Retirement Benefits Decision Guide

For rehired or newly eligible employees who worked for UC before July 1, 2016, and former CalPERS-covered employees
Your UC Retirement Benefits

As a University of California employee, you help shape the quality of life for people throughout California and around the world.

UC’s comprehensive benefits are among the ways we recognize our employees for their contributions, and are an important part of your compensation.

UC offers you a choice of primary retirement benefit options — Pension Choice or Savings Choice. Participation in one of the options is required, and you choose the one that’s right for you.

Make a choice and enroll as soon as you can — your benefits only begin to grow once you enroll.

The summaries in this booklet explain the plans’ provisions and the policies and rules that govern them. If a conflict exists between these summaries and the plan documents, the plan documents govern. The Plan Administrator has the authority to interpret disputed provisions.
Helping You Prepare for a Successful Retirement

Preparing for a successful retirement is one of the biggest financial responsibilities you’ll face. All eligible new employees have a choice of primary (required) retirement benefits, with costs shared by you and UC. With this guide, we’ll show you your options, explain how each one works, and highlight resources to help you choose the best option for your personal situation.
Your Benefits Decision Checklist

Check off the actions on the right to understand your UC retirement benefits and enroll as soon as you can. See page 11 to learn more about why it’s important to enroll sooner rather than later.

Your retirement benefits are prospective — they don’t start until you make an account and enroll through myUCretirement.com. If you don’t choose a primary retirement option within 90 days, you will be permanently enrolled in Pension Choice — you cannot change your participation to Savings Choice later (see page 13).

In general, your 90-day enrollment window starts on the day you become eligible, usually the day you’re hired. If you’re uncertain about your eligibility date, please contact the UC Retirement Administration Service Center at 800-888-8267. Your enrollment window closes once you submit a choice.

Your Primary Retirement Benefit Options: Pension Choice or Savings Choice

When it comes to choosing your primary retirement benefits, you have two options — Pension Choice or Savings Choice. Both options help you build valuable retirement income in addition to Social Security benefits and any savings you may have. Here’s an overview of who’s eligible for these benefits, how each option works, and how long you have to make your choice. For complete details, please see your Summary Plan Description.
ELIGIBILITY

You are eligible for the choice of primary retirement benefits described in this guide if you:

• Are a prior active member of UCRP who was rehired on or after July 1, 2016 into an eligible faculty or staff appointment, after a qualified break in UC service (between one and two months);
• Were hired by UC before July 1, 2016 and became eligible for retirement choice benefits on or after that date; or
• Were hired by UC on or after July 1, 2016 and are classified as a “Classic Member” under CalPERS eligible for reciprocity with UC. If so, you will need to self-identify with the UC Retirement Administration Service Center (800-888-8267) to ensure you are enrolled in the appropriate benefits.

Note: If you are eligible for retirement choice and you do not meet the conditions above, please refer to the Retirement Benefits Decision Guide for faculty and staff hired on or after July 1, 2016 (ucal.us/decisionguide).

If you have questions about your eligibility, please contact the UC Retirement Administration Service Center at 800-888-8267.

UNION-REPRESENTED EMPLOYEES

If you’re represented by a union, your retirement benefits are governed by your union’s contract with UC and may be different than the benefits outlined here. Please refer to your collective bargaining agreement (available at ucal.us/agreements) for details.

ABOUT RETIREMENT EARNINGS MAXIMUMS

The maximum amount of your compensation that counts toward your retirement benefits may be affected by a number of factors, including the IRS dollar maximum and UC guidelines about eligible pay.

Please note that the Plan year runs from July 1 to June 30.

IRS Pay Maximum
The IRS sets a dollar maximum for annual earnings for the Plan year upon which retirement benefits and contributions may be based. This maximum is reviewed and may be adjusted annually. For the 2023 Plan year, the maximum is $330,000.

Eligible Pay
Retirement benefits are calculated based on “eligible pay,” which does not include certain types of compensation. For a list of types of compensation that are not considered “eligible pay” when calculating retirement benefits, see A Complete Guide to Your UC Retirement Benefits on UCnet (ucal.us/guidetoretirementben).
PENSION CHOICE

How it Works
Pension Choice includes a monthly pension benefit under the University of California Retirement Plan (UCRP), for predictable lifetime retirement income based on your eligible pay, service credit and retirement age.

UC makes decisions about the investments of the UCRP and assumes the investment risk.

Shared Contributions

You contribute 7% of your eligible pay, before taxes, up to the annual IRS pay maximum. Your 7% contribution will be automatically deducted from your paycheck. Your contributions always belong to you.

UC contributes a percentage of eligible pay to UCRP, as determined by the UC Regents, up to the IRS pay maximum.

Your Retirement Income and Benefits

When you vest in (become eligible for) benefits: Your contributions to your pension are always yours. You vest in your pension benefits once you have earned five years of UCRP service credit. You begin to earn service credit when you start making contributions.

Income: When you retire, you receive lifetime monthly income based on your highest average 36 months of eligible pay, your UCRP service credit, and your age. You can choose a “contingent annuitant” to receive monthly lifetime income upon your death.

Additional benefits: You may be eligible for retiree health benefits (see ucal.us/retireehealth) and continuing health benefits for your contingent annuitant (if eligible) after your death. If you become disabled before retirement, you may be eligible for some income and health benefits.

Choice Window
If you choose to participate in Pension Choice, it is best to enroll as soon as possible during your initial 90-day enrollment window. Employees who do not make a choice within the 90-day period will be enrolled prospectively in Pension Choice by default. The decision to participate in Pension Choice is irrevocable — you cannot change your participation to Savings Choice later.
## SAVINGS CHOICE

### How it Works

Savings Choice works much like a 401(k) plan. Your mandatory pretax contributions, contributions from UC (based on your eligible pay\(^2\)) and any investment earnings accumulate in a tax-deferred retirement account.

You select how to invest the contributions made to your account from a menu of available funds and you assume the investment risk. UC provides tools and resources to help you understand how to plan and invest for retirement.

### Shared Contributions\(^3\)

- **You contribute** 7% of your eligible pay, before taxes, up to the annual IRS pay maximum. Your 7% contribution will be automatically deducted from your paycheck.
- **UC contributes** 8% of your eligible pay, up to the IRS pay maximum.

### Your Retirement Income and Benefits

- **When you vest in (become eligible for) benefits:** Your contributions to your account are always yours. UC’s contributions will vest after one year.
- **Income:** You draw money from your account; distributions are governed by plan rules. The balance will depend on the amount contributed by you and UC and your investments’ performance, and can be left to your designated beneficiary.
- **Additional benefits:** You may be eligible for retiree health benefits from UC (see ucal.us/retireehealth). Savings Choice does not include disability benefits or continuing health benefits for your survivor, but you can choose employee-paid disability and supplemental life insurance.

### Choice Window

If you choose to participate in Savings Choice, enroll as soon as possible during your initial 90-day enrollment window. **If you choose Savings Choice, you will have a one-time opportunity, beginning on the fifth anniversary of the calendar year you make your election, to switch to Pension Choice prospectively.** See page 13 for details.

---

2. Some types of compensation not considered “eligible pay” when calculating retirement benefits are:
   - Pay that exceeds the full-time rate or established base pay rates for regular, normal positions;
   - Overtime pay (unless for compensatory time off);
   - Pay that exceeds the base salary (X+X') under the Health Sciences Compensation Plan.

For more about eligible pay, see A Complete Guide to Your UC Retirement Benefits on UCnet

3. Employer and employee contribution rates are set periodically by the UC Regents. Because UCRP is a defined benefit plan, a member receives a specified payment amount at retirement (based on UCRP service credit, retirement age and eligible annual pay, up to the applicable maximum), irrespective of the amount the individual or UC contributes. Provisions of the Retirement Choice Program are subject to collective bargaining for represented employees. Please refer to the appropriate collective bargaining agreement, as benefits and other provisions may vary.
3.

Pension Choice or Savings Choice: Which One is Right for You?

Deciding which option is right for you depends on a number of factors, including your age, the length of time you expect to work for UC, your personal financial situation, your investing style and risk tolerance, and how much retirement income you expect from other sources (e.g., Social Security).
### HOW YOUR OPTIONS COMPARE

<table>
<thead>
<tr>
<th>CONSIDER PENSION CHOICE IF YOU</th>
<th>CONSIDER SAVINGS CHOICE IF YOU</th>
</tr>
</thead>
<tbody>
<tr>
<td>• Want predictable and secure retirement income payments.</td>
<td>• Want a portable retirement benefit (vested after one year) you can roll over into an IRA or another employer’s retirement plan if you leave UC.</td>
</tr>
<tr>
<td>• Expect to work for UC for most of your career (and at least five years).</td>
<td>• Don’t know how long you’ll be at UC, and prefer the option to switch to Pension Choice later.</td>
</tr>
<tr>
<td>• Want the protections offered by the UC Retirement Plan, such as the option to provide health benefits and a secure income for your survivor and income and health benefits if you become disabled.</td>
<td>• Are comfortable choosing and managing your retirement investments.</td>
</tr>
</tbody>
</table>

### RESOURCES TO HELP YOU CHOOSE

#### RETIREMENT DECISION TOOL
Use this interactive tool to compare your primary retirement benefit options and make your choice.
myUCretirement.com/choose

#### PERSONAL RETIREMENT COUNSELING
UC offers you one-on-one, personal help answering your enrollment questions or discussing your retirement benefits decisions. Talk with a Workplace Financial Consultant by phone or in person, when and where it’s convenient for you. This service is available at no cost to you.
800-558-9182
Fidelity.com/schedule/UC

#### CLASSES AND WEBINARS
Attend an onsite class or webinar to learn about your retirement benefit options, understand how to make your choice and get answers to your questions. A schedule of upcoming classes and webinars is available online.
myUCretirement.com/classes

### THE SOONER THE BETTER:
Every day — and dollar — counts. You don’t receive UC contributions or service credit toward your primary retirement benefits until you enroll or you default (after 90 days) into Pension Choice.

Once you enroll in Savings Choice, you and UC start to contribute to your retirement savings and you start to earn service credit toward your retiree health benefits. **If you wait until the deadline, you lose three months of contributions from UC.** If you miss the deadline, you’ll be enrolled in Pension Choice with no option to switch later.

Once you enroll in Pension Choice, you start to earn service credit toward your pension and your retiree health benefits. **If you wait 90 days to enroll or default, you lose three months of UCRP service credit,** which counts toward your eligibility for — and the amount of — your pension.
Making Your Choice

Remember, your enrollment is **prospective**. The sooner you enroll in Pension Choice or Savings Choice, the sooner you start receiving UC contributions (and service credit under Pension Choice). Your enrollment window closes once you submit a choice. If you don’t choose a primary retirement option, you automatically will be enrolled in Pension Choice at the end of the 90-day period.
1. Go to myUCretirement.com/choose. You can begin the tutorial for a quick refresher on the options, and use an interactive modeler to compare how your retirement benefits may grow over time with Pension Choice or Savings Choice.

2. When you’re ready to choose, you’ll need to log in. If you haven’t already registered, you’ll be taken to the NetBenefits site to complete the registration process.

3. There are several steps before you make and confirm your choice, with the option along the way to return to the tutorial for more information. Your election is final once you click “confirm choice.”

4. You’ll receive a confirmation statement — check to ensure it accurately records your enrollment in Pension Choice or Savings Choice.

5. Your contributions will begin to be deducted from your paycheck following your choice (usually within one to two pay periods).

YOUR SECOND CHOICE WINDOW:

Enrollment in Pension Choice is irrevocable — you cannot change your participation to Savings Choice later.

Savings Choice participants have a window of opportunity to switch prospectively from Savings Choice to Pension Choice, and become members of the UC Retirement Plan (UCRP). The second choice window for Savings Choice participants opens on the fifth anniversary of the calendar year in which they made their initial election.

A move from Savings Choice to Pension Choice is effective on July 1 (the beginning of the plan year) following your election, if your election is postmarked on or before May 31.

A switch from Savings Choice to Pension Choice is a change in your primary retirement benefits going forward; it is not retroactive. **As of the effective date of your switch:**

Contributions (from you and UC) to your Savings Choice account will stop. Your Savings Choice account balance will remain yours.

You will begin earning UCRP service credit toward the calculation of your pension benefit. The service credit you earned as a participant in Savings Choice will count toward vesting in UCRP and in your supplemental account (if you have one) and toward your retiree health benefits.

You will remain in the pension plan for the remainder of your career, even if you separate from UC and return later.
After You’ve Enrolled: Additional Opportunities to Save

Once you’ve enrolled in Pension Choice or Savings Choice, it’s a good idea to consider whether you’ll need additional savings to reach your retirement goals. UC’s voluntary savings opportunities and retirement planning resources can help.
VOLUNTARY RETIREMENT SAVINGS PLANS

UC 403(b), 457(b) AND DEFINED CONTRIBUTION PLANS

In addition to your primary (required) retirement benefits, you may want to save additional money to prepare for retirement. UC’s voluntary savings plans — with options for pretax, after-tax and/or Roth contributions — help you build additional retirement savings to augment your primary UC retirement benefits, Social Security, and other non-UC retirement income.

- UC’s 403(b) and 457(b) Plans let you add to your retirement savings with your choice of pretax and/or Roth after-tax contributions. That means you can make pretax contributions now and pay taxes when you withdraw your money, or you can make after-tax contributions now and take tax-free withdrawals (including earnings) in retirement (as long as you meet certain requirements).

- UC’s Defined Contribution Plan lets you add to your retirement savings with after-tax contributions. You can take the money out at any time and only pay taxes on your investment earnings.

You can enroll in these plans at any time. For more information and resources to help you understand your options, see “Supplemental Retirement Benefits” on myUCretirement.com.
