WELCOME
The publications in this packet will help explain your UC-sponsored benefits so you can make the best benefits choices for you and your family.

If you are eligible for the UC Retirement Choice Program, you have up to 90 days from your retirement option eligibility date (for most people it’s the day you were hired) to choose a primary retirement benefit option. Learn more about your options and make your choice at: myUCretirement.com/choose

You have 31 days from the date of eligibility to enroll in your health and welfare benefits using the UCPath portal. When you are ready to enroll in your benefits, visit UCPath at: ucpath.universityofcalifornia.edu

- Login by using your UCOP Network user name and password.
- Click on “Benefits” (on the left side of the portal) and then “Enroll in Benefits” to enroll you and your eligible family members. You will need to provide birthdates and Social Security numbers for family members you enroll.
- Be sure to select your benefits carefully before hitting “submit.” Elections are considered final after they have been submitted. You may visit the “Benefits” section anytime to review your benefits and those of your dependents, and to make changes if there’s a life event.
- After you have made your selections, make sure you designate your beneficiaries via AYSO. Click on “New to UC and have a temporary password?” and enter your SSN (without dashes) and password (your birthdate in MMDDYYYY format).

Participate in a live webinar to ask questions and learn more about UC’s benefits program.

- Employees eligible for the UC Retirement Choice Program: Fridays 10:30 a.m.–12:00 p.m.
- Employees NOT eligible for the UC Retirement Choice Program: 2nd Thursdays 10:30 a.m.–12:00 p.m.

Online—Go to Zoom.us, select “join a meeting,” enter meeting ID: 951 787 5041
Audio (if not using computer audio)—408-638-0968; Meeting ID: 951 787 5041

CONTACT INFORMATION

If you have any questions, please contact the UCPath Center Monday–Friday 8:00 a.m.–5:00 p.m. at 855-982-7284.
Your benefits at a glance

UNIVERSITY OF CALIFORNIA
This guide will take you through the steps to enroll in your UC-sponsored benefits and help you make the right benefit choices for you and your family. You’ll want to have A Complete Guide to Your UC Health Benefits, the Retirement Benefits Decision Guide and A Complete Guide to Your UC Retirement Benefits, which are included in your welcome kit, available as a reference.

If you’re represented by a union, your benefits are governed by your union’s contract with UC and may be different than the benefits outlined here. Please see section 7 (“Collective Bargaining”) for more information.

SO LET’S GET STARTED…

Attend your local new employee orientation to help you get started.

Gather your family members’ Social Security numbers and birthdates; you’ll need them for benefits enrollment.

To begin, you’ll want to set up your secure, private account on At Your Service Online (AYSO). Through your AYSO account, you will have access to your personal work and benefits information, including payroll statements, retirement benefit estimates, links to your medical, dental and other plans and much more. You can also enroll in benefits and make benefits changes online during annual Open Enrollment periods.

If you don’t have access to a computer, contact your Benefits Office for help with your benefits enrollment.

HERE’S HOW TO SET UP YOUR ACCOUNT:

1. Go to ucnet.universityofcalifornia.edu and choose the “AYS Online” button. Then select “New to UC and have a temporary password?”

2. Enter your Social Security number and your temporary password. Your temporary password is your birthdate in the format mmdyyyy, with no dashes or slashes; for example, if your date of birth is June 17, 1981, your temporary password is 06171981.

3. Select “Sign In” and follow the instructions to create your permanent password. It must contain 6 to 12 alphanumeric characters (e.g., 123abc). Then agree to the Password Authorization.

4. Next, follow the instructions to create a username; once you do this, you won’t need to use your Social Security number again.

5. You also will be prompted to create a security word that a customer service or benefits representative can use to help identify you when you call for information.

6. After you provide your preferred email address, answer any 4 of the 11 challenge questions. Providing answers to the challenge questions will allow you to access your personal information if you forget your password.

Now you’re ready to enroll in health and other benefit plans.

Getting Started

Starting a new job involves a lot of choices. This quick-reference guide is designed to help you understand the many benefits available, and how to get started choosing the ones that are right for you.

Tip:
Remember, you have 31 days from your date of hire to enroll in your health benefits. Faculty have a second 31-day period of eligibility that begins on their first day on campus. If you are eligible for primary retirement benefits, you have 90 days to choose one of two options. See section 5 for details on retirement benefits choices.
ENROLL IN HEALTH AND WELFARE BENEFITS

You’re eligible for Full, Mid-Level or Core benefits depending on the type of appointment you have. For details about your eligibility, see page 5 in A Complete Guide to Your UC Health Benefits or go online: ucal.us/eligibilityfacts.

To enroll online, sign in to your At Your Service Online account. Select “Benefits Enrollment” on the main menu to begin enrollment. You don’t have to do it all at once—you are free to sign in anytime during your first 31 days of employment to complete your enrollment choices. That includes weekends and holidays.

If you’re a faculty member and you miss the period of eligibility, you have a second 31-day period of eligibility that begins on your first day on campus.

If you don’t take any action during this 31-day period of eligibility, you and your dependents will not be enrolled in UC-sponsored coverage. In most cases, you won’t be able to change benefit plans or enroll family members until the next Open Enrollment period. You will also face more stringent requirements to enroll in some UC-sponsored insurance programs, including voluntary disability and supplemental life insurance.

VERIFY YOUR FAMILY MEMBERS’ ELIGIBILITY

If you enroll family members in medical, dental and/or vision plans, you must provide documents to verify their eligibility for coverage. Watch for the Family Member Eligibility Verification packet in the mail.

More Information:
ucal.us/fmv

Tips:

Name your beneficiaries. Don’t forget to name beneficiaries for your UC retirement benefits, life insurance and accidental death and dismemberment benefits. You can name the same or a different beneficiary for each plan, and you can name more than one beneficiary for any plan. Just select “My Beneficiaries” on AYSO and follow the instructions. You can name beneficiaries for retirement plans other than UCRP on myUCreirement.com.

Confirm your choices. About 10 days after you have enrolled, check your personal account on AYSO (select “Current Enrollments”) to verify coverage for you and your family members. It’s your responsibility to promptly notify your Benefits or Payroll Office of any errors in your enrollment. The month after you enroll, review your earnings statement to be sure it reflects the correct benefit choices. Report discrepancies to your Benefits Office immediately.

Keep your records up to date. Keep your address, email address and phone number up to date on AYSO so UC can properly administer your benefits and keep you informed of changes to your benefits.

Are you in a domestic partnership? Eligibility rules for domestic partners are different for health and welfare benefits and for UC Retirement Plan benefits. Check out “Establishing a domestic partnership” on UCnet (ucal.us/domesticpartnership) to make sure you’ve established your partner’s eligibility for UCRP survivor and death benefits.
Medical, Dental, Vision

Your health is important to us, and we offer a wide range of health benefits to help take care of you and your family.

MEDICAL PLANS

UC offers you a wide choice of medical plans. Some have lower premiums; others provide more flexibility in the doctors and hospitals you can use. All of the plans offer comprehensive benefits including medical and behavioral health office visits, hospital services and prescription drug coverage.

Tool:
Medical Plan Chooser
uc.chooser.pbgh.org

The Medical Plan Chooser lets you compare medical plans based on criteria such as cost, doctor availability and whether specific services are covered. If you want to compare premiums, you can also find that information online at: ucal.us/medicalpremiums

Your medical plan premiums are deducted from your pay before taxes are calculated, so you save on taxes.

More Information:
A Complete Guide to Your UC Health Benefits, pages 19–23
Online: ucal.us/medicalplans

VISION SERVICE PLAN

If you’re eligible for Full benefits, UC pays the full cost of vision insurance premiums for you and your family. The plan covers exams, lenses, frames (every other year) and contact lenses.

More Information:
A Complete Guide to Your UC Health Benefits, page 28
Online: ucal.us/vision

DENTAL PLANS

If you’re eligible for Full benefits, you have a choice of two dental plans: Delta Dental PPO and DeltaCare USA, which is similar to a medical HMO, with a network of dentists. UC pays the full cost of either plan for you and your family.

Check out the DeltaCare USA network of dentists before choosing between the two plans, since the network is limited in some areas of California.

Tool:
Dental Plan Chooser
uc2017.chooser2.pbgh.org/dental/uc2017.htm

More Information:
A Complete Guide to Your UC Health Benefits, page 24
Online: ucal.us/dental

Tip:
For most plans, you’re covered on your first day at work, but it can take 30 to 60 days after you enroll for the plan to have a record of your enrollment. So if you need immediate services, check with your plan first to see if it has a record of your enrollment. If it doesn’t, ask a representative to contact your local Benefits Office or the person in your department who handles benefits to help you get services.
3. Disability and Life Insurance

Disability and Life Insurance

Disability insurance replaces some of your wages if you have an illness or injury that prevents you from working for an extended period of time, including for pregnancy and childbirth.

Unlike most employers in California, UC does not participate in State Disability Insurance (SDI). Instead, UC offers its own Basic and Voluntary Disability insurance plans to those eligible for Full, Mid-Level or Core benefits. You’re automatically enrolled in Basic Disability, at no cost to you. Basic Disability will replace 55 percent of your eligible earnings, to a maximum benefit of $800 per month, for up to six months. There is a 14-day waiting period, and you must use up to 22 days of sick leave before benefits begin, if you have them.

For greater financial protection, you may choose to enroll in Voluntary Short-Term Disability, Voluntary Long-Term Disability or both. The voluntary plans provide up to 60 percent of your eligible earnings, to a maximum benefit of $15,000 per month. Voluntary Disability income is generally not taxable, since you pay the premiums with after-tax dollars.

The start date and duration of your benefits depends on the level of coverage you choose:

- Short-Term only—You’ll be covered, but only for up to six months. There is a 14-day waiting period, and you must use up to 22 days of sick leave if you have them before benefits begin.
- Long-Term only—You’ll be covered after six months, until your Social Security normal retirement age for most conditions.
- Short and Long-Term—You’ll be covered until your Social Security normal retirement age for most conditions. There is a 14-day waiting period, and you must use up to 22 days of sick leave if you have them before benefits begin. Choosing both Voluntary Short and Long-Term Disability provides the most comprehensive coverage for all types of disability leaves.

Premium costs depend on your monthly salary, age, retirement plan and the level of coverage you choose (short-term, long-term or both). See Your Guide to UC Disability Benefits for more information about your options, including exclusions and limitations.

Tool:
Insurance Premium Estimator
ucal.us/premiumestimator

More Information:
A Complete Guide to Your UC Health Benefits, page 31
ucal.us/disabilityfaculty
Your Guide to UC Disability Benefits:
ucal.us/disabilitystaff

Tip:
Be sure you understand the Basic and Voluntary Disability benefits and the sick leave policies and/or paid medical leave policies that apply to you before making a decision about enrolling in Voluntary Short-Term Disability, Long-Term Disability or both.

If you don’t enroll in voluntary coverage during your 31-day period of eligibility, you must submit a statement of health to add coverage later. However, the insurance carrier may not grant your request.
LIFE INSURANCE

UC provides Basic Life insurance equal to your base pay, up to $50,000, if you are eligible for Full benefits. If you have Mid-level or Core benefits, your life insurance is $5,000. UC provides these plans at no cost to you.

Faculty and staff with Full or Mid-level benefits may also enroll in Supplemental Life insurance and cover their dependents in Dependent Life insurance. You pay monthly premiums for the supplemental plans.

Tool:
Life Insurance Premium Estimator
ucal.us/lifepremiumestimator

If you decide not to enroll in these plans during your first 31 days, you can apply for coverage later by submitting evidence of insurability to the insurance company. The insurance company may or may not approve your enrollment based on the application.

More Information:
A Complete Guide to Your UC Health Benefits, page 34
Online: ucal.us/lifeinsurance

ACCIDENTAL DEATH & DISMEMBERMENT INSURANCE

To help protect you and your family from the financial impact of an accident, UC offers Accidental Death & Dismemberment (AD&D) insurance. There are several levels of coverage for you and your family. You can enroll in, increase or decrease your AD&D coverage at any time. The rate chart for premiums is online at: ucal.us/adanddpreimums

More Information:
A Complete Guide to Your UC Health Benefits, page 39
Online: ucal.us/accidentaldeath

Tip:
To determine how much life insurance you need, use the calculator on Prudential’s microsite for UC faculty and staff: prudential.com/uc
Legal and Flexible Spending Accounts

In addition to good health and retirement benefits, UC also offers you access to legal services, tax-savings plans and other benefits—at reduced prices.

**LEGAL PLAN**
The ARAG Legal Plan covers routine preventive or defensive legal services like drawing up a will, adoption or divorce proceedings and criminal misdemeanors. You can enroll for a small monthly premium.

*More information:*
A Complete Guide to Your UC Health Benefits, page 43
Online: ucal.us/legal

**FLEXIBLE SPENDING ACCOUNTS**
Flexible spending accounts, or FSAs, allow you to pay for eligible expenses on a pre-tax basis. You determine an amount to be deducted from your paycheck before taxes are calculated and placed in an FSA. You pay for eligible expenses from the account and save on taxes since you have lower taxable income. UC offers separate flexible spending accounts for health and dependent care expenses.

*More Information:*
A Complete Guide to Your UC Health Benefits, page 46
Online: ucal.us/fsa

**HOMEOWNER/RENTER/AUTO INSURANCE**
You have access to auto, renter and homeowners insurance through California Casualty. You deal directly with the insurer, and premiums may be paid through payroll deduction.

*More information:*
California Casualty:
calcas.com/web/ccmc/welcome
866-680-5142

**TRAVEL INSURANCE**
If you need to travel on official university business, you are eligible for coverage by UC’s business traveler insurance. You will be registered for coverage automatically when you make your arrangements through any of UC’s preferred travel agencies found in Connexxus, UC’s systemwide travel program. If you do not make your travel arrangements through Connexxus, you will need to register online for business travel insurance. Personal travel insurance is also available for protection when not traveling on university business.

*More information:*
Business travel insurance:
ucal.us/businesstravel
UC Personal Travel Program:
ucal.us/personaltravel

Tip:
Be sure to read the IRS rules and other details about the FSAs in A Complete Guide to Your UC Health Benefits. In some cases, you may lose money in your FSA that you don’t spend.
Retirement Benefits

Preparing for a successful retirement is one of the biggest financial responsibilities you’ll face. All eligible new employees have a choice of primary—or required—retirement benefits, with costs shared by you and UC. UC also offers voluntary savings opportunities and a range of resources to help you make informed retirement decisions.

UC RETIREMENT BENEFITS CHOICES

If you are hired into an eligible faculty or staff position on or after July 1, 2016, or if you are hired in an ineligible position but become eligible for benefits on or after that date, you are eligible for a choice of primary retirement benefits. Both benefit options can help you build valuable retirement income, in addition to Social Security benefits and any savings you may have.

- Pension Choice includes a pension benefit under the UC Retirement Plan, along with a supplemental 401(k)-style account for eligible faculty and staff.
- Savings Choice is a retirement account that works much like a 401(k), with mandatory employee and employer contributions.

Both you and UC contribute to the cost of the plan you select. You'll receive the Retirement Benefits Decision Guide with more information about your options. When you're ready, use the Retirement Decision Tool to make your choice: myUCretirement.com/choose

If you don't elect an option within 90 days, you'll be automatically enrolled in Pension Choice. The sooner you enroll, the sooner contributions begin.

More Information:
A Complete Guide to Your UC Retirement Benefits
Online: ucal.us/retirement

REHIRED, NEWLY ELIGIBLE AND FORMER CALPERS-COVERED EMPLOYEES

Retirement benefits may differ for certain employees:

- If you are rehired after having previously worked for UC in an eligible appointment;
- If you start at UC before July 1, 2016, and become eligible for full retirement benefits after that date; or
- If you were a “Classic Member” under CalPERS and are eligible for reciprocity.

If you're in one of these groups, or if you have questions, please contact the UC Retirement Administration Service Center.

VOLUNTARY RETIREMENT SAVINGS PROGRAM

You can enhance your retirement security by voluntarily participating in the UC Retirement Savings Program. The program consists of three plans:

- Tax-Deferred 403(b) Plan
- 457(b) Deferred Compensation Plan
- Defined Contribution Plan

To enroll or learn more, visit myUCretirement.com

RETIREE HEALTH & WELFARE BENEFITS

Under both primary retirement benefit options, if you work for UC for 10 years or more you may be eligible to continue some of your UC-sponsored health and welfare benefits when you retire from UC. Details about UC retiree health benefits are available in the UC Retiree Health Fact Sheet.
Work and Life

UC employees are dedicated and hard-working, but all work and no play can make for unhealthy (and unhappy) people. At UC, we offer a number of benefits and programs to help you maintain a healthy work-life balance.

UC LIVING WELL

UC is committed to the well-being of employees and their family members and to building a culture that supports healthy lifestyles.

UC Living Well offers access to programs, activities and resources to improve your health and quality of life. This includes campus wellness activities, as well as a variety of tools and resources offered by your medical plan to help you live well.

Learn more at uclivingwell.ucop.edu

UC facilities are tobacco free. If you need resources to help you quit using tobacco, you’ll find information here: ucal.us/TobaccoFree

EMPLOYEE ASSISTANCE PROGRAM

Each UC location administers its own Employee Assistance Program (sometimes called Faculty and Staff Assistance). Services are free and confidential. Contact information is available at ucal.us/eap

TRAVEL RESOURCES

As a UC employee, you’re eligible to use the Connextus travel program for both business and personal travel to receive UC-negotiated rates and ticket protection such as automatic enrollment in UC traveler insurance, allowances for name changes on nonrefundable airfare, and agent assistance for any changes when needed.

More information:
Online: travel.ucop.edu
Email: uctravel@ucop.edu

VACATION AND SICK LEAVE

Vacation and sick leave policies differ depending on your position. You can find more information about these and other leave policies online:

Faculty: ucal.us/facultyleave
Staff: ucal.us/staffleave

Represented faculty and staff: see your collective bargaining agreement: ucal.us/agreements

FAMILY CARE RESOURCES

UC pays the fee that gives you access to resources through Bright Horizons CareDirect, helping you find childcare and eldercare providers. Sittercity is a database of pre-screened childcare providers—including emergency backup care providers—plus pet sitters, tutors and more. Years Ahead helps you find the right eldercare provider for your family member, from in-home companies to memory care facilities.

More Information:
A Complete Guide to Your UC Health Benefits, page 45

Bright Horizons Care Advantage: careadvantage.com/universityofcalifornia

Family-friendly academic personnel policies: ucal.us/acadfamilyfriendly

Staff absence from work policies: ucal.us/staffleave

Tip:
Working at UC gives you many other benefits and privileges, including access to fitness and recreation centers, libraries and museums; tuition and bookstore discounts and more. Learn about these local benefits at your new employee orientation or visit your location’s human resources website.
COLLECTIVE BARGAINING

UC is committed to establishing and maintaining cooperative relations with its 15 unions, and to bargaining constructively and in good faith to come to agreement on the terms and conditions of employment for the roughly 85,000 UC employees in 26 bargaining units.

Terms and conditions of employment for exclusively represented employees are spelled out in the detailed contracts that the university and the unions have negotiated. Contract provisions cover all aspects of employment. If you are a member, you can find the contract that applies to you on the Labor Relations website (ucal.us/laborrelations), or directly from the union. If you have questions about the details of contract provisions and implementation, union representation or agency fees, contact the union directly.

Union Agency Fees

California law requires mandatory union fee payroll deductions for UC employees who are represented by a union but do not join the union and pay regular member dues. Under the law, these deductions constitute an “agency fee” to the union to help cover the union’s costs for negotiations, contract administration and related activities.

The agency fee amount is determined by each union at UC, but cannot exceed the union’s regular membership dues.

UC faculty members eligible for Academic Senate membership are exempt from the agency fees. An employee who is a member of a bona fide religion, body or sect that has historically held conscientious objections to joining or financially supporting public employee organizations may instead pay an amount equivalent to the agency fee to a nonreligious, nonlabor charitable fund.

More information about agency fees is available directly from the unions.

More Information:
ucal.us/laborrelations

Tip:
If you are a member of a union, your benefits and their costs are subject to collective bargaining and may be different from those outlined in these pages. Check your bargaining agreement for details: ucal.us/agreements
RESOURCES

You also have a wealth of information at your fingertips to help you keep up with what’s going on at UC and to answer any other questions you may have about working here.

UCnet, the systemwide website for UC faculty and staff, provides news and information about UC, plus comprehensive information on benefits and policies.

See: ucnetspace.ucop.edu

Your location’s website is also a great source of information about what’s happening.

Welcome to the University of California!

As a University of California employee, you help shape the quality of life for people throughout California and around the world.

Every faculty and staff member plays an important role in UC’s mission of education, research and public service; UC’s high-quality, comprehensive benefits are among the rewards you receive in return. These benefits are an important part of your total compensation.

Our health and welfare benefits program provides both choice and value to meet the needs of our diverse workforce.

We know that making benefits choices can be a bit overwhelming. So we have tools and information to help you make the right choices for you and your family.

This booklet offers a comprehensive overview of your health and welfare benefits options, including details about eligibility, enrollment and the plans available to you. It also explains how life changes and changes in your employment status can affect your benefits. Keep this booklet, and Your Benefits at a Glance (included in your Welcome Kit), for future reference.

UCnet (ucnet.universityofcalifornia.edu) offers additional tools and information, along with ongoing updates about your benefits. Visit UCnet whenever you have questions about your benefits or want to make changes. You can also call your local Benefits Office or any of the plans. You’ll find their contact information on the insert at the front of this booklet.

The information in this booklet reflects the terms of the benefit plans as in effect Jan. 1, 2017.

General Eligibility Rules for UC Health and Welfare Benefits

UC offers three benefits packages—Full, Mid-Level and Core. Your eligibility for a particular benefits package depends on the type of job you have, the percentage of time you work and the length of your appointment.

The eligibility requirements are listed below. See the chart on pages 10 to 12 for a list of the benefits available to you, based on the level of benefits for which you qualify.

**REQUIREMENTS FOR EMPLOYEES IN CAREER, ACADEMIC, LIMITED, PARTIAL-YEAR CAREER, CONTRACT AND FLOATER APPOINTMENTS**

**FULL BENEFITS**
You are eligible for Full Benefits if you are an active UCRP member, an active Savings Choice participant or have begun the 90-day election period during which you can choose between Pension Choice and Savings Choice.\(^1\)

There are two ways to qualify for these primary retirement benefits:

- You are appointed to work in a retirement-eligible position at least 50 percent time for a year or more\(^2\)
- You complete 1,000 hours in a retirement-eligible position within a rolling 12-month period (750 hours in certain instances\(^3\))

**MID-LEVEL BENEFITS**
You are eligible for Mid-Level Benefits if:

- You are appointed to work 100 percent time for at least three months but for less than one year or
- You are appointed to work at least 50 percent time for a year or more in a position that does not qualify you for the primary retirement benefits noted above.

**CORE BENEFITS**
You are eligible for Core Benefits if you are appointed to work at least 43.75 percent time.

**REQUIREMENTS FOR EMPLOYEES IN PER DIEM, CASUAL/RESTRICTED (STUDENTS), BY AGREEMENT AND SEASONAL APPOINTMENTS**

**CORE BENEFITS**
You are eligible for Core Benefits if you are appointed to work at least 75 percent time for at least three months.

**ELIGIBLE FAMILY MEMBERS**
You may enroll one eligible adult family member in addition to yourself. Your children are also eligible for enrollment as outlined below.

**ELIGIBLE ADULT**
You may enroll your spouse or an eligible domestic partner.\(^4\)

Eligibility requirements for UC Health and Welfare benefits differ for same-gender and opposite-gender domestic partners, as noted in the table below. No declaration form or documentation is needed to initially enroll, but you will be asked to submit documentation after enrollment (see “Supporting Documentation” on page 5 of *Benefits for Domestic Partners*) to establish ongoing eligibility for health and welfare benefits.

<table>
<thead>
<tr>
<th>Requirements for same-gender domestic partners</th>

</tr>
<tr>
<td>• Able to meet the requirements on page 13 for a partnership that has not been registered, with appropriate supporting documentation upon request</td>
<td></td>
</tr>
</tbody>
</table>

---

\(^1\) In a few specifically defined situations, UC employees may be eligible to participate in UC health and welfare benefits while being enrolled in a non-UC retirement plan. Eligible employees may have been covered by entities that were acquired by the University and/or they may have opted to remain in a previous public retirement plan at the time of UC employment.

\(^2\) Or your appointment form shows that your ending date is for funding purposes only and that your employment is intended to continue for more than a year.

\(^3\) If you’re a member of the Non-Senate Instructional Unit, you qualify for participation in the Retirement Choice Program after working 750 hours in an eligible position within a 12-month period.

\(^4\) An adult dependent relative is not eligible for coverage in UC plans unless enrolled prior to Dec. 31, 2003 and continuously eligible and enrolled since that date. Also, remember: If your eligible adult dependent relative is still enrolled in the plan, you cannot enroll your spouse or domestic partner. The eligible adult may be enrolled only in the same plans as you. See the chart on page 13 for more information on eligible plans.
General Eligibility Rules for UC Health and Welfare Benefits

ELIGIBLE CHILD
You may enroll your eligible children up to age 26 in the same plans as those in which you enroll. A disabled child may be covered past age 26, if the carrier approves. You may also enroll your legal ward up to age 18 in the same plan(s) as those in which you enroll. The Family Member Eligibility chart on pages 13 and 14 gives the eligibility criteria for children, stepchildren, grandchildren, disabled children and legal wards. You may enroll your eligible domestic partner’s child or grandchild, even if you do not enroll your partner.

In order to be eligible for UC-sponsored coverage, your grandchild, step-grandchild, legal ward or overage disabled child(ren) (see Family Member Eligibility chart) must be claimed as a tax dependent by you or your spouse. Your eligible domestic partner’s grandchild must be claimed as a tax dependent by you or your domestic partner. Also eligible are children UC is legally required by administrative or court order to provide with group health coverage.

Your children (or legal ward) are eligible for only the plans for which you are eligible and in which you have enrolled (See “Benefits Overview,” pages 13–14).

Except as provided in the following paragraph, application for coverage beyond age 26 due to disability must be made to the plan 60 days prior to the date coverage is to end due to the child reaching limiting age. If application is received within this timeframe but the plan does not complete determination of the child’s continuing eligibility by the date the child reaches the plan’s upper age limit, the child will remain covered pending the plan’s determination. The plan may periodically request proof of continued disability, but not more than once a year after the initial certification. Disabled children approved for continued coverage under a University-sponsored medical plan are eligible for continued coverage under any other University-sponsored dental, vision or AD&D plan. If enrollment is transferred from one plan to another, a new application for continued coverage is not required; however, the new plan may require proof of continued disability, but not more than once a year.

If you are a newly hired employee with a disabled child over age 26 or if you acquire a disabled child over age 26 (through marriage, adoption or domestic partnership), you may also apply for coverage for that child. The child’s disability must have begun prior to the child turning age 26. Additionally, the child must have had continuous group health coverage since age 26, and you must apply for University coverage during your Period of Initial Eligibility. The plan will ask for proof of continued disability, but not more than once a year after the initial certification.

TAX IMPLICATIONS OF ENROLLING A DOMESTIC PARTNER
In most cases, your domestic partner and his or her children do not automatically qualify as your dependents under the Internal Revenue Code (IRC). That means any UC contribution toward their medical, dental and vision coverage will be considered “imputed income” or taxable income for federal tax purposes. This income is reflected in your annual W-2 statement.

If your domestic partner and his or her children or grandchildren are your dependents as defined by the IRC, you are not subject to imputed income on UC contributions toward health coverage for these family members. In order for your payroll records to accurately reflect this tax dependency, complete form UPAY 886 (Declaration of Tax Dependency) and submit it to your local Payroll Office.

UC’s contribution for medical, dental and vision coverage is not considered imputed income for California state income tax purposes if you and your domestic partner have registered your partnership with the state of California. Also, if your partner’s child is considered your stepchild under state law, federal imputed income will not apply to UC’s contribution toward the child’s coverage.

You must notify your local Benefits Office that your partnership is registered with the state of California so that imputed income is not reported for state tax purposes. Use form UPAY 850 (Enrollment, Change, Cancellation or Opt Out—Employees Only), available online at ucal.us/UPAY850 or from your local Benefits Office. Also, if your domestic partner is covered as your family member, and the two of you marry, be sure to notify your local Benefits Office (use formUBEN 850 available at ucal.us/UBEN850) so that imputed income and state taxes no longer apply.

OTHER ELIGIBILITY RULES AND INFORMATION
NO DUPLICATE COVERAGE
UC rules do not allow duplicate coverage. This means you may not be covered in UC-sponsored plans as an employee and as an eligible family member of a UC employee or retiree at the same time.

If you are covered as an eligible family member and then become eligible for UC coverage yourself, you have two options:

- You can opt out of your own employee coverage and remain covered as another employee's or retiree's family member or
- You can enroll in your own coverage; before you enroll, though, you must make sure the UC employee or retiree who has been covering you de-enrolls you from his or her UC-sponsored plan.
Family members of UC employees may not be enrolled in more than one UC employee’s plan. For example, if spouses both work for UC, their children cannot be covered by both parents.

If duplicate enrollment occurs, UC will cancel the plan with later enrollment. UC and the plans reserve the right to collect reimbursement for any duplicate premium payments due to the duplicate enrollment.

ELIGIBILITY VERIFICATION

When you enroll anyone in a plan as a family member, you must provide documentation specified by the University verifying that the individuals you have enrolled meet the eligibility requirements outlined above. The plan may also require documentation verifying eligibility status. In addition, the University and/or the plan reserve the right to periodically request documentation to verify the continued eligibility of enrolled family members.

Secova, Inc., which administers the verification process, will send you a packet of materials to help you complete the verification process. If you fail to provide the required documentation by the deadline specified in these materials, your family member(s) may be disenrolled. Individuals whose eligibility has not been verified will be disenrolled until verification is provided. Individuals who are not eligible family members will be permanently disenrolled.

You also may be responsible for any UC-paid premiums due to enrollment of ineligible individuals.

WHEN COVERAGE Begins

The following effective dates apply provided the appropriate enrollment transaction (electronic or paper form) has been completed within the applicable enrollment period.

• If you enroll during a Period of Eligibility (PIE), coverage for you and your family members is effective the date the PIE starts.
• If you enroll during Open Enrollment, the effective date of coverage is the date announced by the University. In most cases, it is the January 1 following Open Enrollment.
• If you complete a 90-day waiting period, coverage is effective on the 91st consecutive calendar day after the date the enrollment form is received.

FAMILY MEMBERS

When you have a family status change, coverage begins on the first day you have a new family member—such as a spouse, domestic partner, newborn or newly adopted child. If you are already enrolled in adult plus child(ren) or family coverage, you may add additional children, if eligible, at any time after their PIE.

CONTINUING ELIGIBILITY

UC bases your ongoing eligibility for benefits on your average hours of service over a 12-month, standard measurement period (SMP). UC’s SMP for monthly-paid employees is Nov. 1–Oct. 31; for bi-weekly paid employees, the SMP includes the pay periods inclusive of those same dates (for example, in 2017, it runs Nov. 6, 2016 until Nov. 4, 2017).

If your hours during the SMP meet the threshold to be offered coverage, then that coverage must be offered, and if accepted, will be provided during the subsequent stability period, regardless of your number of hours during the stability period (as long as you remain employed). UC’s standard stability period for all employees is Jan. 1–Dec. 31.

If your hours during the SMP do not meet the threshold, then all coverage ends on Dec. 31.

The required average hours of service threshold is:

<table>
<thead>
<tr>
<th>Appointment Type</th>
<th>Average Hours Threshold</th>
</tr>
</thead>
<tbody>
<tr>
<td>Career, Academic, Limited, Partial-Year Career, Contract, Floater</td>
<td>17.5 hours per week</td>
</tr>
<tr>
<td>Per Diem, Casual/Restricted (students), By Agreement or other flat-dollar payments, Seasonal</td>
<td>30 hours per week</td>
</tr>
</tbody>
</table>

Defined as all hours on pay status (including hours on call, hours on paid vacation, paid holiday, paid sick leave, paid sabbatical, paid jury duty, or any other paid leave) as well as hours on unpaid leave protected by the federal Family & Medical Leave Act, unpaid jury duty, and unpaid leave protected by the Uniformed Services Employment & Reemployment Rights Act. May also include up to 501 hours during the SMP due to “employment break periods” of at least 4 consecutive weeks (e.g., academic breaks, etc.).
General Eligibility Rules for UC Health and Welfare Benefits

WHEN COVERAGE ENDS
The termination of coverage provisions established by the University are summarized below.

DISENROLLMENT DUE TO LOSS OF ELIGIBLE STATUS
If you are an employee and lose eligibility, your coverage and that of any enrolled family members ends at the end of the month in which eligible status is lost.

OTHER DISENROLLMENTS
If you are enrolled in a health and welfare plan that requires premium payments, and you do not continue payment, your coverage will be terminated at the end of the last month for which you paid.

You and/or your family members may be disenrolled if you and/or a family member misuse the plan, as described in the Group Insurance Regulations. Misuse includes, but is not limited to, actions such as falsifying enrollment or claims information; allowing others to use the plan identification card; intentionally enrolling, or failing to disenroll, individuals who are not/no longer eligible family members; threats or abusive behavior toward plan providers or representatives.

LEAVE OF ABSENCE, LAYOFF, CHANGE IN EMPLOYMENT STATUS OR RETIREMENT
Coverage may end when you go on unpaid leave or leave UC employment. For information about continuing your coverage in the event of an authorized leave of absence, layoff, change of employment status or retirement, contact the person who handles benefits for your location.

FAMILY CHANGES THAT RESULT IN LOSS OF COVERAGE
If your family member loses eligibility, you must complete the appropriate transaction to remove him or her from coverage within 31 days of the eligibility loss event.

Divorce, legal separation, termination of domestic partnership, annulment. Eligibility for your spouse or domestic partner and any children for whom you are not the legal parent/guardian ends on the last day of the month in which the event occurs. Your legally separated spouse, former spouse or former domestic partner and the former partner’s child or grandchild may continue certain coverage under COBRA (Consolidated Omnibus Budget Reconciliation Act of 1985) or they may seek individual coverage, including through the healthcare marketplace (coveredca.com). If a settlement agreement between you and your legally separated/former spouse or domestic partner requires you to provide coverage, you must do so on your own.

An eligible child turning age 26. Unless a child is eligible to continue coverage because of disability, coverage ends at the end of the month in which the child reaches age 26. This rule applies to your biological and adopted children, stepchildren, grandchildren, step-grandchildren and your domestic partner’s children or grandchildren. Certain coverage may be continued under COBRA or they may seek individual coverage, including through the healthcare marketplace (coveredca.com).

A legal ward turning age 18. Eligibility ends at the end of the month in which the legal ward turns 18. Your legal ward may continue certain coverage under COBRA or they may seek individual coverage, including through the healthcare marketplace (coveredca.com).

Death of a family member. Coverage for the family member ends at the end of the month in which the death occurs. It is important to contact your local Benefits Office for further assistance in the event of an enrolled family member’s death.

CONTRACT TERMINATION
Health and welfare benefits coverage is terminated when the group contract between the University and the plan vendor is terminated. Benefits will cease to be provided as specified in the contract and you may have to pay for the cost of those benefits incurred after the contract terminates. You may be entitled to continued benefits under terms described in the plan evidence of coverage booklet. (If you apply for an individual conversion plan, the benefits may not be the same as you had under the original plans.)

OPPORTUNITIES FOR CONTINUATION
If you separate from UC employment, generally, your UC-sponsored benefits will stop. If you retire from UC, see the Group Insurance Eligibility Factsheet for Retirees and Eligible Family Members (available on the UCNet website at ucnet.universityofcalifornia.edu/forms/pdf/group-insurance-eligibility-factsheet-for-retirees.pdf) for more details.

COBRA (Consolidated Omnibus Budget Reconciliation Act of 1985): If you or any family member(s) lose eligibility for UC-sponsored medical, dental and/or vision coverage, you may be able to continue group coverage through COBRA.

If you are enrolled in the Health Flexible Spending Account (FSA) and you leave UC employment during the plan year, you may be able to continue your participation under COBRA through the end of the current plan year (December 31) by making direct, after-tax payments to your account.

If you lose eligibility, the COBRA administrator will send you a “Qualifying Event Notice,” which explains the procedure for continuing your participation. If your family member loses eligibility, you must request COBRA through your local Benefits Office. More information about COBRA continuation privileges is available online at ucal.us/COBRA or from your Benefits Office.
Conversion: Within 31 days after UC-sponsored coverage ends (if your participation has been continuous), you may be able to convert your group coverage to individual policies. See the specific plan sections which follow for details.

Also, you may wish to contact the California Department of Managed Health Care at www.dmhc.ca.gov or 888-466-2219 to determine whether you are eligible for HIPAA Guaranteed Issue individual plan coverage or Covered California, California's health insurance marketplace, at www.coveredca.com or 800-300-1506 to review options for purchasing individual plan coverage.

ELIGIBILITY FOR STATE PREMIUM ASSISTANCE

If you are eligible for health coverage from UC, but cannot afford the premiums, some states have premium assistance programs that can help pay for coverage from their Medicaid or Children’s Health Insurance Program (CHIP) funds.

If you live in California, you can contact the California Medicaid (Medi-Cal) office for further information via email (HIPP@dhcs.ca.gov) or visit their website (dhcs.ca.gov). If you live outside of California, go online to ucal.us/chipra for a list of states that currently provide premium assistance. You can also contact the U.S. Department of Health and Human Services, Centers for Medicare & Medicaid Services at cms.hhs.gov; 877-267-2323, ext. 61565.

---

1. The 90-day waiting period is available when the PIE is missed. See page 19. You may need to pay part of your premiums on an after-tax basis.

2. If you do not enroll during the PIE, you may apply for coverage by submitting an evidence of insurability/statement of health. The carrier may or may not approve your enrollment.

3. When you enroll in any UC-sponsored medical, dental or vision plan, you will not be excluded from enrollment based on your health, nor will your premium or level of benefits be based on any genetic information or pre-existing health conditions. The same applies to your eligible family members.

4. Employees are not covered under California State Disability Insurance for period of employment at UC.

5. If you have a pre-existing condition which causes you to be disabled in your first year of coverage, your Voluntary Long-Term Disability benefits will not be payable. For more information, see the insurance carrier’s summary plan description.

<tr>
<th>Eligibility</th>
<th>Medical</th>
<th>Dental</th>
<th>Vision</th>
<th>Dependent Life</th>
<th>AD&amp;D</th>
<th>Legal</th>
</tr>
</thead>
</table>

### Legal Spouse

Eligible

### Domestic Partner (same gender/opposite gender)

For opposite-gender domestic partners to be eligible for health and welfare benefits, either the employee or the domestic partner must be age 62 or older and eligible to receive Social Security benefits based on age or Supplemental Security Income for aged individuals.

A domestic partnership is eligible if it is:

- Registered with the state of California or
- A valid same-gender union, other than a marriage, entered into in another jurisdiction and recognized in California as substantially equivalent to a California registered domestic partnership or
- Unregistered, but meets all of the following criteria:
  - Parties must be each other’s sole domestic partner in a long-term, committed relationship and must intend to remain so indefinitely
  - Neither party may be legally married or be a partner in another domestic partnership
  - Parties must not be related to each other by blood to a degree that would prohibit legal marriage in the State of California
  - Both parties must be at least 18 years old and capable of consenting to the relationship
  - Parties must share a common residence

### Biological or adopted child, stepchild, domestic partner’s child

To age 26

### Grandchild, step-grandchild, domestic partner’s grandchild

To age 26

### Legal ward

To age 18

---

1 A legally separated or divorced spouse is not eligible for UC-sponsored coverage.

2 Domestic partner must be eligible for UC-sponsored health coverage.
## Benefits Overview

### ELIGIBLE FAMILY MEMBERS

**Overage disabled child (except a legal ward) of employee**

- Unmarried
- Incapable of self-support due to a mental or physical disability incurred prior to age 26
- Enrolled in a UC group medical plan before age 26 and coverage is continuous or, if you are a newly eligible employee with, or have newly acquired, a disabled child over age 26, the child must have had continuous coverage since age 26
- Chiefly dependent upon you, your spouse or eligible domestic partner for support (50% or more)
- Claimed as your, your spouse’s or your eligible domestic partner’s dependent for income tax purposes or eligible for Social Security income or Supplemental Security Income as a disabled person. The overage disabled child may be working in supported employment that may offset the Social Security or Supplemental Security Income
- Must be approved by the carrier before age 26 or by the carrier during your PIE if you are a newly eligible employee or if you newly acquire a disabled child over age 26

### Are you in a domestic partnership?

Eligibility rules for domestic partners are different for health and welfare benefits and for UC Retirement Plan benefits. Check out “Establishing a domestic partnership” on UCnet (ucal.us/domesticpartnership) to make sure you’ve established your partner’s eligibility for UCRP survivor and death benefits.
Enrollment

To be certain you get the benefits coverage you want, you should enroll yourself and your eligible family members when you first become eligible.

For step-by-step instructions on how to enroll, see Your Benefits at a Glance, which you received in your Welcome Kit.

WHEN TO ENROLL

DURING A PERIOD OF INITIAL ELIGIBILITY (PIE)

A PIE is a time during which you may enroll yourself and/or your eligible family members in UC-sponsored health and welfare plans. A PIE generally starts on the first day of eligibility—for example, the day you are hired into a position that makes you eligible for benefits. It ends 31 days later.

You should enroll online and complete the transaction by the last day of the applicable PIE. Paper enrollment forms are available and need to be received at the location noted on the form by the last day of the applicable PIE. (If the last day falls on a weekend or holiday, the PIE is extended to the following work day.)

You may enroll your eligible family members during the 31-day PIE that begins on the first day the family member meets all eligibility requirements. If your enrollment is completed during your PIE, coverage is effective the date the PIE began.

The PIE to enroll newly eligible family members starts the day your family member becomes eligible:

• For a spouse, on the date of marriage.
• For a domestic partner, on the date the domestic partnership is registered or the date that you verify that the partnership meets UC’s criteria (see page 13).
• For a newborn child, on the child’s date of birth.
• For an adopted child, the earlier of:
  – the date the child is placed for adoption with you, or
  – the date you or your spouse/domestic partner has the legal right to control the child’s health care.

A child is “placed for adoption” as of the date you assume and retain a legal obligation for the child’s total or partial support in anticipation of the child’s adoption.

If the child is not enrolled during the PIE beginning on that date, there is an additional PIE beginning on the date the adoption becomes final.

• For a legal ward, the effective date of the legal guardianship.

Where there is more than one eligibility requirement, the PIE begins on the date all requirements are satisfied.

During this family member PIE, some plans allow you to also enroll yourself and/or any other eligible family member who was not already enrolled during an earlier PIE. See the plan-specific sections at the back of this booklet. Remember that family members are only eligible for coverage in medical, dental, vision, legal, AD&D and dependent life coverage and must be enrolled in the same plans in which you are enrolled.

OTHER ENROLLMENT OPPORTUNITIES

If you don’t enroll in benefits during your initial 31-day period of eligibility, you may be able to enroll yourself and your family members in some plans at other times, including:

OPEN ENROLLMENT

Usually held in the fall, Open Enrollment is your annual opportunity to make changes to your benefits, including:

• Transferring to a different medical or dental plan
• Adding or disenrolling eligible family members
• Enrolling in or opting out of UC-sponsored medical, dental and vision plans and
• Enrolling or re-enrolling in the Health and Dependent Care Flexible Spending Accounts

Changes made during Open Enrollment are effective January 1 of the following year. Not all plans are available during every Open Enrollment.

WHEN YOU HAVE A FAMILY CHANGE

When you have a new family member, such as a spouse, domestic partner, newborn or newly adopted child, you may enroll yourself, the new family member and any other eligible family members not already enrolled in your UC-sponsored health plans. Other plans have different rules; see the plan-specific sections in this guide for details.

If you are enrolled in a UC-sponsored medical plan, you may transfer to a different plan. You may also enroll in or increase your Supplemental Life insurance and Dependent Life insurance during this eligibility period (however, restrictions apply to Dependent Life insurance). There is no opportunity to enroll in Voluntary Short-Term or Voluntary Long-Term Disability insurance.

You have 31 days from the date your new family member becomes eligible to enroll the new member or to make any permitted plan changes (for example, 31 days from the day you marry or your child is born). Enrollment is not automatic; you must complete a UPAY 850 form (available online at ucal.us/UPAY850 or from your Benefits Office) to enroll the new family member. Those paid through UCPath may enroll family members online.
You will be required to complete the Family Member Eligibility Verification process after enrolling the new family member. If you do not respond by the given deadline, your new family member may be disenrolled from the plans.

WHEN YOU LOSE OTHER COVERAGE
If you decline UC-sponsored coverage because you and/or your family members are covered elsewhere, and you later lose the other coverage, you may be eligible to enroll yourself and/or your eligible family members in a UC-sponsored plan. The same is true if you are enrolled in another employer-sponsored plan and the employer stops contributing to the cost of the coverage.

For medical, dental and vision coverage, you may enroll without waiting for the University's next open enrollment period if you have met all of the following requirements:

- You were covered under another health plan as an individual or dependent, including coverage under COBRA or CalCOBRA (or similar program in another state), the Children's Health Insurance Program or “CHIP” (called the Healthy Families Program in California), or Medicaid (called Medi-Cal in California).
- Coverage under another health plan for you and/or your eligible family members ended because you/they lost eligibility under the other plan or employer contributions toward coverage under the other plan terminated, coverage under COBRA or CalCOBRA continuation was exhausted, or coverage under CHIP or Medicaid was lost because you/they were no longer eligible for those programs.
- You properly file an enrollment form with the University during the 31-day PIE which starts on the day after the other coverage ends. **Note that if you lose coverage under CHIP or Medicaid, your PIE is 60 days.** You may need to provide proof of loss of coverage.

OTHER SPECIAL CIRCUMSTANCES
For medical, dental and vision coverage, you may enroll without waiting for the University’s next open enrollment period if you are otherwise eligible under any one of the circumstances below:

- You or your eligible family members are not currently enrolled in UC-sponsored medical, dental or vision coverage and you or your eligible family members become eligible for premium assistance under the Medi-Cal Health Insurance Premium Payment (HIPPP) Program or a Medicaid or CHIP premium assistance program in another state. Your PIE is 60 days from the date you are determined eligible for premium assistance. If the last day of the PIE falls on a weekend or holiday, the PIE is extended to the following work day if you are enrolling with paper forms.
- A court has ordered the University of California to provide coverage for a dependent child under your UC-sponsored medical, dental or vision plan pursuant to applicable law. The child must meet UC eligibility requirements.

IF YOU ARE A NEW FACULTY MEMBER
Newly appointed faculty members who don’t enroll within 31 days of their start date have a second period of eligibility that begins on the first day of classes for the semester or quarter in which the appointment starts or the first day the faculty member arrives at the campus, whichever comes first.

Appeals
Any appeals regarding coverage denials that relate to eligibility or enrollment requirements are subject to the University of California Group Insurance Regulations. To obtain a copy of the Eligibility Claims Appeal Process, please contact the person who handles benefits for your location.
Medical Plans

Benefits packages: Full, Mid-Level, Core

Who's covered: You and your eligible family members

Who pays the premium: You and UC for most plans

Medical coverage is one of the most important benefits that UC offers you and your eligible family members, and UC makes medical coverage as accessible and affordable as possible.

UC offers a range of high-quality medical plans with comprehensive coverage so you can choose the coverage that best meets your needs.

Medical Plans

You should carefully evaluate your family circumstances and plan costs before selecting medical plan coverage. If you need more information about a specific medical plan, you'll find telephone numbers and links to all the plans' websites on the inside cover of this guide.

In addition to the general eligibility rules beginning on page 5 and plan eligibility rules found in each plan's evidence of coverage booklet, the following rules and information apply to UC medical plans.

ELIGIBILITY

The medical plans you’re eligible for are based on whether your overall benefits package is Full, Mid-level or Core.

If you are eligible for coverage, you must take action to enroll.

You may enroll in certain medical plans only if you meet the plan’s geographic service area criteria.

If you or a covered family member is enrolled in Medicare, you are not eligible for the UC Health Savings Plan due to IRS rules that do not allow Medicare members to make or receive contributions to a Health Savings Account.

WITH A 90-DAY WAITING PERIOD

If you miss your initial enrollment period, you may enroll yourself and/or your family members in medical coverage at any time by submitting an enrollment form to your Benefits Office. Your medical coverage will become effective 90 calendar days from the date your form is received. Your premiums will be paid on an after-tax basis until the following January 1.

IF YOU MOVE OUT OF A PLAN’S SERVICE AREA

If you move out of a plan service area, or will be away for more than two months, you and your eligible family members must transfer into a different plan available in your new location. If you later return to your original location, you may enroll in any UC medical plan unless your current plan also serves that area. Otherwise, you may change plans during the next Open Enrollment period or if you experience another event that permits you to change plans midyear.

WHAT THE PLANS COVER

UC’s medical plans provide comprehensive coverage, including doctor visits, hospital services, prescription drugs and behavioral health services. Preventive care such as physical exams and immunizations are free of charge in all plans; some restrictions, such as using in-network providers, may apply.

There are no exclusions for pre-existing conditions.

An overview of the plans UC offers is on pages 20 to 22. The chart on page 23 provides a comparison of the plans. You can also view the Medical Plans Comparison video on UCnet at ucal.us/medicalplans.

COST OF COVERAGE

Your medical plan’s monthly cost depends on:

- The plan you choose
- Whether you choose to cover yourself only or yourself and other family members and
- Your annual full-time equivalent salary

Premium costs are available online at ucal.us/medicalpremiums, on the Medical Plan Chooser (uc.chooser.pbgh.org) and in Which Medical Plan is Right for You? included in your Welcome Kit.

Please note: if you are represented by a union, your premiums are subject to collective bargaining and may be different from those posted or printed. Your premiums are available when you sign in to At Your Service Online (or the UCPath portal) or talk to your Benefits Office.
Medical Plans

HEALTH MAINTENANCE ORGANIZATIONS (HMO)

HMOs require you to choose a primary care physician (PCP) from their network of providers to coordinate your care. To see a specialist, you must have a referral from your PCP. The HMO covers your expenses only if your PCP has authorized the services, unless it’s an emergency. You pay a copayment for some products and services, and there is no annual deductible.

You must live (or work, depending on the plan’s rules) in the plan’s service area to be eligible. Service areas are established by ZIP codes; you cannot use a P.O. box to establish eligibility. If you want to know whether your ZIP code is in a plan’s service area, check the plan’s website or call the plan directly. You can also use the Medical Plan Chooser (uc.chooser.pbgh.org) to see if your ZIP code is in a plan’s service area.

UC’s HMOs are available to employees living and working in certain counties in California only.

<table>
<thead>
<tr>
<th>UC’S HMO</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Health Net Blue &amp; Gold HMO</strong></td>
</tr>
<tr>
<td>Offers a tailored network of medical groups, doctors and hospitals, and includes all of UC’s medical centers and medical groups. For more information, see healthnet.com/uc</td>
</tr>
<tr>
<td><strong>Kaiser Permanente—CA</strong></td>
</tr>
<tr>
<td>Offers a closed network, meaning you must use only Kaiser doctors and hospitals. For more information, see kp.org/universityofcalifornia</td>
</tr>
<tr>
<td><strong>Western Health Advantage</strong></td>
</tr>
<tr>
<td>Provides a regional network of medical groups, doctors and hospitals in the following areas: Davis/Sacramento (including UC Davis Health System), Marin, Napa and Sonoma counties. For more information, see westernhealth.com/mywha/welcome-to-wha/university-of-california</td>
</tr>
</tbody>
</table>

PREFERRED PROVIDER ORGANIZATIONS (PPO)

PPOs offer a broad network of providers and allow you the flexibility to see non-network providers if you wish. You don’t need a referral to see your primary care doctor or specialists. Usually, you must meet the plan’s deductible and then you pay coinsurance, which is a percentage of the cost of services. You pay a smaller percentage for in-network providers.

Anthem Blue Cross is the administrator of medical benefits for UC’s PPO plans and OptumRx is the administrator of prescription drug benefits. The administrator of your plan processes claims, creates a network of health care providers or pharmacies and sets clinical policies and guidelines.

<table>
<thead>
<tr>
<th>UC’S PPO</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>UC Health Savings Plan</strong></td>
</tr>
<tr>
<td>This is a high-deductible PPO plan with a Health Savings Account (HSA), which you can use to pay your eligible medical expenses. UC contributes to the HSA and you can, too. You pay the cost of medical services until you meet the deductible, then you pay a percentage of the cost of services, with lower costs when you use in-network providers. You own the HSA, so the money goes with you if you leave UC. You can continue to contribute to it as long as you are enrolled in a qualifying high deductible health plan. For more information, see anthem.com/ca/uc and healthequity.com/ed/uc</td>
</tr>
<tr>
<td><strong>UC Care</strong></td>
</tr>
<tr>
<td>This is a PPO plan with three tiers. If you use providers in the UC Select Network, which includes UC medical center doctors, hospitals and other facilities as well as select providers near other UC locations, you pay copayments for services. If you use other providers in the Anthem Preferred network, you pay 20 percent coinsurance once you’ve met the deductible. You pay a higher deductible and a greater percent of the coinsurance if you use a provider outside the network. For more information, see uc-care.org</td>
</tr>
<tr>
<td><strong>Core Fee-for-Service Plan</strong></td>
</tr>
<tr>
<td>This is UC’s catastrophic coverage plan. You can choose any doctor, hospital, clinic or behavioral health provider, but you pay less if you use a provider in the Anthem Blue Cross PPO network. After you have met the plan’s annual deductible, the plan pays for part of the cost of services. If you use non-network providers, you must pay for services up front and submit a claim; you receive reimbursement if the plan covers the service. For more information, see anthem.com/ca/uc</td>
</tr>
</tbody>
</table>
ABOUT THE UC HEALTH SAVINGS PLAN (HSP) WITH HEALTH SAVINGS ACCOUNT (HSA)

The Health Savings Account (HSA), which is part of the UC Health Savings Plan (HSP), lets you pay for your out-of-pocket health care expenses with tax-free dollars, contributed by both UC and you.

With the HSA, administered by Health Equity, you can use the funds at any time for qualified medical expenses or save them for future health care needs. You file claims directly with Health Equity. Your HSA account balance rolls over annually; you keep the balance in the account, even if you don’t use it or leave UC. When you’re ready to use your funds for qualifying medical expenses, you can take them out of your HSA without paying any federal taxes. You earn interest on your account, and can invest any funds in excess of $1,000—the same way you invest funds in retirement savings accounts, except interest accrues federal tax-free. Contributions and earnings are subject to California income tax.

For 2017, the IRS allows HSA contributions up to $3,400 for single/individual coverage and up to $6,750 for family coverage (if you are covering at least one family member), inclusive of UC contributions. UC contributes up to $500 for individual coverage and up to $1,000 for all other coverage levels, depending on the effective date of your HSP coverage. You can also contribute with pretax payroll deductions, subject to payroll deadlines. You are responsible for making sure the combined HSA contributions are within the IRS limits. Individuals age 55 and older can make an additional “catch-up” contribution of $1,000 using the UPAY 850 form (ucal.us/UPAY850). If you enroll in the UC Health Savings Plan anytime after January, UC’s contribution to your HSA will be prorated for the calendar year. The proration schedule is available online (ucnet.universityofcalifornia.edu/compensation-and-benefits/health-plans/medical/hsa-proration-schedule.html).

To be eligible for the HSA, you must enroll in the UC Health Savings Plan. You also must have a valid Social Security number and U.S. address to establish your HSA. In addition, you cannot enroll in UC’s or in any general-purpose Health Flexible Spending Account.

If you or your dependent(s) are enrolled in Medicare, you cannot enroll in this plan, according to the IRS. Due to the UC contribution to your HSA, if you cover a family member and he/she is enrolled in Medicare, you cannot enroll in this plan unless you de-enroll your Medicare-enrolled family member from your coverage. Remember that the entire UC contribution is deposited automatically at the beginning of the year and is based on your coverage level.

Here are a few things to keep in mind if you become an HSP member. As an HSA owner, you must decide:

- Whether you are eligible to make contributions to an HSA
- The amount of the eligible contribution to the HSA for any calendar year
- The withdrawal of any excess contributions
- How funds in your HSA will be spent

You cannot delegate these responsibilities to the University or to HealthEquity. As the HSA owner, you are responsible for reporting all contributions and distributions to the IRS on your Form 1040.

BEHAVIORAL HEALTH AND SUBSTANCE ABUSE BENEFITS

Behavioral health and substance abuse coverage is provided by Optum Behavioral Health for employees and retirees enrolled in:

- Health Net Blue & Gold HMO
- Kaiser
- Western Health Advantage

Kaiser members have access to Kaiser’s integrated behavioral health services as well as Optum in-network services. Kaiser and Optum do not coordinate care or costs of behavioral health services. Each plan has specific requirements. Kaiser members should understand plan and authorization guidelines when they consider their options for behavioral health services.

Behavioral health and substance abuse coverage is provided by Anthem Blue Cross for employees and retirees enrolled in:

- Core
- UC Care
- UC Health Savings Plan (HSP)

The first three in-network outpatient mental health visits are covered at no cost to you for all plans except UC Health Savings Plan.

If you enroll in Core, UC Health Savings Plan or UC Care, you have access to both in-network and out-of-network behavioral health services. All other plans have in-network benefits only.

UC LIVING WELL WELLNESS PROGRAM

UC is committed to the well-being of employees and their family members and supports healthy living through the systemwide UC Living Well program.

UC Living Well offers faculty, staff and retirees access to programs, activities and resources that support healthy lifestyles.

UC Living Well includes:

- Campus and health system wellness activities
- Programs and support from UC’s benefits providers
- Preventive exams and screenings
Medical Plans

- Disease management programs offered by UC’s medical plans to help manage chronic conditions such as diabetes and heart disease

Participation in on-site campus and health system wellness programs varies by campus; contact your location’s wellness coordinator for details.

For more information, see the UC Living Well website (uclivingwell.ucop.edu).

GENERAL INFORMATION

CHOOSING A PRIMARY CARE PHYSICIAN (PCP)

UC’s HMO plans require you to select a primary care physician (PCP). You may choose a different PCP for each family member or the same PCP for the entire family. You may choose a pediatrician as the PCP for your child(ren). If you use your work address to qualify for a plan, you must pick PCPs in the service area of your work address.

If you or your eligible family members do not select a PCP, your medical plan will assign one to you. You may change your PCP at any time by calling the plan directly.

If you want to receive care from a particular doctor, you should call the plan or check the plan’s online doctor directory to confirm that the doctor is in their network and accepting new patients.

ID CARDS

Once you enroll, the medical plan will send identification cards for you and your enrolled family members. Although you’re covered as soon as you enroll, it may take 30 to 60 days for the plan to have a record of your membership and send your ID card(s). If you need immediate services before you receive your card, first check with your plan to see if it has a record of your enrollment; if not, contact your Benefits Office. You may also be able to download and print a temporary card from your carrier’s website.

WHEN COVERAGE ENDS

Please note that if you lose eligibility for medical coverage while you are hospitalized or undergoing treatment for a medical condition covered by your medical plan, benefits will cease and you may have to pay for the cost of those services yourself. If you or a family member loses eligibility for medical coverage, you can, however, continue coverage under COBRA (Consolidated Omnibus Budget Reconciliation Act of 1985) for a period of time. If you are laid off, you may transfer to UC’s lowest cost medical plan through COBRA.

You may be able to convert your coverage to an individual policy if you apply within 31 days of the date your UC-sponsored coverage or COBRA continuation coverage ends. Conversion options are generally more expensive and may provide fewer benefits than UC-sponsored plans. See your medical plan booklet or call your plan for more information. You may also seek individual coverage, including through the healthcare marketplace (coveredca.com).

FOR MORE INFORMATION

Evidence of Coverage booklets for all of UC’s medical plans are available online at ucal.us/EOCs or from the carriers (see front of booklet for contact information).

If you have other questions about your medical benefits, including services, benefits, billing and claims, call the medical plan directly.

TIPS:

If you want lower monthly premiums:
- UC Health Savings Plan with HSA
- Core
- Kaiser Permanente
- Western Health Advantage

If you want more flexibility in choosing doctors:
- UC Health Savings Plan with HSA
- UC Care
- Core

If you want predictable costs:
- Health Net Blue & Gold HMO
- Kaiser Permanente
- Western Health Advantage

If you reside or have a child in college outside California:
- UC Health Savings Plan
- UC Care
- Core

If you want one doctor to manage all your care:
- Health Net Blue & Gold HMO
- Kaiser Permanente
- Western Health Advantage

If you want access to UC medical centers and doctors:
- UC Health Savings Plan
- Health Net Blue & Gold HMO (if you are within service area)
- UC Care
- Western Health Advantage
- Core

Dental

Benefits packages: Full

Who’s covered: You and your eligible family members

Who pays the premium: UC

Proper dental care plays an important role in your overall health. That’s why UC provides dental coverage for you and your family, including routine preventive care and fillings, oral surgery, dentures, bridges and braces. You have a choice of two plans, a PPO and an HMO.

The following rules and information about UC’s dental plans are in addition to the general eligibility rules beginning on page 5.

ELIGIBILITY

You are eligible to enroll in dental coverage only if you have Full Benefits.

If you are eligible for dental benefits, you must take action to enroll.

You may enroll in DeltaCare® USA only if you meet the plan’s geographic service area criteria.

IF YOU MOVE OUT OF A PLAN’S SERVICE AREA

If you move out of a DeltaCare® USA plan service area, you and your eligible family members must transfer into a different plan available in your new location. If you later return to your original location, you may enroll in either plan unless your current plan also serves that area. Otherwise, you may change plans during the next Open Enrollment period or if you experience another event that permits you to change plans midyear.

UC’S DENTAL PLANS

DELTA DENTAL PPO

The Delta Dental PPO plan, available worldwide, provides you and your family with the flexibility to choose any licensed dentist or specialist. Your share of the cost of services depends on whether you use a dentist in Delta Dental’s PPO network or an out-of-network dentist.

If you choose a PPO dentist from Delta Dental’s network, you will usually pay less for services, so it makes sense to use a PPO dentist. In-network PPO dentists agree to accept a reduced fee for services, and the dentist will complete and submit all claim forms for you at no charge. Preventive dentistry (exams and cleanings) is free of charge. After a small deductible, basic dentistry (such as fillings and extractions) is covered at 80 percent, and most other dental care is covered at 50 percent, up to $1,700 per year.

Delta has more than 43,000 PPO dentists in California and 270,000 nationwide. To see a list of Delta Dental PPO dentists, visit the Delta Dental website: www.deltadentalins.com/uc.

Delta’s Premier dentists are not in the PPO network but have agreed to accept a reduced fee for services and also will complete and submit claim forms for you. Delta Dental covers 75 percent of basic dentistry costs if you use a Premier dentist, up to $1,500 per year.

If you go to a dentist not affiliated with Delta Dental, the plan will cover 75 percent of allowed basic dentistry costs, up to $1,500 per year. However, you may have to pay the dentist’s total fee and then submit your claim form to Delta Dental for reimbursement. Non-Delta Dental dentists have not agreed to Delta Dental’s allowed costs and are free to bill you for any difference between what Delta Dental pays and the submitted fee.

DELTACARE® USA

DeltaCare® USA is a dental HMO that provides you and your family with comprehensive benefits and easy referrals to specialists. You must live in California to enroll.

The plan stresses preventive care, so many preventive services are provided at no cost. Other services are provided for modest copayments with no deductibles or annual plan maximum.

When you enroll, you select a network dentist to provide all your basic dental services and to refer you to specialists when necessary. The DeltaCare® USA network consists of private-practice dental facilities that have been screened by Delta Dental for quality. Some areas of California have more network providers than others, so be sure there are dentists available in your area before choosing this plan. You are required to obtain covered services through your assigned network dentist, except for emergency services or those preauthorized in writing by Delta Dental.

You may change your dentist at any time by calling the Delta Care Customer Service number to request the change. Visit the DeltaCare® USA website (www.deltadentalins.com/uc) for a list of participating dentists.

BENEFITS AND SERVICES

For a comparison of benefits and services, see the chart on pages 25 to 27. You can also use the website uc2017.chooser2.pbgh.org/dental/uc2017.htm#costs to compare the two plans.

If you need major dental work, such as a crown, dentures or oral surgery, you and/or your dentist should contact your plan to file a pre-determination before you begin treatment to confirm that the procedure is covered and to determine your portion of the cost for services.
COST OF COVERAGE
UC pays 100 percent of your monthly dental plan premium. UC’s contribution toward the monthly cost is determined by UC and may change or stop altogether. You pay a certain percentage or copayment for some services.

WHEN COVERAGE ENDS

OPPORTUNITIES FOR CONTINUATION
If you or a family member loses eligibility for dental coverage, you can continue coverage under COBRA for a period of time. There is no conversion option for dental coverage.

**NOTE:** Other limitations and exclusions may apply. See the Delta Dental or DeltaCare® USA booklet.

---

1 Disabled members may receive anesthesia for any covered dental service if needed to receive treatment. Preauthorization is required.
2 Combined for basic and major dentistry, TMJ disorder benefits and prosthetic dentistry.
3 Exception: DeltaCare® USA may cover orthodontia treatment in progress for new enrollees/family members if treatment meets specific DeltaCare® USA criteria.
Vision

Benefits package: Full

Who's covered: You and your eligible family members

Who pays the premium: UC

UC provides the Vision Service Plan (VSP) to enable you and your family to get the vision care you need. VSP is a preferred-provider organization with more than 5,000 providers in California and 33,000 nationwide in the Choice network. The vision plan has no exclusions for pre-existing conditions.

ELIGIBILITY

See the general eligibility rules beginning on page 5.

WHAT THE PLAN COVERS

- One vision examination per calendar year—including testing and analysis of eye health and any necessary prescriptions for lenses or contact lenses. You pay a $10 copay.
- One set of corrective lenses per calendar year—including single vision, bifocal, trifocal or other complex glass or plastic lenses. Photo-chromatic lenses, tints and polycarbonate lenses are fully covered if you use a provider in the VSP network. You pay a $25 copay. If you use a non-VSP provider and you elect tints and polycarbonate options, you receive a $5 reimbursement.
- One set of frames every other calendar year up to $130.
- Contact lens allowance of $110. If you choose elective contact lenses, you cannot also have frames and corrective lenses covered in the same calendar year. If contact lenses are medically necessary and you use a VSP provider, the cost is fully covered. Generally, contacts are covered for those who have had cataract surgery, have extreme acuity problems that cannot be corrected with glasses or have some conditions of anisometropia or keratoconus.
- You may also purchase annual supplies of select contact lenses at a reduced cost. Talk to your VSP provider or see the VSP website (vsp.com) for additional details.
- Discounts on laser corrective vision surgery through VSP-contracted laser centers. Call VSP for more information.
- Eye care services for Type 1 or Type II diabetics through the Diabetic EyeCare Program. Contact a VSP doctor for more information.

If you use a VSP network doctor or provider, you pay only the required copays for covered services and the cost of any services or materials beyond the allowance. Additional discounts are available for services the plan doesn’t cover, including:

- 30 percent discount on additional pairs of glasses, including sunglasses, if purchased from the VSP doctor who provides the member’s eye exam on the same day as the exam.
- 20 percent discount for additional pairs of prescription glasses purchased within 12 months following the last covered eye exam, if purchased from the VSP doctor who provided the exam.
- 15 percent discount for contact lens professional services; for example, fittings or adjustments.

WHEN COVERAGE BEGINS

Please see “When Coverage Begins” on page 7 of the Eligibility section.

COST OF COVERAGE

UC pays the full cost of the monthly vision plan premium. UC’s contribution toward the monthly cost of coverage is determined by UC and may change or stop altogether.

You pay copays — $10 for a vision exam and, if you need glasses, $25 for materials. You also pay for additional care, services or products that VSP does not cover.

WHEN COVERAGE ENDS

OPPORTUNITIES FOR CONTINUATION

If you or a family member loses eligibility for vision coverage, you can continue coverage under COBRA. There is no conversion option for vision coverage.

FOR MORE INFORMATION

VSP website: vsp.com
VSP phone: 866-240-8344
VSP Evidence of Coverage Booklet, available online at ucal.us/EOCs.
Basic and Voluntary Disability

**Benefits package:** Full, Mid-Level or Core

**Who's covered:** You

**Who pays the premium:** You and UC

Time away from work for a pregnancy, illness or unexpected injury could mean months without a paycheck. While UC’s basic employer-paid disability insurance offers some protection—a benefit capped at $800 per month for six months—it probably won’t be enough to cover your expenses. For a modest monthly premium, UC’s Voluntary Disability Insurance replaces much more of your income—60 percent of your eligible pay up to a benefit of $15,000 per month—for increased financial security when you need it most.

UC’s disability benefits, along with state-mandated Workers’ Compensation and Social Security disability benefits, create a comprehensive safety net, whether for a few months or a lifetime. UC’s disability benefits also provide coverage for female employees during pregnancy disability and the first few weeks after childbirth.

UC does not participate in the California State Disability Insurance (CA SDI) program, although employees who have worked for UC for fewer than 18 months may have some residual CA SDI benefits based on their prior employment.

If you are eligible for Full, Mid-Level or Core Benefits, you are automatically enrolled in Basic Disability at no cost to you. If you choose to enroll in Voluntary Short-Term Disability (VSTD) and/or Voluntary Long-Term Disability (VLTD), you pay the premium.

**WHEN TO ENROLL**

You are automatically enrolled in Basic Disability, if eligible, on your first day of work.

For Voluntary Disability Insurance, you need to take action to enroll. To obtain coverage without submitting a statement of health, enroll during your PIE when you are first eligible. As a new employee, you may want to consider enrolling in both VSTD and VLTD for the most comprehensive coverage for all types of disabilities. You can discontinue your enrollment in VSTD and/or VLTD at any time.

**ENROLLMENT WITH STATEMENT OF HEALTH**

If you do not enroll in VSTD and/or VLTD when you are first hired, you must submit an application, along with evidence of insurability, and be approved by the insurance company in order to enroll.

Previous or existing medical conditions may prevent approval if you try to enroll or add coverage outside of your initial period of eligibility. Generally, you cannot enroll in VSTD or VLTD during UC’s annual Open Enrollment or due to family changes.

**WHEN COVERAGE BEGINS**

You must be actively at work in order for new or increased coverage to be effective.

**WHAT THE PLANS COVER**

**BASIC DISABILITY**

UC provides the Basic Disability plan at no cost to you.

Basic Disability insurance provides coverage if you are unable to work due to a pregnancy/childbirth or non-work-related disabling injury or illness. It pays 55 percent of your eligible earnings, up to a maximum benefit payment of $800 per month, for up to six months. There is a standard 14-day waiting period before you can begin receiving benefits, and you must use up to 22 days of sick leave, if available. While you’re receiving Basic Disability income, UC continues to pay its portion of your medical premiums. Your Basic Disability income is generally taxable.

**VOLUNTARY DISABILITY**

Voluntary Short-Term Disability (VSTD) and Voluntary Long-Term Disability (VLTD) plans work in conjunction with Basic Disability and other sources of disability income (for example, Social Security) you may receive as a result of your pregnancy/childbirth or disabling injury or illness.

VSTD offers more comprehensive coverage than Basic Disability—60 percent of your eligible earnings, with a maximum benefit of $15,000 per month. After a 14-day waiting period, benefits only last for 6 months, making this a good option to cover short-term needs such as pregnancy, most illnesses, minor surgeries, etc. As with Basic Disability, you must use up to 22 days of sick leave, if available, before you can begin receiving benefits.

VLTD benefits don’t start until six months after your date of disability or when VSTD benefits end, whichever is later. The plan pays 60 percent of your eligible earnings, with a maximum benefit payment of $15,000 per month, and benefits can last until your Social Security normal retirement age. This type of plan doesn’t pay for the first six months of disability, but offers long-term benefits in cases of catastrophic injury or illness, or permanently disabling conditions.

You pay the entire premium for VSTD and VLTD. The cost varies depending on your age, salary and your UC Retirement Plan eligibility. You may choose to purchase VSTD, VLTD or both. Voluntary Disability income is generally not taxable, since you pay the premiums with after-tax dollars.
Basic and Voluntary Disability

OTHER SOURCES OF DISABILITY BENEFITS

UC employees may be eligible for other disability benefits, including:

- Workers’ Compensation, which covers work-related injuries and illnesses
- UC Retirement Plan Disability Income, which is available to UCRP members with five or more years of service credit in the event of a permanent or long-term disability (12 months or longer)
- Social Security disability benefits
- California State Disability Insurance (only if you worked outside of UC and paid into the system within the past 18 months)

The Basic and VSTD plans do not pay benefits for work-related injuries or illnesses that cause disabilities. Instead, Workers’ Compensation provides benefits. The VLTD plan pays benefits for work-related disabilities only in coordination with Workers’ Compensation.

For Workers’ Compensation claims, UC contracts with a third party administrator to manage its claims. More information is available in the Business and Finance Bulletin BUS 81—Insurance Programs, available on At Your Service or from your local Workers’ Compensation Manager. A directory of UC Workers’ Compensation Managers is available online at ucop.edu/risk-services/staff-contacts/workers-compensation-managers.

Any disability income you are eligible to receive from these other sources of disability benefits will be deducted from your disability benefits payable under UC’s disability plans. If the other sources of income you receive exceed 60 percent of your eligible income, VLTD will pay a minimum of $100 per month.

HOW THE PLANS WORK

In order to receive disability benefits, you must be under a doctor’s direct, continuous care. For more information about how to apply for benefits, see Your Guide to UC Disability Benefits on UCnet (available with related publications at ucal.us/disabilitypubs) or contact your Benefits Office.

No one type of coverage is right for everyone. It is important that you carefully consider your circumstances and how your selection will affect major events in your life. For example:

- **Are you considering becoming pregnant?** If you think you may become pregnant, it’s wise to sign up for VSTD. For most pregnancies, the disability period begins two weeks before birth and ends six weeks after birth (eight weeks for a Caesarian section), so a plan such as VLTD, which only covers disabilities lasting more than 6 months, wouldn’t pay a benefit. Don’t wait until you’re pregnant to enroll. You’ll be required to submit a statement of health, and if you’re already pregnant, your enrollment application will not be accepted.

- **Do you have a lot of non-negotiable monthly expenses?** If you’ve recently purchased a new house, for instance, you may not want to risk a long period without income to help pay your mortgage. Enrolling in both VSTD and VLTD provides you with the most protection for all types of disabilities.

- **How much sick leave have you accrued?** If you have been with UC for a long time and have a lot of accrued sick leave that you could use during the first six months of a disability, or if you are eligible for faculty medical leave, you might only need VLTD. If you don’t have much, you might consider VSTD.

- **How’s your savings cushion?** If you have substantial savings that could tide you over the first six months of a disability, you might choose VLTD only. If not, you should consider both VSTD and VLTD for the most protection.

IMPORTANT CONSIDERATIONS AND LIMITATIONS TO COVERAGE

- **Definition of disability:** The definition of disability changes with the type of coverage you receive:
  - Basic and Voluntary Short-Term Disability—In order to receive benefits, you must be disabled from your job at UC, based on the demands and duties of your position.
  - Voluntary Long-Term Disability—For the first 24 months of VLTD benefits, in order to receive benefits, you must be disabled from your own occupation, based on the demands and duties that employers (throughout the national economy) ordinarily require for that occupation. From the 25th month onward, you must be disabled from any occupation (throughout the national economy) for which you are reasonably suited.

  (Note that UCRP defines disability differently; for details, please see “Your Guide to UC Disability Benefits.”)
• **Pre-existing conditions:** Once you are enrolled in the VSTD Plan and the Basic Disability Plan, there are no benefits limitations related to pre-existing conditions. Additionally, as soon as you’ve been covered by the VLTD Plan for more than 12 months there are no restrictions or limitations on the VLTD Plan related to the pre-existing condition.

However, your VLTD benefits will not be payable if:

– Your disability leave is related to a condition you were diagnosed with, or had treatment for, in the 90 days prior to your initial enrollment in VLTD (or into UC’s previous Supplemental Disability Insurance plan, if you are continuing coverage without an interruption) and

– Your disability leave begins within one year of your initial enrollment into VLTD (or into UC’s previous Supplemental Disability Insurance, if you are continuing coverage without an interruption).

You will, however, be eligible for VLTD benefits for conditions that were not pre-existing.

• **Mental Illness and Substance Abuse:** VLTD benefits for these issues are generally limited to a 24-month lifetime maximum benefit, unless you remain continuously hospitalized or in an extended treatment plan.

**WHEN COVERAGE ENDS**

Your coverage stops on your last day actively at work. You may not continue or convert these plans.

**FOR MORE INFORMATION**

The following publications are available online at ucal.us/disabilitypubs:

- Your Guide to UC Disability Benefits
- Disability Benefits for Faculty
- Pregnancy, Newborn Child and Adoption Fact Sheet
- Partial Disability: Stay at Work/Return to Work Factsheet
- Disability Insurance Policy

**COST OF COVERAGE**

The university provides the Basic Disability plan at no cost to you.

You pay a monthly premium if you enroll in voluntary coverage. The premium depends on your UCRP membership, your age and the level of coverage you choose (Voluntary Short-Term Disability, Voluntary Long-Term Disability or both). To estimate your premium, use the online Insurance Premium Estimator (ucal.us/premiumestimator).
Basic and Core Life Insurance

Benefits package: Full (Basic), Mid-Level (Core) and Core (Core)

Who’s covered: You

Who pays the premium: UC

Life insurance provides financial protection for your dependents in the event of your death, and can be important to their future security. UC automatically provides basic life insurance coverage for all eligible employees. And you may be eligible to buy additional coverage for yourself and your family members.

UC’s life insurance plans carry no exclusions based on the cause of death. They are group term life plans that provide coverage at special rates to group members—in this case, UC employees. UC’s life insurance is in effect only as long as you remain an eligible employee, and does not accumulate a cash value over time.

UC provides a minimum amount of life insurance coverage at no cost to you. The plan and amount of coverage varies, depending on your appointment rate and average regular paid time.

WHEN COVERAGE BEGINS

You must be actively at work in order for new or increased coverage to be effective.

WHAT THE PLANS COVER

BASIC LIFE

If you are eligible for the Full Benefits package, this plan provides life insurance equal to your annual base salary, up to $50,000. ¹ The coverage amount is based on your UC salary and appointment rate as of your date of hire or January 1 of the current year, whichever is later.

Benefits are paid to your beneficiaries if you die while employed or on paid leave, or during the first four months of approved leave without pay or temporary layoff. Your beneficiaries receive these benefits in addition to any other death benefits for which you may qualify.

CORE LIFE

If you are eligible for the Mid-Level or Core Benefits package, this plan provides $5,000 of life insurance.²

Benefits are paid to your beneficiaries if you die while employed or on paid leave, or during the first four months of approved leave without pay or temporary layoff. Your beneficiaries receive these benefits in addition to any other death benefits for which you may qualify.

OTHER FEATURES OF THE PLANS

LIVING BENEFIT OPTION

The "living benefit" option allows terminally ill employees to receive some of their life insurance benefits before death; the money can be used for any purpose. The insurance company pays you 75 percent of the total coverage amount in a lump sum or in 12 equal monthly installments. Benefits paid to your beneficiaries at the time of your death are reduced by the amount previously paid to you. See the life insurance plan booklet for more information.

EXTENDED DEATH BENEFIT

The Basic or Core Life insurance protection may continue up to one year beyond the date coverage terminates if you become totally disabled while covered under the plan and you are under age 65. You must remain continuously unable to engage in any occupation until the date of death. Protection continues for one year, until you reach age 65 or until your disability ends, whichever occurs first.

COST OF COVERAGE

UC pays the entire cost of your coverage for Basic or Core Life insurance. UC’s contribution toward the monthly cost of coverage is determined by UC and may change or stop altogether.

WHEN COVERAGE ENDS

You may convert your coverage to an individual policy if you apply within 31 days of the date your UC-sponsored coverage ends.

Conversion options are generally more expensive and may provide fewer benefits than UC-sponsored plans. See your plan booklet or call your plan for more information.

¹ If you are a member of the California Public Employees’ Retirement System (CalPERS), CalPERS provides $5,000 of coverage and UC provides coverage equal to your annual base salary less $5,000, up to $45,000.
² This plan does not cover CalPERS members.
Supplemental Life Insurance

**EXCEPTION TO DUPLICATE UC COVERAGE RULE**
You may be enrolled in Basic Life Insurance, Core Life Insurance or Senior Management Life Insurance and also be covered as a dependent of another UC employee.

**BENEFICIARIES**
You should designate your beneficiaries online by signing in to At Your Service Online. If you don’t name beneficiaries, benefits are paid to the first survivor in this list:

- Your legal spouse or domestic partner
- Your child or children, including your adopted children; if your child is deceased, his/her child or children receives your deceased child’s share
- Your parent or parents
- Your sibling or siblings

If there is no such survivor, any lump sum death payment will be paid to your estate.

You may change your designated beneficiary at any time using At Your Service Online. Once your new designation is processed, all previous designations are invalid. Changes in your family situation—such as marriage, divorce or birth of a child—do not automatically alter or revoke your previous designations. A will also does not supersede a beneficiary designation. Prior designations remain valid until you change your designations online. However, a beneficiary designation may be subject to challenge if it will result in your spouse receiving less than his or her community property share of the benefit.

If you do not have access to the Internet, you may complete UC’s Designation of Beneficiary form (UBEN 116), available from your Benefits Office.

**Benefits package:** Full and Mid-Level

**Who’s covered:** You

**Who pays the premium:** You

Eligible employees may supplement their Basic or Core Life insurance coverage by enrolling in this plan and paying monthly premiums. You can choose the amount of coverage that meets your needs up to the maximum listed under Coverage Amounts.

**WHEN TO ENROLL**

**ENROLLMENT**
To obtain coverage without the need for a statement of health, enroll during your first PIE or during a PIE that occurs as the result of the acquisition of a new family member. During a PIE that occurs as the result of the acquisition of a new family member, you can also increase your Supplemental Life Insurance. Otherwise you can enroll at any time, but a statement of health will be required.

**ENROLLMENT WITH STATEMENT OF HEALTH**
If you do not enroll in the Supplemental Life plan during a period of eligibility, you must submit an application, along with evidence of insurability, and be approved by the insurance company in order to enroll. Previous or current medical conditions may prevent your approval if you try to enroll outside of an eligibility period.

**WHEN COVERAGE BEGINS**
You must be actively at work in order for new or increased coverage to be effective. If you are on leave for health reasons on the day you become eligible for Supplemental Life coverage, your coverage will start the day after your first full day at work.

**COVERAGE AMOUNTS**
You may choose one of several coverage amounts:

- $20,000
- One times your annual salary, up to $250,000
- Two times your annual salary, up to $500,000
- Three times your annual salary, up to $750,000
- Four times your annual salary, up to $1 million

Coverage is based on your UC salary rounded to the nearest thousand and your appointment rate as of your date of hire or the full-time salary rate for your position as of January 1 of the
Supplemental Life Insurance

current year, whichever is later—even if you work part time. If your full-time salary rate is reduced, coverage will not be reduced until the beginning of the next calendar year.

Benefits are paid to your beneficiaries if you die while enrolled. They are payable in addition to any other death benefits for which you may qualify—for example, from the Basic Life insurance plan or your retirement plan.

PLAN FEATURES

LIVING BENEFIT OPTION
The “living benefit” option allows terminally ill employees covered by the plan to receive a portion of their life insurance benefits before death. The benefit—75 percent of the total coverage, up to $250,000—is paid directly to you in a lump sum or in 12 equal monthly installments. The money can be used for any purpose. The benefit that would otherwise be payable to your beneficiaries at death is reduced by this amount. Your life insurance plan booklet has more information.

WAIVER OF PREMIUM
If you become totally disabled before age 65 and your disability continues for six consecutive months, you may qualify for continuation of life insurance protection without paying the premiums.

You must provide written proof of your disability no later than one year after the disability starts and submit proof of your continuing disability each year. Your life insurance will continue until you reach age 70, as long as you remain totally disabled.

You may need to continue your premium payments to your Payroll or Benefits Office while your application is pending. See your insurance booklet or call the insurance carrier for more information.

COST OF COVERAGE

Your cost for Supplemental Life depends on your age and the amount of coverage you purchase. Use the online Premium Estimator for Life Insurance (ucal.us/lifepremiumestimator) to determine your monthly premium.

WHEN COVERAGE ENDS

If you leave UC employment, you are no longer eligible for Supplemental Life insurance. You may port or convert your coverage if you apply within 31 days of the date your UC-sponsored coverage ends.

The portability benefit allows you to continue your current UC Supplemental life coverage at Prudential’s Portability group term-life rates, which are lower than the conversion premium rates. A statement of health is not required, but you must submit proof of good health satisfactory to Prudential to qualify for preferred rates. There are additional requirements for portability. See the Supplemental Life Insurance plan booklet for details.

You may also convert to an individual policy without a statement of health.

You have 31 days from the date your coverage ends to submit your application and the appropriate premiums to Prudential. See your Benefits Office for more information.

Conversion options are generally more expensive and may provide fewer benefits than UC-sponsored plans. See your plan booklet or call your plan for more information.
Dependent Life Insurance

Benefits package: Full and Mid-Level

Who's covered: Your spouse or domestic partner and/or your eligible children

Who pays the premium: You

UC offers two plans for insuring your eligible family members. You can enroll your dependents in the Basic Dependent Life plan if you are enrolled in Basic Life or in the Expanded Dependent Life plan (which provides more coverage) if you are also enrolled in the Supplemental or Senior Management Life plan. You may cover your family members under either plan, but not under both.

WHEN TO ENROLL

To obtain coverage for a spouse or domestic partner without the need for a statement of health, enroll during your own initial PIE, or if the marriage or partnership occurs later, during the 31-day PIE following the marriage or partnership date. Otherwise they can be enrolled only by submitting an application along with evidence of insurability, and the insurance company decides whether to approve the application. A spouse or domestic partner may not be enrolled during a PIE resulting from the birth or adoption of a child.

Children may be enrolled during their PIE or at any time without a statement of health.

ELIGIBILITY

If both you and a family member are UC employees, you may choose to cover yourself under the Supplemental Life plan or, if eligible, under your family member’s Dependent Life plan. You cannot be covered by both plans.

If you miss your period of initial eligibility, you must submit an application along with evidence of insurability when enrolling a spouse or domestic partner. The insurance company decides whether to approve the application. This is not required for children—children may be enrolled at any time.

You may transfer your dependents from the Expanded plan to the Basic plan at any time. However, to transfer your spouse or domestic partner from the Basic plan to the Expanded plan, you must submit an application, along with a statement of health, for that person.

WHEN COVERAGE BEGINS

If your dependent is confined for medical care or treatment, his or her new or increased coverage will begin on the first day after medical release. This does not apply to your newborn child.

WHAT THE PLANS COVER

BASIC DEPENDENT LIFE

This plan covers your spouse or domestic partner and/or your eligible children; the benefit is $5,000 for each dependent. See pages 13 and 14 for each family member’s requirements for eligibility. You are the beneficiary if a covered dependent dies.

EXPANDED DEPENDENT LIFE

You may choose to cover:

• Your legal spouse or domestic partner with a benefit amount equal to 50 percent of your Supplemental Life insurance amount, up to a maximum benefit of $200,000, and/or

• Your eligible children with a benefit of $10,000 each

You are the beneficiary if a covered dependent dies. You may designate someone else to receive benefits if a covered spouse or domestic partner dies. You cannot designate an alternate beneficiary for covered children. Use the Designation of Alternate Beneficiary—Expanded Dependent Life and AD&D Insurance form (UBEN 119), available online at ucal.us/UBEN119.

Living Benefit Option: This option allows a terminally ill spouse or domestic partner covered for at least one year to receive some life insurance benefits before death. The benefit—50 percent of the total benefit, up to $50,000—is paid directly to the spouse or partner in a lump sum or in 12 equal monthly installments. The money can be used for any purpose. The benefit that would otherwise be payable to beneficiaries at death is reduced by the amount paid to the spouse or partner. Your life insurance plan booklet has more information.

COST OF COVERAGE

Use the online Life Insurance Premium Estimator (ucal.us/lifepremiumestimator) to determine your monthly premium.
Dependent Life Insurance

WHEN COVERAGE ENDS

If you leave UC employment, you are no longer eligible for Basic or Expanded Dependent Life insurance. You may port or convert your coverage if you apply within 31 days of the date your UC-sponsored coverage ends.

If you participate in Prudential's group term-life Portability benefit for your Supplemental Life insurance (see page 36), you may also continue Dependent Life coverage within the same Portability benefit. See your Benefits Office for more information.

You may also convert your Dependent Life to an individual policy without a statement of health if:

• Your UC-sponsored coverage ends, or
• You become totally disabled and you are covered under the Supplemental Life waiver of premium benefit.

You must apply for the conversion option within 31 days of the date your UC-sponsored coverage ends.

Conversion options are generally more expensive and may provide fewer benefits than UC-sponsored plans. See your plan booklet or call your plan for more information.

FOR MORE INFORMATION

This is an overview of your life insurance benefits. You'll find more information and tools, such as a life insurance needs estimator, on Prudential’s microsite for UC employees (prudential.com/uc). A copy of the life insurance plan booklet is available online at ucal.us/EOCs.
Accidental Death and Dismemberment Insurance

Benefits package: Full, Mid-Level, Core

Who's covered: You and your eligible family members

Who pays the premium: You

The financial impact of an accident can be devastating. To help protect you and your family from the financial hardship of an unforeseen accident, UC offers Accidental Death and Dismemberment (AD&D) insurance.

WHEN TO ENROLL
You may enroll at any time.

WHAT THE PLAN COVERS
The plan provides $10,000 to $500,000 coverage for accidental death, dismemberment or loss of sight, speech or hearing caused by an accident. It offers three levels of coverage:

- Individual coverage for you only
- Family coverage for you, your spouse or eligible domestic partner and your child(ren)
- Modified family coverage for you and your child(ren)

If you are on leave for health reasons on the day you become eligible for coverage, your coverage starts the day after your first full day at work.

THE PLAN OFFERS THESE ADDITIONAL BENEFITS:

Seatbelt Benefit: The plan pays an additional 10 percent if you or a covered family member dies in a car accident while using a seatbelt or airbag.

Indemnity for a Child’s Dismemberment or Paralysis: The plan pays a percentage of the covered amount if an accident causes irreversible paralysis of a covered child. The percentage payable depends on the degree of the paralysis.

Rehabilitation Benefit: The plan will pay up to $10,000 for covered rehabilitative expenses for two years after the date of an accident that causes dismemberment or paralysis. Work-related injuries covered under Workers’ Compensation or other similar laws are excluded.

Education Benefit: Under family or modified family coverage, if you die in a covered accident, the plan pays for your child’s higher education—the lesser of the actual tuition, 5 percent of your coverage amount, or $1,500 annually. The child must be enrolled in an institution of higher learning on the date of the accident, or be a high school student and enroll in an institution of higher learning within 365 days of high school graduation.

Day Care Benefit: The plan will pay for up to four years of day care expenses (up to the plan limit) for covered children under age 13 if you die due to a covered accident.

Repatriation of Remains: If you or a covered dependent suffer an accidental death while at least 100 miles from home, the plan will pay for covered expenses up to $50,000 to return your body or the body of a covered dependent to your home.

Common Disaster Benefit: If you and your covered spouse or eligible domestic partner both die within 90 days of the same covered accident, your spouse’s or eligible domestic partner’s principal benefit amount will be increased to equal yours to a maximum of $500,000.

Coma Benefit: The plan will pay a portion of your benefits when a covered accident renders you or a covered family member comatose within 30 days of the accident.

Natural Disaster: The plan will pay an additional 10 percent if you or a covered family member suffers loss as a result of an officially declared natural disaster (i.e., storm, earthquake, flood).

Permanent and Total Disability Benefit (for employee only): See plan booklet for details.

COST OF COVERAGE
Your cost depends on the level of coverage and coverage amount you choose. Use the rate chart online at ucal.us/adanddpremiums to determine your monthly premium.

WHEN COVERAGE ENDS
If you leave UC employment, you may convert your coverage to an individual policy if you apply within 31 days of the date your UC-sponsored coverage ends.

Conversion options are generally more expensive and may provide fewer benefits than UC-sponsored plans. See your plan booklet or call your plan for more information.
Accidental Death and Dismemberment Insurance

EXCLUSIONS
There are certain exclusions under the AD&D insurance. See your plan booklet for more information.

FOR MORE INFORMATION
This is only an overview of your AD&D benefits. The AD&D plan booklet, available online at ucal.us/EOCs, provides additional details.
Business Travel Accident Insurance

**Benefits package:** Full, Mid-Level, Core

**Who's covered:** You and your traveling companion(s)

**Who pays the premium:** UC

UC faculty and staff traveling on official UC business are covered, at no cost to you, worldwide 24 hours a day for a variety of accidents and incidents.

**WHAT THE PLAN COVERS**

The coverage includes:

- Accidental death
- Accidental dismemberment
- Paralysis
- Permanent total disability benefits
- Evacuation in the event of a security emergency
- Travel assistance services when you are 100+ miles from your home and workplace (see below for more information)

Your spouse/domestic partner, dependent child(ren) or other traveling companion are covered when accompanying you on a business trip.

**TRAVEL ASSISTANCE SERVICES**

In addition to insurance protection, the plan gives you access to travel services around the world, including:

- Medical assistance such as referral to a doctor or medical specialist, medical monitoring if you are hospitalized, emergency medical evacuation to an adequate facility, medically necessary repatriation and return of remains
- Personal assistance such as emergency medication, embassy and consular information, assistance with lost documents, emergency message transmission, emergency cash advance, emergency referral to a lawyer, access to a translator or interpreter, medical benefits verification and assistance with medical claims
- Travel assistance, including vehicle return and emergency travel arrangements for the return of your traveling companion or dependents

**HOW THE PLAN WORKS**

When you travel on official university business, you are automatically covered by UC’s business travel insurance when you make your arrangements through any of UC’s preferred travel agencies found in Connexxus, UC’s systemwide travel program. For all other travel, you must register your travel online at ucop.edu/risk-services/loss-prevention-control/travel-assistance. Once registered, you will receive confirmation of coverage for your trip and information to use in the event of an emergency.

You will also receive current travel alerts for your destination and information about changing conditions that may arise during the course of your travel. The plan also gives you access to general information about your destination, including information about security, health, communications and technology, transportation, legal, entry and exit, financial, weather and environment, language and culture.

**BENEFICIARIES**

For purposes of accidental death benefits, the designated beneficiaries are the same as those you name for UC-provided Basic or Core Life insurance, unless you make a separate beneficiary designation.

To change your beneficiary designation, sign in to your account on At Your Service Online. After you log in, select “My Beneficiaries” and then “Add Change Delete.” Be sure to confirm any changes you make.

You may also designate your beneficiaries by submitting UC’s Designation of Beneficiary form (UBEN 116).

Your beneficiary designation remains in effect until it is either changed or revoked. It does not automatically end with the return from a business trip.

**FOR MORE INFORMATION**

Additional information, including frequently asked questions, a summary of coverage and claim forms is available online at ucop.edu/risk-services/loss-prevention-control/travel-assistance.
Legal Insurance

Benefits package: Full, Mid-Level, Core

Who's covered: You and your family members

Who pays the premium: You

Most people need legal advice at one time or another, but high legal fees may prevent you from getting the necessary assistance. For a small monthly premium, UC offers the ARAG Legal plan, which gives you access to a range of legal services. The plan provides assistance with routine preventive or defensive matters and covers most basic legal needs.

You may enroll during your PIE. Enrollment may also be offered during Open Enrollment in some cases.

WHAT THE PLAN COVERS

- Legal advice, representation and preparation or review of documents in-office from an ARAG Network Attorney
- Legal advice via phone from ARAG's nationwide network of telephone attorneys
- Estate planning documents, including wills, trusts (using the eight hour General In-Office benefit once per certificate year), powers of attorney and healthcare directive
- Family legal matters, including divorce, separation, annulment, child support, visitation and/or alimony, adoption, guardianship/conservatorship and name change
- Identity theft protection services, including credit monitoring, internet identity surveillance, child identity monitoring, full-service identity restoration, and identity theft insurance
- Consumer protection issues including personal bankruptcy, debt collection defense and legal representation for enforcement of warranties or promises in connection with lease or purchase of goods or services (disputes over real estate construction matters are not included)
- Tax planning, preparation and audit support
- Assistance with administrative hearings including educational, building/zoning/easements, Social Security/veterans/Medicare benefits, and more
- Domestic violence protective orders
- Defense of traffic offenses, including traffic tickets
- Driving privilege protection
- Defense of misdemeanor charges such as trespassing, public intoxication and vandalism
- General In-Office—eight hours of attorney time per family per certificate year for advice, negotiation and service for personal legal matters that are not covered or excluded (includes preparation of a trust, administrative hearings or sale/purchase of a residence)
- Online legal tools and resources, such as DIY Docs® that enable you to create documents like a standard will, power of attorney, child medical authorization, HIPAA authorization, contractor agreement and more

See the ARAG Legal website or the plan booklet for the full list of covered services, plan limitations and exclusions.

HOW TO USE THE PLAN

Before consulting any attorney, call ARAG to be sure the plan serves you to your best advantage. When you call ARAG, a customer care specialist will advise you on the services the plan will cover and send you a CaseAssist confirmation package, which includes a description of coverage and referrals to network attorneys.

All network attorneys have met ARAG's requirements and agreed to provide the services described in the plan booklet. When you use a network attorney, fees for most covered matters are paid in full.

ARAG network attorneys provide services in two ways:

- Telephone: You may call a telephone network attorney who will either work with you over the phone or recommend that you meet with an attorney in person. Using telephone network attorneys can help you get the most from the plan. By using this service whenever possible, you can reserve other plan benefits for more serious matters.
- Office appointments: The plan covers a wide-range of legal matters, most of which are fully paid when you work with a network attorney. For matters not listed, the plan provides “Attorney Office Work” benefit for up to eight hours per year. See the plan booklet available online at ucal.us/EOCs for details.

If you prefer, you may use an attorney outside the ARAG network for general advice. In that case, the plan pays the non-network attorney amount listed in the plan booklet.

1 Eligibility, coverage, limitations and exclusions are governed by a separate coverage document. Please see the identity theft plan summary for details.
Legal Insurance

COST OF COVERAGE

Your monthly cost depends on whether you choose individual or a family coverage option. See the plan costs online at ucal.us/legal.

WHEN COVERAGE ENDS

If you leave UC employment, you may convert your coverage to an individual policy if you apply within 31 days of the date your UC-sponsored coverage ends. See your plan booklet or call ARAG for more information.

FOR MORE INFORMATION

Visit the ARAG website: ARAGLegalCenter.com; enter access code 11700uc.

See the plan booklet online at ucal.us/EOCs.

Call ARAG: 800-828-1395 or TTD: 800-383-4184, M–F, 9am–5pm PT.
Family Care Resources

Benefits package: Full, Mid-Level, Core

Who’s covered: You and your family members

Who pays: UC pays for access; you pay for care

Finding the right caregivers for loved ones is one of the toughest challenges many working families face. UC offers Bright Horizons CareDirect, a program that helps employees find the right match for their family care needs, including child care centers, nannies, babysitters, elder care planning, pet care, tutoring/test prep, and more. Their online resources help you find quality caregivers—especially on short notice—so that you can get to the office or classroom with minimal disruption.

Bright Horizons CareDirect includes access to:

- Sittercity, which offers individual in-home caregivers, including babysitters, nannies, senior caregivers, pet sitters, tutors and housekeepers
- Years Ahead, which offers a nationwide network of memory and hospice care facilities, independent and assisted living communities, and in-home health care and senior care companions
- Preferred enrollment at select Bright Horizons centers nationwide, tuition discounts at partner centers and discounted tutoring and test prep through BrightStudy

HOW THE PLAN WORKS

On the UC-specific Bright Horizons Care Advantage website (careadvantage.com/universityofcalifornia), you can register for Sittercity and/or Years Ahead. You must register for each separately. Once you’ve registered, you can read provider profiles and reviews to help you find the right caregiver for you. Sittercity allows you to post jobs and providers can respond. Years Ahead offers certified senior care advisers to help you and your family through the process of finding the right caregiver.

COST OF COVERAGE

UC pays the fee that gives you access to the Care Advantage website. You make arrangements with the providers you hire, including all payments to them.

WHEN COVERAGE ENDS

Your access to Bright Horizons CareDirect ends when you leave UC employment or move to an ineligible position. You may convert your account to an individual consumer membership for an annual fee (about $140/year).

FOR MORE INFORMATION

careadvantage.com/universityofcalifornia
888-748-2489

1 Participation in Bright Horizons CareDirect is subject to bargaining with individual unions at UC. Contact your local Benefits Office to find out whether your union is participating in Bright Horizons CareDirect benefit.
Health and Dependent Care Flexible Spending Account Plans

Benefits package: Full, Mid-Level, Core

Who's covered: You

Who pays: You

UC’s Health and Dependent Care Flexible Spending Account plans (FSAs) allow you to pay for eligible out-of-pocket expenses for yourself and your eligible family members on a pretax basis. As a result, your salary is reduced before taxes are assessed, and you pay less in taxes.

ELIGIBILITY

You are eligible to enroll in the Health and Dependent Care Flexible Spending Accounts while you are eligible for Full, Mid-level or Core Benefits, except that if you enroll in the UC Health Savings Plan for your medical coverage, you cannot enroll in the Health FSA.

ENROLLMENT AND CHANGES IN PARTICIPATION

You may enroll when you first become eligible, when you have an eligible change in family or employment status, or during Open Enrollment. If you enroll in the UC Health Savings Plan for your medical coverage, you cannot enroll in the Health FSA.

You enroll in the FSAs for the plan year, which ends on December 31 of each year. You must re-enroll during Open Enrollment to participate the following year.

You may also change your contribution or cancel participation during a 31-day period of eligibility resulting from an eligible change in family or employment status. Midyear changes must be on account of and consistent with the change in status. See the Health or DepCare FSA Summary Plan Description for details regarding what types of changes are allowed.

Enrollment and changes in contributions take effect on the first of the month following the action taken, subject to payroll deadlines.

HOW THE PLANS WORK

You determine the annual amount of your contributions to a plan, subject to the contribution limit for that plan. An equal portion of that amount is deducted from your paycheck and credited to your Health FSA and/or DepCare FSA account. When you have eligible expenses, you pay them from your account.

It’s important to estimate your annual expenses carefully, because, based on Internal Revenue Service (IRS) regulations and plan rules, you may need to forfeit unclaimed funds in your account after the closing date for the plan year.

Each plan has its own rules, so be sure to read the details about each plan below.

PLAN ADMINISTRATION

CONEXIS is the plan administrator for the FSAs; they handle all claims processing and reimbursement. CONEXIS must receive claims for a plan year by April 15 of the following year in order to reimburse the expenses; for example, they must receive claims for the 2017 plan year by April 15, 2018.

HEALTH FSA

The Health FSA allows you to pay for eligible out-of-pocket health care expenses on a pretax basis. The Health FSA covers expenses for yourself, your legal spouse, your children up to age 26 or anyone else you claim as a dependent on your federal income tax return. Expenses must meet the requirements of Internal Revenue Code (IRC) §213(d) in order to be eligible for reimbursement.

Eligible expenses include:

- Copayments and deductibles, but not premiums
- Prescription drugs
- Orthodontia
- Eyeglasses and contact lenses
- Laser eye surgery
- Other health care expenses that are not reimbursed by your medical, dental or vision plan

Note that while an expense may be an eligible tax deduction, it may not be an eligible expense under the Health FSA (for example, medical plan premiums). Expenses reimbursed under the Health FSA may not be deducted on your federal income tax form.
The Health FSA includes a feature that lets you carry over up to $500 of unused funds to the next plan year. With the carryover, if your balance is less than $500, you do not have to rush to spend all of your Health FSA funds or worry about losing money when the current plan year ends, even if you do not re-enroll for the next plan year.

However, if you do not re-enroll in the Health FSA, you must have at least $25 remaining in your account after the April 15 deadline to be able to carry over funds to the next plan year. Funds under $25 are forfeited. If you do not re-enroll, you may only carry over funds (up to $500) for one year.

You have until Dec. 31 of the plan year to incur eligible expenses. After the April 15 filing deadline, unused funds up to $500 will be credited automatically to the next plan year and will be available for reimbursement in early May. Unused funds greater than $500 will be forfeited.

If you enroll midyear, expenses incurred before the date your enrollment is effective are not eligible for reimbursement. The effective date generally is the first of the month following your enrollment, but it may be later, depending on payroll deadlines.

If you enroll in the Health FSA, you will be issued a Benefit Card that can be used to pay for eligible health care expenses at approved health care merchants such as doctors’ offices and pharmacies. Instead of paying first and then filing a claim for reimbursement, the expenses are automatically deducted from your account. In most cases you will need to provide CONEXIS, the plan administrator, with documentation to substantiate the eligibility of your expenses.

Expenses submitted for reimbursement are carefully evaluated against the IRC eligibility requirements. If your expenses are not clearly eligible according to the IRC, you will need to submit additional information to CONEXIS and you may not be reimbursed for these expenses. See the CONEXIS website (uc.conexisfsa.com) or the Health FSA Summary Plan Description for more information.

**CONTRIBUTION LIMITS AND FORFEITURE RULES**

You may contribute a minimum of $180 to a maximum of $2,550 annually to your Health FSA. If both you and your spouse are UC employees, you may each contribute up to $2,550. The carryover does not count against the $2,550 maximum contribution. You may carry over up to $500 and still elect to contribute $2,550.

Be sure to estimate your expenses carefully before enrolling. Unless you experience a permitted status change (see the Health FSA Summary Plan Description for details), once elected, you cannot change the amount of your contribution if you miscalculate your anticipated expenses or misunderstand what expenses are eligible. As noted above, you may be required to forfeit some unclaimed funds in your account after the closing date for the plan year.

**WHEN COVERAGE ENDS OPPORTUNITIES FOR CONTINUATION**

If you lose eligibility for the Health FSA, you may continue your participation through COBRA.

**DEPENDENT CARE FSA**

The DepCare FSA allows you to pay for eligible expenses for care of your child or eligible adult dependent on a pretax basis. After you incur eligible dependent care expenses, you submit a claim form and receipts for the expenses to CONEXIS, the plan administrator. CONEXIS reimburses you through an automatic deposit to your bank or by check.

**ELIGIBLE EXPENSES**

Dependent care must be necessary so that you, or you and your spouse, can work or look for work. You must have work income during the year in order to participate in the DepCare FSA. If you are married, your spouse must also have earned income during the year, unless your spouse is incapable of self-care or is a full-time student.

If care is provided in a day-care center, the center must charge a fee. If the center cares for six or more children who are not residents, it must comply with all state and local licensing laws and applicable regulations.

Eligible expenses must be for the following eligible family members:

- A child under age 13 in your custody whom you claim as a dependent on your tax return;
- A legal spouse (as defined under federal law) who is physically or mentally incapable of self-care; and
- A dependent who lives with you—such as a child over age 13, a parent, sibling, in-law or other adult—who is physically or mentally incapable of self-care, and whom you claim as a dependent on your tax return.

If care is provided outside the home for a spouse or a family member age 13 or older, either of whom is incapable of self-care, the spouse or family member must live in your home at least eight hours each day.

IRS rules do not allow a DepCare FSA to have a carryover feature, but you can incur eligible expenses for reimbursement during the grace period. You must incur expenses between Jan. 1 of the plan year and March 15 of the following year in order to be eligible for reimbursement. Any claims for expenses incurred during this period must be submitted by the filing deadline, which is April 15 following the plan year. The period from Jan. 1–April 15 is called the claims “run-out
Health and Dependent Care Flexible Spending Account Plans

period," which provides additional time to submit eligible expenses incurred during the prior plan year.

Expenses incurred after your DepCare FSA participation ends are not eligible for reimbursement. If you enroll midyear, expenses incurred before the date your enrollment is effective are not eligible for reimbursement. The effective date generally is the first of the month following your enrollment, but may be later depending on payroll deadlines.

Expenses submitted for reimbursement are carefully evaluated against the IRC requirements for eligible expenses. If your expenses are not clearly eligible according to the IRC, you will need to submit additional information to CONEXIS and you may not be reimbursed for these expenses. In some cases, you may need a tax adviser's statement certifying the eligibility of the expense.

See the CONEXIS website (uc.conexisfsa.com), IRS Publication 503, Child and Dependent Care Expenses (available on the IRS website at irs.gov) or the DepCare FSA Summary Plan Description for more information.

CONTRIBUTION LIMITS AND FORFEITURE RULES

When you enroll in the DepCare FSA, you determine how much you want deducted from your monthly pay, from a minimum of $180 per year ($15 per month) to the least of:

- $5,000 per plan year ($2,500 if you are married and filing a separate income tax return);
- Your total earned income; or
- Your spouse’s total earned income. (You may not contribute to the DepCare FSA if your spouse’s earned income is $0 and your spouse is capable of self-care or is not a full-time student.)

The maximum contribution to the DepCare FSA is the same regardless of your marital status or the number of eligible dependents.

If your spouse is also eligible to participate in UC’s or another employer’s dependent care FSA, your combined contributions cannot exceed the contribution maximum.

Be sure to estimate your expenses carefully before enrolling. Unless you experience a permitted status change (see DepCare FSA Summary Plan Description for details) once elected, you cannot change the amount of your contribution due to miscalculating your anticipated expenses or to misunderstanding what expenses are eligible. The IRS requires that you forfeit any unclaimed funds in your account after the closing date for the plan year.

DEPCARE FSA AND DEPENDENT CARE TAX CREDIT

Your participation in the DepCare FSA may or may not provide more tax savings than using the federal dependent care tax credit. Any payment from the DepCare FSA reduces, dollar for dollar, the expenses eligible for the dependent care tax credit. Your tax savings from the FSA depend on your particular tax situation. For a general comparison of the DepCare FSA with the tax credit, see the DepCare FSA Summary Plan Description.

If you need specific advice about how the DepCare FSA applies to your tax situation, please consult a tax adviser.

WHEN COVERAGE ENDS

If you lose eligibility for DepCare FSA, contributions and coverage end. There are no options to continue or convert your coverage.

FOR MORE INFORMATION

This is only an overview of the Health and DepCare Flexible Spending Account plans. Be sure to review the Summary Plan Descriptions, available online at ucal.us/EOCs. Additional information about the FSA plans is available on the CONEXIS website (uc.conexisfsa.com).
PARTICIPATION TERMS AND CONDITIONS

Your Social Security number, and that of your enrolled family members, is required for purposes of benefit plan administration, for financial reporting, to verify your identity, and for legally required reporting purposes all in compliance with federal and state laws.

If you are confirmed as eligible for participation in UC-sponsored plans, you are subject to the following terms and conditions:

• With the exception of benefits provided or administered by Optum Behavioral Health and OptumRx, UC-sponsored medical plans require resolution of disputes through arbitration. With regard to each plan it is understood that any dispute as to medical malpractice—that is, as to whether any medical services rendered under the contract were unnecessary or unauthorized or were improperly, negligently or incompetently rendered—will be determined by submission to arbitration as provided by California law and not by a lawsuit or resort to court process, except as California law provides for judicial review of arbitration proceedings. Both parties to the contract, by entering into it, are giving up their constitutional right to have any such dispute decided in a court of law before a jury and instead are accepting the use of arbitration. For more information about each plan’s arbitration provision please see the appropriate plan booklet or call the plan.

• UC and UC health and welfare plan vendors comply with federal/state regulations related to the privacy of personal/confidential information including the Health Insurance Portability and Accountability Act of 1996 (HIPAA) as applicable. To fulfill their contracted responsibilities and services health plans and associated service vendors may share UC member health information between and among each other within the limits established by HIPAA and federal/state regulations for purposes of health care operations, payment, and treatment. A member’s requested restriction on the sharing of specified protected health information for health care operations, payment, and treatment will be honored as required by HIPAA.

• By making an election with your written or electronic signature you are authorizing the University to take deductions from your earnings (employees)/monthly Retirement Plan income (retirees) to cover your contributions toward the monthly costs (if any) for the plans you have chosen for yourself and your eligible family members. You are also authorizing UC to transmit your enrollment demographic data to the plans in which you are enrolled.

• You are subject to all terms and conditions of the UC-sponsored plans in which you are enrolled as stated in the plan booklets and the University of California Group Insurance Regulations.

• By enrolling individuals as your family members you are certifying that those individuals are eligible for coverage based on the definitions and rules specified in the University of California Group Insurance Regulations and described in UC health and welfare plan eligibility publications. You are also certifying under penalty of perjury that all the information you provide regarding the individuals you enroll is true to the best of your knowledge.

• If you enroll individuals as your family members you must provide, upon request, documentation verifying that those individuals are eligible for coverage. The carrier may also require documentation verifying eligibility. Verification documentation includes, but is not limited to, marriage or birth certificates, domestic partner verification, adoption papers, tax records and the like.

• If your enrolled family member loses eligibility for UC-sponsored coverage (for example because of divorce or loss of eligible child status) you must notify UC by de-enrolling that individual. If you wish to make a permitted change in your health or flexible spending account coverage you must notify UC within 31 days of the eligibility loss event; for purposes of COBRA, eligibility notice must be provided to UC within 60 days of the family member’s loss of coverage or, if later, the date the member receives a COBRA notice. However, regardless of the timing of notice to UC, coverage for the ineligible family member will end on the last day of the month in which the eligibility loss event occurs (subject to any continued coverage option available and elected).

• Making false statements about satisfying eligibility criteria, failing to timely notify the University of a family member’s loss of eligibility, or failing to provide verification documentation when requested may lead to de-enrollment of the affected family members. Employees/retirees may also be subject to disciplinary action and de-enrollment from health benefits and may be responsible for any UC-paid premiums due to misuse of plan.

• Under current state and federal tax laws, the value of the contribution UC makes toward the cost of health coverage provided to domestic partners and certain other family members who are not “your dependents” under state and federal tax rules may be considered imputed income that will be subject to income taxes, FICA (Social Security and Medicare), and any other required payroll taxes. (Coverage provided to California registered domestic partners is not subject to imputed income for California state tax purposes.)

• If you specifically ask UC representatives to intercede on your behalf with your insurance plan, University representatives will request the minimum necessary protected health information required to assist you with your problem. If more protected health information is needed to solve your problem in compliance with state laws and federal privacy laws (including HIPAA), you may be required to sign an
authorization allowing UC to provide the health plan with relevant protected health information or authorizing the health plan to release such information to the University representative.

• Actions you take during Open Enrollment will be effective the following January 1 unless otherwise stated—provided all electronic and form transactions have been completed properly and submitted timely.

HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY ACT OF 1996 (HIPAA) NOTIFICATION FOR MEDICAL PROGRAM ELIGIBILITY

If you are declining enrollment for yourself or your eligible family members because of other medical insurance or group medical plan coverage, you may be able to enroll yourself and your eligible family members in a UC-sponsored medical plan if you or your family members lose eligibility for that other coverage (or if the employer stops contributing toward the other coverage for you or your family members). You must request enrollment within 31 days after you or your family member’s other medical coverage ends (or after the employer stops contributing toward the other coverage).

In addition, if you have a newly eligible family member as a result of marriage or domestic partnership, birth, adoption, or placement for adoption, you may be eligible to enroll your newly eligible family member. If you are an employee you may be eligible to enroll yourself, in addition to your eligible family member(s). You must request enrollment within 31 days after the marriage or partnership, birth, adoption, or placement for adoption.

If you decline enrollment for yourself or for an eligible family member because of coverage under Medicaid (in California, Medi-Cal) or under a state children’s health insurance program (CHIP) you may be able to enroll yourself and your eligible family members in a UC-sponsored plan if you or your family members lose eligibility for that coverage. You must request enrollment within 60 days after your coverage or your family members’ coverage ends under Medicaid or CHIP.

Also, if you are eligible for health coverage from UC but cannot afford the premiums, some states have premium assistance programs that can help pay for coverage. For details, contact the U.S. Department of Health and Human Services, Centers for Medicare and Medicaid Services at www.cms.gov or 1-877-267-2323 ext. 61565.

If you do not enroll yourself and/or your family member(s) in medical coverage within the 31 days when first eligible, within a special enrollment period described above or within an Open Enrollment period, you may be eligible to enroll at a later date. However, even if eligible, each affected individual will need to complete a waiting period of 90 consecutive calendar days before medical coverage becomes effective and employee premiums may need to be paid on an after-tax basis (retiree premiums are always paid after-tax). Otherwise, you/they can enroll during the next Open Enrollment Period.

To request special enrollment or obtain more information, employees should contact their local Benefits Office and retirees should call the UC Retirement Administration Service Center (800-888-8267).

Note: If you are enrolled in a UC medical plan you may be able to change medical plans if:

• you acquire a newly eligible family member; or
• your eligible family member loses other coverage.

In either case you must request enrollment within 31 days of the occurrence.

1 To be eligible for plan membership, you and your family members must meet all UC employee or retiree enrollment and eligibility requirements. As a condition of coverage, all plan members are subject to eligibility verification by the University and/or insurance carriers, as described above in the participation terms and conditions.
NOTICE REGARDING ADMINISTRATION OF BENEFITS

By authority of the Regents, University of California Human Resources, located in Oakland, administers all benefit plans in accordance with applicable plan documents and regulations, custodial agreements, University of California Group Insurance Regulations, group insurance contracts, and state and federal laws. No person is authorized to provide benefits information not contained in these source documents, and information not contained in these source documents cannot be relied upon as having been authorized by the Regents. Source documents are available for inspection upon request (800-888-8267). What is written here does not constitute a guarantee of plan coverage or benefits—particular rules and eligibility requirements must be met before benefits can be received. The University of California intends to continue the benefits described here indefinitely; however, the benefits of all employees, retirees and plan beneficiaries are subject to change or termination at the time of contract renewal or at any other time by the University or other governing authorities. The University also reserves the right to determine new premiums, employer contributions and monthly costs at any time. Health and welfare benefits are not accrued or vested benefit entitlements. UC’s contribution toward the monthly cost of the coverage is determined by UC and may change or stop altogether, and may be affected by the state of California’s annual budget appropriation. If you belong to an exclusively represented bargaining unit, some of your benefits may differ from the ones described here. For more information, employees should contact their Human Resources Office and retirees should call the UC Retirement Administration Service Center (800-888-8267).

In conformance with applicable law and University policy, the University is an affirmative action/equal opportunity employer. Please send inquiries regarding the University’s affirmative action and equal opportunity policies for staff to Systemwide AA/EEO Policy Coordinator, University of California, Office of the President, 1111 Franklin Street, 5th Floor, Oakland, CA 94607, and for faculty to the Office of Academic Personnel, University of California, Office of the President, 1111 Franklin Street, Oakland, CA 94607.

Note: Illustration at market price.
Employee Medical Plan Costs
UC will continue to pay the greater portion of monthly medical plan premiums in 2017, and employees will pay the balance as shown in the tables.

Four Rate Levels Based on Salary
Four rate tables (“pay bands”) are shown here. Your pay band, and thus your premium, is based on your full-time salary rate as of Jan. 1, 2016. This structure allows UC to provide larger employer contributions for those earning less to help alleviate a disproportionate premium burden on them.

Retiree Medical Plan Costs
Retirees can find their monthly premiums for the medical plans listed here online at ucsalretireepremiuns

Retirement Benefits Decision Guide

For eligible faculty and staff hired on or after July 1, 2016
Your UC Retirement Benefits

As a University of California employee, you help shape the quality of life for people throughout California and around the world. Every faculty and staff member plays an important role in UC's mission of education, research and public service.

UC’s comprehensive benefits are among the ways we recognize our employees for their contributions, and are an important part of your compensation.

UC offers you a choice of primary retirement benefit options — Pension Choice or Savings Choice. Participation in one of the options is required, and you choose the one that’s right for you.
Helping You Prepare for a Successful Retirement

Preparing for a successful retirement is one of the biggest financial responsibilities you’ll face. All eligible new employees have a choice of primary (required) retirement benefits, with costs shared by you and UC. With this guide, we’ll show you your options and explain how each one works, along with examples and other resources to help you choose the best option for your personal situation.

MAKE YOUR SELECTION

CHOOSE YOUR OPTION ONLINE
myUCretirement.com/choose

IMPORTANT:

The sooner you enroll in Pension Choice or Saving Choice, the sooner you start receiving UC contributions (and service credit under Pension Choice). See page 13 to learn more about reasons to make your choice as soon as possible. Your enrollment window closes once you submit a choice.

If you don’t choose a primary retirement option within 90 days of the date you became eligible, you automatically will be enrolled in Pension Choice (effective with your next pay period). In general, your eligibility date is your hire date. If you are uncertain about your eligibility date, please contact your benefits office.
Your Primary Retirement Benefit Options: Pension Choice or Savings Choice

When it comes to choosing your primary retirement benefits, you have two options — Pension Choice or Savings Choice. Both options help you build valuable retirement income in addition to Social Security benefits and any savings you may have. Here’s an overview of who’s eligible for these benefits, how each option works, and how long you have to make your choice. For complete details, please see your Summary Plan Description.

WHO IS ELIGIBLE FOR RETIREMENT CHOICE?
You are eligible for a choice of primary retirement benefits if you:

• Are hired into an eligible faculty or career staff appointment on or after July 1, 2016; OR
• Are hired in an ineligible position on or after July 1, 2016 and then become eligible for retirement benefits.

REHIRED, NEWLY ELIGIBLE AND FORMER CALPERS-COVERED EMPLOYEES
You may not be subject to the PEPRA maximum (and your retirement benefit options may differ) if you:

• Previously worked for UC in an eligible appointment;
• Were hired before July 1, 2016 and became eligible for retirement benefits after July 1, 2016; OR
• Were a “Classic Member” under CalPERS and are eligible for reciprocity with UC.

If you believe you meet these criteria, or if you have questions, contact the UC Retirement Administration Service Center at 800-888-8267. New UC employees who were classified as a “Classic Member” under CalPERS and are also eligible for reciprocity with UC need to self-identify.

UNION-REPRESENTED EMPLOYEES
If you’re represented by a union, your retirement benefits are governed by your union’s contract with UC and may be different than the benefits outlined here. Please refer to your collective bargaining agreement (available at ucal.us/agreements) for details.

ABOUT RETIREMENT EARNINGS MAXIMUMS
The maximum amount of your compensation that counts toward your retirement benefits may be affected by a number of factors, including the 2013 California Public Employees’ Pension Reform Act (PEPRA) maximum, the IRS dollar maximum and UC guidelines about eligible pay.

PEPRA Pensionable Earnings Maximum
The maximum salary that counts toward your pension benefits is consistent with the maximum on pensionable earnings under PEPRA. This maximum also applies to other California public pension plans and is reviewed annually and may be adjusted. For 2017, the maximum is $118,775.

IRS Maximum
The IRS sets a dollar maximum for annual earnings upon which retirement benefits and contributions may be based. This maximum is also reviewed and may be adjusted annually. For 2017, this maximum is $270,000.

Eligible Pay
Retirement benefits are calculated based on “eligible pay,” which does not include certain types of compensation. For a list of types of compensation that are not considered “eligible pay” when calculating retirement benefits, see A Complete Guide to Your UC Retirement Benefits on UCnet (ucal.us/guidetoretirementben).
## HOW YOUR OPTIONS COMPARE

### PENSION CHOICE

**How it Works**

Pension Choice includes a pension benefit under the UC Retirement Plan (UCRP), offering a predictable level of lifetime retirement income. Your pension benefit is based on eligible annual pay\(^1\) up to the PEPRA maximum ($118,775 in 2017).

Along with the pension benefit, some faculty and staff are eligible to build retirement savings through a supplemental 401(k)-style account.

UC makes decisions about the investments of the UCRP and assumes the investment risk. If you are eligible for the supplemental account, you select the investments from available fund options and you assume the investment risk.

The decision to participate in Pension Choice is irrevocable — you cannot change your participation to Savings Choice later.

**Shared Contributions\(^2\)**

You contribute 7% of your eligible pay, before taxes. Your contributions on pay up to the PEPRA maximum will go toward the UCRP pension benefit. Contributions on pay above the PEPRA maximum up to the annual IRS pay maximum ($270,000 for 2017) will go into your supplemental account.

**UC contributes:**

**Pension:** 8% of eligible pay up to the PEPRA maximum.

**Supplement for designated faculty\(^3\):** 5% on all eligible pay up to the IRS pay max.

**Supplement for staff and other academic employees:** 3% on eligible pay above the PEPRA maximum, up to the IRS pay maximum.

**Your Retirement Income**

You will “vest” in UCRP (become eligible to receive pension benefits, subject to plan rules) once you have earned five years of UCRP service credit. You begin to earn service credit for your time worked when you start making contributions.

When you retire, you will receive lifetime monthly retirement income based on your highest average 36 months of eligible pay (up to the PEPRA maximum), the amount of your service credit in UCRP, and your age at retirement.

UCRP also includes benefits for your eligible survivors, as well as disability income if you become totally and permanently disabled before retirement.

Your contributions to your supplemental account will vest immediately. UC’s contributions will vest after one year. Distributions are governed by plan rules.

When you retire, you can draw retirement income from your supplemental account. The balance of your account will depend on the amount contributed by you and UC and the performance of your investments.

You can designate a beneficiary for your supplemental account balance.

### SAVINGS CHOICE

**How it Works**

Savings Choice works much like a 401(k) plan. Your mandatory pretax contributions, contributions from UC (based on your eligible pay\(^1\)) and any investment earnings accumulate in a tax-deferred retirement account.

You select how to invest the contributions made to your account from a menu of available funds and you assume the investment risk. UC provides tools and resources to help you understand how to plan and invest for retirement.

UC is requesting IRS approval to offer you a one-time future opportunity to change your participation from Savings Choice to Pension Choice (see page 17).

**Shared Contributions\(^2\)**

You contribute 7% of your eligible pay, before taxes, up to the annual IRS pay maximum ($270,000 for 2017).

**UC contributes** 8% of your eligible pay, up to the IRS pay maximum.

**Your Retirement Income**

Your contributions to your account will vest immediately. UC’s contributions will vest after one year. Distributions are governed by plan rules.

When you retire, you can draw money from your account. Your account balance will depend on the amount contributed by you and UC and the performance of your investments.

Savings Choice does not include disability or survivor benefits, but you can designate a beneficiary for your account balance. Employee-paid disability and employee-paid supplemental life insurance are available.

---

1. Some types of compensation not considered “eligible pay” when calculating retirement benefits are:
   - Pay that exceeds the full-time rate or established base pay rates for regular, normal positions;
   - Overtime pay (unless for compensatory time off);

   For more about eligible pay, see A Complete Guide to Your UC Retirement Benefits on UCnet.

2. Employer and employee contribution rates are set periodically by the UC Regents. The total UC contribution rate to UCRP is currently 14%, which includes approximately 6% toward UC’s unfunded pension liability. Provisions of the 2016 Retirement Choice Program are subject to collective bargaining for represented employees. Please refer to the appropriate collective bargaining agreement, as benefits and other provisions may vary.

3. The designated faculty eligible for a 5% UC contribution to the supplemental benefit (on all eligible pay up to the annual IRS maximum) are as follows:
   - Ladder-rank faculty and equivalent titles (Professorial and Equivalent titles, which include Agronomists, Astronomers, Clinical Professor of Dentistry [over 50%] and Supervisor of Physical Ed)
   - Professor in Residence series
   - Professor of Clinical (X) series
   - Acting full, associate and assistant professors
   - Lecturers/Senior Lecturers (full-time) with Security of Employment or Potential Security of Employment (excluding UC Hastings Lecturers/Senior Lecturers)
   - Adjunct Professor series
   - Health Science Clinical Professor series
Retirement Options at a Glance

This at-a-glance summary is intended to help you understand the key features and differences of the two options. Remember, the sooner you make your choice, the sooner you start receiving UC contributions (and service credit under Pension Choice). If you don’t make an election within 90 days from your date of hire (or your eligibility date), you automatically will be enrolled in Pension Choice.

</table>
Pension Choice or Savings Choice: Which One is Right for You?

Deciding which option is right for you depends on a number of factors, including your age, the length of time you expect to work for UC, your personal financial situation, your investing style and risk tolerance, and how much retirement income you expect from other sources (e.g., Social Security).

### THE SOONER THE BETTER:
This is an important decision, so make sure you take advantage of UC’s resources to help you make the choice that’s right for you. At the same time, it pays to enroll as soon as you’ve decided. Here’s why:

- If you wait 90 days to enroll or default into Pension Choice, you lose up to three months of UC contributions and service credit — delaying vesting and decreasing your benefits.
- If you wait until the deadline to enroll in Savings Choice, you lose up to three months of UC and personal pretax contributions — reducing your retirement savings contributions for the year.

So make your choice and start building your retirement benefits as soon as you can.
Illustrations of Different Choices

Everyone’s circumstances and retirement income needs vary, so it’s important to think carefully about which option will best help you meet your goals. Here are five illustrations of different types of employees with different circumstances, intended to help you decide which option is right for you.

Meet Madhu
ASSOCIATE PROFESSOR, 36

HER CHOICE: PENSION CHOICE

“Pension Choice was an easy decision for me, since I’m planning to be with UC for a long time. Since I knew I wanted Pension Choice, I was tempted to save myself time and just wait to be defaulted into Pension Choice after 90 days. Once I realized that waiting the 90 days meant sacrificing several months of UC contributions and service credit, I enrolled right away.”

Meet Mike
ANALYST, 31

HIS CHOICE: SAVINGS CHOICE

“The interactive modeler on myUCretirement.com really helped me understand how the two options worked over time. I’m early in my career, and I’m not sure how long I’ll be with UC. I like the fact that I can take my Savings Choice account with me if I leave, and I’m learning a lot about investing by managing my account. I enrolled as soon as I decided so I wouldn’t lose any UC contributions.”

Meet Debra
PROFESSOR, 51

HER CHOICE: PENSION CHOICE

“I met with a Retirement Planner to help me understand the supplemental benefit under Pension Choice. She explained that because of my position, I’m eligible for a supplemental account in addition to my pension benefit, with a 5 percent contribution from UC on all of my eligible pay to my supplemental account.

Since I plan to stay at UC for the long term, Pension Choice was the right option for me.”

Meet Javier
HEALTH PROFESSIONAL, 37

HIS CHOICE: PENSION CHOICE

“I had a 401(k) with my former employer, so at first I thought Savings Choice might make sense. After doing more research, though, I decided that Pension Choice was the best option for me. I’m hoping to spend a good portion of my career at UC, and since my income is above the PEPRA maximum I’ll also receive UC contributions to a supplemental account.”

Meet Jiro
ASSISTANT PROFESSOR, 42

HIS CHOICE: SAVINGS CHOICE

“I took a retirement benefits webinar to make sure I understand my options, and I was at first very interested in Pension Choice. The idea of having a predictable stream of income throughout my retirement is really attractive.

My partner hasn’t found a position in the area yet, though, so there’s a chance we may need to relocate before I can vest in the pension. I had a 403(b) plan at my last job, so I’m comfortable with the way it works, especially since the UC contribution vests after a year.”
5.

Making Your Choice

Remember, the sooner you enroll in Pension Choice or Savings Choice, the sooner you start receiving UC contributions (and service credit under Pension Choice). Your enrollment window closes once you submit a choice. If you don’t choose a primary retirement option, you automatically will be enrolled in Pension Choice at the end of the 90-day period.
6.

After You’ve Enrolled: Additional Opportunities to Save

Once you’ve enrolled in your primary (required) retirement benefits — Pension Choice or Savings Choice — it’s a good idea to consider whether you’ll need additional savings to reach your retirement goals. UC’s voluntary savings opportunities and retirement planning resources can help.

**VOLUNTARY RETIREMENT SAVINGS PROGRAM**

**UC 403(b), 457(b) AND DEFINED CONTRIBUTION PROGRAM**

In addition to your primary (required) retirement benefits, you may need to save additional money to prepare for retirement. UC’s voluntary 403(b) and 457(b) pretax savings plans and after-tax Defined Contribution Plan help you build additional retirement savings to augment your primary UC retirement benefits, Social Security, and other non-UC retirement income.

- UC’s 403(b) and 457(b) Plans let you add to your retirement savings with pretax contributions. Taxes are deferred until you withdraw the money.

- UC’s Defined Contribution Plan also lets you add to your retirement savings, but with after-tax contributions. Taxes on your investment earnings are deferred until you withdraw the money.

You can enroll in these plans at any time. For more information, see the Retirement Savings Program page on UCnet (ucal.us/ucrs).

**RETIREMENT EDUCATION AND COUNSELING RESOURCES**

UC offers comprehensive resources to help you with all of your retirement benefits decisions.

**PERSONAL RETIREMENT COUNSELING**

Retirement Planners are available to meet with you by phone or in person — at no cost to you.

**800-558-9182**

getguidance.fidelity.com/universityofcalifornia

**RETIREMENT CLASSES AND WEBINARS**

Onsite classes or webinars offer information about all of UC’s retirement plans and programs, and about creating a budget, building a portfolio and saving for your children’s college expenses. A schedule of upcoming classes and webinars is available online.

**myUCretirement.com/classes**

**MYUCRETIREMENT.COM**

**UCNET**

UCnet is your source for information about UC benefits. You’ll find videos, fact sheets and FAQs about your retirement plan options here, as well as tools and resources, information about the university, and more.

**ucnet.universityofcalifornia.edu**
By authority of The Regents, University of California Human Resources, located in Oakland, administers all benefit plans in accordance with applicable plan documents and regulations, custodial agreements, University of California Group Insurance Regulations, group insurance contracts, and state and federal laws. No person is authorized to provide benefits information not contained in these source documents, and information not contained in these source documents cannot be relied upon as having been authorized by The Regents. Source documents are available for inspection upon request (800-888-8267). What is written here does not constitute a guarantee of plan coverage or benefits — particular rules and eligibility requirements must be met before benefits can be received. The University of California intends to continue the benefits described here indefinitely; however, the benefits of all employees, retirees, and plan beneficiaries are subject to change or termination at the time of contract renewal or at any other time by the University or other governing authorities. The University also reserves the right to determine new premiums, employer contributions and monthly costs at any time. Health and welfare benefits are not accrued or vested benefit entitlements. UC’s contribution toward the monthly cost of the coverage is determined by UC and may change or stop altogether, and may be affected by the state of California’s annual budget appropriation. If you belong to an exclusively represented bargaining unit, some of your benefits may differ from the ones described here. For more information, employees should contact your Human Resources Office and retirees should call the UC Retirement Administration Service Center (800-888-8267).

In conformance with applicable law and University policy, the University is an affirmative action/equal opportunity employer. Please send inquiries regarding the University’s affirmative action and equal opportunity policies for staff to Systemwide AA/EEO Policy Coordinator, University of California, Office of the President, 1111 Franklin Street, 5th Floor, CA 94607, and for faculty to the Office of Academic Personnel, University of California Office of the President, 1111 Franklin Street, Oakland, CA 94607.
Retirement Benefits Decision Guide

For rehired, newly eligible and former CalPERS-covered employees

UNIVERSITY OF CALIFORNIA
Introduction

Your UC Retirement Benefits

As a University of California employee, you help shape the quality of life for people throughout California and around the world. Every faculty and staff member plays an important role in UC's mission of education, research and public service.

UC’s comprehensive benefits are among the ways we recognize our employees for their contributions, and are an important part of your compensation.

UC offers you a choice of primary retirement benefit options. Participation in one of the options is required, and you choose the one that’s right for you.
Using this Guide

With this guide, we’ll show you your options and explain how each one works, along with examples and other resources to help you choose the best option for your personal situation.

Chapter Title

Primary Retirement Benefit Options

Pension Choice or Savings Choice

- UC offers you two different primary retirement benefit options—you choose the one that fits you best.
- Both you and UC contribute to the cost of the option you select.

Voluntary Retirement Savings Plans

UC 403(b), 457(b) and Defined Contribution Plans

In addition to your primary retirement benefits, you may need to save additional money to prepare for retirement. UC’s 403(b) and 457(b) pretax savings plans and after-tax Defined Contribution Plan help you build additional retirement savings to augment your primary UC retirement benefits, Social Security, and other non-UC retirement income.

- UC’s 403(b) and 457(b) Plans let you add to your retirement savings with pretax contributions. Taxes are deferred until you withdraw the money.
- UC’s Defined Contribution Plan also lets you add to your retirement savings, but with after-tax contributions. Taxes on your investment earnings are deferred until you withdraw the money.

You can enroll in these plans at any time. For more information, see the Retirement Savings Program page on UCnet (ucal.us/ucrs).

Retirement Education and Counseling Resources

- You can attend onsite classes or webinars to learn about your retirement benefit options and get answers to your questions.
- UC also makes personal, one-on-one retirement counseling available, at no cost to you.
- At myUCretirement.com, our interactive website, you can compare how your retirement benefits could grow over time depending on the choices you make.

Helping You Prepare for a Successful Retirement

Preparing for a successful retirement is one of the biggest financial responsibilities you’ll face. All eligible new employees have a choice of primary—or required—retirement benefits, with costs shared by you and UC. UC also offers voluntary savings opportunities and a range of resources to help you make informed retirement decisions.
Your Primary Retirement Benefit Options: Pension Choice or Savings Choice

When it comes to choosing your primary retirement benefits, you have two options—Pension Choice or Savings Choice. Both options help you build valuable retirement income in addition to Social Security benefits and any savings you may have. Here’s an overview of who’s eligible for these benefits, how each option works, and how long you have to make your choice. For complete details, please see your Summary Plan Description.

WHO IS ELIGIBLE FOR RETIREMENT CHOICE?

You are eligible for this choice of primary retirement benefits if you:

- Are a prior active member of UCRP who was rehired on or after July 1, 2016 into an eligible faculty or staff appointment, after a qualified break in UC service (between one and two months);
- Were hired by UC before July 1, 2016 and became eligible for retirement choice benefits on or after that date; OR
- Were hired by UC on or after July 1, 2016 and are classified as a “Classic Member” under CalPERS eligible for reciprocity with UC.

If you have questions about your eligibility, please contact the UC Retirement Administration Service Center (RASC) at 800-888-8267. If you are eligible for reciprocity with UC, you will need to self-identify with RASC.

ABOUT RETIREMENT EARNINGS MAXIMUMS

The maximum amount of your compensation that counts toward your retirement benefits may be affected by a number of factors, including the IRS dollar maximum and UC guidelines about eligible pay.

IRS Maximum

The IRS sets a dollar maximum for annual earnings upon which retirement benefits and contributions may be based. This maximum is reviewed and may be adjusted annually. For 2016, this maximum is $265,000.

Eligible Pay

Retirement benefits are calculated based on “eligible pay,” which does not include certain types of compensation. For a list of types of compensation that are not considered “eligible pay” when calculating retirement benefits, see A Complete Guide to Your UC Retirement Benefits on UCnet (ucal.us/guidetoretirementben).

UNION-REPRESENTED EMPLOYEES

If you’re represented by a union, your retirement benefits are governed by your union’s contract with UC and may be different than the benefits outlined here. Please refer to your collective bargaining agreement (available at ucal.us/agreements) for details.
Chapter Title

3. Your Primary Retirement Benefit Options: Pension Choice or Savings Choice

Some types of compensation not considered “eligible pay” when calculating retirement benefits are:

• Pay that exceeds the full-time rate or established base pay rates for regular, normal positions;
• Overtime pay (unless for compensatory time off);
• Pay that exceeds the base salary (X+X’) under the Health Sciences Compensation Plan.

For more about eligible pay, see A Complete Guide to Your UC Retirement Benefits on UCnet.

Employer and employee contribution rates are set periodically by the UC Regents. The total UC contribution rate to UCRP is currently 14%, which includes approximately 6% toward UC’s unfunded pension liability. Provisions of the 2016 Retirement Choice Program are subject to collective bargaining for represented employees. Please refer to the appropriate collective bargaining agreement, as benefits and other provisions may vary.

HOW YOUR OPTIONS COMPARE

SAVINGS CHOICE

How it Works
Savings Choice works much like a 401(k) plan. Your mandatory pretax contributions, contributions from UC (based on your eligible pay) and any investment earnings accumulate in a tax-deferred retirement account.

You select how to invest the contributions made to your account from a menu of available funds and you assume the investment risk. UC provides tools and resources to help you understand how to plan and invest for retirement.

You contribute 7% of your eligible pay, before taxes, up to the annual IRS pay maximum.

UC contributes 8% of your eligible pay, up to the IRS pay maximum.

Your Retirement Income
Your contributions to your account will vest immediately. UC’s contributions will vest after one year. The timing of distributions is governed by plan rules.

When you retire, you can draw money from your account. Your account balance will depend on the amount contributed by you and UC and the performance of your investments.

Savings Choice does not include disability or survivor benefits, but remaining funds can be left to your beneficiaries. Employee-paid disability coverage is available.

Choice
UC is requesting IRS approval to offer you a one-time future opportunity to change your participation from Savings Choice to Pension Choice (see pg. 13).

PENSION CHOICE

How it Works
Pension Choice includes a pension benefit under the UC Retirement Plan (UCRP), offering a predictable level of lifetime retirement income. Your pension benefit is based on annual eligible pay up to the IRS maximum ($265,000 for 2016).

UC makes decisions about the investments of the UCRP and assumes the investment risk.

Shared Contributions

You contribute 7% of your eligible pay, before taxes, up to the annual IRS pay maximum.

UC contributes 8% of your eligible pay, up to the IRS pay maximum.

Your Retirement Income
You will “vest” in UCRP (become eligible to receive pension benefits, subject to plan rules) once you have earned five years of UCRP service credit. You begin to earn service credit for your time worked when you start making contributions.

When you retire, you will receive lifetime monthly retirement income based on your highest average 36 months of eligible pay (up to the IRS maximum), the amount of your service credit in UCRP, and your age at retirement.

UCRP also includes benefits for your eligible survivors, as well as disability income if you become totally and permanently disabled before retirement.

Choice
Employees who do not make a choice within the 90-day period will be enrolled prospectively in Pension Choice by default. The decision to participate in Pension Choice is irrevocable—you cannot change your participation to Savings Choice later.

1 Some types of compensation not considered “eligible pay” when calculating retirement benefits are:
• Pay that exceeds the full-time rate or established base pay rates for regular, normal positions;
• Overtime pay (unless for compensatory time off);
• Pay that exceeds the base salary (X+X’) under the Health Sciences Compensation Plan.

2 Employer and employee contribution rates are set periodically by the UC Regents. The total UC contribution rate to UCRP is currently 14%, which includes approximately 6% toward UC’s unfunded pension liability. Provisions of the 2016 Retirement Choice Program are subject to collective bargaining for represented employees. Please refer to the appropriate collective bargaining agreement, as benefits and other provisions may vary.
Pension Choice or Savings Choice: Which One is Right for You?

Deciding which option is right for you depends on a number of factors, including your age, the length of time you expect to work for UC, your personal financial situation, your investing style and risk tolerance, and how much retirement income you expect from other sources (e.g., Social Security).

<table>
<thead>
<tr>
<th>CONSIDER PENSION CHOICE IF YOU</th>
<th>CONSIDER SAVINGS CHOICE IF YOU</th>
</tr>
</thead>
<tbody>
<tr>
<td>• Expect to work for UC for most of your career.</td>

**PERSONAL RETIREMENT COUNSELING**

800-558-9182

getguidance.fidelity.com/universityofcalifornia

**CLASSES AND WEBINARS**

myUCretirement.com/classes

**IMPORTANT:**

UC is requesting IRS approval to offer employees enrolled in Savings Choice a one-time future opportunity to switch to Pension Choice. Enrollment in Pension Choice is irrevocable. If UC’s request is approved, it’s important to understand that, if an employee switches from Savings Choice to Pension Choice:

• The time spent in Savings Choice will count toward vesting in future Pension Choice benefits. Service credit toward Pension Choice benefits will begin to accrue at the point the employee switches to Pension Choice.

• Accumulated balances in the Savings Choice account will remain in the employee’s account until the employee separates from service and elects a distribution. The timing of distributions is governed by plan rules.

• The timing of the one-time future opportunity to switch to Pension Choice may depend on job type.
5. Making Your Choice

Remember, you have up to 90 days from your retirement option eligibility date to choose a primary retirement benefit—either Pension Choice or Savings Choice. Your enrollment window closes once you submit a choice. If you don’t choose a primary retirement option, you automatically will be enrolled in Pension Choice at the end of the 90-day period.

READY TO MAKE YOUR SELECTION?

1. Make your choice online at myUCretirement.com/choose. You’ll get a quick refresher on the options and how they compare.
2. Register and log in when prompted. Then select the option you’ve decided works best for you.
3. You’ll receive a confirmation statement reflecting your choice.
4. Your contributions will begin to be deducted from your paycheck following your choice (usually within one to two pay periods).

RESOURCES

This is an important choice, so UC wants to make sure everyone has a chance to meet with a Retirement Planner or attend a workshop. Use these resources to get help with your decision or find more information.

MYUCRETIREMENT.COM

Use this site to compare your primary retirement benefit options and make your choice. Once you’ve made your choice, you’ll be able to explore articles and classes designed to help you build additional retirement savings and improve your personal financial situation.

PERSONAL RETIREMENT COUNSELING

UC offers you one-on-one, personal help with your retirement benefits decisions. Meet with a Retirement Planner by phone or in person, when and where it’s convenient for you. This service is available at no cost to you.

IF YOU MOVE

It is your responsibility to notify the Plan Administrator of your new mailing address. UC uses the address on file as the address of record for you and your beneficiaries.

For the UC Retirement Plan: If you are an active UC employee, you can change your address online at At Your Service Online, a secure website where you can update personal information maintained in UC’s payroll and benefits databases. Go to UCnet and select “AYS Online.” Enter your username or Social Security number and your UC password; then select “My Contact Information.”

If you’re no longer working for UC or do not have internet access, you can also notify UC Human Resources by calling the UC Retirement Administration Service Center at 800-888-8267. Or, if you have Internet access, select “HR Forms & Publications” on UCnet and print and complete form UBEN 131 (UC Human Resources Address Change Notice) and mail it to UC Human Resources.

For Defined Contribution, 403(b) and 457(b) Plan accounts: If you are an active UC employee, you can change your address at At Your Service Online, and Fidelity will be notified automatically. If you are no longer working for UC, please notify Fidelity Retirement Services directly by calling 866-682-7787 or by logging into netbenefits.com, your Fidelity website.
UC’s comprehensive benefits are among the ways we recognize our employees for their contributions, and are an important part of your compensation.

It’s important to understand the pivotal role you have in shaping your financial future. To make the most of your retirement and savings benefits, you should read this booklet carefully and keep it with your important papers for later reference. It contains summaries with comprehensive information about the primary retirement benefit options and voluntary retirement savings plans that make up the University of California Retirement System (UCRS) as well as information about health and welfare benefits currently available to eligible UC retirees.

The chart below illustrates the basic structure of UCRS. The summaries in this booklet explain the plans’ provisions and the policies and rules that govern them. If a conflict exists between these summaries and the plan documents, the plan documents govern. The Plan Administrator has the authority to interpret disputed provisions.
Primary Retirement Benefit Options

As an eligible UC employee hired, rehired, or newly eligible for benefits on or after July 1, 2016, UC offers you two different primary retirement benefit options: Pension Choice or Savings Choice.

Please note that some rehired employees will not be eligible for this choice, including those who:

- Became members of UCRP prior to July 1, 1994,
- Were rehired without a tier break in service (see definition on page 21), or
- Elected Pension Choice or Savings Choice, or were defaulted into Pension Choice, during a prior period of UC employment.

If you're represented by a union, your retirement benefits are governed by your union's contract with UC and may be different than the benefits outlined here. Please refer to your collective bargaining agreement (available at ucal.us/agreements) for details.

**PENSION CHOICE**

This option includes a pension benefit under the UC Retirement Plan (UCRP), providing a predictable level of lifetime retirement income. Some faculty and staff may also be entitled to receive a supplemental savings benefits in a defined contribution account.

See the UCRP summary on page 3 for details about Pension Choice, including eligibility, vesting, contributions from you and UC, retirement income, disability benefits, benefits for eligible survivors and more.

If you are eligible for the defined contribution supplemental savings benefit under Pension Choice, see the Defined Contribution Plan summary on page 29 for details, including UC’s and your contributions, distributions and more.

**SAVINGS CHOICE**

This option is a defined contribution plan, with mandatory pretax contributions from you and contributions from UC. These contributions and any investment earnings accumulate in a tax-deferred retirement account. You select how to invest contributions to your account from a menu of available funds and you assume the investment risk.

See the Defined Contribution Plan summary on page 29 for details about Savings Choice, including UC’s and your contributions, distributions and more.

**MAKING YOUR CHOICE**

Employees have up to 90 days from their retirement option eligibility date (generally your hire date) to choose either Pension Choice or Savings Choice. Your enrollment window closes once you submit a choice. If you do not affirmatively choose an option, you automatically will be enrolled in Pension Choice at the end of the 90-day selection period. **The sooner you decide which option is best for you, the sooner UC begins contributing to your retirement benefits.**

**RESOURCES**

Retirement Benefits Decision Guide
Online: ucal.us/retirement
Retirement Decision Tool: myUCretirement.com/choose
University of California Retirement Plan (Pension Choice) Plan Summary
For eligible faculty and staff:

- Hired on or after July 1, 2016 or
- Rehired on or after July 1, 2016 after a break in service or
- Who became newly eligible for benefits on or after July 1, 2016
Introduction

The University of California Retirement Plan (UCRP or the Plan) provides retirement benefits for eligible employees (and their eligible survivors and beneficiaries) of the University of California and its affiliate, Hastings College of the Law. UCRP also provides disability income and death benefits.

UCRP is a tax-qualified governmental defined benefit plan. Eligible employees who are enrolled in Pension Choice as their primary retirement benefit option become members of UCRP. Benefits are determined by formulas that vary according to the type of benefits payable (for example, retirement, disability or survivor benefits). The formulas take into account a member’s salary, age, years of service credit and member class. The Plan is funded by employer and employee contributions.

The provisions described here are for eligible UC employees who are

- Hired on or after July 1, 2016,
- Rehired on or after July 1, 2016 after a break in service, or
- Newly eligible for benefits on or after July 1, 2016.

Are you in a domestic partnership?
Eligibility rules for domestic partners are different for health and welfare benefits and for UCRP benefits. See page 22, or check out “Establishing a domestic partnership” on UCnet (ucal.us/domesticpartnership), to make sure you’ve established your partner’s eligibility for UCRP survivor and death benefits.
UCRP Membership

UCRP includes four member classes:

- Members who pay into Social Security
- Members who opted out of Social Security coverage, other than Safety members
- Members with Tier Two benefits and
- Safety members

Active members in each of the first two member classes accrue benefits in one of four tiers—the 1976 Tier, the 2013 Tier, the Modified 2013 Tier and/or the 2016 Tier. A member who first becomes eligible to participate in UCRP on or after July 1, 2016 will accrue benefits in the 2016 Tier. A member who began accruing UCRP benefits before July 1, 2016 will continue accruing UCRP benefits under his/her current tier until he or she has a break in service. If the member returns to eligible UC employment on or after July 1, 2016 following a tier break in service (see definition on page 21) and again becomes a UCRP member, the member will accrue additional service under the 2016 Tier.

This plan summary pertains primarily to members of the UCRP 2016 Tier. The provisions of the Plan described here are subject to collective bargaining for represented employees.

As benefits and other provisions vary by member tier and member class, UCRP members who were hired by UC before July 1, 2016 and who have not incurred a tier break in service should refer to the following publications: UCRP 1976 Tier Summary Plan Description and UCRP Summary Plan Description for 2013 Tier Members. Safety Members should refer to the Summary Plan Description for Safety Members. These publications are available at ucnet.universityofcalifornia.edu.

The provisions of the Plan are subject to collective bargaining for represented employees.

Social Security

Most UCRP members pay Social Security taxes.¹ The Social Security tax rate is currently 7.65 percent. Of this, the member pays 6.2 percent on earnings up to the Social Security wage base ($127,200 in 2017) for Old Age, Survivors and Disability Insurance (OASDI) and 1.45 percent on all earnings for Medicare hospital insurance (Part A). These taxes are deducted from the member’s gross wages each pay period.

Contact the Social Security Administration for more information about Social Security eligibility and benefits, including an estimate of future retirement benefits (see inside front cover).

¹ Former members who opted out of Social Security coverage in 1976 and return to UC employment do not pay Social Security taxes on their UC wages. Employees in Safety classifications also do not pay Social Security taxes.

Eligibility and Membership

You are eligible for Pension Choice (which includes UCRP membership) if you:

- Are hired on or after July 1, 2016 into an eligible faculty or career staff appointment (at least 50 percent time on a fixed or variable basis for one year or longer)
- Are rehired on or after July 1, 2016 into an eligible faculty or career staff appointment after a tier break in UC service (see definition on page 21)
- Are hired in an ineligible position and become eligible for benefits on or after July 1, 2016, either by completing an hours requirement or by obtaining an eligible faculty or career staff appointment
- Employees who are hired on or after July 1, 2016 in Safe Harbor positions may become eligible for a choice of primary retirement benefits after working 750 hours or 1,000 hours in a rolling, continuous 12-month period, depending upon job classification. (Employees in a Non-Senate Instructional Unit qualify for a choice of primary retirement options after working 750 hours in an eligible position.) Eligibility is effective no later than the first of the month following the month in which the employee reaches 1,000 hours (or 750 hours, if applicable).

Exceptions:

A University employee is not eligible for UCRP membership if he or she:

- Is at the University primarily to obtain education or training
- Receives pay under a special compensation plan but receives no covered compensation (see “Plan Definitions” on page 21)
- Is in a per diem, floater or casual restricted appointment
- Is appointed as a Regents’ Professor or Regents’ Lecturer
- Is an employee hired as a visiting appointee

Employees who elect or default into Pension Choice become members of UCRP and begin to earn UCRP service credit when contributions begin—usually within one to two pay periods after election or default enrollment into Pension Choice.

Once you become a UCRP member, active membership continues until you have a break in service (see “Plan Definitions” on page 21). Membership is not affected by a reduction in appointment percentage without a break in service. A reduction in an appointment percentage, however, will result in a reduction in the amount of service credit you accrue. Benefits based on future service may change if you transfer to a position eligible for Safety benefits or become covered by a collective bargaining agreement that includes a variation on the benefit formula.
VESTING

To vest means to acquire certain rights. Once vested, you generally have a non-forfeitable right to receive UCRP retirement benefits upon leaving the University and reaching retirement age. You must earn five or more years of service credit to be vested.

You become vested in UCRP benefits whether you earn all service credit as a member in one UCRP member class or tier or in multiple UCRP member classes and tiers.

INACTIVE MEMBERSHIP

You become an inactive member upon leaving University employment and retain the right to future retirement benefits as long as you leave your accumulations (employee contributions plus interest) in the Plan, provided you satisfy one of the following criteria:

• Have at least five years of service credit
• Are eligible for reciprocity (see “Reciprocity” below)
• Were medically separated from University employment and are eligible to apply for UCRP disability income (see “Disability Income” on page 16)
• Are a faculty member of a University medical school who has been appointed by the Veterans Administration to a University-affiliated hospital, and, as a result, receive no further covered compensation, or
• Became a Plan member July 1, 1989, or earlier, and reached age 62 while still an eligible employee

After leaving the University, an inactive member may, at any time before (and in lieu of) retiring, request a refund of accumulations. If you elect a refund of accumulations, you waive the right to any future Plan benefits (see “Refund of Accumulations” on page 11).

If you leave before becoming an inactive member (that is, a member with five years of service credit), you may also request a distribution of your accumulations at any time. You will lose any service credit you have accrued unless you later return to UC employment and reestablish it.

RECIPROCITY

UCRP and the California Public Employees’ Retirement System (CalPERS) have reciprocity provisions to ensure continuity of benefits for members who change employers and transfer between the two retirement systems under certain circumstances. If you qualify for UCRP/CalPERS reciprocity, service credit accrued under both systems can be used to determine whether you are vested in benefits under both retirement systems. Also, covered compensation earned under both systems can be used to determine your highest average plan compensation under both systems. If you retire for disability under CalPERS, you will be subject to the limitation on the maximum total benefits that can be provided under both systems. The reciprocal provisions do not apply to eligibility for retiree health benefits.

To establish reciprocity for continuity of benefits between the two retirement systems, you must:

• Be employed under the other retirement system within 180 days of leaving employment under the former system
• Leave your accumulations (if any) in the former system and
• Elect reciprocity by completing the proper forms (see below)

When you elect UCRP/CalPERS reciprocity, funds are not transferred from one retirement system to the other. You become a member of both systems. You are subject to membership and benefit obligations and rights of each system. You must retire under both systems on the same date for the benefits of reciprocity to apply. Please note that UCRP/CalPERS reciprocity does not apply to Saving Choice participation.

To establish reciprocity at UC, you must complete form UBEN 157 (Election of Reciprocity) and send it to UC Human Resources. The form is part of the UCRP/CalPERS Reciprocity Fact Sheet, available at ucal.us/reciprocity. To find out how to establish reciprocity at CalPERS, call CalPERS directly (see inside front cover). As long as you remain eligible under the guidelines listed above, you may establish UCRP/CalPERS reciprocity at any time prior to retiring.

A provision for concurrent retirement is also available for UCRP members who are also members of the California State Teachers’ Retirement Defined Benefit Program (CalSTRS). You are eligible for concurrent retirement if you:

• Become an active UCRP member on or after July 1, 2002
• Are a member of CalSTRS and
• Elect UCRP retirement income after July 1, 2002
• Have satisfied the applicable age and service requirements for early retirement

Members eligible for concurrent retirement receive benefits similar to those for reciprocity. CalSTRS has similar concurrent retirement provisions that apply to UCRP members; for more information about CalSTRS concurrent retirement, contact CalSTRS directly.
The maximum amount of your compensation that counts toward your retirement benefits may be affected by a number of factors, including the 2013 California Public Employees' Pension Reform Act (PEPRA) maximum, the IRC dollar maximum and UC guidelines about covered compensation.

PEPRA MAXIMUM

With some exceptions (described below), if you are a new hire in the 2016 tier the maximum covered compensation (or eligible pay) that counts toward your pension benefits is consistent with the maximum on pensionable earnings under PEPRA. This maximum also applies to many other California public pension plans and is reviewed annually and may be adjusted. For the Plan year beginning in 2017, the maximum is $118,775 ($142,530 for members not paying into Social Security). The PEPRA maximum applies to most people who are hired into an eligible faculty or career staff appointment on or after July 1, 2016 (see below for exceptions for some rehired, newly eligible and former CalPERS-covered employees).

REHIRED, NEWLY ELIGIBLE AND FORMER CALPERS-COVERED EMPLOYEES

You are not subject to the PEPRA maximum if you:

- Were a UCRP member before July 1, 2016 or
- Were a Safe Harbor employee before July 1, 2016 or
- Were a “Classic Member” under CalPERS and are eligible for UCRP/CalPERS reciprocity (see “Reciprocity” on page 7). For the purpose of exemption from the PEPRA maximum, you will need to provide self-certification of your eligibility to the UC Retirement Administration Service Center; you may contact the UC Retirement Administration Service Center at 800-888-8267.

See page 17 for information about the IRC dollar limit for annual earnings upon which total retirement benefits and contributions may be based. The earnings limit beginning Jan. 1, 2017, is $270,000 for employees who became members as of July 1, 1994, or later.

See page 21 for information about what is and is not considered “covered compensation” (or “eligible pay”) when calculating retirement benefits.

FUNDING THE PLAN

UCRP benefits are funded by contributions from both the University and active members and by the investment earnings on UCRP assets. These contributions and earnings are placed in a trust fund and constitute a single pool of assets. Annual actuarial valuations determine the Plan’s liabilities (that is, projected benefits to be paid) and the funding status.

The UC Board of Regents may periodically adjust University and member contribution rates to maintain adequate funding levels.

UNIVERSITY CONTRIBUTIONS

University contributions are used to pay UCRP benefits for all members, and are not allocated to individual member accounts.

The University contributes 8 percent of members’ covered compensation (also referred to as “eligible pay”; see definition on page 21) to UCRP—up to the PEPRA maximum if it applies or up to the IRC maximum if it does not. The University contributes an additional 6 percent of members’ covered compensation toward UCRP’s unfunded liability.

If the PEPRA maximum applies, UC also contributes to the Defined Contribution Plan to fund the supplemental benefit for designated faculty (see definition on page 22), and for eligible staff and other academic appointees who earn above the PEPRA maximum. See the Defined Contribution Plan: Plan Summary on page 29 for details on the supplemental benefit available to employees who elected, or defaulted into, Pension Choice.

MEMBER CONTRIBUTIONS

Member contributions for union-represented employees are subject to collective bargaining.

Members who are subject to the PEPRA maximum make mandatory pretax contributions to UCRP equal to 7 percent of covered compensation, up to the PEPRA maximum.

Members who are not subject to the PEPRA maximum make mandatory pretax contributions to UCRP equal to 7 percent of covered compensation, up to the IRC maximum.

Member contributions are deducted automatically from your gross wages each pay period and credited to your individual member account. Wages on which contributions are assessed are called covered compensation. Your contributions to the Plan are deducted on a pretax basis and, therefore, reduce your taxable income.
The Plan Administrator maintains a record of each member’s UCRP contributions and credits the amount with interest at a stated rate (currently 6 percent per year). Upon leaving University employment, you may receive a distribution of your UCRP accumulations or leave them in UCRP (University contributions must remain in UCRP). See “Refund of Accumulations” on page 11.

Service Credit

Service credit is the measure of time you have participated in UCRP in one or more member classes. Service credit is used to determine eligibility for UCRP benefits and to calculate benefits such as monthly retirement.

Service credit is earned whenever you receive covered compensation for an eligible appointment once you have become a UCRP member. The maximum that you can earn for a year of full-time work is one year of service credit. Part-time or variable-time work results in a proportionate amount of service credit. For example, if you work 50 percent time for one year, you receive one-half year of service credit.

SICK LEAVE

If you retire within four months after leaving the University, any unused sick leave is converted to service credit. Eight hours of unused sick leave converts to approximately one day of service credit. Sick leave converted to service credit cannot be used to reach the five years of service credit needed to be eligible for retirement benefits. But, because service credit is a factor in the benefit formula, this additional service credit may increase your monthly retirement income.

DISABILITY STATUS

If you become disabled and receive UCRP disability income, you may continue to earn service credit at the same rate earned during the 12 months of continuous service just before your disability date.

You continue to earn service credit until or unless increased service credit would cause your retirement benefit, if you were to retire, to exceed your disability benefit.

PARTIAL-YEAR CAREER APPOINTMENTS

If you work full time during a 9-, 10-, or 11-month partial-year appointment, you earn one year of service credit for each Plan year. If you work part time during a partial-year appointment, you earn proportionate service credit. For example, if you work 50 percent time during a partial-year appointment, you earn one-half year of service credit. You begin to earn service credit once you have become a UCRP member. See page 24 for an explanation of the potential effect of a partial-year career appointment on your highest average plan compensation (HAPC).
Service Credit

MILITARY LEAVE
If you return to University service in accordance with your reemployment rights following a military leave, you receive service credit for the time spent in uniformed service and for a period following uniformed service, provided you return to work when the leave ends and satisfy other applicable requirements.

You earn service credit for military leave at the same rate earned during the 12 months of continuous service just before the leave. For example, if you earned three-fourths of a year of service credit in the 12 months just before military leave, you will earn three-fourths of a year of service credit for a year of military leave.

The Retirement Administration Service Center or your local Benefits Offices can provide more information about establishing service credit for military leaves.

PAST SERVICE
If you have previous Plan membership, you retain service credit for the earlier period if you leave your accumulations (your employee contributions and accumulated interest) in the Plan upon leaving the University. If you previously received a refund of accumulations for the earlier period, you may buy back service credit for the earlier period, subject to the buyback rules described in the UCRP Buyback Booklet, available online at ucal.us/Buybackbooklet. If you previously retired and received a lump sum cashout, you may not buy back service credit for any period before the cashout date.

You may not purchase service credit for time worked during your primary retirement option selection window, prior to the effective date of your enrollment in Pension Choice (UCRP).

LEAVE WITHOUT PAY
You do not earn service credit during a leave without pay, but you may be able to establish service credit through a service credit purchase (see the UCRP Buyback Booklet, available online at ucal.us/Buybackbooklet).

SABBATICAL OR PAID LEAVE
During a sabbatical or paid leave, you earn service credit in proportion to the percentage of full-time pay (i.e., covered compensation) you receive. For example, if you are on sabbatical leave at two-thirds pay for one year, you receive two-thirds of a year of service credit, but you may be able to establish service credit for the unpaid portion of your leave through a service credit purchase (see the UCRP Buyback Booklet, available online at ucal.us/Buybackbooklet).

EXTENDED SICK LEAVE
You earn up to 80 percent of service credit for periods of extended sick leave during which you receive Workers’ Compensation, but you may be able to purchase service credit for any remaining percentage (see the UCRP Buyback Booklet, available online at ucal.us/Buybackbooklet).
Service Credit Purchase/Buyback

“Service credit purchase” is payment to establish service credit for eligible leaves and “buyback” is to reestablish service credit for previous UCRP membership. The service credit purchase/buyback options are available only to active UCRP members.

SERVICE CREDIT PURCHASE IS AVAILABLE FOR APPROVED LEAVES:
- Approved leave without pay
- Partially paid sabbatical leave
- Extended sick leave
- Temporary layoff or furlough (except during a partial-year career appointment)

BUYBACK IS AVAILABLE FOR PREVIOUS UCRP MEMBERSHIP:
UCRP service for which a refund of accumulations was received (see “Refund of Accumulations” on page 11).

SERVICE CREDIT PURCHASE/BUYBACK OPTION IS NOT AVAILABLE FOR:
- Time worked during your primary retirement option election window, prior to the effective date of your Pension Choice enrollment/UCRP membership
- Time worked while a Savings Choice participant
- Any break-in-service period
- Any period of ineligible service, such as temporary employment or indefinite layoff
- Any furlough during a partial-year career appointment
- A reduction in appointment
- Any period of CalPERS membership
- Any period of service that preceded a lump sum cashout
- Any period of less than four weeks, unless necessary for vesting purposes
- Any period of military leave July 1, 1966, or later (the member receives full service credit without making contributions)

You can find complete buyback information as well as instructions in the UCRP Buyback Booklet, available online at ucal.us/Buybackbooklet.

Refund of Accumulations

Upon leaving University employment, you may receive a distribution of your UCRP accumulations or leave them in UCRP (University contributions must remain in UCRP).

A refund of accumulations cancels your right to any future UCRP benefits, or retiree health eligibility, based on any period of service prior to the refund unless you return to University employment as an active UCRP Member and reestablish the service credit (see the UCRP Buyback Booklet, available online at ucal.us/Buybackbooklet).

A refund of any remaining accumulations after your death is considered a death benefit (see “Death Benefits” on page 14).
Retirement Benefits

You can elect to retire and receive benefits at any time after you become eligible—that is, when you reach age 55 and leave University employment with at least five years of service credit.2

**If You Leave UC and Don’t Retire**

In most cases, vested members who leave University employment and do not, or are not eligible to, retire at the time they separate should not delay electing retirement benefits past age 65. At age 65, an inactive member will have attained the maximum UCRP benefit payable under the Plan.

---

**BASIC RETIREMENT INCOME**

Basic retirement income is your normal monthly lifetime benefit. This basic amount is adjusted if you want to provide monthly survivor income for a spouse, domestic partner or another person upon your death (see “Alternate Monthly Payment Options” on page 13). Also, your benefit must be adjusted if the monthly benefit exceeds maximum benefit levels. See “Plan Maximum Benefit” on page 14 and “Internal Revenue Code Provisions” on page 17 for more information.

Basic retirement income is a percentage of your average salary, or HAPC (highest average plan compensation; see definition on page 24), up to the PEPRA or IRC maximum. The percentage is based on your service credit and age at retirement.

**ELECTING RETIREMENT INCOME**

To elect retirement income, first read the Retirement Handbook, available online at ucal.us/retirementhandbook or from your local Benefits Office or the UC Retirement Administration Service Center. Once you have read this booklet, contact your local Benefits Office or the UC Retirement Administration Service Center to confirm the retirement process as it varies by UC location.

Your retirement date cannot be earlier than the first of the month the request is submitted.

---

**RETIREMENT AGE FACTORS**

<table>
<thead>
<tr>
<th>Age</th>
<th>Complete Months From Last Birthday to Retirement Date</th>
</tr>
</thead>
<tbody>
<tr>
<td>0</td>
<td>1</td>
</tr>
<tr>
<td>55</td>

<td>58*</td>
</tr>
<tr>
<td>64</td>
<td>59*</td>
</tr>
<tr>
<td>65+</td>
<td>60+*</td>
</tr>
</tbody>
</table>

Example: For a member born on March 8, 1958, and retired on July 1, 2018, the age factor is .0184 (60 years plus three months).

* Applies to members of AFSCME, CNA and UPTE only.
HOW RETIREMENT INCOME IS CALCULATED

The calculation of basic retirement income is a two-step process:

1. Calculate the benefit percentage (not to exceed 100%):
   Service credit x age factor
   The age factor is based on your age in complete years and months on the date of your retirement as shown in the chart below.

   Example:
   A member retires at age 65 (age factor .0250), with 20 years of service credit.
   20 years x .0250 = 50.0% (benefit percentage)

2. Multiply the benefit percentage by your highest average plan compensation or HAPC

   HAPC is the member's average monthly salary (full-time equivalent compensation—100 percent of covered compensation that would be paid for a normal, regular full-time position) calculated over the highest 36 continuous months preceding retirement, up to the PEPRA maximum or the IRC maximum, whichever is applicable. This 36 month period is usually, although not necessarily, the period just before employment ends. Also see the definition on page 24.

   Example:
   Your benefit percentage is 50.0%. The HAPC is $4,000.
   50.0% of $4,000 = $2,000
   Your basic retirement income is $2,000 per month.

ALTERNATE MONTHLY PAYMENT OPTIONS

If you want to provide a monthly lifetime benefit upon your death for another person—called a contingent annuitant—several options are available.

The contingent annuitant is a person you choose, and you may choose only one. The selection of the option and contingent annuitant becomes irrevocable on the retirement date on the election form (or 15 days after the date of the letter confirming that your election has been received, if later). See “Electing Retirement Income” on page 12. Also, there are legal considerations when designating a contingent annuitant (see “Designation of Beneficiary or Contingent Annuitant” on page 19).

If you are married or have a registered domestic partner and designate someone other than your legal spouse or partner as a beneficiary or contingent annuitant, you need to consider the spouse’s/partner’s community property rights. See “Community Property” on page 20 for more information.

To provide this benefit, you receive a reduced retirement benefit for life. The amount of the reduction varies according to the option you choose as well as the average life expectancy of you and the contingent annuitant. If the person you name as contingent annuitant dies before you, you cannot name another contingent annuitant and your benefit will not be adjusted.

Alternate monthly payment options are:

OPTION A
Full Continuance to Contingent Annuitant
You receive a reduced monthly benefit for life. When you die, the contingent annuitant receives a lifetime monthly benefit equal to your monthly benefit.

Example
Basic retirement income is $2,000. The reduction factor is applied:
0.875 x $2,000 = $1,750 monthly retirement benefit
You receive $1,750 each month for life. Thereafter, the contingent annuitant receives $1,750 each month for life.

If you had a partial-year career appointment, contact the UC Retirement Administration Service Center (800-888-8267) for information about your basic retirement income.

3 The example assumes that both you and your contingent annuitant are age 65. If your ages are different, the dollar amounts will vary somewhat because different reduction factors will be used. Amounts are rounded down to the nearest dollar.
**Retirement Benefits**

**OPTION B**

Two-Thirds Continuance to Contingent Annuitant

You receive a reduced monthly benefit for life. When you die, the contingent annuitant receives a lifetime monthly benefit equal to two-thirds of your monthly benefit.

**Example**

Basic retirement income is $2,000. The reduction factor, in this case 0.913, is applied:

$$0.913 \times 2,000 = \$1,826 \text{ monthly retirement benefit}$$

You receive $1,826 each month for life. Thereafter, your contingent annuitant receives $1,217 each month for life.

**OPTION C**

One-Half Continuance to Contingent Annuitant

You receive a reduced monthly benefit for life. When you die, the contingent annuitant receives a lifetime monthly benefit equal to one-half of your monthly benefit.

**Example**

Basic retirement income is $2,000. The reduction factor, in this case 0.933, is applied:

$$0.933 \times 2,000 = \$1,866 \text{ monthly retirement benefit}$$

You receive $1,866 each month for life. Thereafter, your contingent annuitant receives $933 each month for life.

**PLAN MAXIMUM BENEFIT**

The maximum UCRP basic retirement income is 100 percent of your HAPC or the maximum annual benefit that can be paid under the Internal Revenue Code (IRC), whichever is less. This limit applies to your retirement income based on all University employment, including any eligible CalPERS service. This limit affects only a few UCRP members, most of whom have 40 years or more of service credit. For those affected, this limit applies for as long as the benefit is paid.

If part of your UCRP benefit has been awarded to an alternate payee (see page 20), the maximum benefits will be determined by taking into account any benefit payable to the alternate payee.

See also “Internal Revenue Code Provisions—Maximum Contribution and Benefit Limitations” on page 17.

---

**Death Benefits**

**PAYMENTS TO BENEFICIARIES**

When you die, UCRP pays a basic death payment of $7,500 to your beneficiary, in addition to any monthly UCRP income that may be payable to the contingent annuitant.\(^4\)

After your death and, if applicable, the death of your contingent annuitant, any remaining accumulations are paid to your beneficiary.

UCRP death benefits are not the same as University life insurance benefits or departmental death benefits. For information about these benefits, see the appropriate Survivor and Beneficiary Handbook, available online at ucal.us/survivorhandbook or from the UC Retirement Administration Service Center.

**PRERETIREMENT SURVIVOR INCOME**

If you die while employed or while receiving UCRP disability benefits and you have at least two years of service credit, monthly income is paid to your eligible survivors—that is, eligible spouse or domestic partner, or if none, eligible child(ren), or if none, eligible dependent parent(s) (see the definitions on pages 22–23). The amount paid to the eligible survivor(s) is 15 percent of your final salary.

If you die while an inactive member, monthly income is paid to your surviving spouse or surviving domestic partner only if you are eligible to retire at the time of death.

**DEATH WHILE ELIGIBLE TO RETIRE**

If you die while eligible to retire (that is, age 55 with at least five years of service credit) but have not yet elected to retire, a lifetime retirement benefit may be payable to your surviving spouse or domestic partner. The benefit is calculated as though you had elected to retire on the day after the date of death and had chosen Option A (full continuance) with your spouse or domestic partner named as contingent annuitant. The benefit is payable beginning the day after your death.

If you die after electing retirement income, the benefit payable to a survivor will depend upon the monthly retirement benefit option you choose at the time you retire. If you choose basic retirement income, your survivor will receive no monthly income. See “Alternate Monthly Payment Options” on page 13 for information on benefits payable to your contingent annuitant.

\(^3\) The example assumes that both you and your contingent annuitant are age 65. If your ages are different, the dollar amounts will vary somewhat because different reduction factors will be used. Amounts are rounded down to the nearest dollar.

\(^4\) Beneficiaries of active members who became Plan members before Oct. 1, 1990, receive $1,500 plus one month's final salary, if this amount is greater than $7,500.
Cost-of-Living Adjustments

After receiving monthly benefits for one year, UCRP members are eligible to receive an annual cost-of-living adjustment (COLA), starting on the following July 1. The COLA is based on the Consumer Price Index (CPI) increase for the preceding year. Generally, the COLA for any Plan year equals:

- 100 percent of the CPI increase up to 2 percent
- 75 percent of the CPI increase over 4 percent
- A maximum of 6 percent

If the CPI decreases, UCRP benefits are not reduced.

The CPI used to determine the annual COLA is an average of the CPIs for the Los Angeles and San Francisco metropolitan areas and is measured from February to February.

Disability Benefits

The UC Retirement Plan provides disability income benefits if you are an active member with five or more years of service credit and submit a timely application (see “Applying for Disability Benefits” on page 16). The UCRP disability benefits coordinate with UC’s short-term and supplemental disability plans. See A Complete Guide to Your UC Health Benefits for more information.

If you are eligible to retire, applications for disability and retirement should be made simultaneously so retirement benefits will continue in the event disability benefits are not approved.

GENERAL REQUIREMENTS

The Plan Administrator determines your eligibility to receive UCRP disability income based on qualified medical evidence and according to written procedures governing the consideration and disposition of disability issues. These procedures include your right to review decisions concerning your status. Once established, the Plan Administrator periodically reevaluates your eligibility.

When applying for disability income, you are required to submit medical evidence, which is considered in determining eligibility for the benefit. To receive disability income initially and at any time while receiving it, you also may be required to undergo medical examination(s) by physician(s) chosen by the Plan Administrator or to participate in vocational assessment or rehabilitation programs. If you do not comply, your application for UCRP Disability may be denied or previously approved UCRP disability income may be suspended.

DISABILITY DEFINITIONS

“Disabled” means being unable to engage in substantial gainful activity because of a medically determinable physical or mental impairment that is permanent or expected to last 12 continuous months or longer from the UCRP disability date.

Initially, “substantial gainful activity” means physical or mental activities that pay 50 percent or more of your final salary (adjusted for cost-of-living increases; see “Cost-of-Living Adjustments” at left). After the first year of disability income, your impairment is reevaluated. Disability income continues if you are unable to earn the amount defined annually by the Social Security Administration in determining substantial gainful activity. In 2016, this amount is $1,130 per month.

5 Any service credit that was established for a leave period is not included in determining eligibility for disability benefits.
Disability Benefits

DISABILITY DATE
If you are eligible as defined by the Plan, disability income is payable. The first day of eligibility, or the disability date, is the later of:

- The first of the month in which the Plan Administrator receives the application, or
- The day after your last day on pay status

DISABILITY INCOME
Disability income is a percentage of your monthly final salary. The percentage is based on years of service credit as of the disability date, as shown below.

<table>
<thead>
<tr>
<th>Years of UCRP Service Credit</th>

</table>

If you are eligible for UCRP/CalPERS reciprocity as described on page 7, the monthly benefit will be less than that shown in the schedule above if you have less than 5 years of UC service not counting your CalPERS service. Contact the Retirement Administration Service Center, 800-888-8267, for further information.

MAXIMUM DISABILITY INCOME
The maximum disability income that may be payable, when combined with income from other sources, depends on your UCRP membership date. You will receive further details if you become eligible for disability income.

Applying for Disability Benefits
To apply for UCRP disability income, you should contact your local Benefits Office to explore your various disability income options. Be prepared to provide medical information to substantiate your application. You should make an appointment to apply for disability benefits as soon as it appears that you won’t be able to return to work because of your disability. (If you become an inactive member, you are eligible to apply for disability income within 12 months of leaving University employment if medical evidence shows that you would have been entitled to disability income as of the separation date and your accumulations have remained on deposit with the Plan.) But, to preserve your right to continue UC-sponsored health coverage, you must apply within 120 days of your separation.

LENGTH OF THE DISABILITY INCOME PERIOD
If you continue to be disabled as defined by the Plan, you can receive UCRP disability income as follows:

- If you are under age 65 on the UCRP disability date, you may receive disability income for up to five years or until age 65, whichever comes later;
- If you are age 65 or older on the UCRP disability date, you may receive disability income for up to 12 months or until age 70, whichever comes later.

Special provisions apply to Safety members.

WHEN DISABILITY INCOME STOPS ( REGARDLESS OF UCRP DISABILITY DATE)
In all cases, if you are eligible to retire when disability income stops, you can elect UCRP retirement income.

The Plan Administrator will notify you in advance as to when and how your benefits will be affected so that you can decide about retirement before your disability income stops. See “Retirement Benefits” on page 12 for eligibility requirements, calculations and other provisions.

If a disabled member dies, survivor benefits may be payable either immediately or at a future date (see “Death Benefits” on page 14).
Reappointment After Retirement

In certain instances where there are compelling circumstances, UC retirees are rehired to help fill a particular staffing need. Under UC policy, those retired employees who later return to UC in staff or Senior Management Group positions must follow these provisions:

- Reemployment must not occur until there has been a break in service of at least 30 days, and preferably 90 days.
- The appointment must be limited to the equivalent of no more than 43 percent time in a 12-month period; for faculty the appointment cannot be more than 43 percent time per month.
- Employment of a staff retiree must not exceed a total of 12 months; if reemployment is necessary after 12 months, the request for continued employment must follow the same approval process as the original appointment.
- Reemployment must be in response to a University need; for example: the retired employee possesses skills and institutional knowledge that the hiring department cannot otherwise obtain with equal cost effectiveness; the hiring department anticipates a prolonged process for hiring a replacement; or the need for the retired employee to assist the replacement in acquiring necessary skills and knowledge.

Rehired employees in staff positions who receive a monthly retirement benefit must submit a completed UCRP Reemployed Retiree Notification form (UBEN 1039), available from the Benefits Office.

A retired employee who is receiving UCRP monthly retirement income may suspend retirement income payments and be reemployed in a career or long-term appointment after an appropriate break in service.

If you suspend retirement income because you’ve been rehired into a UCRP-eligible position, you must re-retire the day after you again leave UC employment.

For more information, see the Returning to UC Employment After Retirement Fact Sheet available online at ucal.us/returntowork.

Internal Revenue Code Provisions

The IRC limits the maximum contributions to, and benefits payable from, retirement plans and specifies the date by which distributions (in defined minimum amounts) must begin.

MAXIMUM CONTRIBUTION AND BENEFIT LIMITATIONS

IRC §401(a)(17) sets a dollar limit for annual earnings upon which total retirement benefits (and contributions, if any) may be based. The earnings limit beginning Jan. 1, 2017, is $270,000 for employees who became members as of July 1, 1994, or later. For those who were active members before July 1, 1994, the earnings limit is $400,000.

Note that, for most UC employees hired into an eligible faculty or career staff appointment on or after July 1, 2016, the maximum covered compensation that counts toward pension benefits is consistent with the maximum on pensionable earnings under PEPRA. See “PEPRA Pensionable Earnings Maximum” on page 24.

IRC §415(b) places a limit on the maximum total benefits payable in any calendar year from a defined benefit plan such as UCRP. The limit is based, in part, on the member’s age. For example, the limit for age 62 and older in 2017 is $215,000.

The University of California 415(m) Restoration Plan—a nonqualified pension plan—became effective Jan. 1, 2000, to pay benefits that would not otherwise be payable because of the §415(b) limit. If your UCRP benefits are affected by the §415(b) limit, you will receive additional information about the 415(m) Restoration Plan from the UC Retirement Administration Service Center.

Generally, the 415(m) Restoration Plan will not be applicable to new employees subject to the PEPRA maximum.

MINIMUM REQUIRED DISTRIBUTIONS

You must begin receiving minimum distributions from the Plan by April 1 of the calendar year following the later of:

- The year in which you reach age 70½ or
- The year in which you leave University employment.

Generally, the UCRP formulas for retirement income satisfy the minimum distribution requirements. If you do not apply for retirement benefits by the above date, basic retirement income will begin automatically. Minimum required distributions are not eligible for rollover.

Each year, UC Human Resources notifies members who are subject to the minimum distribution requirements and provides information and individual calculations to help them comply. Minimum required distributions are calculated in accordance with U.S. Treasury regulations.
Internal Revenue Code Provisions

ROLLOVERS

INTO THE PLAN
UCRP does not accept rollovers except for buybacks and service credit purchases.

FROM THE PLAN
See the Special Tax Notice for UC Retirement Plan Distributions available on UCnet (ucal.us/specialtaxnotice) for information about the following UCRP distributions, which are eligible for direct rollover:

- A refund of accumulations
- Lump sum death payment to a surviving spouse
- Lump sum distributions to a spouse or former spouse under a qualified domestic relations order (QDRO) and
- Lump sum death payment to a non-spouse beneficiary (to an inherited IRA and not to another plan)

A distribution that is eligible for direct rollover is subject to mandatory 20 percent federal tax withholding unless it is directly rolled over from the Plan to a traditional IRA or a Roth IRA, to another employer plan that accepts rollovers, or to the University’s Defined Contribution, Tax-Deferred 403(b), or 457(b) Deferred Compensation Plans (see “Internal Rollovers,” below).

UCRP distributions that are not eligible for rollover include:

- Monthly retirement or disability income
- QDRO monthly income or
- Lump sum QDRO distributions to a non-spouse (as defined by federal tax law)

You (or your spouse or former spouse) may also roll over an eligible Plan distribution that has been paid to them, as long as the rollover to the IRA or new plan occurs within 60 days of receipt of the distribution. If you want to roll over 100 percent of the distribution, you must replace, from personal savings or other sources, an amount equal to the taxes that were withheld when the distribution was issued. Any amount not rolled over will be taxed as ordinary income for the year in which the distribution was issued. It may also be subject to early distribution penalties. See “Taxes on Distributions—Tax Withholding,” at right. For more detailed information, see the Special Tax Notice for UC Retirement Plan Distributions available on UCnet (ucal.us/specialtaxnotice).

INTERNAL ROLLOVERS
If you have an account in UC’s Defined Contribution Plan, Tax-Deferred 403(b) Plan or 457(b) Deferred Compensation Plan, you may roll over eligible UCRP distributions to these plans.

TAXES ON DISTRIBUTIONS

INCOME TAX
Except as described below, all distributions from UCRP are subject to federal and state ordinary income taxes. The benefit attributable to any buybacks made on an after-tax basis is not taxable when distributed. Any pretax portion of a distribution is taxable income in the year the distribution is issued.

EARLY DISTRIBUTION PENALTIES
In addition to being taxed as ordinary income, the taxable portion of a refund of accumulations taken before age 59½ (early distributions) may also be subject to nondeductible federal and state penalty taxes—currently a 10 percent federal tax and a 2½ percent California state tax. There are, however, a number of circumstances in which early distributions may be exempt from the penalty taxes. The exceptions are described in the Special Tax Notice for UC Retirement Plan Distributions available on UCnet (ucal.us/specialtaxnotice).

UC Human Resources does not assess early distribution penalties when a distribution is paid. If you are subject to the penalties, you are responsible for reporting them to the IRS when you file your income tax returns.

TAX WITHHOLDING
The Plan Administrator withholds federal and California state income taxes (for California residents) in accordance with federal and state law. Income tax for states other than California is not withheld. You should consult a tax adviser about tax liability.

DISTRIBUTIONS ELIGIBLE FOR ROLLOVER
Distributions that are eligible for rollover (see “Rollovers” at left) are subject to 20 percent federal tax withholding if they are paid to you, your spouse, former spouse or non-spouse beneficiary. No taxes are withheld if the distributions are directly rolled over to a traditional IRA, a Roth IRA or another employer plan. For more information, see the Special Tax Notice for UC Retirement Plan Distributions available on UCnet (ucal.us/specialtaxnotice).

TAX STATEMENT
Each January, the Plan Administrator files a Form 1099-R with federal and state tax authorities, with a copy to the individual, for each distribution paid during the previous year. The form shows the total and taxable amounts of the individual’s distribution(s).

Those who receive more than one type of distribution are sent a separate Form 1099-R for each type of distribution.
Additional Information

CLAIMS PROCEDURES

A member, survivor, contingent annuitant or beneficiary must submit a request to receive benefits or a distribution from the Plan. Claims for benefits must be made in accordance with procedures established by the UC Retirement Administration Service Center. No Plan distribution will be made until the claimant has provided all pertinent information requested by the UC Retirement Administration Service Center.

Generally, claims are processed within 90 days after the UC Retirement Administration Service Center receives the request and any other required information. If a claim is denied, UC Retirement Administration Service Center will notify the claimant in writing, explaining the reason for denial and notifying the claimant that he or she, or his or her authorized representative, may appeal the denial by requesting an independent review by the Plan Administrator. The appeal must be made within 60 days of the notification of the denial. The appeal must be in writing, accompanied by documentation supporting the claim, and sent to Plan Administrator, UC Human Resources (see front of booklet for address). The claimant will receive a written notice and explanation of the Plan Administrator’s decision on the appeal within 90 days of the Plan Administrator’s receipt of the appeal, unless circumstances require a longer period. In general, such period will not exceed 120 days.

If, after exhausting administrative appeal procedures, the claimant still believes that a benefit has been improperly paid or denied, the claimant has the right to initiate legal proceedings.

Send service of process to the Regents of the University of California, Trustee of the University of California Retirement Plan, c/o Office of the General Counsel, 1111 Franklin Street, 8th Floor, Oakland, CA 94706.

PLAN ADMINISTRATION

The Vice President of Human Resources is the Plan Administrator with responsibilities for the day-to-day management and operation of the Plan. The UC Retirement Administration Service Center provides the necessary recordkeeping, accounting, reporting, receipt and disbursement of Plan assets to eligible Plan members.

The Office of the Chief Investment Officer has primary authority for investing the assets of the Plan trust consistent with the investment policies established by the Regents. The Office of the Chief Investment Officer also serves as custodian of the Plan trust.

PLAN CHANGES

The Plan is subject to change and to independent audit to comply with applicable federal and state statutes, U.S. Treasury regulations and industry standards. Members are notified whenever substantive changes to the Plan occur. Although the Plan is expected to continue indefinitely, the Regents reserve the right to amend or terminate the Plan at any time.

The University will take appropriate action concerning proposed changes that may trigger notice, consultation, and meeting and conferring obligations under the Higher Education Employer-Employee Relations Act.

DESIGNATION OF BENEFICIARY OR CONTINGENT ANNUITANT

BENEFICIARY

You should designate a beneficiary immediately upon becoming a UCRP member. When you die, the beneficiary receives the basic death payment and any accumulations remaining after all benefits have been paid. You may name more than one beneficiary and specify the percentage that each beneficiary is to receive. A beneficiary may be a person, trust or organization.

If you do not name a beneficiary or if the beneficiary designation is no longer effective, UCRP “default” beneficiary designation rules require that any benefits be paid to your survivors in the following order of succession:

- Surviving legal spouse or surviving domestic partner; or, if none,
- Surviving children, natural or adopted, on an equal-share basis (children of a deceased child share their parent’s benefit); or, if none,
- Surviving parents on an equal-share basis; or, if none,
- Brothers and sisters on an equal-share basis; or, if none,
- Your estate

Beneficiary designations should be made online by signing in to AYS Online on the right side of the UCnet home page. Once you’ve logged on, select “My Beneficiary” and follow the instructions on the screen. You may name or change your beneficiary online at any time.

If you do not have Internet access or are unable to use the online application, complete form UBEN 116 (Designation of Beneficiary—Employees). Retirees, former employees and others must use form UBEN 117 (Designation of Beneficiary—Retirees, Former Employees and Others) to name UCRP beneficiaries. These forms are available from local Benefits Offices or the UC Retirement Administration Service Center.
You should periodically review your beneficiary designation(s) to reflect any changes in your family situation—for example, marriage, the birth of a child, divorce or death.

Note: To designate a beneficiary for the Retirement Savings Program (DC Plan, including the supplemental benefit or Savings Choice account, 403(b) Plan, and 457(b) Plan), contact Fidelity Retirement Services directly at 866-682-7782 or netbenefits.com.

CONTINGENT ANNUITANT
You can designate a contingent annuitant at retirement if you want to provide a monthly lifetime benefit for that person. As of your retirement date, the designation is irrevocable—you cannot name a new contingent annuitant (see “Alternate Monthly Payment Options” on page 13).

COMMUNITY PROPERTY
If you are married or have a registered domestic partner and designate someone other than your legal spouse or partner as a beneficiary or contingent annuitant, you may need to consider the spouse's/partner's community property rights. For residents of a community property state such as California, a designation of beneficiary or contingent annuitant may be subject to challenge if the spouse/partner would consequently receive less than the share of the benefit attributable to community property.

A will or trust does not supersede a designation of beneficiary or contingent annuitant, nor does either supersede the Plan's “default” beneficiary rules (described on page 19) that apply in the absence of a valid beneficiary designation.

ASSIGNMENT OF BENEFITS
Generally, UCRP benefits payable to members, survivors or beneficiaries cannot be attached by creditors, nor can anyone receiving benefits assign payments to others. UCRP benefits are intended solely for the benefit of members and their beneficiaries and survivors.

There are some exceptions, however, in which the University complies with the legal requirements. For example, the IRS may attach retirement benefits to collect unpaid taxes, or a court may order certain benefits to be paid for child or spousal support.

QUALIFIED DOMESTIC RELATIONS ORDERS (QDRO)
If you divorce or end a registered domestic partnership, the court may include Plan assets as community property to be divided between you and your former spouse, registered domestic partner or other dependent. In such cases, the domestic relations order must be approved, or qualified, by the Special Claims Unit of the UC Retirement Administration Service Center as being in compliance with California community property law and with the Plan.

The University cooperates fully with you and your spouse, domestic partner or dependent, as well as your attorneys and the court in divorce cases. Both spouses, domestic partners and the court have the right to request information about the benefits you earned while you were married and how those benefits are derived, as well as information about the options available to your spouse, registered domestic partner or dependent. UCRS must be joined as a party to the domestic relations proceeding if the proceeding will be heard in a California court, and once UCRS has been joined, this information can be released. Prior to the joinder, or if the proceeding is taking place in another state, the request for information must be accompanied by a signed release from you or a valid subpoena. All requests should include your name, Social Security number, address (or name and address of your attorney), date of marriage/domestic partner registration and marital/domestic partnership termination date.

An Alternate Payee must choose monthly retirement income for the allocated portion of your benefit attributable to 2016 Tier.

The Alternate Payee may begin receiving monthly payments at your minimum retirement age of 55 or when you actually retire.
FURTHER INFORMATION

To help you better understand UCRP benefits, UC Human Resources provides personalized account information. You can find current, comprehensive information about your UCRP account as well as any other UC accounts you may have and make certain online UCRP transactions by visiting UCnet and signing in to your account on AYS Online. UCnet also contains a link to the Fidelity Retirement Services website so you may access your Defined Contribution Plan, Tax-Deferred 403(b) Plan and 457(b) Deferred Compensation Plan balances.

Annual reports containing audited financial statements are available on UCnet or from the UC Retirement Administration Service Center.

Plan summaries are provided at hire and are also available on UCnet (ucnet.universityofcalifornia.edu) or from the UC Retirement Administration Service Center.

You may view the University of California Retirement Plan document online (ucal.us/UCRSdocuments).

All notices or communications will be effective when sent to you by first-class mail or conveyed electronically to your address of record. The University and the Regents are entitled to rely exclusively upon any notices, communications or instructions issued in writing or electronically conveyed by UC Human Resources.

Certain key terms are used throughout this plan summary that are specific to UCRP and its benefit provisions. They are defined as follows:

BREAK IN SERVICE

Leaving University employment, including any period on pay status but without covered compensation, or any period off pay status for four or more consecutive months. The following periods do not constitute a break in service for UCRP membership as long as you return to pay status at the end of the period:

- Approved leave of absence without pay
- Temporary layoff (fewer than four months)
- Furlough
- Period of right to recall and preference for reemployment
- Return to pay status the next working day after leaving University employment
- Return to pay status after a military leave in accordance with employees’ reemployment rights or
- Return to pay status from a medical separation within the time allowed under University policy

TIER BREAK IN SERVICE

Active UCRP members in the 1976 Tier or 2013 Tier who leave UC employment and then return to a UCRP-eligible position before the first day of the second month following the month the member left employment will remain in their tier and continue to accrue benefits under the terms of that tier. For example, if a member leaves UC employment on July 5, 2016 and returns to a UCRP-eligible appointment before Sept. 1, 2016, for purposes of determining tier membership, the member will not have incurred a break in service. In this case, the rehired member will not be eligible for the Retirement Choice Program.

COVERED COMPENSATION (UCRP ELIGIBLE PAY)

The gross monthly pay that an active employee receives for a regular and normal appointment, including pay while on sabbatical or other approved leave of absence with pay. Not included are:

- Pay for overtime unless in the form of compensatory time off
- Pay for correspondence courses, summer session, intersession and for interquarter or vacation periods or University extension courses, unless such employment constitutes part of an annual or indefinite appointment
- Pay for a position that is not normally full time except if paid on a salary or hourly rate basis
Plan Definitions

- Pay that exceeds the full-time rate for the regular, normal position to which the member is appointed
- Pay that exceeds the base salary (X+X') as negotiated under the Health Sciences Compensation Plan
- Pay that exceeds the established base pay rates, including non-elective deferred compensation, honoraria and consulting fees
- Payments received as uniform allowance, unless included as part of compensation for a regular and normal appointment
- Pay that exceeds the IRC §401(a)(17) dollar limit; beginning Jan. 1, 2017, earnings limit is $270,000 ($400,000 for certain grandfathered employees)
- Payments received as a faculty recruitment allowance or housing allowance
- Pay from sources other than the University of California
- For those subject to the PEPRA maximum, pay that exceeds the PEPRA maximum
- Pay prior to the effective date of UCRP membership
- Pay earned while a Savings Choice Participant

DESIGNATED FACULTY

Faculty who are eligible for a five percent UC contribution to the Pension Choice supplemental account (on all covered compensation up to the annual IRC maximum); includes:

- Ladder-rank faculty and equivalent titles (Professorial and Equivalent titles, which include Agronomists, Astronomers, Clinical Professor of Dentistry (over 50%) and Supervisor of Physical Education)
- Professor in Residence series
- Professor of Clinical (X) series
- Acting full, associate and assistant professors
- Lecturers/Senior Lecturers (full-time) with Security of Employment or Potential Security of Employment (excluding UC Hastings Lecturers/Senior Lecturers)
- Adjunct Professor series
- Health Science Clinical Professor series

Eligible staff and other academic appointees (not listed above) will receive a three percent UC contribution to the Pension Choice supplemental account on all covered compensation above the PEPRA maximum, up to the annual IRC maximum.

DOMESTIC PARTNER

An individual of the same or opposite gender whom you have designated as your domestic partner by one of three possible methods (any single method is sufficient):

- Registration of your domestic partnership with the State of California
- Registration of your same-sex union, other than marriage, in another jurisdiction that is substantially equivalent to a California domestic partnership
- Sign and file a UC Declaration of Domestic Partnership (UBEN 250) with UC Human Resources Records Management (P.O. Box 24570, Oakland, CA 94623-1570). Please note that both the UCRP member and the domestic partner must sign the UBEN 250 form. If both you and your domestic partner are employees eligible for UCRP, you must each submit a separate UBEN 250, signed by both partners.

Please note: While establishing your partnership for UCRP benefits can be done at any time, it is very important to know that if you pass away before doing so, your partner cannot be considered for UCRP survivor benefits. See Benefits for Domestic Partners, available on UCnet.

Some UCRP survivor and death benefits, including preretirement survivor benefits and post-retirement survivor benefits, require an established domestic partnership of at least one year. However, there is no one-year partnership requirement for benefits paid to your domestic partner if you die while eligible to retire, as long as the partnership has been established through one of the above methods.

ELIGIBLE CHILD

The biological or adopted child or stepchild of a disabled or deceased member, or the biological or adopted child of the member’s eligible domestic partner, who:

- Received at least 50 percent support from the member for one year before the member’s death, disability date or retirement, whichever occurs first; and
- Is under age 18 or
- Is under 22 and attending an educational institution full time or
- Is disabled (The disability must have occurred while the child was eligible based on age, as above)

The one-year support requirement does not apply to a member’s child as follows:
For a biological child:

- If the child is born after the member’s disability date or
- Is born within 10 months after the member’s death or
- Is born less than one year before the member’s death or disability or retirement date

For an adopted child, it does not apply if the adoption is finalized:

- After the member’s disability date or
- As of the date of the member’s death or disability or
- Less than one year before the member’s death or disability or retirement date

A stepchild or an eligible domestic partner’s biological or adopted child must have been living with or in the care of the member just before the member’s death or disability or retirement.

An eligible child may qualify for preretirement survivor benefits.

**ELIGIBLE DEPENDENT PARENT**

The biological or adoptive mother or father of an active, disabled or retired member who received at least 50 percent support from the member for the year just before the member’s death, disability or retirement.

An eligible dependent parent may qualify for preretirement survivor benefits.

**ELIGIBLE DOMESTIC PARTNER**

The domestic partner (as defined on page 22) of a deceased or disabled active member. The partnership must have been established at least one year before the member’s death or disability date, and the partner must:

- Be responsible for the care of an eligible child (as defined on page 22) or
- Be disabled (see pages 15–16) or
- Have reached age 60

If the domestic partner is responsible for the care of an eligible child who is the member’s biological child, the one-year partnership requirement is waived as long as the child is eligible.

If the deceased employee was an active UCRP member and eligible to retire, see “Surviving Domestic Partner” definition, on page 24.

**ELIGIBLE SPOUSE**

The widow or widower of a deceased or disabled active member. The date of marriage must have been at least one year before the member’s date of death, and the spouse must:

- Be responsible for the care of an eligible child (as defined on page 22)
- Be disabled (see pages 15–16) or
- Have reached age 60

If the spouse is responsible for the care of an eligible child who is the member’s biological child, the one-year marriage requirement is waived as long as the child is eligible.

If the deceased employee was an active UCRP member and eligible to retire, see “Surviving Spouse” definition, on page 24.

**ELIGIBLE SURVIVOR**

See “Eligible Child,” “Eligible Dependent Parent,” “Eligible Domestic Partner” or “Eligible Spouse.”

**FINAL SALARY**

The monthly full-time equivalent compensation of an active member at the time of death or disability date (or, if higher, on the member’s separation date).

If the member worked less than full time during the last 12 months of continuous employment, whether on an annual or partial-year career appointment, the monthly full-time equivalent compensation is adjusted based on the average percentage of time on pay status over the last 36 months of continuous service.

Whether the member has worked full time is determined without regard to sabbatical leave, extended sick leave, a medically determinable physical or mental condition that causes the member to apply for disability income or participation in an approved rehabilitation program. Periods of approved leave of absence without pay are excluded from the 36 months; the time before and after a leave is considered continuous.
Plan Definitions

HIGHEST AVERAGE PLAN COMPENSATION (HAPC)

A member’s average monthly full-time equivalent compensation, including any administrative stipends, during the 36 continuous months preceding retirement in which covered compensation was the highest. The HAPC is subject to the PEPRA maximum (see definition below) and/or the IRC annual maximum (see “Maximum Contribution and Benefit Limitations” on page 17), as applicable.

Periods of approved leave of absence without pay are excluded from the 36 months; the time before and after a leave, or before and after a period of inactive membership, is considered continuous. Service credit bought back for a leave period or for past (refunded) service will be included in determining these 36 months.

For a member on a partial-year appointment, compensation earned on a 9-, 10- or 11-month appointment is spread over a year to determine the member’s annual full-time equivalent compensation, and compensation for each month within the 12-month period is treated as 1/12th of the total amount.

The HAPC attributable to service while on a partial-year career appointment is based on the 36 continuous months that produce the highest average covered compensation.

PEPRA PENSIONABLE EARNINGS MAXIMUM

Maximum set for pensionable earnings under the 2013 California Public Employees’ Pension Reform Act (PEPRA). This maximum also applies to other California public pension plans and is reviewed annually and may be adjusted. For the Plan year beginning in 2017, the maximum is $118,775 ($142,530 for members not paying into Social Security).

The PEPRA maximum applies to most UC employees who are hired into an eligible faculty or career staff appointment on or after July 1, 2016. However, employees are not subject to PEPRA if they:

- Were a UCRP member before July 1, 2016, or
- Were employed in a safe harbor position prior to July 1, 2016 or
- Were a “Classic Member” under CalPERS and are eligible for UCRP/CalPERS reciprocity (see “Reciprocity” on page 7). For the purpose of exemption from the PEPRA maximum, you will need to provide self-certification of your eligibility to the UC Retirement Administration Service Center; you may contact the UC Retirement Administration Service Center at 800-888-8267.

SURVIVING DOMESTIC PARTNER

The domestic partner (as defined on page 22) of a deceased or disabled active UCRP member.

The surviving domestic partner is eligible to receive the UCRP contingent annuitant Option A benefit (see page 13) if the member was eligible to retire at the time of death.

SURVIVING SPOUSE

The widow or widower of a deceased or disabled active UCRP member.

The surviving spouse is eligible to receive the UCRP contingent annuitant Option A benefit (see page 13) if the member was eligible to retire at the time of death.
Information for Members with Service Credit from a Previous Period of Employment

If you worked at UC prior to July 1, 2016, you may have earned UCRP service credit in the 1976 Tier, 2013 Tier and/or Modified 2013 Tier. If you are eligible for retirement benefits under more than one tier, you will be subject to the provisions of multiple tiers and your retirement benefits will be calculated taking the benefits accrued under the multiple tiers into account. The information below explains how the tiers work together.

Please note: Depending on the length of your break in UC service, you may remain in the UCRP retirement tier in which you were last a member, or you may be eligible for retirement benefits in a new tier. If you leave UC employment as an active UCRP member and return to work at UC in a UCRP-eligible position before the first day of the second month following the month you left employment, you will remain in your prior tier (and will continue to accrue benefits under the terms of that tier). For example, if you leave UC employment on July 5, 2017 and return to a UCRP-eligible appointment before Sept. 1, 2017, you will remain in your prior retirement tier. Alternatively, if you leave UC employment on July 5, 2017 and return to an eligible appointment on or after Sept. 1, 2017, you will be eligible for retirement benefits through the UC Retirement Choice Program, which includes Pension Choice (UCRP 2016 Tier) or Savings Choice.

RETIRED DATE

You must choose a single retirement date for all portions of your retirement benefit. If you retire before age 55 (the minimum age for the 2013 and 2016 Tiers), you will receive only the benefit accrued under the 1976 Tier and/or the Modified 2013 Tier, if applicable, until you reach age 55. At that time, benefits accrued under the 2013 and/or 2016 Tiers will begin automatically and you will receive the combined amount (unless you chose a lump sum cashout for the 1976 and/or Modified 2013 Tier, as applicable).

RETIRED BENEFIT

BENEFIT CALCULATION

If you accrue benefits under more than one tier or member class, your total benefit will be the sum of the benefits you earned under each tier and/or member class (although the commencement dates may differ, as described above).

For example, if you have accrued a benefit under the 1976 Tier and another tier, your 1976 Tier benefit will be the greater of the amount determined under Calculation 1 or Calculation 2.

Example

You retire at age 52 with 10 years of 1976 Tier service and 2 years of 2016 Tier service.

Calculation 1

Your 1976 Tier age factor at your retirement date x years of service credit accrued under the 1976 Tier x a time-adjusted HAPC. The HAPC is determined as of the date of your break in service under the 1976 Tier, which is then increased by a COLA each year to your retirement date.

\[ \text{Calculation 1} = \text{1976 Tier age factor} \times 10 \times (\text{average pay for last 36 months of 1976 Tier service credit} + 300) \]

\[ \text{HAPC} \]

Calculation 2

Your 1976 Tier age factor at your retirement date x your years of service credit accrued under the 1976 Tier x your HAPC. Your HAPC is based on your average compensation determined over the 36 consecutive months of your entire career that yield the highest average.

\[ \text{Calculation 2} = \text{1976 Tier age factor} \times 10 \times \text{average pay for last 12 months of 1976 Tier service credit period and 24 months of 2016 Tier service credit period} \]

\[ \text{HAPC} \]

The Calculation 1 HAPC is higher and results in a higher monthly benefit, so you receive this benefit:

\[ \text{.0138} \times 10 \times (\text{average pay for last 36 months of 1976 Tier service credit} – \text{Social Security offset}) \]

\[ \text{1976 Tier monthly benefit} \]

\[ \text{HAPC} \]

\[ \text{Social Security offset} \]

\[ \text{You will also receive a Temporary Social Security Supplement of $18 per month} \]

\[ (.0138 \times 10 \times \$133) = \$18 \]

Benefit amounts are in the form of basic retirement income and are rounded down to the nearest dollar.
When you turn 55, you will begin receiving additional income based on your 2013 and/or 2016 Tier service, since that is the earliest age at which you can start receiving these benefits.

Your benefit accrued under the 2016 Tier is determined under the following formula: 2016 Tier age factor at the date your 2016 Tier benefit begins x your years of service credit accrued under the 2016 Tier x your final HAPC. (The same formula applies to the 2013 Tier benefit, if any.)

Example
Your HAPC is based on Calculation 2 above. Your 2016 Tier HAPC is $5,100.

Your 2016 Tier benefit is calculated as follows:

\[ \text{.0110} \times 2 \times \$5,100 = \$112 \]

You will receive an additional $112 per month at age 55.

If you accrued benefits under multiple tiers and as a Safety member, you will have a blended calculation at retirement.

FORM OF PAYMENT
You are required to elect the same form of monthly retirement income for all tiers’ benefits. For example, if you choose Option A, it applies to all portions of your benefit.

Exceptions: You may choose to receive your benefit accrued under the 1976 Tier (and Modified 2013 Tier, if applicable) as a lump sum. You must elect a form of monthly retirement income for 2013 Tier and 2016 Tier benefits. The lump sum option is not available for 2013 and 2016 Tier benefits.

If you choose Option D for your 1976 Tier benefit, your 2016 Tier benefit will automatically be paid in the Option C form because Option D is not available for the 2016 Tier (or 2013/Modified 2013 Tier). These payment options have the same payment structure.

CONTINGENT ANNUITANT
If you elect to provide a portion of your retirement for a contingent annuitant, you must select the same contingent annuitant for both portions of your retirement benefit.

The contingent annuitant and the payment option you elect cannot be changed, even if the contingent annuitant dies before 2016 Tier benefits begin.

COST OF LIVING ADJUSTMENTS
If you retire prior to age 55, the effective date for the first COLA for the 2016 Tier benefit is the first July 1 that follows the 12-month anniversary of the commencement date for your 2016 Tier benefit.

Example

OTHER BENEFITS
Some benefits will be calculated using a weighted average of tier benefits. The weighted average is the ratio of tier service credit over total service credit. For example, if you have 10 years of service under the 1976 Tier and five years under the 2016 Tier, the benefit would be calculated using two-thirds of the 1976 Tier benefit and one-third of the 2016 Tier benefit.

Benefits calculated using the weighted average include the disability income benefit and pre-retirement survivor income, as explained below.

DISABILITY INCOME BENEFIT
Disability income is calculated using the formula for each tier in which you have earned service credit, with all of your service credit from all tiers used in each calculation. The weighted average of the results determines your monthly benefit. If, however, the disability income based only on 1976 Tier service is greater, you will receive that amount.

---

* Benefit amounts are in the form of basic retirement income and are rounded down to the nearest dollar.
Example
You become disabled at age 52 with 10 years of 1976 Tier service and 2 years of 2016 Tier service. Your final monthly salary as of your disability date: $5,200

Your disability income calculation is a weighted average of results based on total service credit under 1976 Tier formula (including $106.40 Social Security offset) and 2016 Tier formula, weighted by the ratio of tier service credit over total service credit:

Under the 1976 Tier formula, you are eligible for 40 percent of your income (based on 12 years of total service credit)
\[ \times (5,200 - 106.40) = 1,973.60 \]

Under the 2016 Tier formula, you are eligible for 25 percent of your income (based on 12 years of total service credit)
\[ \times 5,200 = 1,300 \]

The weighted average:
\[ \frac{1,644.67}{1,973.60} \text{x 10/12 of the 1976 Tier calculation} \]
\[ + \frac{216.67}{1,300} \text{x 2/12 of the 2016 Tier calculation} \]
\[ \frac{1,861}{1} \]

Calculation for 1976 Tier-only benefit:

Under the 1976 Tier formula, you are eligible for 35 percent of your income (based on 10 years of 1976 Tier service credit)
\[ \times (5,200 - 106.40) = 1,713.60 \]

Since $1,861 is greater than $1,713.60, $1,861 is your UCRP disability income.

PRERETIREMENT SURVIVOR INCOME
This benefit is calculated as the weighted average of the 1976 Tier benefit (25 percent of final salary minus $106.40 Social Security offset) and the 2016 Tier benefit (15 percent of final salary).

Example
You die at age 48 with an Eligible Child
Your final salary as of date of death: $5,200
You have 10 years of 1976 Tier service and 2 years of 2016 Tier service

Calculations
1976 Tier formula:
\[ 25\% \times 5,200 = 1,300 \]
\[ (1,300 - 106.40) = 1,193.60 \]

2016 Tier formula:
\[ 15\% \times 5,200 = 780 \]

The weighted average:
\[ \frac{994.67}{1,193.60} \text{x 10/12 of the 1976 Tier calculation} \]
\[ + \frac{130}{780} \text{x 2/12 of the 2016 Tier calculation} \]
\[ \frac{1,124}{1} \]

Preretirement Survivor Income*
*For the first three months the benefit will be slightly higher because the $106.40 Social Security offset is not applied.

QDRO ALTERNATE PAYEE PROVISION
If you retire prior to age 55 and the 2013 and/or 2016 Tier portion of your benefit is considered community property under a QDRO, your Alternate Payee must wait until you reach age 55 to begin monthly payments of their allocated share of the 2013 and/or 2016 Tier portion of the benefit. The alternate payee’s options for the 1976 Tier portion of his or her benefit are outlined in the Qualified Domestic Relations Orders Fact Sheet, available online at ucal.us/QDROfactsheet.

\[ \text{Benefit amounts are monthly income and, for purposes of these examples, are rounded down to the nearest dollar.} \]

Employee Information Statement .......................... 42
Introduction

The University of California offers eligible employees of the University and its affiliate, Hastings College of the Law, a tax-qualified retirement plan to provide primary and supplemental retirement benefits. The Plan is a defined contribution plan under §401(a) of the Internal Revenue Code (the IRC). Future benefits from the Defined Contribution Plan (DC Plan) are comprised of contributions made to the DC Plan plus investment earnings. DC Plan participants are fully vested in all of their own contributions and some employer contributions made to the Plan, and related earnings. Vesting requirements apply to certain other of the employer contributions made to the Plan.

The designated Plan Administrator of the DC Plan is the Vice President, Human Resources (VP-HR). The Office of the Chief Investment Officer (CIO) is responsible for monitoring a broad range of professionally managed investment options available to Plan participants. Currently, Fidelity Retirement Services performs recordkeeping duties. The relevant contact information is on the inside front cover. The Plan Administrator administers the DC Plan for the sole benefit of Plan participants and their beneficiaries. Participants may want to consult a tax advisor or financial planner before enrolling to make voluntary after-tax contributions. Individual investment strategies should reflect the participant’s personal savings goals and tolerance for financial risk. UC, the Regents, the Office of the Chief Investment Officer, UC Human Resources and Fidelity Retirement Services are not liable for any loss that may result from participants’ investment decisions. This plan summary reflects the Plan provisions as in effect on Jan. 1, 2017.
The DC Plan has separate accounts for pretax and after-tax contributions. The Pretax Account holds employer contributions and mandatory employee contributions from eligible members of the following groups:

- Savings Choice participants
- Pension Choice participants who are eligible for the supplemental DC Plan account
- Safe Harbor participants
- Summer Salary (paid prior to Nov. 1, 2016)

In accordance with IRC §414(h), mandatory contributions to the Pretax Account are deducted from gross salary, and income taxes are calculated on remaining pay, thus reducing the participant’s taxable income. Taxes on contributions and any investment earnings are deferred (that is, postponed) until the participant withdraws the money.

The After-Tax Account contains voluntary employee contributions that are deducted from a participant’s net income. Participants may want to consult a tax advisor or financial planner before enrolling as IRC maximum contribution limits apply.

The information in this section pertains primarily to the DC Plan Pretax Account. References are made to the DC Plan After-Tax Account when the same information applies.

The provisions of the Plan are subject to collective bargaining for represented employees.

### Participation in the DC Plan Pretax Account

**Is Mandatory For:**

- Savings Choice participants
- Pension Choice participants who are eligible for the supplemental DC Plan account
- Safe Harbor participants

### Eligibility for Savings Choice

You are eligible for a choice of primary retirement benefits (Savings Choice or Pension Choice) if you:

- Are hired on or after July 1, 2016 into an eligible faculty or career staff appointment (at least 50 percent time on a fixed or variable basis for one year or longer)
- Are rehired on or after July 1, 2016 into an eligible faculty or career staff appointment after a break in UC service (between one and two months) or
- Are hired in an ineligible position and become eligible for benefits on or after July 1, 2016, either by completing an hours requirement or by obtaining an eligible faculty or career staff appointment

Employees who are hired on or after July 1, 2016 in Safe Harbor positions may become eligible for a choice of primary retirement benefits after working 750 hours or 1,000 hours in a rolling, continuous 12-month period, depending upon job classification. (Employees in a Non-Senate Instructional Unit qualify for a choice of primary retirement benefits after working 750 hours in an eligible position.) Eligibility is effective no later than the first of the month following the month in which 1,000 hours (or 750 hours) is reached.

### Exceptions:

A University employee is not eligible for UC primary retirement benefits if he or she:

- Is at the University primarily to obtain education or training
- Receives pay under a special compensation plan but receives no covered compensation (see “Covered Compensation for Savings Choice and Pension Choice” on page 34)
- Is in a per diem, floater or casual restricted appointment
- Is appointed as a Regents’ Professor or Regents’ Lecturer
- Is an employee hired as a visiting appointee

### Eligibility for Pension Choice Supplemental DC Plan Account

Participants eligible for a supplemental DC Plan Pretax Account under Pension Choice include:

- Designated faculty, defined as those in the following positions:
Contributions

Ladder-rank faculty and equivalent titles (Professorial and Equivalent titles, which include Agronomists, Astronomers, Clinical Professor of Dentistry (over 50%) and Supervisor of Physical Education)

- Professor in Residence series
- Professor of Clinical (X) series
- Acting full, associate and assistant professors
- Lecturers/Senior Lecturers (full-time) with Security of Employment or Potential Security of Employment (excluding UC Hastings Lecturers/Senior Lecturers)
- Adjunct Professor series
- Health Science Clinical Professor series

- Eligible staff and other academic appointees with covered compensation above the 2013 California Public Employees’ Pension Reform Act (PEPRA) maximum ($118,775 for the Plan year beginning in 2017).

ELIGIBILITY FOR SAFE HARBOR PARTICIPANTS

These participants include part-time, seasonal, temporary UC employees who are not eligible for primary retirement benefits and whose wages are not subject to Social Security taxes. Also included in this category are non-exempt UC student employees who do not satisfy certain course-load requirements and resident aliens with F-1 and J-1 visa status. Enrollment for this group of participants is automatic and begins on the first day of an eligible appointment.

Mandatory employee contributions to the DC Plan Pretax Account may come only from income paid through the UC payroll system (or the payroll systems of Lawrence Berkeley National Laboratory or Hastings College of the Law). Employees may also roll over money from other employer-sponsored plans, including the taxable portion of a lump sum or CAP distribution from the University of California Retirement Plan (UCRP; see “Rollovers: Into the Plan” on page 39).

Mandatory employee contributions to the Pretax Account appear on employees’ W-2 forms in the box marked “Other”; they are not reported as taxable income.

Mandatory employee contributions to the DC Plan Pretax Account are deducted from gross salary (after any other pretax deductions for medical plan premiums, dependent care flexible spending account or health flexible spending account), and income taxes are calculated on remaining pay. Although mandatory pretax contributions reduce taxable income, they do not reduce any other salary-related University benefits such as vacation or sick leave, life or disability insurance benefits, or benefits payable from UCRP.

Mandatory employee contributions may be affected by UC guidelines about covered compensation (also referred to as “eligible pay;” see page 34) and by IRC limitations on contributions (see page 35).

DC Plan participation may affect the income tax deductibility of any contributions you make to a traditional Individual Retirement Account (IRA). IRA contributions may still qualify for a full or partial tax deduction, depending on your adjusted gross income and tax filing status. Participants concerned about the impact of DC Plan contributions on deductible IRA contributions should consult a tax advisor.

SAVINGS CHOICE CONTRIBUTIONS

Participants in Savings Choice make mandatory pretax contributions of 7 percent of covered compensation, up to the annual IRC maximum. UC contributes 8 percent of covered compensation, up to the IRC maximum.

SUPPLEMENTAL DC PLAN ACCOUNT CONTRIBUTIONS UNDER PENSION CHOICE

For Pension Choice Participants eligible for the DC Plan supplemental savings account, the mandatory employee pretax contribution is 7 percent on covered compensation over the PEPRA maximum ($118,775 for the Plan year beginning in 2017), up to the IRC maximum ($270,000 in 2017).
Contributions

UC’s contributions to this benefit vary depending on job type. For designated faculty (as defined on page 33), UC contributes 5 percent on all covered compensation up to the IRC maximum. For other academic appointees and eligible staff with pay above the PEPRA maximum, UC contributes 3 percent on pay above the PEPRA maximum up to the IRC maximum.

COVERAGE COMPENSATION (ELIGIBLE PAY)
FOR SAVINGS CHOICE AND PENSION CHOICE

Contributions to the Savings Choice account or the supplemental DC Plan account under Pension Choice are based on covered compensation (or eligible pay). This is the gross monthly pay that an active participant receives for a regular and normal appointment, including pay while on sabbatical or other approved leave of absence with pay. Covered compensation does not include:

- Pay for overtime unless in the form of compensatory time off
- Pay for correspondence courses, summer session, intersession and for interquarter or vacation periods or University extension courses, unless such employment constitutes part of an annual or indefinite appointment
- Pay for a position that is not normally full time except if paid on a salary or hourly rate basis
- Pay that exceeds the full-time rate for the regular, normal position to which the member is appointed
- Pay that exceeds the base salary (X+X’) as negotiated under the Health Sciences Compensation Plan
- Pay that exceeds the established base pay rates, including non-elective deferred compensation, honoraria and consulting fees
- Payments received as uniform allowance, unless included as part of compensation for a regular and normal appointment
- Pay that exceeds the IRC §401(a)(17) dollar limit; beginning Jan. 1, 2017, the earnings limit is $270,000 ($400,000 for certain grandfathered employees)
- Payments received as a faculty recruitment allowance or housing allowance
- Pay from sources other than the University of California

PEPRA MAXIMUM

For those participants subject to the PEPRA limit, the maximum covered compensation (or eligible pay) that counts toward UCRP pension benefits is consistent with the maximum on pensionable earnings under PEPRA. This maximum also applies to many other California public pension plans and is reviewed annually and may be adjusted. For the Plan year beginning in 2017, the maximum is $118,775 ($142,530 for members not paying into Social Security).

The PEPRA maximum applies to most people who are hired into an eligible faculty or career staff appointment on or after July 1, 2016 and who participate in Pension Choice. In the DC Plan, the PEPRA maximum plays a role in the amount of the employer contribution toward the DC Plan supplemental savings benefit. However, the PEPRA maximum does not apply to participants in Savings Choice.

LEAVES OF ABSENCE

Mandatory employee contributions to the Pretax Account stop during a leave without pay and resume automatically upon return to pay status in an eligible position.

For sabbatical leaves or administrative leaves with pay during which employees earn less than 100 percent of regular compensation, contributions continue based on compensation (including paid vacation or sick leave) earned during the leave.

Special rules may allow participants on military leave to “make up” Pretax Account contributions that would have been credited to their account during the military leave. Local Benefits Offices can provide more information.

TERMINATION OF EMPLOYMENT

If a participant leaves UC employment, contributions to the Plan stop automatically. The options available for a participant’s accumulations are described in “Distributions: Former Employees” (see page 36).

REAPPPOINTMENT

If a participant leaves employment or retires and is later rehired into an eligible position, contributions to the Plan may resume again, depending on the participant’s employment status. The participant once again becomes subject to the rules governing active Plan participation.

Safe Harbor participants who leave employment and who are later rehired into another position eligible for Safe Harbor participation will be re-enrolled automatically.

LIMITATIONS ON COMPENSATION AND CONTRIBUTIONS

Section 401(a)(17) of the IRC sets a dollar limit for annual earnings on which contributions to the DC Plan may be made. The earnings limit in 2017 is $270,000 for those who became participants on July 1, 1994, or later ($400,000 for those who became participants before July 1, 1994).
To comply with the IRC §415(c) contribution limit ($54,000 in 2017) and to protect the Plan’s qualified status with the IRS, the Plan Administrator annually monitors contributions made for participants. If, due to reasonable error, the 415(c) limit is exceeded for the year, a participant’s after-tax contributions, adjusted for income or losses, will be refunded to the extent necessary to come within the limit. Although the earnings are subject to ordinary income taxes for the year in which the excess amount is refunded, they are not subject to the penalty taxes on early distributions.

The earnings on excess contributions are not eligible for rollover.

**INVESTMENT OF CONTRIBUTIONS**

Participants choose the investment options in which they want to invest their contributions. The investment options are explained on page 39. If participants do not make a choice, their contributions are automatically invested in the UC Pathway Fund with a target date closest to the year the participant turns age 65.

Participants may exchange (transfer) accumulations in the Plan among the investment options at any time. Direct exchanges between certain investment options may be prohibited. See the Fidelity Retirement Services website (netbenefits.com) for more information.

**SAFE HARBOR CONTRIBUTIONS**

Safe Harbor participants (part-time employees and non-exempt students who are not eligible for the Retirement Choice Program or membership in UCRP) make mandatory contributions of 7.5 percent to the DC Plan Pretax Account.

These contributions will stop for Safe Harbor participants who become eligible for the University’s primary retirement benefit options. Instead, mandatory pretax employee and employer contributions will be made to the applicable primary retirement benefit plan(s). UC student employees who become exempt will no longer contribute to the Pretax Account unless they become a Savings Choice Participant or a Pension Choice Participant eligible for the DC Plan supplemental savings benefit.

Money accumulated in the Pretax Account remains in the Plan until the participant leaves employment and takes a distribution (see “Distributions: Former Employees,” on page 36).

---

**Vesting**

To vest means to acquire certain rights in the benefits you accrue. Once vested, you generally have a non-forfeitable right to receive your Plan account balance subject to the plan’s distribution rules.

Your own employee contributions (including your rollover contributions) and UC contributions on summer salary, and related investment earnings on those amounts, are immediately vested.

The employer portion of your supplemental savings account under the Pension Choice option will become vested when you have earned five years of UCRP service credit, or, if earlier, on the date of your death, provided you are actively employed.

The employer portion of your Savings Choice account will vest one year after your eligibility date if you are actively employed on that date or, if earlier, on the date of your death provided you are actively employed on that date.

Non-vested employer monies in a Savings Choice or supplemental savings account will be forfeited to the Plan upon the earlier of a distribution of all of your vested monies or after you have a 12-month period of severance.

---

8 See pages 7 and 11 of the UCRP SPD for information about UCRP vesting and Refund of Accumulations.
Distributions

Distribution timing rules vary depending on the participant’s employment status.

CURRENT UC EMPLOYEES

The Plan does not permit DC Plan Pretax Account distributions to current employees. Pretax Account distributions are permitted only if you leave employment.

Current employees may, however, take a distribution of money that they rolled over into the DC Plan from another employer-sponsored plan, including earnings on the amount rolled over (see “Rollovers: Into the Plan” on page 39).

FORMER EMPLOYEES

A former employee may take a distribution of the vested portion of his or her Pretax Account balance at any time. Participants who leave University employment have the following payment options for vested assets in the DC Plan:

• Leave the assets in the Plan if the vested Plan balance, including any After-Tax Account balance, totals at least $2,000. Although participants may no longer contribute, they may transfer money among the investment fund options, subject to the transfer/exchange rules and roll over money into the Plan.

• Take a full or partial distribution (payable to the participant or can be directly rolled over to a traditional IRA, Roth IRA or employer-sponsored plan).

• Arrange for systematic withdrawals. This option enables the participant to receive regular, periodic distributions without having to make a specific request for each one.

The following rules apply to distributions of small accounts after the participant has terminated UC employment:

• If the vested value of the participant’s accumulations is less than $2,000, but more than $1,000, and the participant fails to provide distribution directions, the participant’s vested accumulations will be rolled over to an IRA custodian designated by the Plan Administrator in an account maintained for the participant.

• If the vested value of the participant’s accumulations is $1,000 or less, and the participant fails to provide distribution directions, the participant’s vested accumulations will be paid directly to the participant at his or her address of record.

All distributions are subject to Fidelity Retirement Services and payroll deadlines. No distributions can be made until all payroll activity is complete, which can take from 30 to 60 days.

BENEFICIARIES

Participants should designate a beneficiary to receive their assets in the DC Plan in the event of death. A participant may not name one beneficiary to receive assets in the Pretax Account and another beneficiary to receive any assets in the After-Tax Account. Participants may, however, name more than one beneficiary and specify the percentage of the total Plan balance that each beneficiary is to receive. A beneficiary may be a person, trust or organization.

Subject to restrictions on small accounts, a beneficiary may elect to take his or her benefit as a lump sum or in periodic payments over a term that meets the Internal Revenue Code requirements on minimum distributions. If a beneficiary fails to make an election, the benefit will be distributed to the beneficiary in a lump sum by the last day of the calendar year in which the fifth anniversary of the participant’s death occurs.

Spousal beneficiaries also have the option to roll over the taxable portion of money from the participant’s account into a traditional IRA, a Roth IRA or to an employer plan that will accept a rollover, either directly or within 60 days of receipt of the distribution. Non-spouse beneficiaries may elect a direct rollover to an inherited traditional or Roth IRA.

If no beneficiary has been named, or if the beneficiary dies before the participant, the DC Plan rules require that any amount remaining be distributed to the participant’s survivors in the following order of succession:

• Surviving spouse or surviving domestic partner or, if none, surviving children, biological or adopted, on an equal-share basis (children of a deceased child share their parent’s benefit) or, if none,

• Surviving parents on an equal-share basis or, if none,

• Brothers and sisters on an equal-share basis or, if none,

• The participant’s estate

A will or trust does not supersede a designation of beneficiary, nor does either supersede the Plan’s “default” beneficiary rules (described above) that apply in the absence of a valid beneficiary designation.

It is the participant’s responsibility to keep information on beneficiaries, including addresses, up to date. The address of record is binding for all purposes of the DC Plan.
You can name or change your beneficiary information by contacting Fidelity Retirement Services (866-682-7787 or netbenefits.com).

COMMUNITY PROPERTY
Married participants and registered domestic partners who designate someone other than their spouse or partner as a beneficiary may need to consider the spouse’s or partner’s community property rights. For residents of a community property state such as California, a designation of beneficiary may be subject to challenge if the spouse or partner would consequently receive less than the share of the benefit attributable to community property.

Procedures established for UCRP are used to determine whether a domestic partner is included in the order of succession above. Generally, the procedures require that an individual must be designated as a participant’s domestic partner by one of three possible methods:

• Registration of the domestic partnership with California’s Secretary of State
• Registration of a same-sex union, other than marriage, validly formed in another jurisdiction, that is substantially equivalent to a California domestic partnership or
• Filing of a UC Declaration of Domestic Partnership form (UBEN 250) with the UCRP administration

If a member dies before filing a UC Declaration of Domestic Partnership, only documentation from the first two methods may be used to establish a domestic partnership.

TAXES ON DISTRIBUTIONS
A distribution from the DC Plan Pretax Account is generally taxed as ordinary income in the year it is issued. Note, however, that there are specific federal tax withholding rules that apply to all distributions from retirement savings and investment plans. For more information about the tax treatment of Plan distributions, read the special tax notice provided by Fidelity Retirement Services before requesting a distribution. The tax rules are quite complex; for this reason, participants considering a distribution from the Plan are strongly encouraged to consult a tax advisor.

Participants who choose to take a distribution are responsible for satisfying the distribution rules and for any tax consequences.

Distributions to participants are reported annually on IRS Form 1099-R, which is sent in January following the calendar year in which the distribution was issued.

EARLY DISTRIBUTION PENALTIES
In addition to being taxed as ordinary income, the taxable portion of distributions taken before age 59½ (early distributions) may be subject to nondeductible federal and state penalty taxes—currently a 10 percent federal tax and a 2.5 percent California state tax, unless:

• The distribution is made to a participant who leaves UC employment during or after the year the participant reaches age 55
• The participant is permanently disabled under IRS rules, or dies
• The participant receives a series of substantially equal distributions over his/her life/life expectancy (or his/her beneficiary’s lives/life expectancies)
• The distribution does not exceed deductible medical expenses for the taxable year
• The distribution is paid to an alternate payee under a QDRO
• The distribution is made on account of certain tax levies or
• The distribution is made on account of other exceptions defined by the IRS

Early distribution penalties are not assessed when a distribution is paid. Participants who are subject to the penalties are responsible for reporting them to the IRS when they file their income tax returns.

MINIMUM REQUIRED DISTRIBUTIONS
Participants must begin receiving minimum distributions from the Plan by April 1 of the calendar year following the later of:

• The year in which they reach age 70½ or
• The year in which they leave University employment

Participants who do not receive minimum distributions by the required dates, or who receive less than the minimum amount the law requires, must pay a nondeductible 50 percent excise tax on the difference between the amount that should have been received and the amount received.

Minimum required distributions are not eligible for rollover.

Minimum required distributions are calculated in accordance with U.S. Treasury regulations.
DC Plan After-Tax Account Contributions

The information that follows pertains specifically to the DC Plan After-Tax Account.

All employees of UC and Hastings College of the Law—except students who normally work fewer than 20 hours per week—are eligible to make voluntary contributions to the After-Tax Account.

Contributions to the After-Tax Account may be made only through payroll deduction and may only come from income paid through the UC payroll system (or the payroll systems of Lawrence Berkeley National Laboratory or Hastings College of the Law). Contributions are not permitted from any other source.

Contributions to the After-Tax Account are deducted from your pay after income taxes have been deducted. Taxes on the investment earnings only are deferred until you withdraw the money.

LEAVES OF ABSENCE

Contributions to the After-Tax Account stop during a leave without pay and resume automatically at the same rate upon return to pay status, unless the participant cancels them.

For sabbatical leaves or administrative leaves with pay during which employees earn less than 100 percent of regular compensation, contributions continue in the same amount as elected before the leave. Because contributions remain the same while compensation decreases, it is important for participants to review their contribution amount before going on a paid leave.

Special rules may allow participants on military leave to “make up” After-Tax Account contributions that would have been credited to their account during the military leave. Local Benefits Offices can provide more information.

During paid vacation or sick leave, contributions continue in the same amount.

TERMINATION OF EMPLOYMENT

The options that are available to After-Tax Account participants who leave UC employment are described in “Distributions” on page 39.

REAPPOINTMENT

If you leave UC employment and are later rehired into an eligible position, you may begin contributing to the After-Tax Account again.

CONTRIBUTION AMOUNTS

The maximum amount participants may contribute annually to the After-Tax Account is determined by the IRC §415(c) limit. Generally, this amount is the lesser of:

• 100 percent of the participant’s adjusted gross UC salary or
• $54,000 (in 2017)

This limit applies to all annual additions as defined in IRC §415(c).

Participants may contribute to the After-Tax Account over 12 months or consolidate contributions in as few pay periods as desired. If you decide to consolidate contributions, however, you are responsible for canceling them once you reach your maximum annual contribution limit (see “Limitations on Contributions” on page 35). Neither the University nor UC Human Resources is responsible for individual tax consequences if a participant’s after-tax payroll deductions exceed the 415(c) limit.

LIMITATIONS ON CONTRIBUTIONS

The limitations on contributions are described on page 35.
Distributions

Participants may take a full or partial distribution of their money in the After-Tax Account at any time.

Retiree and former employee participants have additional options for their money in the DC Plan (see “Distributions: Former Employees” on page 36).

TAXES ON DISTRIBUTIONS

The taxable portion of a distribution from the After-Tax Account is taxed as ordinary income in the year the distribution is issued. Participants may not take a distribution of contributions alone (the amount on which they have already paid taxes). Each distribution must include earnings in the same proportion that the earnings bear to contributions in the account. Therefore, unless the earnings are rolled over (or there is a net loss), all distributions are partially taxable.

As previously discussed, specific federal tax-withholding rules apply to all distributions from retirement savings plans. For more information about the tax treatment of After-Tax Account distributions, read the special tax notice provided by Fidelity Retirement Services before requesting a distribution. Participants considering a distribution from the After-Tax Account are also strongly encouraged to consult a tax advisor.

EARLY DISTRIBUTION PENALTIES

The early distribution penalties are described on page 37.

MINIMUM REQUIRED DISTRIBUTIONS

The minimum distribution rules are described on page 37.

Additional DC Plan Information

INVESTMENT OPTIONS

Plan participants can choose from a broad range of professionally managed investment options including mutual funds that are monitored by the Office of the Chief Investment Officer of the Regents (CIO) based on criteria established by the Regents. The UC Retirement Savings Program (UC RSP) fund menu includes the UC Pathway Funds, each of which adjusts its asset mix as the fund approaches its target date, plus additional investments funds that represent a comprehensive range of asset classes. Most funds offered on the UC RSP fund menu are designed to have lower expenses than many similar publicly traded mutual funds. A complete description of each of these options is available at myucretirement.com/UCRetirementBenefits/UCFundMenu.

Participants may also invest in mutual funds that are not included in the UC RSP fund menu by opening a brokerage window account. Participants must agree to the terms and conditions that govern the account, including an acknowledgement of the risks involved and the special fees that may apply.

Information about investment objectives, risks, changes and expenses of all options is available, free of charge, from Fidelity Retirement Services (netbenefits.com or 866-682-7787).

ROLLOVERS: INTO THE PLAN

Participants may move eligible retirement funds from a previous employer plan or an IRA to the DC Plan via a rollover. The DC Plan accepts rollovers of pretax distributions from:

- Other employer-sponsored plans, including 401(a), 401(k), 403(b) and governmental 457(b) plans
- Lump sum cashouts and CAP distributions from the UC Retirement Plan
- Traditional IRAs

The DC Plan also accepts direct rollovers of after-tax amounts from 401(a), 401(k) and 403(b) plans.

To roll over money directly from another employer-sponsored plan to UC’s DC Plan, the participant must arrange to have the former plan’s trustee or plan administrator write a check for the distribution, payable to “Fidelity Investments Institutional Operations Company, Inc. (FIIOC).” As long as the check is payable directly to FIIOC (not to the participant), no taxes will be withheld from the distribution, and the money will retain its tax-deferred status.
If a participant takes a distribution from a former employer’s plan, including UCRP, and the check is payable to the participant, he/she can also roll over the taxable portion of the money into the DC Plan, as long as the rollover is made within 60 days after receiving the distribution. To roll over 100 percent of the taxable portion of the distribution, the participant must replace from personal savings or other sources an amount equal to the taxes that were withheld when the distribution was issued.

**ACCOUNT ACTIVITY**

To help participants better understand the Plan’s benefits and effectively manage their accounts, Fidelity Retirement Services provides personalized account information via two electronic sources.

- Participants who have Internet access can find current, comprehensive information about their accounts and make certain online Plan transactions by visiting the Fidelity Retirement Services website (netbenefits.com).
- Participants can retrieve personal financial information about their accounts and make transactions on the Fidelity Retirement Services toll-free telephone line (866-682-7787).

Annual reports containing audited financial statements are available on the UC Office of the President website (ucal.us/UCRSannualreport) or from the UC Retirement Administration Service Center (see inside front cover).

Plan summaries are available on UCnet, the Fidelity Retirement Services website or from your local Benefit Offices or the UC Retirement Administration Service Center.

Participants may view the University of California Defined Contribution Plan document online (ucal.us/UCRSdocuments).

Participants should read the complete descriptions of the investment funds and accompanying Plan materials before making any investment decisions.

All notices or communications to a participant or beneficiary will be effective when sent by first-class mail or conveyed electronically to the participant’s address of record. The University and the Regents are entitled to rely exclusively upon any notices, communications or instructions issued in writing or electronically conveyed by UC Human Resources that are believed to be genuine and to have been properly executed.

**CLAIMS PROCEDURES**

If Fidelity Retirement Services is unable to verify a claimant’s right to a benefit within a short period of time, the claimant will be notified that he or she needs to forward a written request to the attention of the UC Contract Administrator, UC Human Resources, P.O. Box 24570, Oakland, CA 94623-1570, who will review the claim on behalf of the Plan Administrator. The request should include all relevant information. Within 90 days of receipt of the request, the contract administrator will approve or disapprove the claim. If the claim is denied, the contract administrator will notify the claimant in writing, setting forth the specific reasons for the denial and providing specific references to the plan provisions on which the denial is based. The contract
administrator also will describe any additional material or information needed to perfect the claim and provide an explanation of the DC Plan’s review procedures.

If the claimant’s request is denied by the contract administrator, the claimant may submit a written request for an independent review by the Plan Administrator within 60 days of receiving the denial. The request for an independent review should be forwarded to the Plan Administrator, P.O. Box 24570, Oakland, CA 94623-1570. The request should be accompanied by all supporting documentation. The Plan Administrator will make a full review of the request within 90 days unless the circumstances require a longer period. If the Plan Administrator upholds the contract administrator’s denial, the Plan Administrator will notify the claimant. The decision of the Plan Administrator will be final and conclusive on all persons.

If, after exhausting administrative appeal procedures, the claimant still believes that a benefit has been improperly paid or denied, the claimant has the right to initiate legal proceedings.

For service of process, send to The Regents of the University of California, Trustee of the Defined Contribution Plan, c/o Office of the General Counsel, 1111 Franklin Street, 8th Floor, Oakland, CA 94706.

**PLAN ADMINISTRATION AND FEES**

The Vice President of Human Resources is the Plan Administrator with responsibility for the day-to-day management and operation of the Plan.

Plan participants can choose from a broad range of professionally managed investment options that are monitored by the Office of the Chief Investment Officer of the Regents (CIO). These funds have different objectives, risk and return characteristics, and investment management and administrative fees. Fund Fact Sheets which provide information on the investment and administrative fees for each fund option can be found at: myucretirement.com and netbenefits.com.

**UC-MANAGED FUNDS**

Certain fund options, including the UC Pathway funds, are monitored by the Office of the Chief Investment Officer of the Regents (CIO) based on criteria established by the Regents. These funds charge a fee (i.e., investor expenses) to cover investment management, investor education and administration (including accounting, audit, legal, custodial and recordkeeping services). There are no front-end or deferred sales loads or other marketing expenses charged by UC-managed funds. These expenses are not billed directly to participants, but are netted against the investment experience of the UC-managed funds.

**Funds NOT Managed by UC**

The plan also offers other funds (not managed by UC) in which you can invest your account. These funds charge an investment management fee (i.e., expense ratio) which is netted from the investment experience of the funds. Some of these funds rebate a portion of their investment management fee as a plan service credit to help offset the administrative costs of the plan. Effective July 1, 2016, if your account is invested in a fund that provides a plan service credit, the amount of this credit will be rebated to your individual account at the end of each calendar quarter, lowering your effective annual expense ratio.

**PLAN CHANGES**

The Plan is subject to change and to independent audit to comply with applicable federal and state statutes, IRC regulations and industry standards. Participants are notified whenever substantive changes to the Plan occur. Although the Plan is expected to continue indefinitely, the Regents reserve the right to amend, improve or terminate the Plan at any time.

**ASSIGNMENT OF BENEFITS**

Generally, DC Plan benefits payable to participants, beneficiaries or survivors cannot be attached by creditors, nor can anyone receiving benefits assign payments to others. Plan benefits are intended solely for the benefit of participants and their beneficiaries and survivors.

There are some legal exceptions. For example, the IRS may attach retirement benefits to collect unpaid taxes, or a court may order certain benefits to be paid for child or spousal support.

**QUALIFIED DOMESTIC RELATIONS ORDERS (QDROS)**

A court may award Plan assets to the participant’s spouse or former spouse or the participant’s dependent. This usually will occur in connection with a divorce or legal separation. In such cases, the domestic relations order must be approved, or qualified, as being in compliance with state law and with the Plan.

Both spouses and the court have the right to request information about the benefits earned by the participant during the marital period and how those benefits are derived, as well as information about the options available to non-participants. To obtain a copy of the QDRO procedures, contact Fidelity Retirement Services (netbenefits.com or 866-682-7787).

California law has established procedures for dividing property in connection with the termination of a state-registered
Additional DC Plan Information

domestic partnership. For more information, call Fidelity Retirement Services.

INELIGIBLE ACCOUNTS RETAINED BY UC

The DC Plan does not permit a participant whose vested accumulations have a value of less than $2,000 to remain in the DC Plan after leaving UC employment. In order to facilitate the conversion to the new record keeper in July 2005, the UC Residual Accounts group retained administration of ineligible accounts of participants who terminated UC employment before July 1, 2005, with small balances as follows:

If a participant had accumulations of less than $50 on June 30, 2005, and failed to provide timely distribution directions or confirm his or her location, the participant’s accumulations were forfeited as of June 30, 2005. The forfeited amounts will be used to defray reasonable Plan expenses and to restore a participant’s previously forfeited accumulations, plus interest, if the participant subsequently files a valid claim and provides distribution directions.

If a participant had accumulations of $50 or more but less than $2,000 on June 30, 2005, and the participant failed to provide timely distribution directions, the investment options in the participant’s account were liquidated as of June 30, 2005, and an account was established on the participant’s behalf. The aggregated assets of all such accounts were then invested in the UC Savings Fund in order to preserve principal, and a proportionate share was allocated to each account. The UC Residual Accounts group will maintain such accounts until such time as the participant’s location can be confirmed and distribution made. Each account is credited with monthly interest at a fixed rate.

If you think you may be entitled to funds in an ineligible account, contact the UC Retirement Administration Service Center at 800-888-8267.

Employee Information Statement

Participants in defined contribution plans are responsible for determining which, if any, investment vehicles best serve their retirement objectives. The DC Plan assets are invested in accordance with the participant’s instructions; if no instructions are given, assets are invested in the UC Pathway Fund with a target date closest to the year the participant turns age 65. The participant should periodically review whether his/her objectives are being met, and if the objectives have changed, the participant should make the appropriate changes. Careful planning with a tax advisor or financial planner may help to achieve better supplemental retirement savings.

Neither the Regents, the Chief Investment Officer, the Plan Administrator nor any officer or affiliated officer of the University makes any recommendation to participants for building supplemental retirement savings, and the various options available for the investment of contributions should not be construed in any respect as a judgment regarding the prudence or advisability of such investments or as tax advice. Neither the Regents, the Chief Investment Officer, the Plan Administrator nor Fidelity Retirement Services bear any fiduciary liability for any losses resulting from a participant’s investment instructions. The Plan Administrator reserves the right to refuse to implement any investment instruction from a participant that violates Plan rules or IRC provisions.

All elections concerning contributions to the DC Plan are subject to payroll transaction and fund valuation deadlines.

Neither the University, the Chief Investment Officer, the Plan Administrator nor any officer or affiliated officer shall be responsible in any way for the purpose, propriety or tax treatment of any contribution or distribution (or any other action or nonaction) taken pursuant to the direction of a Plan participant, beneficiary, executor or administrator, or a court of competent jurisdiction. Although the Regents, the Chief Investment Officer, the Plan Administrator, and officers and affiliated officers shall have no responsibility to give effect to a decision from anyone other than the Plan participant, beneficiary, executor or administrator, they reserve the right to take appropriate action, including termination and/or disbursement of a participant’s account, to protect the Plan from losing its tax-advantaged status for any event that violates Plan rules or applicable IRC provisions.

Employee Information Statement .............................................................................57
The 403(b) Plan is a defined contribution plan described under §403(b) of the Internal Revenue Code (the IRC). Future benefits from the 403(b) Plan will be comprised of contributions made to the 403(b) Plan plus investment earnings. Vesting on all contributions and related earnings is immediate.

Employees who want to voluntarily participate in the 403(b) Plan designate a portion of their gross salary to be contributed on a pretax basis, thus reducing the participant’s taxable income. Mandatory employee pretax and University contributions are made to the 403(b) Plan for eligible academic appointees who earn summer salary. Taxes on contributions and any investment earnings are deferred (that is, postponed) until the participant withdraws the money.

The designated Plan Administrator of the 403(b) Plan is the Vice President, Human Resources (VP-HR). The Office of the Chief Investment Officer (CIO) is responsible for monitoring a broad range of professionally managed investment options available to Plan participants. Currently, Fidelity Retirement Services performs recordkeeping duties. The relevant contact information is on the inside front cover. The Plan Administrator administers the 403(b) Plan for the sole benefit of Plan participants and their beneficiaries. Participants may also want to consult a tax advisor or financial planner before enrolling to make voluntary contributions. Individual investment strategies should reflect the participant’s personal savings goals and tolerance for financial risk. UC, the Regents, the Office of the Chief Investment Officer, UC Human Resources and Fidelity Retirement Services are not liable for any loss that may result from participants’ investment decisions. This plan summary reflects Plan provisions as in effect Jan. 1, 2017.
Eligibility

All employees of UC and Hastings College of the Law—except students who normally work fewer than 20 hours per week—are eligible to participate in the 403(b) Plan. An employee begins participation when contributions are made to the 403(b) Plan on the employee’s behalf. An employee or former employee continues participation until all funds held on his or her behalf are distributed.

The provisions of the Plan are subject to collective bargaining for represented employees.

ELIGIBILITY FOR ACADEMIC APPOINTEES

Compensation that many academic appointees receive for summer session teaching or research is not considered covered compensation for determining primary retirement benefits. Therefore, effective Nov. 1, 2016, the Plan contains a provision to provide employer and employee contributions to the 403(b) Plan Pretax Account based on eligible summer salary. Prior to Nov. 1, 2016, eligible summer salary contributions were made to the DC Plan Pretax Account. Summer salary amounts in the DC Plan Pretax Account as of Oct. 31, 2016 remain in the DC Plan until distributed.

Eligible academic appointees are those who:

- Have academic year appointments;
- Are active members of UCRP or Savings Choice (or who are eligible to become such members but have not yet begun participating in a primary retirement benefit option); and
- Earn eligible summer salary that is paid in accordance with Academic Personnel Policy 600 and which is compensation that is not covered compensation for calculating primary retirement benefits.

Eligible summer salary includes compensation for:

- Summer teaching
- Summer research
- Summer administrative service (generally payments to department chairs, vice chairs, etc., for administrative duties paid as “1/9ths”)

Salary paid for teaching University Extension courses is not eligible for summer salary contributions.

Contributions

Employee mandatory and voluntary pretax salary deferral contributions to the 403(b) Plan come only from income paid through the UC payroll system (or the payroll systems of Lawrence Berkeley National Laboratory or Hastings College of the Law). Employees may also roll over money from other qualified employer-sponsored plans, including the taxable portion of a lump sum or CAP distribution from the University of California Retirement Plan (UCRP; see “Rollovers: Into the Plan” on page 53).

Contributions to the 403(b) Plan are reported annually on employees’ W-2 forms, but are not included in income subject to taxation.

Employee mandatory and voluntary pre-tax salary deferral contributions are deducted from gross salary (after any other pretax deductions for medical plan premiums, dependent care expenses or certain health care expenses), and income taxes are calculated on remaining pay. Although employee pretax contributions reduce taxable income, they do not reduce any other salary-related University benefits such as vacation or sick leave, life or disability insurance benefits, or benefits payable from UCRP.

VOLUNTARY CONTRIBUTIONS

Upon enrollment to make voluntary pre-tax salary deferral contributions, participants choose the flat dollar amount or percentage of salary that they will contribute through payroll (generally monthly or biweekly) up to their maximum annual contribution amount. Under the percentage method, contributions change proportionately as the participant’s salary changes.

If a participant transfers employment from one UC location to another UC location, any voluntary salary deferral election will stop automatically. The participant must re-enroll at the new location (currently through Fidelity) to continue contributions.

ACADEMIC APPOINTEE SUMMER SALARY CONTRIBUTIONS

The total contribution rate under this provision is 7 percent of eligible summer salary, which includes a mandatory employee pretax contribution of 3.5 percent and a University contribution of 3.5 percent (eligible summer salary is limited to ¼ the IRC pay limit). The University contribution is funded by the same source that provides the academic appointee’s summer salary.
LEAVES OF ABSENCE

Contributions stop during a leave without pay and resume automatically at the same rate upon return to pay status unless the participant cancels them (voluntary contributions only).

For sabbatical leaves or administrative leaves with pay during which employees earn less than 100 percent of regular compensation, voluntary contributions continue in the same amount or percentage as elected before the leave unless the participant makes a change. Because voluntary contributions remain the same while compensation decreases, it is important for participants to review their voluntary contribution amount before going on a paid leave.

Special rules may allow participants on military leave to “make up” contributions that would have been credited to their accounts during the military leave. Local Benefits Offices can provide more information.

During paid vacation or sick leave, contributions continue in the same amount.

MAXIMUM ANNUAL CONTRIBUTION LIMITS

The Internal Revenue Code (IRC) limits the amount participants may voluntarily defer annually to tax-advantaged retirement plans and imposes substantial penalties for violating contribution limits (see “Excess Salary Reductions,” at right).

For 2017, the 403(b) Plan contribution limits on voluntary pretax salary deferral contributions are as follows:

**Regular contribution limit:** $18,000

**Participants who are age 50 or older any time during the year:** $24,000

To contribute the maximum amount, participants should check the limits and adjust their contributions for each calendar year accordingly.

SPECIAL CATCH-UP PROVISION

A special catch-up provision may allow participants to make additional salary deferral contributions if, as of the preceding calendar year:

- The participant has 15 or more full years of UC employment
- The participant’s cumulative 403(b) Plan contributions (not including investment earnings) total less than $5,000 times years of UC employment

The special catch-up provision allows additional contributions up to a maximum of $3,000 per year. Total cumulative special catch-up contributions under this provision are limited to $15,000. For participants age 50 and older, the first $3,000 of any salary deferrals contributed each year in excess of the under-age 50 limit is counted as a special catch-up contribution until they are no longer eligible to make these contributions. Participants who want to maximize 403(b) Plan contributions should take advantage of the special catch-up provision as soon as possible after completing 15 years of service.

TERMINATION OF EMPLOYMENT

If a participant leaves UC employment, contributions stop automatically. The payment options available for a participant’s accumulations are described in “Distributions, Former Employees” (see page 51).

REAPPOINTMENT

If a participant leaves UC employment or retires and is later rehired into an eligible position, the participant may begin contributing to the Plan again. Mandatory summer salary contributions will also resume.

EXCESS SALARY REDUCTIONS

UC payroll systems monitor 403(b) Plan voluntary pretax salary deferral contributions: a participant’s deferral contributions will stop automatically if they reach the IRC deferral limit before the end of the year. As a result, there is little chance of overcontributing. In limited circumstances, however, excess salary reductions may be made—if, for example, a participant works at more than one UC location during the year or contributes to a tax-advantaged plan with another employer.

---

9 Or 100 percent of adjusted gross salary, if less. Adjusted gross salary for any year is a participant’s gross University salary (including any shift differential, summer or equivalent term salary, health science faculty income over the base professorial salary, stipends and overtime), minus any required pretax contributions to other retirement plans (for example, mandatory contributions to the UC Defined Contribution Plan or to UCRP) and any pretax payments for UCRP (to establish, reestablish or convert prior periods of service credit or to eliminate the noncontributory offset).
Contributions

If participants overcontribute because they work at more than one UC location, the excess will normally be identified and, in most cases, returned (with any earnings) before the end of the year in which it occurs.

If participants think they have overcontributed but have not been contacted, or if they contribute to a tax-advantaged plan with another employer during the year, they should call Fidelity Retirement Services before the end of the year (or by March 1 of the following year) to request a refund.

The IRC requires that excess salary reductions in any calendar year be refunded to the participant by April 15 of the following year to avoid tax penalties. If the excess is refunded by April 15, the excess is treated as ordinary income for the year in which the salary reductions were made. The refund will also reflect any earnings (or loss) generated by the excess salary reductions during that year. The earnings must be reported on tax returns for the year in which the refund is paid. For example, if a participant receives a refund of 2016 excess contributions in 2016, all amounts should be reported on tax returns for 2016. If the participant receives the refund in 2017, however, the excess contributions should be reported on 2016 tax returns and any earnings on tax returns for 2017.

Refunds of excess contributions and earnings are not eligible for rollover, nor are they subject to the penalty taxes on early distributions (see "Early Distribution Penalties" on page 52).

If an excess contribution is not refunded by April 15, the excess amount must remain in the Plan. The participant must still report the excess as ordinary income for the year in which the contributions were made. In addition, the excess amount will again be taxable as ordinary income in the year in which the participant receives a distribution that includes these funds. In other words, excess contributions that are not refunded by the April 15 deadline are taxed twice. If the participant is under age 59½ when the distribution occurs, the excess may be subject to the early distribution penalty as well.

The IRC annual limit on pretax salary deferral contributions applies across all 403(b)/401(k) plans to which a participant contributes. The participant should consult a tax advisor on the applicable limitations on contributions.

INVESTMENT OF CONTRIBUTIONS

Participants choose the investment options in which they want to invest their contributions. The investment options are explained on page 53.

Subject to payroll deadlines, participants may start, stop or change the amount of their voluntary deferral contributions to the Plan at any time on the Fidelity Retirement Services website or by calling Fidelity at 866-682-7787. They also may redirect future 403(b) Plan voluntary or mandatory contributions to one or more of the investment options and/or exchange (transfer) accumulations in the Plan among the investment options at any time. Direct transfers between certain investment options may be prohibited. See the Fidelity Retirement Services website (netbenefits.com) for more information.
403(b) Plan Loan Program

403(b) Plan Loan Program policies and guidelines conform to applicable IRC provisions and are subject to termination or change by the Plan Administrator and various governing authorities without prior notice.

Participants are eligible to borrow from their 403(b) Plan accumulations (excluding amounts attributable to summer salary contributions) if they are active UC employees with at least $1,000 in the Plan.

403(b) Plan loans are secured by a promissory note. As each repayment is credited back to the account, earnings accrue to the participant’s accumulations.

Loan proceeds will be taken pro rata across the participant’s fund holdings unless the participant contacts Fidelity at 866-682-7787 to specify the funds from which the loan should be taken.

Important note—the decision to voluntarily participate in the 403(b) Plan represents a conscious commitment to save for retirement years, and participants should borrow from the 403(b) Plan only if it is absolutely necessary. Although participants are not penalized if they take a 403(b) Plan loan, they do risk the loss of earning potential.

**LOAN TERMS AND BORROWING LIMITS**

Loans are generally granted for a term of five years or less (general-purpose loans). Loans taken to purchase a principal residence can extend for a term of up to 15 years (principal residence loans). Before taking a loan from the 403(b) Plan to purchase a principal residence, participants should consult a tax advisor.10

Participants may have one general-purpose loan and one principal-residence loan outstanding at any given time; they may take one general-purpose loan and one principal-residence loan during any 12-month period.

Depending on the combined Retirement Savings Program (Defined Contribution Plan, 403(b) Plan and 457(b) Deferred Compensation Plan) balance, the participant may borrow from $1,000 to $50,000 as follows:

<table>
<thead>
<tr>
<th>If Retirement Savings Program Vested Balance is:</th>
<th>Loan Limit Is:</th>
</tr>
</thead>
<tbody>
<tr>
<td>$1,000 to $20,000</td>
<td>$10,000, or 100% of 403(b) Plan balance (minus any current outstanding loan balance and not including any balance attributable to summer salary contributions), if less than $10,000.</td>
</tr>
<tr>
<td>$20,000 &amp; over</td>
<td>$50,00011, 50% of combined Program vested balance or 100% of 403(b) Plan balance (minus any current outstanding loan balance and not including any balance attributable to summer salary contributions), whichever is less.</td>
</tr>
</tbody>
</table>

**INTEREST RATES AND ADMINISTRATIVE FEES**

Interest rates for the Loan Program are determined quarterly, based on the prime rate plus 1 percent. The interest rate is fixed when the loan is granted and remains the same throughout the loan term.

A nonrefundable loan initiation fee of $35 will be deducted from the Plan balance at the end of the quarter in which the loan is taken. A $15 annual maintenance fee is deducted ($3.75 per quarter) for the life of the loan.

**REPAYMENT**

Participants generally repay their loans through automatic after-tax payroll deduction. Monthly payments of principal and interest are credited proportionately among the investment options the participant has elected for future contributions. The minimum monthly payment is $50, and the minimum repayment term is 12 months. The maximum repayment term is 60 months—or up to 180 months (15 years) if the loan is used to buy a principal residence.

If a participant wants to prepay part or all of the outstanding loan balance, there are no prepayment penalties.

---

10 Interest on 403(b) Plan loans is not deductible for income tax purposes; therefore, a conventional home mortgage loan may be more advantageous for participants purchasing a principal residence.

11 $50,000 is the maximum amount of principal that a participant may borrow or have outstanding during any 12-month period. Further, the total amount of all outstanding 403(b) Plan loans within a 12-month period will affect the maximum amount that a participant may borrow during that period, even if the participant has paid off all amounts owed. The $50,000 maximum is reduced by the total of any 403(b) loan balances outstanding during the preceding 12 months.
Participants with a 403(b) Plan loan who retire, leave UC employment, go on approved leave without pay, go on furlough or temporary layoff, or otherwise have a change in pay status that affects their payroll deduction loan payments must arrange for one of the following options with Fidelity Retirement Services within 90 days of their last day on pay status:

- Make monthly payments
- Make full payment in advance for the period off pay status (not applicable to retirees) or
- Repay the outstanding loan amount in full

For employees returning from an approved leave without pay, Fidelity Retirement Services will automatically reamortize the outstanding loan balance, which may increase the amount of the monthly payment. Note: the total number of payments cannot exceed the term maximum (60 months for general purpose loans, 180 months for principal-residence loans).

If the loan defaults, the outstanding principal will be treated as a taxable distribution.

Please note: Fidelity Retirement Services cannot accept personal checks. Payments must be made by electronic funds transfer or by certified check.

If a participant dies before repaying a loan in full and the outstanding loan principal is not paid within 90 days of the participant’s death, any outstanding principal will be treated as a taxable distribution.

Generally, for any circumstance in which either a loan payment or outstanding balance is not repaid when it is due or within 90 days, the loan will be considered in default. If the default is not resolved within the 90-day period, the loan will be canceled and any outstanding principal will be treated as a taxable distribution from the 403(b) Plan.

Borrowers who go on military leave may elect to suspend loan payments, arrange to continue monthly payments (which may involve an interest rate adjustment), prepay their loan or pay off the loan. These options must be elected before the military leave is effective. Contact Fidelity Retirement Services for more information.

Distributions of outstanding loan principal will be subject to ordinary income taxes and may also be subject to federal and state penalty taxes on early distributions (before age 59½). Fidelity Retirement Services will issue a Form 1099-R reporting the amount of the distribution. Taxes and penalties, if applicable, should be reported when the participant files tax returns. A participant will not be able to take additional loans from the 403(b) Plan while a loan is in default.

Distribution rules vary depending on the participant’s employment status.

**CURRENT UC EMPLOYEES**

The Plan does not permit distribution of summer salary accumulations to current employees. Summer salary accumulations may be distributed only if you leave UC employment.

The IRC restricts 403(b) Plan in-service distributions or voluntary accumulations to current employees. In general, an employee may not take a distribution of voluntary Plan accumulations, unless an in-service employee:

- Has attained age 59½ or
- Experienced a hardship as described in the next section

**HARDSHIP DISTRIBUTIONS**

Employees may be able to take a hardship distribution on account of an immediate and heavy financial need. To be eligible for a hardship distribution, an employee must have exhausted all other financial resources—including a loan from the 403(b) Plan or any other lending program maintained by UC Retirement Savings Program, and a distribution of any money in the DC Plan After-Tax Account. After receiving a hardship distribution, the employee may not make voluntary contributions to the 403(b) Plan, the 457(b) Plan or the DC Plan for six months. The employee must also certify that the distribution is being taken for at least one of the following reasons:

- Eligible medical expenses
- The purchase of a principal residence (excluding mortgage payments)
- Tuition payments and/or room and board for the next 12 months of post-secondary education for the employee, his/her spouse, primary beneficiary, child or dependents
- Payments necessary to prevent foreclosure on the mortgage of, or eviction from, a principal residence
- Burial and/or funeral expenses for a family member
- Loss or damage as a result of a natural disaster (for example, earthquake, flood, fire, etc.) or
- Other circumstances determined by the Internal Revenue Service

Participants who request a hardship distribution that exceeds $10,000 or who make multiple hardship distribution requests within a 12-month period must provide proof of hardship to Fidelity Retirement Services. Fidelity Retirement Services and the IRS rules may also require proof of hardship for certain other hardship distribution requests.
Hardship distributions will include only the participant’s voluntary 403(b) Plan contributions. (Exception—contributions rolled over into the 403(b) Plan from a former employer plan may also be included if necessary to satisfy the request.) Any earnings on the contributions must remain in the Plan.

A hardship distribution is generally taxed as ordinary income in the year in which it is issued and may not be rolled over to an IRA or any other retirement account. In accordance with IRS regulations, Fidelity Retirement Services will withhold 10 percent for federal taxes and 1 percent for California state taxes (unless the participant elects no withholding).

There are specific federal tax-withholding rules that apply to all distributions from retirement and savings plans (see “Taxes on Distributions” on page 52).

**FORMER EMPLOYEES**

Participants who leave UC employment have the following options for assets in the 403(b) Plan:

- Leave the assets in the Plan if the Plan balance totals at least $2,000, subject to minimum required distribution rules. Although participants may no longer contribute, they may transfer funds among the investment options, subject to the transfer/exchange rules, and roll over money into the Plan.
- Take a full or partial distribution (payable to the participant or directly rolled over to a traditional IRA, a Roth IRA or employer-sponsored plan); see page 52 for information on early distributions.
- Arrange for systematic withdrawals. This option enables the participant to receive regular, periodic distributions without having to make a specific request for each one.

If the participant’s assets are less than $2,000, the participant must take a distribution or roll the funds over to an IRA or another employer-sponsored plan.

In general, participants cannot request a distribution until 31 days after their employment ends. However, the 31-day period is waived for participants in the voluntary 403(b) Plan who are age 59½ or older. Summer salary accumulations may not be distributed until the participant leaves employment, regardless of age.

All distributions are subject to Fidelity Retirement Services and payroll deadlines. No distributions can be made until all payroll activity is complete, which can take from 30 to 60 days.

The following Plan rules apply to distributions of small accounts after the participant has terminated UC employment:

If the value of the participant’s accumulations is less than $2,000, but more than $1,000, and the participant fails to provide distribution directions, the participant’s accumulations will be rolled over to an IRA custodian designated by the Plan Administrator in an account maintained for the participant.

If the value of the participant’s accumulations is $1,000 or less, and the participant fails to provide distribution directions, the participant’s accumulations shall be paid directly to the participant at his or her address of record.

**BENEFICIARIES**

Participants should designate a beneficiary to receive their accumulations in the 403(b) Plan in the event of their death. Participants may name more than one beneficiary and specify the percentage of the Plan balance that each beneficiary is to receive. A beneficiary may be a person, trust or organization.

Subject to restrictions on small accounts, a beneficiary may elect to take his or her benefit as a lump sum or in periodic payments over a term that meets the Internal Revenue Code requirements on minimum distributions. If a beneficiary fails to make an election, the benefit will be distributed to the beneficiary in a lump sum by the last day of the calendar year in which the fifth anniversary of the participant’s death occurs.

A deceased participant’s beneficiary (the participant’s beneficiary) may also designate a beneficiary (beneficiary’s beneficiary) to receive the balance in the deceased participant’s account if the participant’s beneficiary dies before taking a total distribution. The beneficiary’s beneficiary must decide how they want money to be distributed within nine months of the death of the participant’s beneficiary.
If no beneficiary has been named, or if the beneficiary dies before the participant, the 403(b) Plan “default” beneficiary designation rules require that any amount remaining be distributed to the participant’s survivors in the following order of succession:

- Surviving spouse or surviving domestic partner or, if none,
- Surviving children, biological or adopted, on an equal-share basis (children of a deceased child share their parent’s benefit) or, if none,
- Surviving parents on an equal-share basis or, if none,
- Brothers and sisters on an equal-share basis or, if none,
- The participant’s estate

A will or trust does not supersede a designation of beneficiary, nor does either supersede the Plan’s “default” beneficiary rules (described above) that apply in the absence of a valid beneficiary designation.

It is the participant’s responsibility to keep information on beneficiaries, including addresses, up to date. The address of record is binding for all purposes of the 403(b) Plan. You can name or change your beneficiary information by contacting Fidelity Retirement Services (netbenefits.com or 866-682-7787). The address of record is binding for all purposes of the 403(b) Plan.

COMMUNITY PROPERTY

Married participants and registered domestic partners who designate someone other than their spouse or partner as a beneficiary may need to consider the spouse’s or partner’s community property rights. For residents of a community property state such as California, a designation of beneficiary may be subject to challenge if the spouse or partner would consequently receive less than the share of the benefit attributable to community property.

Procedures established for the University of California Retirement Plan (UCRP) are used to determine whether a domestic partner is included in the order of succession above. Generally, the procedures require that an individual must be designated as a participant’s domestic partner by one of three possible methods:

- Registration of the domestic partnership with California’s Secretary of State
- Registration of a same-sex union, other than marriage, validly formed in another jurisdiction, that is substantially equivalent to a California domestic partnership or
- Filing of a UC Declaration of Domestic Partnership form (UBEN 250) and supporting documentation with the UCRP administration

If a member dies before filing a UC Declaration of Domestic Partnership, only documents from the first two methods may be used to establish a domestic partnership.

TAXES ON DISTRIBUTIONS

A distribution from the 403(b) Plan is generally taxed as ordinary income in the year it is issued. Note, however, that there are specific federal tax-withholding rules that apply to all distributions from retirement savings and investment plans. For more information about the tax treatment of Plan distributions, read the special tax notice provided by Fidelity Retirement Services before requesting a distribution. The tax rules are quite complex; for these reasons, participants considering a distribution from the Plan are strongly encouraged to consult a tax advisor.

Participants who choose to take a distribution are responsible for satisfying the distribution rules and for any tax consequences.

Distributions to participants are reported annually on IRS Form 1099R, which are sent in January following the calendar year in which the distribution was issued.

EARLY DISTRIBUTION PENALTIES

In addition to being taxed as ordinary income, distributions taken before age 59½ (early distributions) may be subject to nondeductible federal and state penalty taxes—currently a 10 percent federal tax and a 2.5 percent California state tax, unless:

- The distribution is made to a participant who leaves UC employment during or after the year the participant reaches age 55
- The participant is permanently disabled under IRS rules or dies
- The participant receives a series of substantially equal distributions over his/her life/life expectancy (or his/her and beneficiary’s lives/life expectancies)
- The distribution does not exceed deductible medical expenses for the taxable year
- The distribution is paid to an alternate payee under a QDRO
- The distribution is made on account of certain tax levies or
- The distribution is made on account of other exceptions defined by the IRS

Early distribution penalties are not assessed when a distribution is paid. Participants who are subject to the penalties are responsible for reporting them to the IRS when they file their income tax returns.
MINIMUM REQUIRED DISTRIBUTIONS

Participants must begin receiving minimum distributions from the Plan by April 1 of the calendar year following the later of:

- The year in which they reach age 70½ or
- The year in which they leave UC employment

Participants who do not receive minimum distributions by the required dates, or who receive less than the minimum amount the law requires, must pay a nondeductible 50 percent excise tax on the difference between the amount that should have been received and the amount received.

Minimum required distributions are not eligible for rollover.

Minimum required distributions are calculated in accordance with U.S. Treasury regulations.

INVESTMENT OPTIONS

Plan participants can choose from a broad range of professionally managed investment options that are monitored by the Office of the Chief Investment Officer of the Regents (CIO) based on criteria established by the Regents. The UC RSP fund menu includes the UC Pathway Funds, each of which adjusts its asset mix as the fund approaches its target date, plus additional investments funds that represent a comprehensive range of asset classes. Most funds offered on the UC RSP fund menu are designed to have lower expenses than many similar publicly traded mutual funds. A complete description of each of these options is available at myucretirement.com/UCRetirementBenefits/UCFundMenu.

Participants may also invest in mutual funds that are not included in the UC RSP fund menu by opening a brokerage window account. Participants must agree to the terms and conditions that govern the account, including an acknowledgement of the risks involved and the special fees that may apply.

Information about investment objectives, risks, changes and expenses of all options is available, free of charge, from Fidelity Retirement Services (netbenefits.com or 866-682-7787).

ROLLOVERS: INTO THE PLAN

Participants may move eligible retirement funds from a previous employer plan or an IRA to the 403(b) Plan via a rollover. The 403(b) Plan accepts rollovers of pre-tax distributions from:

- Other employer-sponsored plans, including 401(a), 401(k), 403(b) and governmental 457(b) Plans
- Lump sum cashouts and CAP distributions from the UC Retirement Plan
- Traditional IRAs

The Plan also accepts direct rollovers of after-tax amounts from other 403(b) plans, 401(a) plans (including UCRP) and 401(k) plans.

To roll over money directly from another employer-sponsored plan to UC’s 403(b) Plan, the participant must arrange to have the plan’s custodian or plan administrator write a check for the distribution, payable to “Fidelity Investments Institutional Operations Company, Inc. (FIIOC).” As long as the check is payable directly to FIIOC (not to the participant), no taxes should be withheld from the distribution, and the pretax funds will retain their tax-deferred status.
Additional 403(b) Plan Information

Employees who are eligible to participate in the 403(b) Plan may execute a rollover (and become Plan participants) even if they have not yet begun contributing to the Plan through payroll deductions.

Former employees who did not participate in the 403(b) Plan are not eligible to roll over funds into the Plan, except for eligible distributions from UCRP of $2,000 or more.

If a participant takes a distribution from a former employer’s plan, including UCRP, and the check is payable to the participant, he/she can also roll over the taxable portion of the money into the 403(b) Plan, as long as the rollover is made within 60 days after receiving the distribution. To roll over 100 percent of the taxable portion of the distribution, the participant must replace, from personal savings or other sources, an amount equal to the taxes that were withheld when the distribution was issued.

ROLLOVERS: FROM THE PLAN

All 403(b) Plan distributions except those listed below are eligible for direct rollover (distribution made payable to a traditional IRA, a Roth IRA or another employer plan). As long as the check for the distribution is payable directly to the plan, no taxes should be withheld and the funds will retain tax-deferred status. If made payable to the participant, taxable distributions are subject to mandatory 20 percent federal tax withholding.

Participants may also roll over an eligible 403(b) Plan distribution consisting of pretax funds that has been paid to them, as long as the rollover to the IRA or new plan occurs within 60 days of receipt of the distribution. A participant who wants to roll over 100 percent of the distribution must replace, from personal savings or other sources, an amount equal to the taxes that were withheld when the distribution was issued. Any amount not rolled over will be taxed as ordinary income for the year in which the distribution was issued. It may also be subject to the early distribution penalties.

403(b) Plan distributions that are not eligible for rollover include:

- Minimum required distributions
- Refunds of excess contributions (plus earnings)
- Systematic withdrawals and
- Hardship distributions

Distributions made to non-spouse beneficiaries are eligible only for a direct rollover and only to an inherited IRA.

For more information about the tax treatment of rollovers, read the special tax notice available from Fidelity Retirement Services.

ACCOUNT ACTIVITY

To help participants better understand the Plan’s benefits and effectively manage their accounts, Fidelity Retirement Services, on behalf of UC Human Resources, provides personalized account information via two electronic sources.

- Participants who have Internet access can find current, comprehensive information about their accounts and make certain online Plan transactions by visiting the Fidelity Retirement Services website (netbenefits.com).
- Participants can retrieve personal financial information about their accounts and make transactions on the Fidelity Retirement Services toll-free telephone line (866-682-7787).

Annual reports containing audited financial statements are available on the UC Office of the President website (ucal.us/UCRSannualreport) or from the UC Retirement Administration Service Center.

Plan summaries are available on UCnet, the Fidelity Retirement Services website or from your local Benefits Office or the UC Retirement Administration Service Center.

Participants may view the University of California Tax-Deferred 403(b) Plan document online (ucal.us/UCRSdocuments).

Participants should read the complete descriptions of the investment funds and accompanying Plan materials before making any investment decisions.

All notices or communications to a participant or a beneficiary will be effective when sent by first-class mail or conveyed electronically to the participant’s address of record. The University and the Regents are entitled to rely exclusively upon any notices, communications or instructions issued in writing or electronically conveyed by UC Human Resources that are believed to be genuine and to have been properly executed.
CLAIMS PROCEDURES

If Fidelity Retirement Services is unable to verify a claimant’s right to a benefit within a short period of time, the claimant will be notified that he or she needs to forward a written request to the attention of the UC Contract Administrator, UC Human Resources, P.O. Box 24570, Oakland, CA 94623-1570, who will review the claim on behalf of the Plan Administrator. The request should include all relevant information. Within 90 days of receipt of the request, the contract administrator will approve or disapprove the claim. If the claim is denied, the contract administrator will notify the claimant in writing, setting forth the specific reasons for the denial and providing specific references to the plan provisions on which the denial is based. The contract administrator also will describe any additional material or information needed to perfect the claim and provide an explanation of the 403(b) Plan’s review procedures.

If the claimant’s request is denied by the contract administrator, the claimant may submit a written request for an independent review by the Plan Administrator within 60 days of receiving the denial. The request for an independent review should be forwarded to the Plan Administrator, P.O. Box 24570, Oakland, CA 94623-1570. The request should be accompanied by all supporting documentation. The Plan Administrator will make a full review of the request within 90 days unless the circumstances require a longer period. If the Plan Administrator upholds the contract administrator’s denial, the Plan Administrator will notify the claimant. The decision of the Plan Administrator will be final and conclusive on all persons.

If, after exhausting administrative appeal procedures, the claimant still believes that a benefit has been improperly paid or denied, the claimant has the right to initiate legal proceedings.

For service of process, send to:
The Regents of the University of California
Trustee of the Tax-Deferred 403(b) Plan
c/o Office of the General Counsel
1111 Franklin Street, 8th Floor
Oakland, CA 94706

PLAN ADMINISTRATION AND FEES

The Vice President of Human Resources is the Plan Administrator with responsibility for the day-to-day management and operation of the Plan.

Plan participants can choose from a broad range of professionally managed investment options that are monitored by the Office of the Chief Investment Officer of the Regents (CIO). These funds have different objectives, risk and return characteristics, and investment management and administrative fees. Fund Fact Sheets which provide information on the investment and administrative fees for each fund option can be found at: myucretirement.com and netbenefits.com.

UC-MANAGED FUNDS

Certain fund options, including the UC Pathway funds, are managed by the Office of the Chief Investment Officer of the Regents (CIO) based on criteria established by the Regents. These funds charge a fee (i.e., investor expenses) to cover investment management, investor education and administration (including accounting, audit, legal, custodial and recordkeeping services). There are no front-end or deferred sales loads or other marketing expenses charged by UC-managed funds. These expenses are not billed directly to participants, but are netted against the investment experience of the UC-managed funds.

FUNDS NOT MANAGED BY UC

The plan also offers other funds (not managed by the CIO) in which you can invest your account. These funds charge an investment management fee (i.e., expense ratio) which is netted from the investment experience of the funds. Some of these funds rebate a portion of their investment management fee as a plan service credit to help offset the administrative costs of the plan. Effective July 1, 2016, if your account is invested in a fund that provides a plan service credit, the amount of this credit will be rebated to your individual account at the end of each calendar quarter, lowering your effective annual expense ratio.

OTHER FEES

Fidelity charges a $35.00 fee for the initiation of a plan loan and $15.00 per year ($3.75 charged quarterly) for the ongoing administration of an outstanding loan. The fees paid by participants for the origination of a plan loan or for the ongoing administration of an outstanding loan will be deposited to a Plan Expense Account and used by UC to offset the recordkeeping fees charged by Fidelity Retirement Services.

Additional 403(b) Plan Information

PLAN CHANGES

The Plan is subject to change and to independent audit to comply with applicable federal and state statutes, IRC regulations and industry standards. Participants are notified whenever substantive changes to the Plan occur. Although the Plan is expected to continue indefinitely, the Regents reserve the right to amend or terminate the Plan at any time.

ASSIGNMENT OF BENEFITS

Generally, 403(b) Plan benefits payable to participants, beneficiaries or survivors cannot be attached by creditors, nor can anyone receiving benefits assign payments to others. Plan benefits are intended solely for the benefit of participants and their beneficiaries and survivors.

There are some exceptions. For example, the IRS may attach retirement benefits to collect unpaid taxes, or a court may order certain benefits to be paid for child or spousal support.

QUALIFIED DOMESTIC RELATIONS ORDERS (QDROS)

A court may award Plan assets to the participant’s spouse or former spouse or the participant’s dependent. This usually will occur in connection with a divorce or legal separation. In such cases, the domestic relations order must be approved, or qualified, as being in compliance with state law and with the Plan.

Both spouses and the court have the right to request information about the benefits earned by the participant during the marital period and how those benefits are derived, as well as information about the options available to non-participants. To obtain a copy of the QDRO procedures, contact Fidelity Retirement Services (netbenefits.com or 866-682-7787).

California law has established procedures for dividing property in connection with the termination of a state-registered domestic partnership. For more information, call Fidelity Retirement Services.

INELIGIBLE ACCOUNTS RETAINED BY UC

The 403(b) Plan does not permit a participant whose vested accumulations have a value of less than $2,000 to remain in the 403(b) Plan after leaving UC employment. In order to facilitate the conversion to the new record keeper in July 2005, the UC Residual Accounts group retained administration of ineligible accounts of participants who terminated UC employment before July 1, 2005, with small balances as follows:

If a participant had accumulations of less than $50 on June 30, 2005, and failed to provide timely distribution directions or confirm his or her location, the participant’s accumulations were forfeited as of June 30, 2005. The forfeited amounts will be used to defray reasonable plan expenses and to restore a participant’s previously forfeited accumulations, plus interest, if the participant subsequently files a valid claim and provides distribution directions.

If a participant had accumulations of $50 or more but less than $2,000 on June 30, 2005, and the participant failed to provide timely distribution directions, the investment options in the participant’s account were liquidated as of June 30, 2005, and an account was established on the participant’s behalf. The aggregated assets of all such accounts were then invested in the UC Savings Fund in order to preserve principal, and a proportionate share allocated to each account. The UC Residual Accounts group will maintain such accounts until such time as the participant’s location can be confirmed and distribution made. Each account is credited with monthly interest at a fixed rate.

If you think you may be entitled to funds in an ineligible account, contact the UC Retirement Administration Service Center at 800-888-8267.
Employee Information Statement

Participants in defined contribution plans are responsible for determining which, if any, investment vehicles best serve their retirement objectives. The 403(b) Plan assets are invested in accordance with the participant’s instructions; if no instructions are given, assets are invested in the UC Pathway Fund with a target date closest to the year the participant turns age 65. The participant should periodically review whether his/her objectives are being met, and if the objectives have changed, the participant should make the appropriate changes. Careful planning with a tax advisor or financial planner may help to achieve better supplemental retirement savings.

Neither the Regents, the Chief Investment Officer, the Plan Administrator nor any officer or affiliated officer of the University makes any recommendation to participants for building supplemental retirement savings, and the various options available for the investment of contributions should not be construed in any respect as a judgment regarding the prudence or advisability of such investments or as tax advice. Neither the Regents, the Chief Investment Officer, the Plan Administrator nor Fidelity Retirement Services bear any fiduciary liability for any losses resulting from a participant’s investment instructions. The Plan Administrator reserves the right to refuse to implement any investment instruction from a participant that violates Plan rules or IRC provisions.

All elections concerning contributions to the 403(b) Plan are subject to payroll transaction and fund valuation deadlines.

Neither the University, the Chief Investment Officer, the Plan Administrator nor any officer or affiliated officer shall be responsible in any way for the purpose, propriety or tax treatment of any contribution or distribution (or any other action or nonaction) taken pursuant to the direction of a Plan participant, beneficiary, executor or administrator, or a court of competent jurisdiction. Although the Regents, the Chief Investment Officer, the Plan Administrator, and officers and affiliated officers shall have no responsibility to give effect to a decision from anyone other than the Plan participant, beneficiary, executor or administrator, they reserve the right to take appropriate action, including termination and/or disbursement of a participant’s account, to protect the Plan from losing its tax-advantaged status for any event that violates Plan rules or applicable IRC provisions.

Introduction

The 457(b) Plan is a deferred compensation plan described under §457(b) of the Internal Revenue Code (the IRC). Future benefits from the 457(b) Plan will reflect the amount of a participant’s voluntary salary deferral contributions plus earnings. Vesting is immediate.

Employees who want to participate in the 457(b) Plan designate a portion of their gross salary to be contributed on a pretax basis, thus reducing the participant’s taxable income. Taxes on contributions and any earnings are deferred (that is, postponed) until the participant withdraws the money.

The designated Plan Administrator of the 457(b) Plan is the Vice President, Human Resources (VP-HR). The Office of the Chief Investment Officer (CIO) is responsible for monitoring a broad range of professionally managed investment options available to Plan participants. Currently, Fidelity Retirement Services performs recordkeeping duties. The relevant contact information is on the inside front cover. The Plan Administrator administers the 457(b) Plan for the sole benefit of Plan participants and their beneficiaries. Participation is voluntary and should be based on the participant’s financial objectives and resources. Individual investment strategies should reflect the participant’s personal savings goals and tolerance for financial risk. Participants may also want to consult a tax advisor or financial planner before enrolling. UC, the Regents, the Office of the Chief Investment Officer, UC Human Resources and Fidelity Retirement Services are not liable for any loss that may result from participants’ investment decisions. This plan summary reflects Plan provisions as in effect Jan. 1, 2017.
Eligibility

All employees of UC and Hastings College of the Law—except students who normally work fewer than 20 hours per week—are eligible to participate in the 457(b) Plan. An employee begins participation when contributions are made to the 457(b) Plan on the employee’s behalf. An employee or former employee continues participation until all funds held on his or her behalf are distributed.

The provisions of the Plan are subject to collective bargaining for represented employees.

Contributions

Pretax salary deferral contributions to the 457(b) Plan may come only from income paid through the UC payroll system (or the payroll systems of Lawrence Berkeley National Laboratory or Hastings College of the Law). Employees may also roll over money from other employer-sponsored plans, including the taxable portion of a lump sum or CAP distribution from the University of California Retirement Plan (UCRP; see “Rollovers: Into the Plan,” page 67).

According to IRS rules, enrollment in the 457(b) Plan cannot go into effect immediately. Enrollment affects earnings for the month following enrollment and the first deduction is taken from the paycheck on the first of the subsequent month. For example, if a participant enrolls in January, the first deduction is taken from February earnings and is reflected in the March 1 paycheck.

Contributions to the 457(b) Plan are reported annually on employees’ W-2 forms, but are not included in income subject to taxation.

457(b) Plan salary deferral contributions are deducted from gross salary (after any other pretax deductions for medical plan premiums, dependent care expenses or certain health care expenses), and income taxes are calculated on remaining pay. Although 457(b) Plan salary deferral contributions reduce taxable income, they do not reduce any other salary-related University benefits such as vacation or sick leave, life or disability insurance benefits, or benefits payable from UCRP.

Upon enrollment, participants choose the flat dollar amount or percentage of salary that they will contribute through payroll (generally monthly or biweekly) up to their maximum annual contribution amount. Under the percentage method, contributions change proportionately as the participant’s salary changes.

If a participant transfers employment from one UC location to another UC location, any voluntary salary deferral election will stop automatically. The participant must re-enroll at the new location (currently through Fidelity) to continue contributions.
LEAVES OF ABSENCE

Contributions stop during a leave without pay and resume automatically at the same rate upon return to pay status unless the participant cancels them.

For sabbatical leaves or administrative leaves with pay during which employees earn less than 100 percent of regular compensation, contributions continue in the same amount or percentage (see “Contributions,” page 62) as elected before the leave unless the participant makes a change. Because contributions remain the same while compensation decreases, it is important for participants to review their contribution amount before going on a paid leave.

Special rules may allow participants on military leave to “make up” contributions that would have been credited to their accounts during the military leave. Local Benefits Offices can provide more information.

During paid vacation or sick leave, contributions continue in the same amount.

TERMINATION OF EMPLOYMENT

If a participant leaves UC employment, salary deferral contributions stop automatically. The payment options available for a participant’s accumulations are described in “Distributions: Former Employees” (see page 65).

REAPPOINTMENT

If a participant leaves UC employment or retires and is later rehired into an eligible position, the participant may begin contributing to the Plan again.

MAXIMUM ANNUAL CONTRIBUTION LIMITS

The IRC limits the amount participants may contribute annually to tax-advantaged retirement plans and imposes substantial penalties for violating contribution limits (see “Excess Salary Reductions” on page 64).

For 2017, the 457(b) Plan contribution limits are as follows:

**Regular contribution limit:** $18,000\(^{12}\)

**Participants who are age 50 or older any time during the year:** $24,000\(^{12}\)

To contribute the maximum amount, participants should check the limits and adjust their contributions for each calendar year accordingly.

Adjusted gross salary for any year is a participant’s gross University salary (including any shift differential, summer salary, health science faculty income over the base professorial salary, stipends and overtime), minus any required contributions to the UC Defined Contribution Plan, the 403(b) Plan or to UCRP (to establish, reestablish or convert prior periods of service credit or to eliminate the noncontributory offset).

**SPECIAL CATCH-UP PROVISION**

A special catch-up provision allows eligible participants to make additional contributions in one or more of the three consecutive years ending before the year the participant elects as his or her retirement age. The elected retirement age can be any age between 60 (50 for safety employees) and 70½.

For 2017, the total amount the participant can contribute using the special catch-up limit is the lesser of two amounts:\(^{13}\)

- Twice the regular contribution limit for 2017 ($18,000 \times 2 = $36,000) or
- The regular contribution limit for 2017 plus the difference between previous years’ regular contribution limits and the actual contributions made during those years (the unused contribution capacity)\(^{14}\)

---

\(^{12}\) Or 100 percent of adjusted gross salary, if less.

\(^{13}\) Participants who take advantage of this special provision cannot also take advantage of the over-age-50 provision; they must choose whichever provides the higher contribution amount.

\(^{14}\) The calculation can include only those years in which the participant was eligible to contribute to the Plan, which was established in 2004.
Contributions

Here is an example showing contribution limits and annual contributions since 2014 for a hypothetical employee:

In subsequent years, the special catch-up limit must be reduced to reflect any unused contribution capacity that has already been taken into account in calculating a special catch-up provision.

EXCESS SALARY REDUCTIONS

UC payroll systems monitor 457(b) Plan contributions, and a participant’s pretax salary deferral contributions will stop automatically if they reach the applicable limit before the end of the year. As a result, there is little chance of overcontributing. In limited circumstances, however, excess salary reductions may be made—if, for example, a participant works at more than one UC location during the year or contributes to a 457(b) plan with another employer.

If participants overcontribute because they work at more than one UC location, the excess will normally be identified and, in most cases, returned (with any earnings) before the end of the year in which it occurs.

If participants think they have overcontributed but have not been contacted, or if they contribute to a 457(b) plan with another employer during the year, they should call Fidelity Retirement Services before the end of the year (or by March 1 of the following year) to request a refund.

The IRC requires that excess salary reductions in any calendar year be refunded to the participant by April 15 of the following year to avoid tax penalties. If the excess is refunded by April 15, the excess is treated as ordinary income for the year in which the salary reductions were made. The refund will also reflect any earnings (or loss) generated by the excess salary reductions during that year. The earnings must be reported on tax returns for the year in which the refund is paid. For example, if a participant receives a refund of 2016 excess contributions in 2016, all amounts should be reported on tax returns for 2016. If the participant receives the refund in 2017, however, the excess contributions should be reported on 2016 tax returns and any earnings on tax returns for 2017.

Refunds of excess contributions and earnings are not eligible for rollover, nor are they subject to the penalty taxes on early distributions (see “Early Distribution Penalties” on page 67).

If an excess contribution is not refunded by April 15, the excess amount must remain in the Plan. The participant must still report the excess as ordinary income for the year in which the contributions were made. In addition, the excess amount will again be taxable as ordinary income in the year in which the participant receives a distribution that includes these funds. In other words, excess contributions that are not refunded by the April 15 deadline are taxed twice.

If, during a year, contributions for the participant are made to another plan over which the participant has control, or a participant makes salary deferral contributions to another plan (other than a 457(b)), the participant should consult a tax advisor on the applicable limitations on contributions.

INVESTMENT OF CONTRIBUTIONS

Participants choose the investment options in which they want to invest their contributions. The investment options are explained on page 67.

Subject to payroll deadlines, participants may start, stop or change the amount of their contributions to the Plan at any time on the Fidelity Retirement Services website. They also may redirect future 457(b) Plan contributions to one or more of the investment options and/or exchange (transfer) accumulations in the Plan among the investment options at any time. Direct exchanges between certain investment options may be prohibited. See the Fidelity Retirement Services website (netbenefits.com) for more information.
Distributions

Distribution rules vary depending on the participant’s employment status.

CURRENT UC EMPLOYEES

The IRC restricts the 457(b) Plan in-service distributions made to current employees. In general, an employee may take a distribution of plan accumulations in the following circumstances only:

- Voluntary in-service withdrawal of the total balance is allowed once if the balance is less than $5,000 and no contributions have been made in the past two years and the employee has never taken another distribution except an unforeseeable emergency withdrawal
- Attainment of age 70½ or
- An unforeseeable emergency as described below

UNFORESEEABLE EMERGENCY WITHDRAWAL

Participants may be able to take a withdrawal on account of an unforeseeable emergency resulting from:

- An illness or accident involving the participant or the participant’s beneficiary or the spouse of the participant or the participant’s beneficiary or a dependent of the participant or the participant’s beneficiary
- Loss of property due to casualty or
- Other similar, extraordinary and unforeseeable circumstances arising from events beyond the control of the participant

The unforeseeable emergency withdrawal may not be in excess of the amount reasonably needed to satisfy the participant’s or beneficiary’s emergency need. The participant must first satisfy the need using other available financial resources including:

- Insurance reimbursements
- Cessation of salary deferral contributions to the 457(b) Plan, and the University of California Tax-Deferred 403(b) Plan Account, and the Defined Contribution Plan After-Tax Account
- A 403(b) Plan loan
- Withdrawal of eligible monies from the UC Defined Contribution Plan or
- Liquidation of other assets, to the extent the liquidation does not itself cause severe financial hardship

After taking an unforeseeable emergency withdrawal, a participant may not make voluntary contributions to the 457(b) Plan, the 403(b) Plan or the DC Plan for six months.

A withdrawal is generally taxed as ordinary income in the year in which it is issued. In accordance with IRS regulations, Fidelity Retirement Services will withhold 10 percent for federal taxes and 1 percent for California state taxes (unless the participant elects no withholding).

There are specific federal tax withholding rules that apply to all distributions from retirement and savings plans (see “Taxes on Distributions” on page 66).

FORMER EMPLOYEES

Participants who leave UC employment have the following payment options for assets in the 457(b) Plan:

- Leave the assets in the Plan if the Plan balance totals at least $2,000, subject to minimum required distribution rules. Although participants may no longer contribute, they may transfer funds among the investment options, subject to the transfer/exchange rules and roll over money into the Plan.
- Take a full or partial distribution (payable to the participant or directly rolled over to a traditional IRA, a Roth IRA or employer-sponsored plan); see page 67 for information on early distributions.
- Arrange for systematic withdrawals. This option enables the participant to receive regular, periodic distributions without having to make a specific request for each one.

The following Plan rules apply to distributions of small accounts after the participant has terminated UC employment:

- If the value of the participant’s accumulations is less than $2,000, but more than $1,000, and the participant fails to provide distribution directions, the participant’s accumulations will be rolled over to an IRA custodian designated by the Plan Administrator in an account maintained for the participant.
- If the value of the participant’s accumulations is $1,000 or less, and the participant fails to provide distribution directions, the participant’s accumulations shall be paid directly to the participant at his or her address of record.

All distributions are subject to Fidelity Retirement Services and payroll deadlines. No distributions can be made until all payroll activity is complete, which can take from 30 to 60 days.
Distributions

**Beneficiaries**

Participants should designate a beneficiary to receive their accumulations in the 457(b) Plan in the event of their death. Participants may name more than one beneficiary and specify the percentage of the Plan balance that each beneficiary is to receive. A beneficiary may be a person, trustee or organization.

Subject to restrictions on small accounts, a beneficiary may elect to take his or her benefit as a lump sum or in periodic payments over a term that meets the Internal Revenue Code requirements on minimum distributions. If a beneficiary fails to make an election, the benefit will be distributed to the beneficiary in a lump sum by the last day of the calendar year that contains the fifth anniversary of the participant’s death.

A deceased participant’s beneficiary (the participant’s beneficiary) may also designate a beneficiary (beneficiary’s beneficiary) to receive the balance in the deceased participant’s account if the participant’s beneficiary dies before taking a total distribution. The beneficiary’s beneficiary must decide how they want money to be distributed within nine months of the death of the participant’s beneficiary.

If no beneficiary has been named, or if the beneficiary dies before the participant, any amount remaining will be distributed to the participant’s eligible survivors in the following order of succession:

- Surviving spouse or domestic partner or, if none,
- Surviving children, biological or adopted, on an equal-share basis (children of a deceased child share their parent’s benefit) or, if none,
- Surviving parents on an equal-share basis or, if none,
- Brothers and sisters on an equal-share basis or, if none,
- The participant’s estate

A will or trust does not supersede a designation of beneficiary, nor does either supersede the Plan’s “default” beneficiary rules (described above) that apply in the absence of a valid beneficiary designation.

It is the participant’s responsibility to keep information on beneficiaries, including addresses, up to date. You can name or change your beneficiary information by contacting Fidelity Retirement Services (netbenefits.com or 866-682-7787). The address of record is binding for all purposes of the 457(b) Plan.

**Community Property**

Married participants and registered domestic partners who designate someone other than their legal spouse or partner as a beneficiary may need to consider the spouse’s or partner’s community property rights. For residents of a community property state such as California, a designation of beneficiary may be subject to challenge if the spouse or partner would consequently receive less than the share of the benefit attributable to community property.

Procedures established for the University of California Retirement Plan (UCRP) are used to determine whether a domestic partner is included in the order of succession above. Generally, procedures require that an individual must be designated as a participant’s domestic partner by one of three possible methods:

- Registration of the domestic partnership with California’s Secretary of State
- Registration of a same-sex union, other than marriage, validly formed in another jurisdiction, that is substantially equivalent to a California domestic partnership or
- Filing of a UC Declaration of Domestic Partnership form (UBEN 250) with the UCRP administration.

If a member dies before filing a UC Declaration of Domestic Partnership, only documents from the first two methods may be used to establish a domestic partnership under the Plan.

**Taxes on Distributions**

A distribution from the 457(b) Plan is generally taxed as ordinary income in the year it is issued. Note, however, that there are specific federal tax withholding rules that apply to all distributions from retirement savings and investment plans. For more information about the tax treatment of Plan distributions, read the special tax notice provided by Fidelity Retirement Services before requesting a distribution. The tax rules are quite complex; for these reasons, participants considering a distribution from the Plan are strongly encouraged to consult a tax advisor.

Participants who choose to take a distribution are responsible for satisfying the distribution rules and for any tax consequences.

Distributions to participants are reported annually on IRS Form 1099-R, which are sent in January following the calendar year in which the distribution was issued.
**EARLY DISTRIBUTION PENALTIES**

Distributions from 457(b) plans are generally not subject to the early distribution penalties that may apply to distributions from other types of retirement plans. If, however, an amount is rolled over from another type of retirement plan, such as a 403(b) plan or a tax-qualified 401(a) plan, to the 457(b) Plan, any distributions attributable to the rolled over amount that are made before a participant attains age 59½ may be subject to federal and state penalty taxes unless an exception applies.

Early distribution penalties are not assessed when a distribution is paid. Participants who are subject to the penalties are responsible for reporting them to the IRS when they file their income tax returns.

**MINIMUM REQUIRED DISTRIBUTIONS**

Participants must begin receiving minimum distributions from the Plan by April 1 of the calendar year following the later of:

- The year in which they reach age 70½ or
- The year in which they leave UC employment

Participants who do not receive minimum distributions by the required dates, or who receive less than the minimum amount the law requires, must pay a nondeductible 50 percent excise tax on the difference between the amount that should have been received and the amount received.

Minimum required distributions are not eligible for rollover.

Minimum required distributions are calculated in accordance with U.S. Treasury regulations.

**INVESTMENT OPTIONS**

Plan participants can choose from a broad range of professionally managed investment options, including mutual funds, that are monitored by the Office of the Chief Investment Officer of the Regents (CIO) based on criteria established by the Regents. The UC fund menu includes the UC Pathway Funds, each of which adjusts its asset mix as the fund approaches its target date, plus additional investments funds that represent a comprehensive range of asset classes. Most funds offered on the UC fund menu are designed to have lower expenses than many similar publicly traded mutual funds. A complete description of each of these options is available at myucretirement.com/UCRetirementBenefits/UCFundMenu.

Participants may also invest in mutual funds that are not included in the UC fund menu by opening a brokerage window account. Participants must agree to the terms and conditions that govern the account, including an acknowledgement of the risks involved and the special fees that may apply.

Information about investment objectives, risks, changes and expenses of all options is available, free of charge, from Fidelity Retirement Services (netbenefits.com or 866-682-7787).

**ROLLOVERS: INTO THE PLAN**

Participants may move eligible retirement funds from a previous employer plan or an IRA to the 457(b) Plan via a rollover. The 457(b) Plan accepts rollovers of pretax distributions from:

- Other employer-sponsored plans, including 401(a), 401(k), 403(b) and governmental 457(b) Plans and/or
- Lump sum cashouts and Capital Accumulation Payment (CAP) distributions from the UC Retirement Plan
- Traditional IRAs

The 457(b) Plan does not accept rollovers of after-tax distributions. To roll over money directly from another employer-sponsored plan to UC’s 457(b) Plan, the participant must arrange to have the plan’s custodian or plan administrator write a check for the distribution, payable to “Fidelity Investments Institutional Operations Company, Inc. (FIIOC).” As long as the check is payable directly to FIIOC (not to the participant), no taxes should be withheld from the distribution, and the pretax funds will retain their tax-deferred status.

Employees who are eligible to participate in the 457(b) Plan may execute a rollover (and become Plan participants) even if they have not yet begun contributing to the Plan through payroll deductions.
Additional 457(b) Plan Information

Former employees who did not participate in the 457(b) Plan are not eligible to roll over funds into the Plan, except for eligible distributions from UCRP of $2,000 or more.

If a participant takes a distribution from a former employer plan, including UCRP, and the check is payable to the participant, he/she can also roll over the taxable portion of the money into the 457(b) Plan, as long as the rollover is made within 60 days after receiving the distribution. To roll over 100 percent of the taxable portion of the distribution, the participant must replace from personal savings or other sources an amount equal to the taxes that were withheld when the distribution was issued.

ROLLOVERS: FROM THE PLAN

All 457(b) Plan distributions except those listed below are eligible for direct rollover (distribution made payable to a traditional IRA, a Roth IRA or another employer plan). As long as the check for the distribution is payable directly to the plan, no taxes should be withheld and the funds will retain tax-deferred status. If made payable to the participant, taxable distributions are subject to mandatory 20 percent federal tax withholding.

Participants may also roll over an eligible 457(b) Plan distribution consisting of pretax funds that has been paid to them, as long as the rollover to the IRA or new plan occurs within 60 days of receipt of the distribution. A participant who wants to roll over 100 percent of the distribution must replace from personal savings or other sources an amount equal to the taxes that were withheld when the distribution was issued. It may also be subject to the early distribution penalties if the distribution is attributable to a rollover from a plan subject to the early distribution penalties.

457(b) Plan distributions that are not eligible for rollover include:

- Minimum required distributions
- Refunds of excess contributions (plus earnings)
- Systematic withdrawals and
- Unforeseen emergency withdrawals

Distributions made to non-spouse beneficiaries are eligible only for direct rollover and only to an inherited IRA.

For more information about the tax treatment of rollovers, read the special tax notice available from Fidelity Retirement Services.

ACCOUNT ACTIVITY

To help participants better understand the Plan’s benefits and effectively manage their accounts, Fidelity Retirement Services, on behalf of UC Human Resources, provides personalized account information via two electronic sources.

- Participants who have Internet access can find current, comprehensive information about their accounts and make certain online Plan transactions by visiting the Fidelity Retirement Services website (netbenefits.com).
- Participants can retrieve personal financial information about their accounts and make transactions on the Fidelity Retirement Services toll-free telephone line (866-682-7787).

Annual reports containing audited financial statements are available on the UC Office of the President website (ucal.us/UCRSannualreport) or from the UC Retirement Administration Service Center.

Plan summaries are available on UCnet, the Fidelity Retirement Services website or from your local Benefits Office or the UC Retirement Administration Service Center.

Participants may view the University of California Tax-Deferred 457(b) Plan document online (ucal.us/UCRSdocuments).

Participants should read the complete descriptions of the investment funds and accompanying Plan materials before making any investment decisions.

All notices or communications to a participant or a beneficiary will be effective when sent by first-class mail or conveyed electronically to the participant’s address of record. The University and the Regents are entitled to rely exclusively upon any notices, communications or instructions issued in writing or electronically conveyed by UC Human Resources that are believed to be genuine and to have been properly executed.
CLAIMS PROCEDURES

If Fidelity Retirement Services is unable to verify a claimant’s right to a benefit within a short period of time, the claimant will be notified that he or she needs to forward a written request to the attention of the UC Contract Administrator, UC Human Resources, P.O. Box 24570, Oakland, CA 94623-1570, who will review the claim on behalf of the Plan Administrator. The request should include all relevant information. Within 90 days of receipt of the request, the contract administrator will approve or disapprove the claim. If the claim is denied, the contract administrator will notify the claimant in writing, setting forth the specific reasons for the denial and providing specific references to the plan provisions on which the denial is based. The contract administrator also will describe any additional material or information needed to perfect the claim and provide an explanation of the 457(b) Plan’s review procedures.

If the claimant’s request is denied by the contract administrator, the claimant may submit a written request for an independent review by the Plan Administrator within 60 days of receiving the denial. The request for an independent review should be forwarded to the Plan Administrator, P.O. Box 24570, Oakland, CA 94623-1570. The request should be accompanied by all supporting documentation. The Plan Administrator will make a full review of the request within 90 days unless the circumstances require a longer period, but in general, no more than 120 days. If the Plan Administrator upholds the contract administrator’s denial, the Plan Administrator will notify the claimant. The decision of the Plan Administrator will be final and conclusive on all persons.

If, after exhausting administrative appeal procedures, the claimant still believes that a benefit has been improperly paid or denied, the claimant has the right to initiate legal proceedings.

For service of process, send to:
The Regents of the University of California,
Trustee of the 457(b) Plan, c/o Office of the General Counsel,
1111 Franklin Street, 8th Floor, Oakland, CA 94706.

PLAN ADMINISTRATION AND FEES

The Vice President of UC Human Resources is the Plan Administrator with responsibility for the day-to-day management and operation of the Plan.

Plan participants can choose from a broad range of professionally managed investment options that are monitored by the Office of the Chief Investment Officer of the Regents (CIO). These funds have different objectives, risk and return characteristics, and investment management and administrative fees. Fund Fact Sheets which provide information on the investment and administrative fees for each fund option can be found at: myucretirement.com and netbenefits.com.

UC-MANAGED FUNDS

Certain fund options, including the UC Pathway funds, are managed by the Office of the Chief Investment Officer of the Regents (CIO) based on criteria established by the Regents. These funds charge a fee (i.e., investor expenses) to cover investment management, investor education and administration (including accounting, audit, legal, custodial and recordkeeping services). There are no front-end or deferred sales loads or other marketing expenses charged by UC-managed funds. These expenses are not billed directly to participants, but are netted against the investment experience of the UC-managed funds.

FUNDS NOT MANAGED BY UC

The plan also offers other funds (not managed by the CIO) in which you can invest your account. These funds charge an investment management fee (i.e., expense ratio) which is netted from the investment experience of the funds. Some of these funds rebate a portion of their investment management fee as a plan service credit to help offset the administrative costs of the plan. Effective July 1, 2016, if your account is invested in a fund that provides a plan service credit, the amount of this credit will be rebated to your individual account at the end of each calendar quarter, lowering your effective annual expense ratio.

PLAN CHANGES

The Plan is subject to change and to independent audit to comply with applicable federal and state statutes, IRC regulations and industry standards. Participants are notified whenever substantive changes to the Plan occur. Although the Plan is expected to continue indefinitely, the Regents reserve the right to amend or terminate the Plan at any time.
**ASSIGNMENT OF BENEFITS**

Generally, 457(b) Plan benefits payable to participants, beneficiaries or survivors cannot be attached by creditors, nor can anyone receiving benefits assign payments to others. Plan benefits are intended solely for the security and welfare of participants and their beneficiaries and survivors.

There are some exceptions. For example, the IRS may attach retirement benefits to collect unpaid taxes, or a court may order certain benefits to be paid for child or spousal support.

**QUALIFIED DOMESTIC RELATIONS ORDERS (QDROS)**

A court may award Plan assets to the participant’s spouse or former spouse or the participant’s dependent. This usually occurs in connection with a divorce or legal separation. In such cases, the domestic relations order must be approved, or qualified, as being in compliance with state law and with the Plan terms.

Both spouses and the court have the right to request information about the benefits earned by the participant during the marital period and how those benefits are derived, as well as information about the options available to non-participants. To obtain a copy of the QDRO procedures, contact Fidelity Retirement Services (netbenefits.com or 866-682-7787).

California law has established procedures for dividing property in connection with the termination of a state-registered domestic partnership. For more information, call Fidelity Retirement Services.

**Additional 457(b) Plan Information**

Participants in defined contribution plans are responsible for determining which, if any, investment vehicles best serve their retirement objectives. The 457(b) Plan assets are invested in accordance with the participant’s instructions; if no instructions are given, assets are invested in the UC Pathway Fund with a target date closest to the year the participant turns age 65. The participant should periodically review whether his/her objectives are being met, and if the objectives have changed, the participant should make the appropriate changes. Careful planning with a tax advisor or financial planner may help to achieve better supplemental retirement savings.

Neither the Regents, the Chief Investment Officer, the Plan Administrator nor any officer or affiliated officer of the University makes any recommendation to participants for building supplemental retirement savings, and the various options available for the investment of contributions should not be construed in any respect as a judgment regarding the prudence or advisability of such investments or as tax advice. Neither the Regents, the Chief Investment Officer, the Plan Administrator nor Fidelity Retirement Services bear any fiduciary liability for any losses resulting from a participant’s investment instructions. The Plan Administrator reserves the right to refuse to implement any investment instruction from a participant that violates Plan rules or IRC provisions.

All elections concerning contributions to the 457(b) Plan are subject to payroll transaction and fund valuation deadlines.

Neither the University, the Chief Investment Officer, the Plan Administrator nor any officer or affiliated officer shall be responsible in any way for the purpose, propriety or tax treatment of any contribution or distribution (or any other action or nonaction) taken pursuant to the direction of a Plan participant, beneficiary, executor or administrator, or a court of competent jurisdiction. Although the Regents, the Chief Investment Officer, the Plan Administrator, and officers and affiliated officers shall have no responsibility to give effect to a decision from anyone other than the Plan participant, beneficiary, executor or administrator, they reserve the right to take appropriate action, including termination and/or disbursement of a participant’s account, to protect the Plan from losing its tax-advantaged status for any event that violates Plan rules or applicable IRC provisions.
Health and Welfare Benefits for Retirees

Health benefits for retired UC employees are one of the rewards UC currently offers long-serving eligible employees. Under both primary retirement benefit options—Pension Choice and Savings Choice—employees who work for UC for 10 years or more may be eligible to continue some UC-sponsored health benefits. These benefits, which include medical, dental, vision, legal and accidental death and dismemberment (AD&D), are separate from the UC Retirement Plan (UCRP) and are not a vested benefit. That means these benefits are not guaranteed and that UC’s contributions to the cost of the benefits may change or be discontinued at any time. Retiree health and welfare benefits are subject to collective bargaining for represented employees.

Currently, UC contributes to the cost of medical and dental insurance for eligible retirees. For vision, legal and AD&D, retirees who enroll pay the full premiums.

**ELIGIBILITY**

To be eligible for these benefits, employees must:

- Have a retirement dates that is within 120 days of the date they end UC employment
- Be an active eligible employee enrolled in either UCRP (Pension Choice) or Savings Choice
- Be enrolled in or eligible to enroll in Full UC employee benefits at the time of separation
- Continue health coverage until retiree health benefits become effective

Retiree health and welfare benefits are not available to those who elect a UCRP Lump Sum Cashout.

If there is a gap in time between the date an employee ends UC employment and the date UC-sponsored retiree medical and dental benefits become effective, the employee may have to pay the full monthly cost for medical and dental plans (including UC’s contribution) to continue coverage during the gap period and maintain eligibility.

Retirees may also continue vision and legal insurance during any gap period to ensure continuing coverage. If a retiree does not continue vision and legal coverage during this gap, though, he or she may add coverage during a future Open Enrollment period (if the plan is open). Retiree accidental death & dismemberment insurance can be added at any time.

In addition, retirees must meet the following service credit requirements, based on the date they became a member of one of the two primary retirement benefit plans (Pension Choice or Savings Choice), to be eligible for retiree medical and dental coverage. Only UC service credit—and not credit from a reciprocal system, such as CalPERS—counts toward eligibility for retiree medical and dental coverage.
Health and Welfare Benefits for Retirees

If you initially become a member of the Pension Choice or Savings Choice option on or after July 1, 2016, or are rehired as an eligible employee after that date following a break in service of more than 120 days, you are eligible to enroll in these benefits provided you are 55 or older and have at least 10 years of UCRP service credit at the time you retire. If you retire at age 56 or older, you will receive a percentage of UC’s contribution toward the medical and dental plans’ monthly premiums based on your age and years of UCRP service credit at retirement. To receive the maximum UC contribution toward the total cost of coverage, you need to retire on or after age 65 with 20 or more years of service.

The following chart shows the percentage of the UC contribution for all eligible ages and years of service credit.

**GRADUATED ELIGIBILITY FORMULA**

To find the university contribution for a particular age and number of years of UCRP service credit, look down the far left column for the appropriate age; then look across that row to the number of years of UCRP service credit. That will show the percentage of the maximum university contribution that a retiree at that age and with those years of service credit will receive. Example: with 15 years of UCRP service credit at age 60, the retiree receives 37.5% of the maximum university contribution.

*Age is measured in whole years.
UC’S CONTRIBUTION TO MEDICAL AND DENTAL PREMIUMS

Currently UC contributes to the cost of medical and dental premiums for eligible retirees. The amount of the contribution is determined annually, depending on state funding and other factors. It is not a guaranteed benefit and could be discontinued at any time.

Here are examples of how the UC contribution is applied to retiree medical benefits. The numbers are for illustrative purposes only, and are not actual premiums or contributions.

NON-MEDICARE PLAN

<table>
<thead>
<tr>
<th>Eligible for 100% of UC Contribution</th>
<th>Subject to graduated eligibility; receiving 50% of UC contribution</th>
<th>Subject to graduated eligibility; receiving 75% of UC contribution</th>
</tr>
</thead>
<tbody>
<tr>
<td>Total monthly premium</td>
<td>$575</td>
<td>$575</td>
</tr>
<tr>
<td>UC Contribution</td>
<td>$450</td>
<td>$225</td>
</tr>
<tr>
<td>Your monthly premium</td>
<td>$125</td>
<td>$350</td>
</tr>
</tbody>
</table>

In general, the maximum UC contribution does not cover the entire premium cost for non-Medicare plans.

</tbody>
</table>

* If UC’s contribution to your medical plan is greater than the premium, UC reimburses you for a portion of the standard Medicare Part B premium you pay for Medicare coverage, usually as a deduction from your Social Security benefit.
By authority of the Regents, University of California Human Resources, located in Oakland, administers all benefit plans in accordance with applicable plan documents and regulations, custodial agreements, University of California Group Insurance Regulation, group insurance contracts, and state and federal laws. No person is authorized to provide benefits information not contained in these source documents, and information not contained in these source documents cannot be relied upon as having been authorized by the Regents. Source documents are available for inspection upon request (800-888-8267). What is written here does not constitute a guarantee of plan coverage or benefits—particular rules and eligibility requirements must be met before benefits can be received. The University of California intends to continue the benefits described here indefinitely; however, the benefits of all employees, retirees and plan beneficiaries are subject to change or termination at the time of contract renewal or at any other time by the University or other governing authorities. The University also reserves the right to determine new premiums, employer contributions and monthly costs at any time. Health and welfare benefits are not accrued or vested benefit entitlements. UC’s contribution toward the monthly cost of the coverage is determined by UC and may change or stop altogether, and may be affected by the state of California’s annual budget appropriation. If you belong to an exclusively represented bargaining unit, some of your benefits may differ from the ones described here. For more information, employees should contact their Human Resources Office and retirees should call the UC Retirement Administration Service Center (800-888-8267).

In conformance with applicable law and University policy, the University is an affirmative action/equal opportunity employer. Please send inquiries regarding the University’s affirmative action and equal opportunity policies for staff to Systemwide AA/EEO Policy Coordinator, University of California, Office of the President, 1111 Franklin Street, 5th Floor, CA 94607, and for faculty to the Office of Academic Personnel and Programs, University of California, Office of the President, 1111 Franklin Street, Oakland, CA 94607.
