

RETIREE PLANS DRUG FORMULARIES

If you are thinking about changing medical plans during Open Enrollment, it's a good idea to check the prescription drug formulary of the plan you are considering before you enroll.

Here are links to currently available formularies for the UC retiree health plans. Links shown are for plan year 2026, or for the most current formulary available from the plan (not all plans provide future drug lists). Please note that formularies are subject to change.

Plan	Pharmacy Benefit Manager	Formulary Link
Medicare		
Kaiser Senior Advantage (CA)	Kaiser Permanente	https://healthy.kaiserpermanente.org/northern-california/health-wellness/drug-formulary/medicare-2026
