple sclerosis, hepatitis, rheumatoid arthritis, cancers and other conditions that are difficult to treat with traditional therapies. Specialty Drugs may be self-administered in the home by injection by the patient or family member (subcutaneously or intramuscular), by inhalation, orally or topically. Specialty Drugs may also require special handling, special manufacturing processes, and may have limited prescribing or limited pharmacy availability. Specialty Drugs must be considered safe for self-administration and be obtained from IngenioRx or select UC Pharmacies and may require prior authorization for Medical Necessity. Infused or Intravenous (IV) medications are not included as Specialty Drugs.
- Specialty Drugs are covered only when dispensed through IngenioRx and certain UC pharmacies unless Medically Necessary for a covered emergency.
- Specialty Drugs are limited to a quantity not to exceed a 30-day supply; however initial prescriptions for select specialty medications may be limited to a quantity not to exceed a 15-day supply through IngenioRx. In such circumstances the applicable specialty drug will be pro-rated based upon the number of day supply.
