Delta Dental PPO™

Save with PPO

Visit a dentist in the PPO network to maximize your savings.¹ These dentists have agreed to reduced fees, and you won't get charged more than your expected share of the bill.² Find a PPO dentist at deltadentalins.com/uc.

Set up an online account

Get information about your plan anytime, anywhere by signing up for an online account at deltadentalins.com/uc. This free service, available once your coverage begins, lets you check benefits and eligibility information, find a network dentist and more.

Explore costs to save

Want to see how much you'd save with a PPO dentist? Try the Cost Explorer. This new feature gives you a personalized estimate of how much you'd pay for your next dental visit. Whether you're getting braces or need a cavity filled, your cost estimate is calculated from actual claims Delta Dental has processed, updated daily.

Coordinate dual coverage

If you're covered under two plans, ask your dental office to include information about both plans with your claim, and we'll handle the rest.

Check in without an ID card

You don't need a Delta Dental ID card when you visit the dentist. Just provide your name, birth date and enrollee ID. If your family members are covered under your plan, they will need your information. Want a card anyway? Pull up an electronic ID on your smartphone. Just log in to your online account and click on My ID Card.

Understand transition of care

Did you start on a dental treatment plan before your PPO coverage kicked in? Generally, multi-stage procedures are only covered under your current plan if treatment began after your plan's effective date of coverage.³ You can find this date by logging in to your online account.

Dental claims are automatically sent to HealthEquity on behalf of UC Health Savings Plan members.

¹ You can still visit any licensed dentist, but your out-of-pocket costs may be higher if you choose a non-PPO dentist. Network dentists are paid contracted fees. If you choose a PPO dentist, we recommend you verify before each appointment that your dentist is still a PPO dentist.

² You are responsible for any applicable deductibles, coinsurance, amounts over plan maximums and charges for non-covered services.

³ Applies only to procedures covered under your plan. If you began treatment prior to your effective date of coverage, you or your prior carrier is responsible for any costs. Group- and state-specific exceptions may apply. Enrollees currently undergoing active orthodontic treatment may be eligible to continue treatment under Delta Dental PPO. Review your Evidence of Coverage, Summary Plan Description or Group Dental Service Contract for specific details about your plan.
