Article 14: LACTATION ACCOMMODATION

In accordance with UCLA Policy and procedure and prevailing law, lactation rooms or other comparable space shall be provided in proximity to the work area.

If no such space exists in reasonable proximity to the work area, the Department will designate an appropriate temporary space, which is not open to the general public, for the purpose of expressing and storing breast milk. The University will allow adequate time for a Resident to express breast milk.

Notice about changes to the UCLA Policy and/or procedure shall be provided to the union.
