

Health Net Seniority Plus Out of Area Zip Code and County List

The Centers for Medicare and Medicaid Services approves the service area for each Medicare plan. Some zip codes cross over into counties outside the approved service area. If your home address is in a zip code **and** county listed below, you live outside of the Health Net Seniority Plus service area and will not be eligible to enroll. Eligible zip codes can change throughout the year. Please contact the Retirement Administration Service Center, Health Net or Medicare.gov if you have a question about the eligibility of a particular zip code.
