

Sideletter on NSF Workload Maximum in Writing Programs and Foreign Languages

The University and the UC-AFT agree to the following provisions for the workload maximum for full-time NSF in the writing programs and foreign languages:

It is not the intention of the University to use the language in Article 24 Instructional Workload, Section A.1, to support a practice of hiring lecturers at eight-ninths time when they would be more appropriately hired as full-time lecturers.

Further, it is the intention of the University of California to reduce the full-time workload assignments for writing courses, classes, and sections at UCSD to a maximum of eight. This would include "class-like" courses and "section-like" classes.

Agreed to by the University of California:
