B. The unit shall exclude managerial, supervisory, and confidential employees as defined by HEERA.

C. The recognized unit may be modified by the parties pursuant to the rules and regulations of the Public Employment Relations Board (PERB).

D. The Union recognizes that the University has the exclusive right to establish new title codes and titles for excluded positions or titles consistent with this Article. The University shall advise the Union of any such new position or title. In the event the University elects not to establish a new title for some or all excluded positions classified in included titles, the University shall, during the term of this Agreement, provide the Union with a list, by bargaining unit and by location, of the excluded positions which remain within included titles and the incumbents at that time, if any. The failure to include an excluded position on any such list shall not be evidence that the position should be included in any unit. The time for the Union to challenge such placement does not commence until the University provides notice.

E. RECLASSIFICATION FROM UNIT TO NON-UNIT POSITIONS

1. In the event the University determines that an individual, a bargaining unit position, or title/classification should be reclassified or designated for exclusion from the unit, or the University intends to assign work customarily performed by a bargaining unit position to a position in a classification outside of the unit, the University shall notify the Union in writing at least thirty (30) calendar days prior to the proposed implementation. If the Union determines to challenge the University's proposed action, it shall notify the University in writing within thirty (30) calendar days from the date on which the University's notice was mailed, and the proposed effective date will be extended by thirty (30) calendar days.

During such an extension, the parties will meet and confer over the University's proposed action.

2. If the parties are unable to reach agreement, the University may commence PERB unit modification procedures, as outlined under PERB regulations. Until the bargaining unit assignment is either agreed to by the parties or finally resolved through PERB unit modification procedures the affected position(s) or title(s) shall remain in the unit and shall remain covered by all provisions of this agreement. With the agreement of the parties, the following may also occur:
 - a. the University may, in compliance with Article 36 – Wages, Section A.3 (“Order of Increases”) of this Agreement, increase compensation for the affected position(s) or title(s), and
 - b. the duties associated with the proposed reclassification may be assigned to the affected employee(s).
3. If PERB declines jurisdiction under PERB regulations of a classification dispute, the dispute will be referred to expedited arbitration per Section H below.

F. CREATION OF NEW CLASSIFICATIONS

1. Within the Bargaining Unit

If the University proposes to create a new classification and title within the bargaining unit, the University shall provide written notice to the Union at least sixty (60) calendar days before the proposed date of implementation. The notice to the Union shall include a statement or reason(s) for the creation of the new classification. The Union shall have forty-five (45) calendar days from the date of such notice to contest the University's assignment. If the Union contests the assignment, the University and the Union shall meet and confer in an effort to reach agreement on the bargaining unit assignment for the classification. If the parties are unable to reach agreement, the dispute shall be submitted to PERB pursuant to Regulation 32781(a)(2) for resolution. If the Union does not contest the bargaining unit assignment within the forty-five (45) calendar day notice period, the unit assignment of the new class shall be deemed agreeable to the parties and PERB shall be so advised.

- a. No employees shall be assigned to the new classification until the bargaining unit assignment is either agreed to by the parties or finally resolved through PERB unit modification procedures, although the duties associated with the position may be assigned to the affected employees.
- b. If the inclusion of a new class within the bargaining unit covered by this Agreement is agreed to by the parties or found appropriate by PERB, the University shall assign a pay rate to the class.
- c. Assignment by the University of the pay rate to a new class as indicated above shall be consistent with the existing compensation and classification methodologies utilized by the University at the time of the assignment.

- d. If the new classification is in the bargaining unit in accordance with the provisions of this Section, the University shall notify the Union of the proposed range and ancillary pay practice to be implemented. If the Union notifies the University within thirty (30) calendar days of receipt of the notice it wishes to bargain the change(s), the parties shall meet and confer regarding the salary range and ancillary pay practices for the classification. Meet and confer shall commence no later than thirty (30) calendar days following the Union's request, unless the parties agree otherwise.

2. Outside of the Bargaining Unit

If the University proposes to create a new staff, non-patient-care, non-managerial, non-supervisory, or non-confidential classification and title outside of the bargaining unit, the University shall provide written notice to the Union, including the classification's bargaining unit assignment, if any, at least forty-five (45) calendar days before the proposed date of implementation. Within thirty (30) calendar days of receiving notice, the Union may request that the University identify the number of employees who will be placed in the classification and provide a statement of the classification's duties, functions, qualifications, and any other relevant factors.

- a. The Union shall notify the University within forty-five (45) calendar days of receiving notice that it intends to contest the proposed bargaining unit assignment. If the Union contests the assignment, the parties will meet and confer in an effort to reach agreement on the bargaining unit assignment for the classification.
- b. If the parties are unable to reach agreement, the dispute shall be submitted to PERB pursuant to Regulation 32781(a)(2) for resolution.

G. ABOLITION OF CLASSIFICATION

The University will provide the Union with sixty (60) calendar days notice of its intent to abolish a classification within the bargaining unit. The notice to the Union shall include a statement of the reason(s) for the abolition. Upon written request from the Union, the parties will meet and confer at least thirty (30) calendar days before the intended date of implementation unless the parties agree otherwise.

The University shall not abolish the classification unless the parties have reached agreement through the meet and confer process or conclusion of the impasse process.

H. EXPEDITED ARBITRATION

1. Disputes arising under Section E.3 above are subject to the grievance/arbitration procedure as modified by the expedited process in this Section.
2. In the event that such a grievance is not settled at the Step 2 meeting, the Union may submit the grievance directly to arbitration for an expedited hearing upon receipt of the Step 2 response, or the date the Step 2 response would have been due.

3. Expedited arbitration hearings shall be held on a mutually agreeable date, as close to fourteen (14) calendar days from the date of the arbitration submission as possible. Such arbitrations concerning this Section shall be conducted in a one-day hearing including closing statements, without court reporter's transcripts or post-hearing briefs. The arbitrator shall provide a bench decision, which becomes effective immediately, and provide a written opinion and award.

ARTICLE 02 - APPOINTMENTS

- A. Career appointments are established for a fixed or variable percentage of time at 50% or more FTE and are expected to continue for one year or longer.
- B. Partial-year appointments are career appointments established with regularly scheduled periods during which the incumbents remain employees but are not at work. These scheduled periods during which employees are not at work are designated as furloughs and are without pay.
 - 1. Furlough periods are not to exceed a total of three (3) months in each calendar year. Partial-year positions shall be established as 9, 10, or 11 month positions.
 - 2. When calculating time in pay status during a calendar year the University shall include any period of time for which an employee receives pay for time worked, or for time on paid leave. Paid leave time includes compensatory time off, sick leave, extended sick leave, vacations, holidays, or military leave with pay. Lump-sum payments for terminal vacation do not represent time on pay status
 - 3. Employees with partial-year career appointments may choose either to receive paychecks during pay periods worked only, or to distribute their pay so that they will receive twelve (12) (or the biweekly equivalent) paychecks throughout the year. Employees who occupy partial-year career positions and who elect the pay-over-twelve (12) months option must occupy the partial-year career position at least nine (9) months (or the biweekly equivalent) before receiving pay during the furlough period.
 - 4. An employee in a designated partial-year career appointment shall be provided the University's contribution to the cost of applicable University-sponsored benefits in accordance with the provisions of Article 34 – University Benefits. For health plans which require an employee contribution, employees on furlough must remit the amount of the employee's contributions in accordance with the applicable plan rules to remain in force.
 - 5. Benefit coverage, including all types of insurance coverage, shall be in accordance with applicable plan rules.
 - 6. Time on furlough does not constitute a break in service; however, it is not qualifying time for vacation leave, sick leave, holiday pay, or service computation for seniority or retirement.
 - 7. The reassignment of an employee in a full-time career position to a partial-year position or to a part-time position at a fixed or variable percentage of time shall be considered a reduction in time and must be carried out in accordance with the provisions of Article 12 – Layoff and Reduction in Time.
- C. Limited appointments are established at any percentage of time, fixed or variable, during which the appointee is expected to be on pay status for less than one thousand (1,000) hours in a rolling 12-month period.
 - 1. In the event that a limited appointment employee attains 1,000 hours of qualifying service within a rolling 12-month period, without a break in service of at least 120 consecutive calendar days, the incumbent's appointment shall convert to career.

- a. Qualifying service includes all time on pay status in one or more limited appointments at the location. Pay status shall not include on-call or overtime hours.
- b. Such career conversion shall be effective on the first day of the month following attainment of 1,000 hours of qualifying service.
- c. Any break in service of 120 consecutive calendar days or longer shall result in a new 12-month period for purposes of calculating the 1,000-hour requirement.
- d. Employees in limited appointments may be released or have their time reduced at the sole discretion of the University. An employee in a limited appointment will be automatically released as of the last day of the appointment unless there is an earlier separation or formal extension of the appointment.
- e. Employees in limited appointments are at will, except that the University will not terminate limited appointment employees for the sole purpose of denying them career status. An allegation that a limited appointment employee is terminated for the sole purpose of denying career status is grievable and arbitrable.
- f. The automatic conversion to career status, as provided in Section C.1 above, will not occur when one or more of the following occur:
 - i. A limited appointee is hired to replace an employee on leave that exceeds 1,000 hours. If the employee on leave does not return from leave, the limited appointee shall be converted to career retroactive to the first of the month following attainment of 1,000 hours; except that nothing in this subparagraph precludes the University from releasing the limited appointee prior to the anticipated return date of the employee on leave.
 - ii. The employee was hired specifically to work on a short-term project lasting no more than one year or the position into which the employee is hired is not an "ongoing" position, in that the position is established and funded for 18 months or less at any percent of time. In the event the position is funded beyond 18 months, the limited appointee shall be converted to career retroactive to the first of the month following attainment of 1,000 hours; except that nothing in this Subparagraph precludes the University from releasing the limited appointee prior to the effective date of the funding extension.

D. Temporary employment pools or programs (TEP) are established and operated by locations' human resource departments to serve staffing needs at the sole discretion of the University.

1. The primary goal of the temporary employment program (TEP) is to provide immediate administrative and technical support services to the University departments. Departments utilize TEP employees to complete special projects, to respond to workload fluctuations that are unusual or episodic in nature, to fill in for employees who are on leave, or to fill in during a recruitment period.
2. A second goal is to provide the locations with a viable source of candidates for its career and limited appointments.

3. Individuals employed in temporary employment pools shall be appointed to a floater appointment.
 - a. A “floater appointment” is an appointment reserved for use in temporary employment pools, established at any percent of full time up to thirty-six (36) months in duration.
 - b. A floater appointee is not a career, limited appointment, or per diem employee.
 - c. A floater appointee is “at will” and may be released from a temporary employment pool without just cause. Receiving a floater appointment is not a guarantee of work. Floater appointees may be scheduled or not scheduled or released from any assignment at the University’s sole discretion.
 - d. Upon the commencement of a floater appointment, the floater appointee will receive a letter advising them that, although a floater appointment may be terminated at any time, floater appointments may not be extended beyond thirty-six (36) months. The letter will further inform the floater appointee that if they choose not to be available for work for a period of 120 days or more, they can notify the University in advance, ending their appointment and taking a break in service. The letter also will inform the floater appointee that they must reapply in order to be readmitted to the TEP.
 - e. The parties agree that the utilization of floater appointees in accordance with Sections D.1 or D.2 above are a permissible use of TEP employees. The parties further agree that it is a misuse of the TEP program to utilize a floater appointee in the same assignment in the same department doing the same work for more than 1,500 hours in twenty-four (24) months. Further, the use of successive floaters in the same assignment in the same department doing the same work shall create an inference that the University’s use of floaters is not consistent with Sections D.1 or D.2. The following exclusions apply:
 - i. Exclusion One: Floater appointees may serve for more than 1,500 hours in one floater assignment if the floater appointee is assigned to replace an employee on leave that exceeds 1,500 hours. If the employee on leave does not return from leave, the floater appointee shall be converted to career retroactive to the first of the month following attainment of 1,500 hours, except that nothing in this Subparagraph precludes the University from releasing the floater appointee from the assignment prior to the anticipated return date of the employee on leave.
 - ii. Exclusion Two: Floater appointees may serve for more than 1,500 hours in one floater assignment if the position into which the floater appointee is assigned is not an “ongoing” position, in that the position is established and funded for eighteen (18) months or less at any percent of time. In the event the position is funded beyond eighteen (18) months, the floater appointee shall be converted to career retroactive to the first of the month following attainment of 1,500 hours; except that nothing in this subparagraph precludes the University from releasing the floater appointee from the assignment prior to the effective date of the funding extension.
 - f. A floater appointee does not work 1,500 hours or more in any one assignment within the meaning of this Article (even if the floater appointee accrues a total of 1,500 or more hours during their floater appointment), if the 1,500 hours is accrued as a result of working in several short-term assignments.

4. Conversion to Career

- a. If a floater appointee is allowed to serve in their floater appointment for a period of more than thirty-six (36) months without a break in University service of one-hundred twenty (120) consecutive calendar days, the floater appointee shall be converted to a career appointment on the first day of the month following completion of the 36-month floater appointment.
- b. If a floater appointee has a break in University service for a period of 120 consecutive calendar days, that individual may be re-hired into a new floater appointment.
- c. If during their 36-month floater appointment, a floater appointee serves in one floater assignment in the same department doing the same work for more than 1,500 hours, they shall be converted to a career appointment on the first day of the month following completion of 1,500 hours in one assignment, unless one or both of the exclusions enumerated in Sections D.3.e.i or D.3.e.ii of this Article are applicable.
- d. A floater appointee who automatically converts to a career appointment because they have worked at least 1,500 hours in the same position in the same department shall receive three (3) months credit applied against the probationary period of the new career appointment.
- e. Nothing in this Article shall otherwise prevent a floater appointee from attaining a career, limited appointment or other position through the recruitment process or other processes.

5. Employees in floater appointments will receive Health and Welfare benefits in accordance with University Benefit Eligibility rules. DCP contributions shall be required.

6. Floater appointees are assigned to title codes covered by this Agreement and are covered by the following Articles of this Agreement: Recognition, Appointments, Health and Safety, Holidays, Leaves of Absence Section C.1, Management Rights, New Technology, No Strikes/No Lockouts, Non-Discrimination in Employment, Parking and Transit, Personnel Files, Reasonable Accommodation, Respectful Work Environment, Sea Pay, Severability, Sick Leave, Travel Reimbursement, Union Access and Rights, Union Security, Vacation Leave, Wages, Waiver, Work-Incurred Injury or Illness, Workload/Hours of Work, Workspace Materials, and Duration. Floater appointees may use the grievance and arbitration procedures of this Agreement only to the extent provided in the applicable portions of the Articles identified in this Section. An allegation that a floater appointee has been utilized in a manner inconsistent with Section D.1 or D.2 shall be grievable and arbitrable.

7. The University shall notify the Union at least forty-five (45) calendar days prior to establishing a temporary employment pool (TEP) operated by the human resources department at a location that does not have an existing TEP as of the ratification date of this Agreement. Upon receipt of a timely written request from the Union, the location shall meet and confer regarding the establishment of the temporary employment pool prior to implementation.

8. Employment Information Lists

- a. The University shall continue to post on its FTP site, information for all floater appointees. The information shall include, but not be limited to, the type of information posted as of the ratification date of this Agreement.
 - b. In addition to the information posted on the FTP site, within 90 days following the ratification date of this Agreement, locations with floater appointees shall provide the Union with the following information for all individuals in floater appointments: lived name, assignments held within preceding six (6) month period and number of hours worked in each assignment. Thereafter, the locations with floater appointees shall provide this information to the Union on a quarterly basis.
- E. Per diem appointments exist only in the Health Educator series and are established at any percentage of time regardless of the duration of the appointment and are neither career nor limited appointment employees. The University agrees to provide forty-five (45) calendar days notice to the Union and, upon request, meet and confer prior to expanding per diem appointments to a series where such appointments do not currently exist. Requirements for maintaining per diem employee status are established by the University and may vary at each location. Standards of the University's position descriptions must be met as follows:
 1. Per diem employee work assignments shall complement career and limited appointment employees on a pre-scheduled basis or as needed on a day-to-day basis, as determined by the University. Per diem employees may be scheduled or not scheduled, or called off from a pre-established schedule. Additionally, a per diem employee's eligibility for scheduling may be discontinued at any time at the sole discretion of the University.
 2. In accordance with Article 27 – Sick Leave, per diem appointments receive eight (8) hours of sick leave per calendar year and do not accrue sick leave. This sick leave will be credited and available for use on the next working day following the employee's first monthly or quadriweekly pay cycle. A new allotment of eight (8) hours of sick leave is subsequently provided each January 1 thereafter. Eligible employees with per diem appointments will carry over any unused sick leave from one year to the next, except that the maximum amount of sick leave that an eligible employee with a per diem appointment can have at any time is sixteen (16) hours. Eligible employees with per diem appointments may use up to a maximum of sixteen (16) hours of sick leave in a calendar year.
 3. A per diem employee who is injured on the job may apply for Workers' Compensation in accordance with Article 38 – Work-Incurred Injury or Illness.
 4. Per diem employees are not eligible for benefits under Article 34 – University Benefits. Per diem employees are not eligible for paid time off such as vacation, sick leave (with the exception of sick leave provided in accordance with Section E.2, holidays, leaves of absence, or educational leave.
 5. Per diem employees are covered by the following Articles of this Agreement: Recognition, Appointments, Health and Safety, Management Rights, No Strikes/No Lockouts, Non-Discrimination in Employment, Reasonable Accommodation, Respectful Work Environment, Union Access, and Rights, Union Security, Wages, Waiver, Work-Incurred Injury or Illness, Workload/Hours of Work, Workspace Materials, and Duration. Per diem employees may use the grievance and arbitration procedures of this Agreement only to the extent provided in the applicable portions of the Articles identified in this Section.

F. All contract employees will be converted to career or limited status employees within one hundred and twenty (120) days of ratification of this Agreement. Subsequently, newly-hired employees shall not be placed into contract appointments.

1. Employees who have attained 1,000 hours of qualifying service within a rolling 12-month period, without a break in service of at least one-hundred twenty (120) consecutive calendar days, shall have their appointment converted to a regular career position. All remaining contract employees will be converted to limited appointments and will be subject to this Article.
2. Hours for determination of eligibility for conversion to career or limited appointment shall include hours of qualifying service in the rolling twelve (12) month period immediately preceding the ratification date of the Agreement.
3. Qualifying service includes all time on pay status in one or more contract appointments at the location. Pay status shall not include on-call or overtime hours.
4. Under no circumstances shall the effective date of conversion to limited or career under this Article be earlier than the ratification date of the Agreement.
5. A contract employee who has met the criteria in Section F.1 for conversion to career status and who has worked in the same contract appointment in which they are directly converted will have such time in that appointment applied against the probationary period for the new career appointment. For the purposes of this provision, "same appointment" means an appointment in the same department/unit and with the same duties as the appointment to which the individual was assigned prior to conversion, and which reports to the same supervisor as did the previous contract appointment.
6. An employee in a contract appointment who has at least six (6) months of continuous service at fifty percent (50%) time or more in a contract appointment who is converted in accordance with Section F.1 to a career position with substantially similar job duties shall have three (3) months service credit toward completion of their probationary period in the new career position.

G. EMPLOYMENT INFORMATION FOR CONVERTED EMPLOYEES

Upon conversion from contract, limited, or floater appointments to a career appointment, the University shall provide employees with Employment Information as outlined in Article 05 – Employment Information no later than seven (7) business days after the effective date of conversion.

ARTICLE 03 - DEFINITIONS

Sole Discretion: The non-grievable, non-arbitrable authority of the University of California.

ARTICLE 04 - DISCIPLINE AND DISMISSAL

A. GENERAL PROVISIONS

1. The University shall have the authority to discipline or dismiss a non-probationary career employee for just cause.
2. The University may discipline an employee by written warning, suspension without pay, disciplinary demotion, disciplinary recall, or dismissal. At least one (1) written warning (and where appropriate additional progressive discipline) shall precede any other discipline, except when discipline is the result of serious misconduct that an employee knows or reasonably should have known was unacceptable. Such serious misconduct may include but is not limited to dishonesty, theft or misappropriation of University property, job abandonment (defined as five (5) consecutive unexcused absences from work), fighting on the job, insubordination, or acts endangering others.
3. Definitions of Disciplinary Actions
 - a. Written Warning: A communication that informs the employee of the nature of the misconduct or deficiency, the method of correction, and the probable consequence of continued misconduct or deficiency.
 - b. Suspension: Removal without pay from work responsibilities for a stated period of time. Unless otherwise noted, the terms of a suspension will include loss of normal employee privileges such as access to University property and parking and library privileges.
 - c. Disciplinary Demotion: The movement of an employee to a lower classification with a corresponding reduction in salary and reassignment to work of lower level duties and responsibilities, based on a demonstrated failure to meet the performance standards of the higher classification.
 - d. Disciplinary Recall: When an employee's remote work agreement is modified for a performance-based concern.
 - e. Dismissal: Termination of employment initiated by the University.
4. Corrective actions, including but not limited to verbal counseling, counseling memoranda and/or written records of discussions between an employee and their supervisor/manager, in and of themselves, are not discipline and are not grievable.

B. INVESTIGATORY LEAVE

1. Investigatory leave is not a form of discipline. Investigatory leave is a type of paid leave where an employee is immediately, temporarily relieved of all work duties and removed from the premises while the University investigates allegations of misconduct, dereliction of duty, or potential violations of policy.

2. The University may place an employee on immediate investigatory leave with pay, without prior written notice, for the purpose of reviewing or investigating allegations of misconduct, dereliction of duty, or potential violations of policy which would warrant relieving the employee immediately from all work duties and removing the employee from the premises.
3. While on paid investigatory leave, the employee, upon reasonable notice of not less than twenty-four (24) hours, must be available during their regularly scheduled workday to cooperate with the University's investigation.
4. The investigatory leave shall be documented in writing after it is instituted and the University shall provide the written confirmation to the employee and the Union at contractenforcement@uaw4811.org no later than two (2) business days after the leave begins. The written notice shall include the reason(s) for the leave and the expected duration of the leave.
5. On conclusion of the investigation, the employee and the Union at contractenforcement@uaw4811.org shall be informed in writing of the disciplinary action, if any, to be taken.
6. Violation of terms of the investigatory leave could create independent grounds for discipline or dismissal.

C. RECORDS OF DISCIPLINE

1. A copy of any disciplinary actions shall be placed in the employee's personnel file. If there is no recurrence of the same or similar misconduct for a period of two (2) years from the date of issuance of written records or notices related to disciplinary action (e.g. written warnings, notices of intent, or other formal disciplinary documentation), such records will not be used or relied upon to take or support disciplinary action. This material shall be removed from the personnel file and returned to the employee upon written request to the location's labor relations office.
2. The University has a management right to determine work location, as set forth in Article 15 – Management Rights.
2. This Article covers:
 - a. The complete effects agreement and process for changes to written individual flexible work agreements covering individual employees, whether that agreement is part of a broader location policy or not; and

Decisions, changes and modifications to reasonable accommodations are solely covered by Article 23 – Reasonable Accommodation.
8. For grievances alleging a violation of this Article, the arbitrator may not substitute their judgement for that of the University regarding the operational and business need for the change in work location, but will exclusively determine whether the procedures and standards in Sections B and C of this Article have been followed, and order a corresponding remedy.

B. PROCEDURE

1. Right to Request – Employee Initiated Change

- a. Employees may request a new or modified flexible work agreement.
- b. When an employee requests a new flexible work agreement or modification to an existing flexible work agreement, the supervisor and employee shall meet within fifteen (15) calendar days to discuss and evaluate the request per Section B.3.

Notices must include the reason for and the duration of the change.
 - i. The employee may appeal to their supervisor or other designated University official when the University initiates a modification of the employee's flexible work agreement. The appeal process does not extend the forty-five (45) calendar day notice period for implementation of the modification unless the employee and supervisor or designee mutually agree to an extension.
 - ii. When an employee appeals a University-initiated modification to an existing, flexible work agreement, the supervisor and employee shall meet within fifteen (15) calendar days to discuss and evaluate the modification per Section B.3.
 - iii. The University shall respond in writing to the request within thirty (30) calendar days of the employee-supervisor meeting, with a copy to the Union, and shall detail the reasons for the decision per Section B.3.
- b. The University may require a temporary adjustment to flexible work agreements based on operational or emergency needs. Operational needs include but are not limited to on-site projects, on-site retreats or meetings, or other all-hands days. These temporary changes will be made in writing, with at least forty-eight (48) hours notice, or with as much notice as feasible with due consideration that sudden schedule changes can be disruptive and difficult for an employee. Temporary adjustments to flexible work agreements will generally not exceed five (5) days in length.
- c. When the University initiates a change to a policy or program for flexible work arrangements that impacts twenty (20) or more employees, it will notice the Union at least ninety (90) calendar days prior to the effective date of the policy, providing the Union with an opportunity to bargain the effects on terms and conditions as defined under HEERA that go beyond the effects already provided for in this Article (i.e. notice and relocation). The Union agrees to respond to the University's notice with an initial

list of additional effects and times that the parties can meet within fifteen (15) calendar days of the date of the University's notice.

 - ii. Do not put the employee on notice that return to office is expected; or
 - iii. Do not indicate that the flexible work arrangement may be revoked by the University at its discretion.

2. Process

- a. If the University initiates a change to an employee's fully remote flexible work agreement that would reasonably require the employee to relocate, the University shall provide at least one hundred twenty (120) days' notice.
- b. Should the employee separate from the University due to the change in on-site requirements from a fully remote status, the separation will be considered a layoff per the terms of Article 12 – Layoff and Reduction in Time.
- c. Should the employee agree to relocate within fifty (50) miles of the new home work location, the University may reimburse up to three thousand dollars (\$3,000) of moving expenses subject to the rules set forth in Presidential Policy G-13 to alleviate the financial burden of relocating.

3. This provision does not apply to changes to flexible work arrangement when the changes are based on documented performance concerns or corrective action.

ARTICLE 10 - IMMIGRATION

- A.** No employee covered by this Agreement shall suffer any loss of seniority or compensation due to any legal changes in the employee's name or social security number.

In the event that the University is served with a validly executed warrant or subpoena, the University shall arrange for the questioning of employees to occur in as private a setting as possible in the workplace. - F.** In the event that an employee is not authorized to work in the United States of America and the employee's employment is terminated for this reason, the University agrees to meet with the Union and the employee to make reasonable efforts to re-employ the employee as soon as is practicable provided the employee can demonstrate that they have re-obtained valid work authorization within fifteen (15) business days after termination.
- G.** Should any change in laws or regulations relevant to these procedures, including, but not limited to, repeal of Consideration of Deferred Action for Childhood Arrivals (DACA), rescission of Temporary Protected Status (TPS), travel bans, or any other change in immigration law or regulations or a court ruling that sets forth any new interpretation pertaining to these procedures occurs, the parties shall meet at the Union's request, in accordance with Section I below, to determine whether any adjustments to these procedures are necessary to comply with the new legal requirements. Such representatives will be released from work in a without-loss-of-straight-time pay status to attend the scheduled meeting(s) provided the Union has given the University at least seven (7) calendar days written notice of their designation. In the event that the designated Union representative cannot attend such a meeting due to exigent circumstances, an alternate representative shall not unreasonably be denied from attending such a meeting. The parties may mutually agree to allow additional unit employees to attend the meetings and may, by mutual agreement, agree to place those attendees in a without-loss-of-straight-time pay status while in attendance at the meeting(s).
3. The agenda of the meeting(s) shall be determined by mutual agreement of the parties at least seven (7) calendar days prior to the scheduled meeting date, provided that additional items may be added within seven (7) days of the meeting or during the meeting itself by mutual agreement of the parties.

C. AGENDA ITEMS

The University shall not unreasonably deny members release time to attend the meeting(s).

ARTICLE 12 - LAYOFF AND REDUCTION IN TIME

A. GENERAL PROVISIONS

1. The University has the sole discretion to determine whether and when layoffs or reductions in scheduled work hours are necessary, the departments affected, and the duration of such actions in accordance with this Article.
2. Within thirty (30) days of ratification, the University shall provide the Union with the layoff units.
3. When the University determines that there is to be a change in a layoff unit within the bargaining unit, it shall give the Union advance notice of at least forty-five (45) days and upon request shall meet and discuss such proposed changes.
4. These provisions only apply to career non-probationary appointments as defined in Article 02 – Appointments.

B. DEFINITIONS

1. A layoff is an involuntary:
 - a. separation of an employee from employment as implemented in accordance with the provisions of this Article, or
 - b. reduction in the appointment rate of an individual employee.
2. For the purposes of this Article, seniority shall be calculated by full time-equivalent months (or hours) of University service. Employment prior to a break in service shall not be counted. When employees have the same number of full-time equivalent months (or hours), the employee with the most recent date of appointment is the “junior” employee.
3. Layoff Units
 - a. The University shall determine the layoff unit(s) at each location and which classifications are to be subject to layoff. The layoff units, once identified by the University, shall include all employees within a given classification at a location within the layoff unit.
4. Temporary Layoff or Reduction in Scheduled Work Hours

A temporary layoff or reduction in scheduled work hours is defined as a full or partial reduction in work hours or separation from employment for a definite period of time, not expected to exceed a cumulative total of one-hundred twenty (120) calendar days from the date of the layoff.

5. Indefinite Layoff or Reduction in Scheduled Work Hours

An indefinite layoff or reduction in scheduled work hours occurs when the reduction or separation has no defined end date.

C. NOTICE REQUIREMENTS

1. Temporary Layoff or Reduction – Employees subject to temporary layoff or reduction in time shall receive at least 15 calendar days advance written notice or pay in lieu of service. In the event of a temporary layoff, the employee will be provided the expected beginning and ending dates of the layoff.
2. Indefinite Layoff or Reduction – Employees subject to indefinite layoff or indefinite reduction in scheduled work hours shall receive at least sixty (60) calendar days' advance written notice. The University may pay up to thirty (30) days of the sixty (60) days' notice period in lieu of notice.
3. If a temporary layoff or reduction in time is to be converted to an indefinite layoff or indefinite reduction in time, the procedures for indefinite layoff or indefinite reduction in time will apply.
4. The University will provide the Union with a copy of the layoff communications provided to employees referenced in this Section.
5. In the event of an anticipated indefinite layoff of five (5) or more full-time equivalent (FTE) employees on the same effective date in the same layoff unit, the University will give forty-five (45) calendar days' notice to the Union prior to the effective date of the layoff. Upon timely request, the University and Union will meet with the goal of finding alternatives to layoff.

D. ORDER OF LAYOFF OR REDUCTION

1. If, in the judgment of the University, budgetary or operational considerations make it necessary to curtail operations, reorganize, reduce the hours of the workforce and/or reduce the workforce, staffing levels may be reduced in accordance with this Article.
2. Temporary Layoff or Reduction – An employee may be temporarily laid off or temporarily reduced in time irrespective of special skill, knowledge, or ability, seniority or classification.
3. Indefinite Layoff or Reduction – The order of indefinite layoff of career, non-probationary employees shall be in inverse order of seniority within a layoff unit.
 - a. With regard to indefinite layoff only, the order of indefinite layoff of career, non-probationary employees in the same classification within a layoff unit shall be in inverse order of seniority except that the University may retain, at its discretion, career, non-probationary employees irrespective of seniority who possess special knowledge, skills or abilities which are not possessed by other employees in the same classification, which cannot be learned in less than six (6) months, and which are necessary to perform the ongoing functions of the layoff unit. If an employee with less seniority is to be retained, the University shall notify the Union in advance of the layoff date and in writing of the special knowledge, skills and abilities which support the retention of the less senior employee.
 - b. Regardless of seniority, the department may elect to invite all bargaining unit employees in the same class within a layoff unit to volunteer for layoff. In that case, the Union shall be notified of the invitation at the same time the invitation is transmitted

to employees. The Union shall also be informed of the identities of volunteers before the layoff occurs.

E. ALTERNATIVES TO LAYOFF

1. The University may, at its discretion, offer an employee another career position at the same location for which the employee is qualified at the same or greater percentage of time and at the same or higher rate of pay.
2. Alternative options to layoffs, if any, not identified in this Article, may be discussed by the parties upon request by the Union. Such discussions shall not delay the scheduling and implementation of any layoffs.

F. REEMPLOYMENT FROM INDEFINITE LAYOFF OR REDUCTION

1. A career employee, upon receiving notice of an indefinite layoff or reduction in time, shall have recall rights and preferential reemployment status, unless they elect to receive severance pay per Section F.6 below.
2. Recall Rights – An employee with recall rights has the right to be recalled into any active and vacant career position for which the employee is minimally qualified when the position is in the same classification, same layoff unit, and at the same or lesser percentage of time as the position held at the time of layoff. Bargaining unit members will be recalled within their layoff unit in order of seniority, with the most senior returning first. Recall rights are for three (3) years from the date of layoff.
3. Preferential Reemployment – An employee with preferential reemployment status shall receive preferential consideration for any active and vacant career position when the position is at the same location, at the same or lower classification, and at the same or lesser percentage of time provided the employee is minimally qualified to perform the duties and responsibilities assigned to the position. First consideration for preferential rehire shall be given to employees who are on layoff status (not currently employed by the University) and who were laid off from the same department where the vacant position exists.
 - a. The time available to an employee for preferential reemployment is based on seniority as follows:
 - i. Less than five (5) years of seniority will have preference for reemployment for one (1) year from the date of layoff.
 - ii. At least five (5) years but less than ten (10) years of seniority will have preference for reemployment for two (2) years from the date of layoff.
 - iii. Ten (10) years or more of seniority will have preference for reemployment for three (3) years from the date of layoff.
4. Trial Employment Period – An employee who is recalled or rehired under preference for reemployment may, upon prior written notification, be required to serve a trial employment period of up to six months upon recall or rehire. An employee who is required to serve a trial employment period may, at any time during the trial employment period, return to layoff status at the employee's or at the department head's discretion. Time spent in trial

employment will not count against the period of eligibility for recall preferential rehire. Time on leave, with or without pay, is not qualifying service for the completion of the trial employment period.

5. Termination of Reemployment Rights

- a. An employee's rights to recall and preference for reemployment terminate when the employee accepts any career position and passes the trial employment period, if required.
- b. These rights also terminate if the employee refuses to be recalled, refuses a preferential job offer at the same or higher salary and same percentage of time, fails to respond to a written notice of an employment opportunity within ten (10) calendar days, refuses two (2) offers of employment for a career position at the same or higher salary and same percentage of time as the position held at the time of layoff, elects to receive severance pay in lieu of preferential rehire and recall rights, or resigns.

6. Severance Pay – A career employee who has received notice of indefinite layoff may elect, in writing, to receive severance pay in lieu of preferential rehire and recall rights within fourteen (14) calendar days of receipt of the notice of layoff. Election is irrevocable. The University shall offer severance in lieu of preferential rehire and recall rights to all employees in the same layoff unit who receive notice for indefinite layoff. Severance pay shall be in accordance with the following:

- a. Payment – An employee who elects severance pay in lieu of preferential rehire and recall rights shall be paid a lump sum as follows:
 - i. An employee who elects severance pay in lieu of preference for reemployment and the right to recall shall be paid a lump sum amount of one week (5 workdays) of salary for each full year of service from the most recent break in service, up to a maximum of sixteen (16) weeks of base pay.
 - ii. Employees who are laid off following a reduction in time that occurred within sixty (60) calendar days of the layoff notice shall be eligible for severance on the basis of their percentage of appointment just prior to their reduction in time.
 - iii. This section shall not apply to temporary layoff or reduction in time.
 - iv. Failure to make an election as provided in Section F.5 will result in the employee receiving preferential rehire and recall rights and extinguish the right to severance pay.
- b. Repayment – An employee who has received severance pay under this provision and who returns to work in a career position with the University at the same or higher salary and same percentage of time as the position held at the time of layoff shall repay to the University the portion of severance pay received that exceeds the time the employee was laid off.

7. Continuity of Service

- a. Reemployment within the period of right to recall and preference for reemployment or from temporary layoff provides continuity of service.
- b. Benefits and seniority accrue only when on pay status.
- c. Additional definitions can be found in Article 30 – Transfer, Promotion, and Reclassification, Section C.2.
- d. A layoff of one-hundred twenty (120) calendar days or less does not constitute a break in service.

ARTICLE 13 - LEAVES FOR UNION BUSINESS

A. GENERAL PROVISIONS

1. Employee Eligibility for Leave

For each location with more than five hundred (500) bargaining unit employees, the University shall grant no more than two (2) employee bargaining unit representatives paid reimbursed leave or reduction in time for Union business per calendar year (522 days total) without loss of compensation. However, only one (1) employee shall be released per department per leave. For each location with less than or equal to five hundred (500) bargaining unit employees, the University shall grant no more than one (1) employee bargaining unit representative paid reimbursed leave or reduction in time for Union business per calendar year (261 days) without loss of compensation. The University may postpone the leave when it can demonstrate compelling business needs.

2. Pay Status

During the paid reimbursed leave, the employee shall be paid by the University and shall continue to accrue service credit, and shall retain all benefits to which the employee was entitled prior to the start of the leave. Employee benefit contributions will continue to be deducted during the leave.

- a. During the paid reimbursed leave, the employee shall be eligible for increases in accordance with local practices.
- b. Any leave granted in accordance with this section shall not constitute a break in service.
- c. During the paid reimbursed leave, the employee shall not be eligible for Workers Compensation benefits arising out of an injury occurring during the leave from the University. While on paid reimbursed leave, University employees shall be covered by the Union's Workers Compensation carrier.

3. Union Reimbursement

The Union shall reimburse the University for actual costs of employee compensation, including salary plus all benefits paid to the employee for the time the employee is on leave without loss of compensation. The Union shall submit payment to the University within thirty (30) days of receipt of confirmation of payment to the employee. The University has the right to terminate the leave if the Union fails to provide timely payment. The University will bill the Union within six (6) months of usage of leave for Union business.

4. Long-Term Leave of Absence

Upon at least thirty (30) calendar days advance written request to the local labor relations office from the Union and the employee, no more than one (1) employee bargaining unit representative per department per location shall be granted a leave of absence to engage in Union business pursuant to Section A.1 above. The duration of the leave of absence shall be specified at the time the employee commences the leave. No such leave shall be granted unless the written request specifies the duration of the leave.

- a. Such leaves of absence shall be for a period of not less than thirty (30) calendar days. In no situations shall the leave of absence be granted for a period of more than three (3) years.
- b. The University, due to operational requirements, may postpone the date such leave of absence is scheduled to begin.

5. Short-Term Leave

Subject to operational considerations, upon at least thirty (30) calendar days written request to the local labor relations office from the Union and the employee, no more than one (1) employee bargaining unit representative per department per location, pursuant to Section A.1 above, will be granted a leave of absence for Union business for not less than two (2) days and not longer than twenty-nine (29) days. At the employee's discretion, such leave may instead be charged to accrued vacation time or compensatory time off. Requests for this short-term leave shall not be unreasonably denied.

6. One Day Leave

Upon fourteen (14) calendar days' advance notice to their supervisor, with a copy to the local labor relations office, no more than (1) designated local Union officer and/or local employee representative, per department, per location, who are employees shall be granted one (1) day of paid reimbursed leave for Union business, subject to the operational needs of the University. At the employee's discretion, such leave may instead be charged to accrued vacation time or compensatory time off. Permission for such leave shall not be granted for a period of less than one (1) day, and such permission shall not be granted to any individual officer or employee representative more than once per month.

7. Reduction in Time

The University will approve requests from employees for temporary reductions in time for up to three (3) calendar years for Union business. No more than one (1) employee, bargaining unit representative per department per location shall be granted a reduction in time to engage in Union business, pursuant to Section A.1 above. Requests for reduction in time will not be unreasonably denied.

8. Attendance at Local Union Meetings

Upon seven (7) calendar days advance written notice to their supervisor, local Union officers and local employee representatives included on the list provided to the University by the Union, as set forth in Section D.2 of Article 32 – Union Access and Rights, shall be granted time off without pay or, at the employee's option, such time would be charged to accrued vacation time or compensatory time off, to attend local Union meetings. Approval for such leave shall not be granted for a period to exceed four (4) hours and such approval shall not be granted to any individual employee more than once per month. The supervisor may grant additional time over four (4) hours on a case-by-case basis. The granting of such approval to local employee representatives and officers shall be subject to the operational needs of the University and may be granted to one (1) or more but not necessarily all such employees on the same shift in the same operational area. Such approval shall not be unreasonably denied.

B. RETURN FROM LEAVE

1. The University shall not be required to return an employee on a leave of absence for Union business prior to the return date specified at the start of the leave.
2. For leaves longer than sixty (60) days, at least thirty (30) calendar days prior to the completion of the long-term leave of absence, the Union shall notify the University of the employee's intent to return to University employment and the employee shall likewise so advise the University. For long-term leaves of sixty (60) days or less, at least fifteen (15) days' notice shall be required if the requested return date is other than the return date specified at the start of the leave.
3. Upon return, the employee shall be placed in the same position from which the employee took the leave of absence and at the rate of pay which would place the employee at the same relative position in the range for the position as that range exists when the employee returns. Placement of the employee in their previous position shall be consistent with staffing reductions and/or layoffs which may have occurred during the period of the paid reimbursed leave.

ARTICLE 14 - LEAVES OF ABSENCE

A. GENERAL LEAVE PROVISIONS

The University's policy is to administer requests by employees for time off from work fairly and to treat similarly situated employees consistently. Eligibility and leave entitlements vary under the Family and Medical Leave Act (FMLA), the California Family Rights Act (CFRA), and other legislated leave provisions. If applicable state or federal law requires the University to offer any leave in a manner that would be more generous to employees than is currently provided in this Article, the University will comply with the law.

In determining whether time off or a leave request should be granted and whether paid leave is appropriate, supervisors should, at a minimum, consider the reason for the request, any applicable provisions of this Agreement, and, if appropriate, the impact the absence will have on University operations. Employees are responsible for informing their supervisors in advance of the need to take time off if foreseeable, or as soon as possible under the circumstances, depending on the nature of the leave.

Family members: Except for purposes of FML, an employee's spouse, domestic partner, children regardless of age or dependency status (including children of the employee's domestic partner), parents, siblings, grandparents, and grandchildren. Step-relatives, in-laws, and relatives by adoption are included on the same basis as the above-listed blood relatives. "Parent" also includes a foster parent or legal guardian of an employee or the employee's spouse or domestic partner or a person who stood in place of a parent (*in loco parentis*) when the employee was a minor child. Likewise, "child" also includes a foster child, legal ward, or a child to whom the employee stands in place of a parent (*in loco parentis*). For sick leave and Victim Leave purposes, "family members" also include designated persons.
- e. Family members for purposes of FML: An employee's spouse, domestic partner, designated person, children regardless of age or dependency status (including children of the employee's domestic partner), parents, parents-in-law, grandparents, grandchildren, and siblings. (Section B.1 explains which statutory entitlement(s) would apply depending on the family member for whom an employee is taking FML and the type of leave being taken.) Step-relatives and relatives by virtue of adoption, foster

care, and legal ward/legal guardian relationships are included on the same basis as the above-listed blood relatives. “*In loco parentis*” relationships also qualify, which means that (a) “parent” includes a person who had day-to-day responsibilities to care for the employee or financially supported the employee when the employee was a child, and (b) “child” includes a person for whom the employee has day-to-day responsibilities to care for the child or financially supports the child. In-laws other than parents-in-law are not included unless the employee identifies the in-law as a designated person.

2. Substitution of Paid Leave

Unless expressly prohibited under the specific applicable leave(s) provisions in this Agreement, employees may elect to substitute accrued vacation or sick leave for leave without pay. CTO may not be substituted for FML unless expressly allowed under the specific FML provisions in this Article. In certain circumstances (specified in the applicable provision in this Article), employees may be required to exhaust paid leave before taking unpaid leave.

The substitution of paid leave for unpaid leave does not extend the total duration of the leave to which an employee is entitled.

For example, using five days of accrued sick leave during an FML absence does not extend the duration of the leave beyond the maximum entitlement by another five days.

3. Advance Notice Required

For leaves other than FML and sick leave, an employee must inform their supervisor as far in advance as possible of the need to take time off from work for any reason, including the expected length of the leave. If the need to take leave is unforeseen, an employee must inform their supervisor as soon as practicable. The employee may be required to provide evidence of the treatment, circumstance, or event that is the basis for the absence from work, consistent with the provisions applicable to the particular type of leave being taken.

Employees must comply with local campus procedures concerning notice requirements.

4. Evidence Supporting the Need for Leave

An employee requesting leave, whether paid or unpaid, should be prepared to provide written documentation supporting the need for leave (e.g., jury summons, subpoena) consistent with the applicable leave provision. Leaves for medical reasons may require written confirmation from a health care provider.

Employees must comply with local campus procedures concerning supporting documentation, including medical certification requirements.

5. Recertification and Periodic Reports

The University may require an employee who is on a leave of absence due to their own or a family member's medical condition to provide recertification of that condition. The University also may request periodic reports during an employee's leave regarding their status and intent to return to work.

6. Return to Work

An employee is expected to return to work no later than the next regularly scheduled workday after the expiration of an approved leave. If an extension is desired, the employee should request this orally or in writing from their supervisor in advance of the expected date of return.

An employee who unexpectedly cannot return to work on the next regularly scheduled workday following the expiration of the approved leave of absence must notify their supervisor as soon as practicable, but preferably no later than an hour before the employee's scheduled start time to explain the reason for the absence.

Failure to return to work after an approved leave of absence without supervisory approval for the extension of leave is considered an unauthorized absence. An employee who is returning from a leave for their own medical condition may be required to provide written verification of their ability to return to work, consistent with the applicable leave provision. Such verification must include any applicable work restrictions (and their expected duration), as identified by the employee's health care provider.

Leaves of absence, whether paid or unpaid, may not extend beyond a predetermined separation date.

7. Benefits Coverage During Leave

Generally, an employee granted a leave with pay will receive all benefits related to employment that are granted when an employee is on pay status. Special limitations or requirements that apply to certain types of leaves are addressed in the provisions specific to those leaves.

- a. An employee on FML will continue to have coverage under the University's health plans (medical, dental, and vision) as if on pay status as follows:
 - i. When the employee is taking FML that runs concurrently under the FMLA and the CFRA: Continued coverage for up to twelve (12) workweeks in a calendar year.
 - ii. When the employee is on a Military Caregiver Leave under the FMLA: Continued coverage for up to twenty-six (26) workweeks in a single twelve (12) month period. For purposes of Military Caregiver Leave, the "single twelve (12) month period" is the period beginning on the first day the employee takes the leave and ending twelve (12) months after that date.
 - iii. When the employee is on a Qualifying Exigency Leave under the FMLA and/or CFRA: Continued coverage for up to twelve (12) workweeks in a calendar year.

- iv. When the employee is on a leave due to pregnancy, childbirth or related medical condition (PDL) under California's Pregnancy Disability Leave Law, regardless of whether any of the leave runs concurrently with the FMLA: Continued coverage for up to four (4) months in a twelve (12) month period. If any of the PDL runs concurrently under the FMLA, the continued coverage provided for that portion of the leave will count towards the employee's FMLA entitlement for up to twelve (12) workweeks of such coverage in a calendar year.
 - v. When the employee is taking FML under the CFRA that does not run concurrently under the FMLA (e.g., Parental Bonding Leave taken after the employee has exhausted their entitlement under the FMLA; CFRA leave taken to care for a family member, such as a sibling, who is not a qualifying family member under the FMLA): Continued coverage for up to twelve (12) workweeks in a calendar year.
 - vi. When the employee is taking FML under the FMLA that does not run concurrently under the CFRA (e.g., when the employee has exhausted their entitlement under the CFRA): Continued coverage for up to twelve (12) workweeks in a calendar year.
- b. An employee on any other approved unpaid leave will receive health plan and retirement plan coverage in accordance with University of California Retirement Plan (UCRP) and University of California Group Insurance Regulations (GIR) provisions.
 - c. To continue health coverage during an approved leave of absence, an employee must continue to make any contributions that they made before taking leave. For any paid portion of the leave, employee contributions will continue to be deducted from the employee's paycheck. Failure of the employee to pay their share of the health insurance premium may result in loss of coverage.

8. Recording Leave Balances and Use of Paid and Unpaid Leave

The University will maintain a complete and accurate record of all leave balances provided to and used by eligible employees, including the employees' current available leave balance and accrual rate, if applicable.

- a. Non-Exempt Employees: The University will record leave used by non-exempt employees to the nearest quarter hour.
- b. Exempt Employees: The University will record leave used by exempt employees in full-day increments, depending on the length of the leave. Exempt employees on less than full-time status will have leave recorded in increments equal to that portion of a day they normally are scheduled to work. The foregoing does not apply when an employee is taking FML on an intermittent or reduced schedule basis.

9. Misuse of Leave

An employee misrepresenting the reason for requesting time off, or in applying for a leave of absence, may be subject to disciplinary action, up to and including termination from employment.

An employee on an unpaid leave of absence may not utilize vacation leave or sick leave on an intermittent basis for purposes of eligibility for holiday pay and employer-paid contributions towards benefits.

B. LEAVES RELATED TO LIFE EVENTS

This Section describes the variety of leaves offered to University employees to accommodate their need to take time away from work due to life events.

1. FML – General Provisions

- a. The following provisions apply to FML unless otherwise indicated in this Article.
 - i. To be eligible for FML (other than PDL), an employee must have:
 - a) been employed by the University for at least a total of twelve (12) months; and
 - b) worked at least 1,250 hours in the twelve (12) months immediately preceding the start of the leave. This means time actually spent at work and does not include any paid time off, such as vacation, compensatory time, sick leave, or holidays not worked. However, for employees granted military leave, all hours that would have been worked had the employee not been ordered to military duty are included for the purpose of calculating the 1,250 hours of actual work.
 - ii. An eligible employee may take unpaid FML for up to twelve (12) workweeks in a calendar year, except for Military Caregiver Leave, which may be for up to twenty-six (26) workweeks in a single twelve (12) month period; PDL, which may be for up to four months per pregnancy; and situations where the employee's FML does not run concurrently under the FMLA and CFRA. Furloughs and University closures of one week or longer that occur during an employee's FML are not counted toward the employee's FML entitlement.
 - iii. Any leave taken by an eligible employee that qualifies as FML will be designated as such and will be counted against the employee's leave entitlement whether the leave is paid or unpaid. Such deductions will be made in increments that correspond to the amount of leave time actually taken by the employee (which could be weeks, days, hours, and/or partial hours).
 - iv. An employee who does not use their full entitlement of FML does not need to have worked 1,250 hours in the twelve (12) months immediately preceding any subsequent FML taken for the same qualifying reason in the same calendar year as the initial qualifying leave.
 - v. There will be situations where the reason the employee is taking FML will qualify under the FMLA or the CFRA, but not both. Therefore, if the employee exhausts their entitlement under one statute, the employee may still be able to take additional FML under the other statute. For example, when an employee exhausts their FMLA entitlement during PDL (which is not a CFRA-qualifying reason), the employee may later use their CFRA entitlement to take Parental Bonding Leave.

b. Advance Notice

An employee should inform their supervisor of the need for FML at least thirty (30) days in advance of the anticipated start date of the leave if the need for leave is foreseeable. If the need for leave is not foreseeable, the employee should give notice to their supervisor as soon as practicable. Failure to comply with this notice requirement may result in postponement of leave.

The employee should also provide notice to their supervisor as soon as practicable if the period(s) for which the employee needs FML change.

c. Documentation and Certification

The University may require that the employee provide a complete and sufficient certification from a health care provider if the employee is requesting FML:

- i. due to the employee's own serious health condition,
- ii. due to the employee's pregnancy disability,
- iii. to care for a family member with a serious health condition, or
- iv. as Military Caregiver Leave. If the employee is taking Qualifying Exigency Leave, the University may require that the employee provide the certification pertaining to that form of FML. The University will provide the appropriate certification form to the employee based on the type of FML the employee is requesting.

If the employee is seeking to take FML to care for a family member with a serious health condition or as Parental Bonding Leave, the University may require that the employee provide a Declaration of Family Relationship for FML.

d. Substitution of Paid Leave Benefits for Unpaid FML

Employees may elect to use Pay for Family Care and Bonding (PFCB) if they meet the criteria set forth in Section B.2. For any portion of the leave during which employees are not receiving PFCB, they may elect to substitute available vacation, sick leave, PTO (if applicable), and/or compensatory time off for leave without pay in accordance with the provisions in this Article governing each type of FML. If an employee wishes to take unpaid FML and the employee's vacation accrual balance (or PTO balance, if applicable) is at the maximum, the employee will be required to use at least ten percent (10%) of accrued vacation leave or PTO before taking unpaid FML. The foregoing requirement does not apply if the employee elects to take unpaid PDL instead of using accrued vacation.

If an exempt employee is taking FML on an intermittent or reduced schedule basis and elects to substitute available vacation, sick leave, PTO (if applicable), and/or compensatory time off, the deductions from the employee's leave balances will be made in increments that correspond to the amount of leave actually taken by the employee (which could be weeks, days, hours and/or partial hours), rather than full-day increments only as stated in Section A.8.

The substitution of paid leave for FML does not extend the total duration of the leave to which an employee is entitled.

e. Reinstatement

Reinstatement will be to the same position or, at the Department's discretion, to an equivalent position with equivalent benefits, pay, and other terms and conditions of employment, provided that the employee returns to work immediately following the FML. If the employee would have been laid off or terminated if the employee had actually been working during the leave period, the employee will be afforded the same considerations afforded to other employees who are laid off or terminated pursuant to the provisions of Article 12 – Layoff and Reduction in Time.

For reinstatement immediately following a PDL, see Section B.3.c.

f. Supplemental FML

A regular status employee who has exhausted all FML is eligible for Supplemental FML for any FML-qualifying reason other than parental bonding for up to an additional twelve (12) workweeks or until the end of the calendar year, whichever is less, if the need for a FML that is in progress continues beyond twelve (12) workweeks.

However, the aggregate absence from work for PDL, other FML, and Supplemental FML may not exceed seven (7) months during the calendar year, except as may be required by Section D.1.g.i or by law.

Supplemental FML may not be used for parental bonding, but Childcaring Leave may be available for this purpose in accordance with Section D.1.g.

For employees on Supplemental FML, health plan coverage (medical, dental, and vision) will continue in accordance with each plan's requirements.

If the preceding FML is due to the employee's own pregnancy disability or other serious health condition, an employee may elect to substitute available vacation, sick leave, PTO (if applicable), and/or compensatory time off for leave without pay during Supplemental FML.

If the preceding FML is to care for a family member with a serious health condition or Military Caregiver Leave as provided for under applicable provisions of this Article, an employee may elect to substitute accrued vacation and up to thirty (30) days of sick leave in a calendar year during Supplemental FML (but only to the extent that the thirty (30) day allotment was not used during the preceding FML).

Reinstatement will be to the same or, at the Department's discretion, a similar position in the same department provided that the employee returns to work immediately following termination of the leave. If the employee would have been laid off or terminated had the employee actually been working during the leave period, the employee will be afforded the same considerations afforded other employees who are laid off or terminated pursuant to the provisions of Article 12 – Layoff and Reduction in Time.

g. Childcaring Leave

The University shall grant an employee's request for a total of up to six (6) months of Childcaring Leave immediately following the birth of the child when the employee is a birth parent. This is subject to the twelve (12) month limit on total leave that birth parents may use for the purposes of bearing and caring for a newborn child as specified in Section D.1.g.i.

The University shall grant a request for a total of up to six (6) months of Childcaring Leave for all other employees who become new parents, including those who become biological parents, adoptive parents, foster parent, or step-parents, or who become legal guardians for a child or assume *in loco parentis* responsibility for a child.

The employee shall conclude Childcaring Leave within one (1) year of the birth or placement of the child. If the employee is eligible for Parental Bonding Leave under FMLA and/or CFRA, Childcaring Leave will run concurrently with Parental Bonding Leave and will be deducted from the appropriate leave bank.

An employee shall request Childcaring Leave sufficiently in advance of the expected birth date of the child or placement of a child for adoption or foster care or as a legal ward or as a stepchild to allow the University to plan for the absence of the employee. The anticipated date of return from Childcaring Leave shall be set at the time such leave commences or, if requested in conjunction with Pregnancy Disability Leave, shall be set at the time the Pregnancy Disability Leave begins. Childcaring Leave, when taken for acquisition through adoption or as a stepchild, legal ward or foster care, could commence prior to the date of placement.

i. Combined Leaves for Birth Parents

An employee who is disabled because of pregnancy, childbirth, or related medical conditions and who delivers a child may combine available vacation, sick leave, PTO (if applicable), compensatory time off, Pregnancy Disability Leave, Parental Bonding Leave, Childcaring Leave, Supplemental FML, and any other paid or unpaid time off for the purposes of bearing and caring for a newborn child. Such an employee's entitlement for a total absence from work shall not exceed twelve (12) months or as may otherwise be required by law, as necessary and as provided in this Article.

When an employee takes four months of Pregnancy Disability Leave, the employee may be eligible under Section B.1.f for Supplemental FML for up to an additional twelve (12) workweeks or until the end of the calendar year, whichever is less, for a total of up to approximately seven (7) months of leave due to disability because of pregnancy, childbirth, or related medical conditions. In addition to the combined Pregnancy Disability Leave/Supplemental FML, the employee is eligible to use Childcaring Leave upon request until the employee's total absence from work reaches the twelve (12) month maximum specified in the paragraph above.

ii. Continuation of Health Benefits

See Section A.7, above.

iii. Return to Work

When an employee returns to work immediately following Parental Bonding Leave under FMLA and/or CFRA, the employee will be reinstated in accordance with Section B.1.e.

If the employee has been on Childcaring Leave beyond the employee's entitlement under FMLA/CFRA, reinstatement will be to the same or, at the Department's discretion, a similar position in the same department provided that the employee returns to work immediately following termination of the leave. If the employee would have been laid off or terminated had the employee actually been working during the leave period, the employee will be afforded the same considerations afforded other employees who are laid off or terminated pursuant to the provisions of Article 12 – Layoff and Reduction in Time.

2. Pay for Family Care and Bonding (PFCB)

a. General

In order to support employees' need to take leave to care for their family members, the University offers eligible employees PFCB, which is an income replacement option for up to eight (8) workweeks per calendar year.

To be eligible for PFCB, an employee must be on an approved block Family and Medical Leave taken for one of the qualifying reasons below, and the employee must be taking that leave in a block of a minimum of one (1) workweek.

Family and Medical Leaves that qualify for the PFCB option are those leaves taken under the FMLA and/or CFRA for parental bonding (Section B.4), to care for a family member other than a designated person with a serious health condition (Section B.6), for Military Caregiver Leave (Section B.7), or for Qualifying Exigency Leave (Section B.8). Section B.1 outlines the eligibility requirements for Family and Medical Leaves. PFCB is not an option available during any other type of leave, including Supplemental Family and Medical Leave (Section B.1.f).

If an employee elects to use PFCB for a particular qualifying FML block leave rather than using paid leave balances or taking the leave without pay, the employee must continue to use PFCB until they either exhaust their full eight (8) workweeks of PFCB for the calendar year or that qualifying FML block leave ends.

If their leave ends before they have used the full eight (8) workweeks of PFCB for the calendar year, the remainder is available to use during a qualifying FML block leave later in the calendar year.

b. PFCB Calculation

The PFCB option provides pay calculated at one hundred percent (100%) of an employee's eligible earnings.

i. Eligible Earnings

Eligible earnings include an employee's base salary payable through the University. Eligible earnings do not include (if applicable) bonuses, perquisites, overtime pay, administrative stipends, shift differentials, uniform allowances, certification pay, specialty pay, emergency response pay, charge differentials, on-call differentials, or any pay that is received in addition to that of the employee's regular appointment, including "by agreement" payments and any other additional cash compensation received that is more than one hundred percent (100%) of the base salary of the full-time equivalent of the employee's regular appointment. If an employee is being paid only with "by agreement" payments, and the employee meets all other PFCB eligibility criteria, those earnings are considered eligible earnings.

ii. Appointments Established at a Fixed Percentage

If the employee has an appointment established at a fixed percentage, PFCB is based on the salary rate in effect during the employee's leave.

iii. Appointments Established at a Variable Percentage

If the employee has an appointment established at a variable percentage, eligible earnings are an average of the employee's eligible earnings for the three (3) calendar months (for an employee paid on a monthly basis) or six (6) pay periods (for an employee paid on a biweekly basis) immediately prior to the period in which the leave begins, excluding periods with furlough or approved leave without pay. This average is calculated as follows:

- a) For an employee paid on a biweekly basis, the sum of hours paid in the six (6) pay periods immediately prior to the period in which the leave begins is divided by twelve (12) to determine the average hours worked per week. The average hours worked per week is the number of hours per week the employee is to be paid while receiving PFCB.
- b) For an employee paid on a monthly basis, the sum of the time paid in the three (3) calendar months immediately prior to the period in which the leave begins is divided by three (3) to determine the average time worked per month. The average time worked per month is the time per month the employee is to be paid while receiving PFCB.
- c) If the consecutive three (3) months or six (6) biweekly pay periods immediately preceding the beginning of the leave cannot be used due to furlough or approved leave without pay, the look-back period may be extended up to, but no longer than, one (1) year prior to the beginning of the leave, using the most recent applicable pay periods.

c. Pay and Benefit Considerations

i. Taxability and Deductions

PFCB is considered taxable wages. An employee's normal deductions are taken from PFCB.

ii. Vacation and Sick Leave

An employee earns their normal vacation and sick leave while they are receiving PFCB.

iii. Employment Service Credit

Employment service credit is used to determine years of qualifying service for an employee's vacation accrual rate and for eligibility for service awards. Employees accrue one (1) month of employment service credit for each month in which they are on pay status at least fifty percent (50%) time. An employee's normal employment service credit is earned while they are receiving PFCB.

iv. Retirement Service Credit

Retirement service credit (i.e., service earned as a UCRP member or UC Defined Contribution Savings Choice participant) is earned based upon an employee's covered compensation and their full time equivalent compensation from a UCRP-eligible appointment. While receiving PFCB, an employee will continue to make required contributions to retirement plans. An employee's normal retirement service credit is earned while they are receiving PFCB.

v. Benefits

Health and welfare benefits deductions will be taken from PFCB in accordance with the employee's benefit elections. Receiving PFCB does not, in itself, affect benefits status or eligibility. However, benefits regulations affecting return to pay status after a leave without pay will apply if an employee returns to pay status by receiving PFCB.

3. Leave Due to Pregnancy, Childbirth or Related Medical Condition (PDL)

An employee who is disabled because of pregnancy, childbirth, or related medical conditions may take an unpaid PDL for the period of actual disability of up to four (4) months. PDL may also be used for prenatal care.

An employee may elect to substitute available vacation, sick leave, PTO (if applicable), and/or compensatory time off for leave without pay, subject to Section B.1.d.

If an employee on an approved PDL is eligible for FML, up to twelve (12) workweeks of PDL will run concurrently with the employee's FML entitlement under federal law. Upon concluding a PDL, an employee may be eligible for up to twelve (12) workweeks of FML under the CFRA for any covered reason except pregnancy, childbirth or related medical conditions.

a. Reduced Schedule or Intermittent Leave

When medically necessary, an employee may take PDL on an intermittent or reduced schedule basis. The University may require an employee who is taking such leave on an intermittent or reduced schedule basis to temporarily transfer to an alternative position if the alternative position better accommodates the required work schedule than the employee's own position. Such a temporary transfer will not be counted toward an employee's entitlement to up to four (4) months of PDL. At the conclusion of the PDL (or earlier, at the University's option), the employee will be returned to their original position in accordance with Section B.3.c.

b. Reasonable Accommodation of Pregnancy, Childbirth, and Related Medical Conditions

Consistent with applicable law, the University provides reasonable accommodation related to pregnancy, childbirth, and related medical conditions. This includes lactation. As an alternative to or in addition to PDL, when requested by an employee, the University may provide (1) reasonable accommodation related to pregnancy, childbirth, or related medical conditions, which could include modifying the employee's job duties, and/or (2) a temporary transfer to a less strenuous or hazardous position. The University will grant such requests consistent with applicable law and if the request can be reasonably accommodated.

If the reasonable accommodation, modification of job duties, or temporary transfer does not involve a reduction in hours worked, it will not be counted toward an employee's entitlement to up to four (4) months of PDL. At the conclusion of the PDL (or earlier upon the employee's request if that request is consistent with the advice of the employee's health care provider), the employee will be returned to their original position and/or duties in accordance with Section B.3.c.

c. Reinstatement

Reinstatement will be to the same position the employee had prior to the PDL, provided that the employee returns to work within four (4) months and immediately following the PDL. If the employee would have been laid off or terminated if the employee had actually been working during the leave period, reinstatement will be to a comparable position at the same location. If a comparable position at the same location is not available, the employee will be afforded the same considerations afforded other employees who are laid off or terminated pursuant to Article 12 – Layoff and Reduction in Time.

d. Lactation

In addition to Pregnancy Disability Leave, an employee is eligible for lactation breaks in accordance with University Policy.

Lactation is also considered a pregnancy-related medical condition.

4. Parental Bonding Leave

An eligible employee is entitled to FML to bond with their child after the child's birth or placement with the employee for adoption or foster care, and to attend to matters related to the birth, adoption, or placement of the child. Leave granted for such bonding purposes must be concluded within twelve (12) months following the child's birth or placement with the employee. This leave shall run concurrently with Childcaring Leave taken under Section B.1.g.

a. Reduced Schedule or Intermittent Leave

- i. The basic minimum duration of any Parental Bonding Leave is two (2) weeks. However, the University will grant an employee's request for a Parental Bonding Leave of less than two (2) weeks' duration on any two (2) occasions.
- ii. Otherwise, the employee may only take Parental Bonding leave for a period of less than two (2) weeks or intermittently or on a reduced schedule at the discretion of the employee's supervisor and then only according to an agreed schedule. Supervisors must assess any such request in conjunction with existing University needs.
- iii. In addition to the block leave option described Section B.4.a.i, employees who have exhausted their FMLA leave entitlement and wish to take parental leave on a part-time basis may do so with approval of their supervisors provided that exempt employees who elect to take parental leave in less than full day increments select one of the following options:
 - a) For those exempt employees who have paid leave balances available: Use their leave bank balances to supplement the unpaid portion of their leaves so that they receive one hundred percent (100%) of their regular pay; or
 - b) For those exempt employees who have no available paid leave or do not wish to use their paid leave balances: Have their appointments temporarily reduced for the duration of their parental leave. Appointments will be restored at the end of the reduced appointment period or when those employees elect to use the first option for the remainder of the parental leave.

b. Substitution of Paid Leave Benefits for Parental Bonding Leave

Employees may elect to use PFCB if they meet the criteria set forth in Section B.2. For any portion of the leave during which employees are not receiving PFCB, they may elect to substitute accrued vacation, PTO (if applicable), compensatory time off, and/or up to thirty (30) days of available sick leave for any unpaid Parental Bonding Leave. If an employee wishes to take unpaid Parental Bonding Leave and the employee's vacation accrual balance (or PTO balance, if applicable) is at the maximum, the employee will be required to use at least ten percent (10%) of accrued vacation or PTO before taking unpaid FML/Parental Bonding Leave. For additional information on the substitution of paid leave benefits for unpaid FML, refer to Section B.1.d.

5. FML – Due to an Employee’s Own Serious Health Condition

Eligible employees are entitled to FML when they are unable to work at all or unable to perform one or more of the essential functions of their job due to their own serious health condition.

a. Definition of Serious Health Condition

- i. For these purposes, a serious health condition means an illness, injury (including, but not limited to, an on-the-job injury), impairment, or physical or mental condition that involves either inpatient care or continuing treatment, including, but not limited to, treatment for substance abuse.
 - a) Inpatient Care: A stay in a hospital, hospice, or residential health care facility, any subsequent treatment in connection with such inpatient care, or any period of incapacity. A person is considered an inpatient when a health care facility formally admits them to the facility with the expectation that they will remain at least overnight and occupy a bed, even if it later develops that such person can be discharged or transferred to another facility and does not actually remain overnight.
 - b) Incapacity: The inability to work, attend school, or perform other regular daily activities due to a serious health condition, its treatment, or the recovery that it requires.
 - c) Continuing Treatment: Ongoing medical treatment or supervision by a health care provider.
- ii. A serious health condition involves one or more of the following:
 - a) Inpatient Care: As defined above.
 - b) Absence Plus Treatment: A period of incapacity of more than three (3) consecutive calendar days (including any subsequent treatment or period of incapacity relating to the same condition), that also involves
 - i) treatment two (2) or more times by a health care provider, by a nurse or physician’s assistant under direct supervision of a health care provider, or by a provider of health care services (e.g., physical therapist) under orders of, or on referral by, a health care provider; or
 - ii) treatment by a health care provider on at least one (1) occasion which results in a regimen of continuing treatment under the supervision of the health care provider (e.g., a course of prescription medication, or therapy requiring special equipment, to resolve or alleviate the health condition). This does not include taking over-the-counter medications or activities that can be initiated without a visit to a health care provider (e.g., bed rest, exercise, drinking fluids).

- c) Pregnancy (which is covered as a serious health condition under FMLA but not under CFRA): A period of incapacity due to pregnancy, childbirth, or related medical conditions. This includes severe morning sickness and prenatal care.
- d) Chronic Conditions Requiring Treatment: A chronic condition that: (a) requires periodic visits for treatment by a health care provider, or by a nurse or physician's assistant under direct supervision of a health care provider; (b) continues over an extended period of time (including recurring episodes of a single underlying condition); and (c) may cause episodic rather than a continuing period of incapacity (e.g., asthma, diabetes, epilepsy, etc.).
- e) Permanent/Long-Term Conditions Requiring Supervision: A period of incapacity that is permanent or long term due to a condition for which treatment may not be effective. The person must be under the continuing supervision of, but need not be receiving active treatment by, a health care provider. Examples include Alzheimer's, a severe stroke, or the terminal stages of disease.
- f) Multiple Treatment (Non-Chronic Conditions): Any period of absence to receive multiple treatments (including any period of recovery therefrom) by a health care provider or by a provider of health care services under orders of, or on referral by, a health care provider, either for restorative surgery after an accident or other injury, or for a condition that would likely result in a period of incapacity of more than three consecutive calendar days in the absence of medical intervention or treatment, such as cancer (chemotherapy, radiation, etc.), severe arthritis (physical therapy), or kidney disease (dialysis).

b. Reduced Schedule or Intermittent Leave

When medically necessary for the employee's own serious health condition, an employee may take FML intermittently or on a reduced schedule basis. If the employee's need for intermittent or reduced schedule leave is foreseeable based on planned medical treatment, the employee should consult with their supervisor and make a reasonable effort to schedule the treatment so as to minimize the disruption to the University's operations. In addition, if the need for intermittent or reduced schedule leave is foreseeable based on planned medical treatment, the University may require the employee to transfer temporarily (during the period when intermittent or reduced schedule leave is required) to an alternative position for which the employee is qualified and that better accommodates recurring periods of leave than the employee's regular position.

c. Substitution of Paid Leave Benefits for FML Due to an Employee's Own Serious Health Condition

An employee may elect to substitute available vacation, sick leave, PTO (if applicable), and/or compensatory time off for leave without pay. Supplemental and/or extended sick leave may be used if the employee is receiving temporary disability payments under the Workers' Compensation Act, subject to Article 38 – Work-Incurred Injury and Illness.

6. FML – To Care for a Family Member with a Serious Health Condition

- a. An eligible employee is entitled to FML when the employee's assistance is required to care for a spouse, domestic partner, designated person, child, parent, parent-in-law, grandparent, grandchild, or sibling with a serious health condition as defined in Section B.5.a (Leave Related to an Employee's Own Serious Health Condition), as follows:
 - i. When FML is taken to care for a spouse, domestic partner, child (under 18 years or incapable of self-care because of a mental or physical disability), or parent, this leave would use an employee's entitlement(s) under the FMLA and CFRA to the extent the employee has such entitlement(s) available.
 - ii. When FML is taken to care for a designated person, adult child (18 years or older who does not have a disability that renders them incapable of self-care), parent-in-law, grandparent, grandchild, or sibling, this leave would only use an employee's entitlement under the CFRA to the extent the employee has such entitlement available.
- b. The definition of "Family members for purposes of FML" in Section A.1 of this Article provides additional information about these relationships.
- c. The employee may be required to provide written confirmation of a family relationship for leaves requested for the purpose of caring for a family member with a serious health condition.
- d. Reduced Schedule or Intermittent Leave

When medically necessary to care for a family member with a serious health condition, an employee may take FML intermittently or on a reduced schedule basis. If the employee's need for intermittent or reduced schedule leave is foreseeable based on planned medical treatment, the employee should consult with their supervisor and make a reasonable effort to schedule the treatment so as to minimize the disruption to the University's operations. In addition, if the need for intermittent or reduced schedule leave is foreseeable based on planned medical treatment, the University may require the employee to transfer temporarily (during the period when intermittent or reduced schedule leave is required) to an alternative position for which the employee is qualified and that better accommodates recurring periods of leave than the employee's regular position.

- e. Substitution of Paid Leave Benefits for FML to Care for a Family Member with a Serious Health Condition

Employees may elect to use PFCB if they meet the criteria set forth in Section B.2. Employees may not use PFCB when taking FML to care for a designated person with a serious health condition. For any portion of the leave during which employees are not receiving PFCB, they may elect to substitute accrued vacation, PTO (if applicable), compensatory time off, and/or up to twelve (12) workweeks of available sick leave for unpaid leave to care for a family member with a serious health condition. If an employee wishes to take unpaid leave to care for a family member with a serious health condition and the employee's vacation accrual balance (or PTO balance, if

applicable) is at the maximum, the employee will be required to use at least ten percent (10%) of accrued vacation or PTO prior to taking unpaid FML. For additional information on the substitution of paid leave benefits for unpaid FML, refer to Section B.1.d.

7. FML – Military Caregiver Leave

An eligible employee may take Military Caregiver Leave to care for a spouse, domestic partner, child, parent, or next of kin who is a covered servicemember undergoing medical treatment, recuperation, or therapy for a serious injury or illness.

a. Definitions Specific to Military Caregiver Leave

- i. Covered service member: A current member of the Armed Forces (including a member of the National Guard or Reserves) who is undergoing medical treatment, recuperation, or therapy; is otherwise in outpatient status; or is otherwise on the temporary disability retired list; or a covered veteran who is undergoing medical treatment, recuperation, or therapy for a serious injury or illness.
- ii. Covered veteran: An individual who was a member of the Armed Forces (including a member of the National Guard or Reserves), and was discharged or released under conditions other than dishonorable at any time during the five-year period prior to the first date the eligible employee takes FML to care for the covered veteran.
- iii. Next of kin is either:
 - a) the nearest blood relative of the covered servicemember (other than the covered servicemember's spouse, domestic partner, parent, child) or
 - b) the person who the covered servicemember has designated in writing as their nearest blood relative for purposes of Military Caregiver Leave.
- iv. Outpatient status: The status of a servicemember assigned to a military medical treatment facility as an outpatient, or assigned to a unit established for the purpose of providing command and control of members of the Armed Forces receiving medical care as outpatients.
- v. Parent of a covered servicemember: A covered servicemember's biological, adopted, step or foster parent or any other individual who stood *in loco parentis* to the covered servicemember when the covered servicemember was a child. The definition does not include parents-in-law.
- vi. Serious injury or illness of a covered servicemember is:
 - a) for a current member of the Armed Forces (including a member of the National Guard or Reserves), an injury or illness that was incurred or aggravated by the covered servicemember in the line of duty on active duty in the Armed Forces that may render the servicemember medically unfit to perform the duties of their office, grade, rank, or rating; and

- b) for a veteran of the Armed Forces, an injury or illness that was incurred or aggravated in the line of duty on active duty in the Armed Forces and manifested itself before or after the member became a veteran.
- vii. Single 12-month leave period: The period beginning on the first day the employee takes leave to care for the covered servicemember and ending twelve (12) months after that date.
- viii. Child of a covered servicemember: A child of any age and is a biological, adopted, or foster child, stepchild, or legal ward of a covered servicemember or someone for whom the covered servicemember stood *in loco parentis* when that person was a child.

b. Leave Entitlement

An eligible employee is entitled to up to twenty-six (26) workweeks of Military Caregiver Leave during a single twelve (12) month leave period. For purposes of this type of FML only, a single twelve (12) month leave period is the period beginning the first day an employee takes leave to care for the covered servicemember and ends twelve (12) months after that date.

Leave is applied on a per-covered servicemember, per-injury basis. Eligible employees may take more than one period of twenty-six (26) workweeks of leave if the leave is to care for a different covered servicemember or to care for the same servicemember with a subsequent serious injury or illness, except that no more than twenty-six (26) workweeks of leave may be taken within any single twelve (12) month period.

If an eligible employee does not use all of their twenty-six (26) workweeks of leave entitlement to care for a covered servicemember during this single twelve (12) month leave period, the remaining part of the twenty-six (26) workweeks entitlement to care for the covered servicemember for that serious injury or illness is forfeited.

c. Reduced Schedule or Intermittent Leave

This leave may be taken intermittently or on a reduced schedule basis. If the employee's need for intermittent or reduced schedule leave is foreseeable based on planned medical treatment, the employee should consult with their supervisor and make a reasonable effort to schedule the treatment so as to minimize the disruption to the University's operations. In addition, if the need for intermittent or reduced schedule leave is foreseeable based on planned medical treatment, the University may require the employee to transfer temporarily (during the period when intermittent or reduced schedule leave is required) to an alternative position for which the employee is qualified and that better accommodates recurring periods of leave than the employee's regular position.

d. Documentation and Certification

Employees may be required to provide a certification completed by an authorized health care provider of the covered servicemember that provides information necessary to establish entitlement to Military Caregiver Leave. In addition, employees may be required to provide certain information (or have the covered servicemember provide information) establishing that the servicemember is a covered servicemember

for purposes of Military Caregiver Leave, their relationship with the employee, and an estimate of the leave needed to provide the care.

e. Substitution of Paid Leave Benefits for Military Caregiver Leave

Employees may elect to use PFCB if they meet the criteria set forth in Section B.2. For any portion of the leave during which employees are not receiving PFCB, they may elect to substitute accrued vacation, PTO (if applicable), compensatory time off, and/or up to twelve (12) workweeks of available sick leave for unpaid Military Caregiver Leave. If an employee wishes to take unpaid Military Caregiver Leave and the employee's vacation accrual balance (or PTO balance, if applicable) is at the maximum, the employee will be required to use at least ten percent (10%) of accrued vacation or PTO prior to taking unpaid Military Caregiver Leave. For additional information on the substitution of paid leave benefits for unpaid FML, refer to Section B.1.d.

Employees are not required to disclose their diagnosis as part of the reasonable accommodation process. The University may require that an employee be examined by the appropriate University-appointed licensed health care provider. In such a case, the University shall pay the costs of the University-appointed health care provider.

C. THE INTERACTIVE PROCESS

1. When an employee requests reasonable accommodation for a disability or the University has reason to believe that a reasonable accommodation is needed, the parties will engage in the Interactive Process, which is an ongoing dialogue between the employee and appropriate University representatives (e.g., supervisor, departmental administrator, department or unit head, and/or disability management representative) about possible options for reasonably accommodating the employee's disability. The employee may bring a Union representative to the Interactive Process. This process shall begin as soon as practicable. Options for reasonable accommodation may include, but are not limited to: assistive devices; modification of existing facilities; restructuring the job to eliminate non-essential job functions; and leaves of absence. Both the University and the employee are expected to participate in the Interactive Process in good faith, which includes engaging in timely communications regarding possible reasonable accommodation.
2. During the Interactive Process, the University considers information related to: the essential functions of the job, the employee's functional limitations; possible accommodations; the reasonableness of possible accommodations; and issues related to the implementation of a reasonable accommodation. This information will be used by the University to determine what, if any, reasonable accommodation will be made. If able to, the University will present multiple options for the employee to consider, however the University will determine which accommodation will be implemented.
 - a. The University will consider reasonable accommodations that would enable the employee to continue (or resume) performing the essential functions of their assigned position for the duration of the appointment, which may include a temporary alternate position.
 - b. Employees may bring a support person to the Interactive Process meeting which could include a Union representative.

- c. The University is not obligated to implement an accommodation that would present an undue hardship.

These behaviors may occur in, but are not limited to, situations in which one person has authority over another and situations involving peer-to-peer interactions.
3. The University and UAW shall strive to foster an environment in which employees feel comfortable making reports of Abusive Conduct in good faith. D. DESIGNATING SICK LEAVE AS PROTECTED

1. An eligible employee may choose to designate available sick leave as protected sick leave as described below. Eligible employees may designate sick leave as protected when used for:
 - a. the diagnosis, care, or treatment of an existing physical or mental health condition of an employee or an employee's family member;
 - b. preventive care for an employee or an employee's family member;
 - c. appearance as a witness when summoned by subpoena or other court order as described in Section C.5 of Article 14 – Leaves of Absence ("Witness Duty");
 - d. those reasons specified in Section E.3 of Article 14 – Leaves of Absence ("Victims of Qualifying Acts of Violence") for an employee who is a victim of a qualifying act of violence or who has a family member who is a victim of a qualifying act of violence; or
 - e. those reasons specified in Section E.4 of Article 14 – Leaves of Absence ("Leave to Attend Crime Related Judicial Proceedings").
2. The definition of "Family members" in Section A.1 of Article 14 – Leaves of Absence provides additional information about these relationships.
3. Eligible employees in all appointment types specified in Article 02 – Appointments, except for per diem appointments, may designate up to six (6) days per calendar year of available sick leave as protected sick leave if the employee uses the sick leave for any of the purposes specified in Section D.1 and complies with applicable notice requirements. Sick leave designated as protected includes and runs concurrently with kin care, which is not a separate leave entitlement.
4. An eligible employee with a per diem appointment may designate up to 16 hours per calendar year of available sick leave as protected sick leave if the employee uses the sick leave in connection with that appointment for any of the purposes specified in Section D.1 and complies with applicable notice requirements.
5. The University prohibits any form of discrimination or retaliation against an employee for using or attempting to use sick leave designated as protected; for making a complaint or alleging a violation of the protected sick leave provisions in this Article; for cooperating in an investigation regarding the same; or for opposing any policy, practice, or act that is prohibited by the protected sick leave provisions of this Article.

E. SICK LEAVE PAY

1. Pay during a sick leave is at the employee's rate of pay in effect at the time the leave is taken, not the rate of pay in effect when the sick leave was accrued.

2. Any unused sick leave is not paid out upon termination of employment.

F. AVAILABILITY OF SICK LEAVE UPON CHANGE IN POSITION

1. Any unused accrued sick leave will remain available when an eligible employee changes positions within the University from a position in which sick leave accrues to another position in which sick leave accrues.
2. If an eligible employee changes positions from a position in which sick leave accrues to a position in which sick leave does not accrue, such as to a per diem appointment, any unused accrued sick leave will no longer be available but a record of that accrued sick leave will be maintained by the University so that the sick leave may be reinstated: (1) if the employee later changes to a position in which sick leave accrues; or (2) for conversion to University of California Retirement Plan (UCRP) service credit and/or retiree health service credit if the employee retires, in accordance with UCRP and University of California Group Insurance Regulations (GIR) provisions.
3. Any unused available sick leave will remain available when an eligible employee changes between per diem positions within the University. If an employee changes from a per diem position to a position in which sick leave accrues, the sick leave from the per diem position will no longer be available but a record of that sick leave will be maintained by the University so that the sick leave may be reinstated: (1) if the employee later transfers to a per diem position; or (2) for conversion to UCRP service credit and/or retiree health service credit if the employee retires, in accordance with UCRP and GIR provisions.

G. RECORDING SICK LEAVE BALANCES AND USE

1. Non-Exempt Employees: The University will record sick leave used by non-exempt employees to the nearest quarter hour.
2. Exempt Employees: The University will record sick leave used by exempt employees in full-day increments or in increments not less than that portion of the day during which an employee on less than full-time pay status is normally scheduled to work. The foregoing does not apply when an employee is taking FML on an intermittent or reduced schedule basis. See Sections B.1.d of Article 14 – Leaves of Absence.

H. SEPARATION FROM EMPLOYMENT AND REINSTATEMENT OF SICK LEAVE

1. An employee does not receive pay for sick leave upon separation from University employment.
2. An employee who separates from the University and is rehired into a position eligible for sick leave within twelve (12) months from the date of separation will have all unused sick leave from the employee's prior service reinstated and available for use unless the sick leave balance was previously converted to UCRP service credit and/or retiree health service credit upon retirement. If the separation is for more than twelve (12) months, any unused sick leave will not be reinstated. For purposes of this subsection only, service with the State of California (including UC Law San Francisco) and the California State University will be treated as University service.
3. An employee who is laid off and subsequently reemployed during the period of recall and preferential rehire status will have all accrued and unused sick leave reinstated.

4. An employee who retires from UCRP within four months of separating from University employment and elects monthly retirement income will have any unused sick leave converted to UCRP service credit under the terms and conditions of the UC Retirement Plan. Savings Choice participants who establish a retirement date and elect UC retiree health coverage will also have any unused sick leave converted to retiree health service credit under the terms and conditions of the GIRs. Unused sick leave is not converted to service credit in a lump sum cashout of retirement benefits.

2. The stipend amount cannot exceed twenty-five percent (25%) of the employee's base salary. The stipend amount shall be applied in accordance with local guidelines. Employees shall not be assigned duties that would warrant a stipend amount exceeding twenty-five percent (25%) of the employee's base salary as defined by local guidelines.
3. The payment of administrative stipends is intended to be temporary, must have a set end date, and generally should not exceed twelve (12) months.  - a. If the employee does not attend an in-person UAW Orientation within the first thirty (30) days of employment, the Union shall have the right to conduct a make-up orientation with the employee at the worksite for thirty (30) minutes on paid time, within ten (10) days of the Union's request. The University shall remit dues and standard initiation fees to the Union on a monthly basis. The Union will provide the University with the formula for calculating the dues and standard membership initiation fees. On a monthly basis, the University will provide a list of employees by name, department (ID and Description), total in-unit gross monthly pay, job code, and amount of dues deducted.

B. VOLUNTARY COMMUNITY ACTION PROGRAM (V-CAP)

The University agrees to provide a voluntary check off for the Union Voluntary Community Action Program (V-CAP) in accordance with the following provisions:

1. The Union shall provide the University with a list via Microsoft Excel spreadsheet, or a mutually agreeable alternative format.
2. The employee must be an active dues paying member for the V-CAP deduction to occur.
3. The V-CAP deduction shall be in a flat dollar amount from the retirement in-unit gross earnings and shall be deducted from the employee's first paycheck of the month.
4. This provision is for regular recurring payroll deductions and shall not be used for one time deductions.
5. V-CAP collections will be remitted to the Union on a monthly basis. The remittance listing for this deduction will be added to the current monthly union deduction file posted on the FTP GoAnywhere site or a different platform identified by the University.

C. CORRECTION OF ERRORS

1. If the University fails to make appropriate authorized payroll dues deductions or any part thereof, or fails to remit to the Union such authorized deductions or any portion thereof, or erroneously withholds deductions or any part thereof, the University shall correct the deduction amounts within thirty (30) calendar days of the written notice from the Union.
2. If the University's error resulted in deductions less than the correct amount, the University shall make the additional required deductions to make up the difference between the actual and correct amounts in accordance with current payroll policy regarding additional deductions. However, additional deductions shall not exceed two (2) times the normal dues deduction amount in any given pay period, until the complete dues deductions have been made. In the event an employee's employment terminates while still owing dues to the Union, the amount owed shall be taken from the employee's final paycheck. In no event shall the University owe the Union dues that are the responsibility of the employee. It is expressly understood and agreed that if the error results in payment of more than the

correct amount and the Union has received the funds, the Union shall reimburse the employee accordingly.

3. The University shall not be responsible for those portions of Union payroll deductions that the employee's net earnings are insufficient to cover in any pay period.
4. If the parties cannot agree on the amount of the appropriate deduction only the Union may file a grievance concerning the same.

D. CERTIFICATION AND MAINTENANCE OF DEDUCTION INFORMATION

1. The Union will certify to the University to begin deductions or to cease deductions. For bargaining unit members, deductions shall be from in-unit earnings based on retirement gross earnings.
2. The Union will either deliver an electronic file in Excel (*.xls) format to UCPath or upload files to the GoAnywhere or a different platform identified by the University. Such deduction information shall include dues, initiation fees and V-CAP deductions. The University shall provide notice of the changes to the administrative process at least thirty (30) calendar days in advance of the change.
3. For employees who are paid monthly, the deduction file shall be transmitted electronically no later than the 15th of each month. For employees who are paid biweekly, the deduction file shall be transmitted no later than the Friday before the end of the biweekly pay period.
4. In the event that the 15th does not fall on a University business day, the Union will deliver the list on the following business day. The University agrees the changes will be made in time to affect the next payroll with a pay period end date that falls on or after the date the deduction information is received.
5. The Union will solely maintain the dues deduction and V-CAP authorization(s), signed by the employee from whose salary or wages the deduction is to be made. The Union shall not be required to provide a copy of an individual authorization to the University unless a dispute arises about the existence or terms of the authorization.
6. The Union list to be submitted in the format provided in Appendix D to the University designee shall include:
 - a. Location/business unit code,
 - b. Location Name (Campus/Medical Center),
 - c. Bargaining Unit,
 - d. Employee identification number,
 - e. Employee name (last, first),
 - f. Action codes: "A" = Add; "C" = Change; "S" = Stop,
 - g. Deduction Codes: "D"=Dues; "IF" = Initiation Fee; "PA" Political Action (V-CAP) ,

h. V-CAP amount.

7. If the Union is unable to resolve any disputes regarding this Section informally at the location level, any formal grievance may be filed at the Office of the President.

E. FEES FOR PROVIDING PAYROLL DEDUCTIONS AND LISTS

1. The Union shall be responsible for all reasonable initial and ongoing programming and monthly processing costs associated with payroll deductions, V-CAP checkoff, and providing any lists referenced in this Article. Payment for costs must be remitted to the University in advance of development, configuration, and implementation.
2. For each monthly remittance to the Union, the University shall charge the Union and deduct from the amount being remitted \$10.00 plus \$.07 per employee for whom the University makes payroll deductions.

F. WAIVER OF LIABILITY

The Union shall indemnify the University for any claims made by the employees for deductions made by the University, including reasonable costs associated with such claims, in reliance on the Union's certification or on the Union's representation as to whether deductions for the Union were properly canceled or changed. The University shall promptly provide notice to the Union of any claim, demand, suit or other action for which it is seeking indemnification.

ARTICLE 34 - UNIVERSITY BENEFITS

A. HEALTH AND WELFARE BENEFITS

1. Eligible employees may participate in the benefit programs and plans generally available to other eligible staff employees of the University.
2. The University health and welfare plans provide an annual open enrollment period during which eligible employees may elect to change specific plan or coverage options. Open enrollment provides an opportunity for employees to choose among plans due to changes in circumstances of the employees, changes in the coverage and costs of each plan, and changes in plan availability which may change from year to year.
3. The University may, at its option alter its health and welfare programs, including the retiree health benefit program. Such alterations include, but are not limited to altering eligibility criteria, establishing new coverage, altering or deleting current coverage, adjusting pay bands, altering rates of contribution, changing the carrier for established plans or programs, or changing the administrator of such plans. However, the University will notice the Union and, upon request, meet to discuss the alterations the Union was advised of. In no event shall these discussions delay implementation of the University's objectives. In the event the University makes such alterations, the changes will apply to employees eligible for benefits within the unit in the same manner as they apply to other eligible staff employees at the same campus.
 - a. The sole exceptions to the University's ability to make changes without negotiations pursuant to Section A.3, shall be:
 - i. any alterations proposed by the University which affect only bargaining unit employees,
 - ii. changes to the monthly premiums and contributions to be paid by employees in the bargaining unit depending upon the medical plan they have selected, their coverage and their applicable pay band, in accordance with Section A.6 below.
 - b. In such case(s), the University agrees to meet and confer with respect to the proposed change.
4. Employee costs that exceed current University contributions, and employee costs for plans to which the University does not contribute, are to be paid by employees, normally through payroll deduction.
5. Effective as of the date of ratification, the following terms shall apply:
 - a. Employees are subject to the general health care premium rates for employees published on UCnet.
 - b. Starting in 2027 and using the 2026 health care premium employee rates published on UCnet as the baseline, the University shall impose a 5% annual cap on UC Blue & Gold employee premium increases and a 7.5% annual cap on Kaiser employee premium increases every year through the life of the contract. This means, for example, that in 2028, the 2027 published rates will serve as the baseline for the 5% (UC Blue & Gold)/7.5% (Kaiser) cap applied to 2028 rates.

- c. Through the life of the contract, employees enrolled in UC Blue & Gold and Kaiser shall have the following offsets applied to their premium rates.

	Self	Self + Child	Self + Adult	Family
Pay Band 1	\$26	\$48	\$128	\$156
Pay Band 2	\$15	\$35	\$119	\$147
Pay Band 3	\$9	\$37	\$119	\$182
Pay Band 4	\$19	\$58	\$154	\$244

- d. Offsets only apply to employee's health care premium costs.

B. RETIREMENT BENEFITS

1. The University maintains several retirement and savings plans for eligible University employees, which collectively constitute the University of California Retirement System (UCRS). Eligible employees may participate in a number of retirement plans generally available to other eligible staff employees of the University.
2. The University may, at its option, alter the existing UCRS plans and establish new retirement and/or savings plans for the UCRS. Such alterations include but are not limited to altering the eligibility criteria; altering or deleting current benefits; changing rate of employee contribution subject to Section B.3 below; or changing the carrier or administrator for established plans or programs. In the event the University makes such alterations, the changes will apply to employees eligible for retirement benefits in the same manner as they apply to other eligible non-represented staff employees at the University.
 - a. The sole exceptions to Section B.2 above shall be:
 - i. Any alterations proposed by the University which affect only bargaining unit employees,
 - ii. Any proposed increases to the rate of employee contribution.
 - b. In such case(s), the University agrees to meet and confer with respect to the proposed change.
3. The 2016 Retirement Choice Program (Pension Choice and Savings Choice) will apply to all eligible employees hired, rehired following a break in service, or who become UCRP eligible on or after June 1, 2017, on the same terms as applied to non-represented staff employees.

4. Second Choice Window for Savings Choice Participants.

- a. Active participants in Savings Choice are eligible to make a “second choice” of primary retirement benefits and may switch prospectively from Savings Choice (defined contribution “401k style”) to Pension Choice (defined benefit pension), and become members of the UC Retirement Plan (UCRP) coinciding with the start of the new plan year.
- b. The second choice window shall open on January 1st of the fifth (5th) anniversary of the calendar year in which the Savings Choice election was made and extends through May 31st five (5) years later.
- c. The window shall open regardless of employment status, however, election to switch from Savings Choice to Pension Choice during a second choice window may only be made by active Savings Choice participants which shall include employees on an unpaid or paid leave of absence.
- d. Second choice election may be submitted by active Saving Choice participants at any time during their second choice window.
- e. The effective date of the active participant's second choice election to switch to Pension Choice shall depend on the timing of the election submission.
- f. Elections submitted June 1st through May 31st the next following year shall be effective July 1st immediately following the May 31st annual submission deadline.
- g. Once the second choice election is made, the decision to enroll in Pension Choice cannot be revoked. Savings Choice account balances belong to the employee. On the date the change takes effect, contributions from the employee and UC to Savings Choice account will stop, and contributions to UCRP will begin. Service credit earned as a participant in Savings Choice will count towards vesting in UCRP and toward retiree health benefits. Service credit earned as a participant in Savings Choice will not count as UCRP service credit towards the calculation of pension.

C. EFFECT OF ABSENCES FROM WORK ON BENEFITS

1. Temporary Layoff/Temporary Reduction in Time/Furlough

Health plan contributions by the University will be provided for the employees, in accordance with Section A, above, when the employee is affected by: temporary layoff; temporary reduction in time below the hours required to be eligible for health benefits; or furlough. For health plans to remain in force, employees on temporary layoff or furlough must comply with the terms of the applicable plan documents, rules and/or regulations.

2. Military Leave

An employee on military leave with pay for emergency National Guard duty or Military Reserve Training Leave shall receive all benefits related to employment which are granted when an employee is on pay status as per University policy.

3. Leaves of Absence Without Pay

- a. Approved leave without pay shall not be considered a break in service and, except as provided in Section C.3.c, below, shall not determine eligibility for benefits except that the regulations of the retirement systems determine the effects of such leave without pay on retirement benefits.
- b. Except as provided in Section C.3.c, below, an eligible employee on approved leave without pay may, in accordance with the plan documents, rules and regulations, elect to continue University-sponsored benefit plans for the period of the leave.
- c. An employee on an approved Family and Medical Leave (FML) shall be, if eligible, able to continue participation in health plan coverage (medical, dental, and optical) as if on pay status as follows:
 - i. When the employee is on an FML leave that runs concurrently under the Family and Medical Leave Act (FMLA) and the California Family Rights Act (CFRA): Continued coverage for up to twelve (12) workweeks in a calendar year.
 - ii. When the employee is on a Military Caregiver Leave under the FMLA: Continued coverage for up to twenty-six (26) workweeks in a single twelve (12) month period. For purposes of Military Caregiver Leave, the "single twelve (12) month period" is the period beginning on the first day the employee takes the leave and ending twelve (12) months after that date.
 - iii. When the employee is on Qualifying Exigency Leave under the FMLA: Continued coverage for up to twelve (12) workweeks in a calendar year.
 - iv. When the employee is on a Pregnancy Disability Leave under the California Pregnancy Leave Law, regardless of whether any of the leave runs concurrently with the FMLA: Continued coverage for up to four (4) months in a twelve (12) month period. If any of the Pregnancy Disability Leave runs concurrently under the FMLA, the continued coverage provided for that portion of the leave will count towards the employee's FMLA entitlement for up to twelve (12) workweeks of such coverage in a calendar year.
 - v. When the employee is on an FML leave under the CFRA that does not run concurrently under the FMLA (e.g., Parental Leave after the employee's FMLA entitlement is exhausted): Continued coverage for up to twelve (12) workweeks in a calendar year.
- d. To continue health plan coverage during an approved FML leave, an employee must continue to make any contributions that they made before taking leave. For any paid portion of the leave, employee contributions will continue to be deducted from the employee's paycheck. Failure of the employee to pay their share of the health insurance premium may result in loss of coverage.

D. ENUMERATION OF UNIVERSITY BENEFITS

1. For informational purposes only, a brief outline of benefit programs in effect on the date the Agreement is signed is found online at UC benefits website: <https://ucnet.universityofcalifornia.edu/benefits/>. Benefit programs include offerings such as the Dependent Care Flexible Spending Account (DepCare FSA), described below, and

the Health Flexible Spending Account (FSA). The Union understands and agrees that the descriptions contained online do not completely describe the coverage or eligibility requirements for each plan.

2. DepCare FSA

- a. The DepCare FSA Program is a federal program which allows employees to place funds in a pre-tax account for the purpose of paying childcare costs as determined by Internal Revenue Service regulations and documented in the University's plan documents.
- b. The University's program may be found at
<https://ucnet.universityofcalifornia.edu/forms/pdf/depcare-fsa.pdf> and
<https://ucnet.universityofcalifornia.edu/benefits/home-family/depcare-fsa/>.
- c. Employees may contribute up to the federal cap.

3. Health FSA

- a. The University's Health FSA allows employees to set aside pretax money each year for the purpose of paying healthcare expenses as determined by Internal Revenue Service regulations and documented in the University's plan documents.
- b. The University's program may be found at
<https://ucnet.universityofcalifornia.edu/benefits/health-welfare/health-fsa/>.
- c. Employees may contribute up to the federal cap.

- 4. Specific eligibility and benefits under each of the various plans are governed entirely by the terms of the applicable Plan Documents, custodial agreements, University of California Group Insurance Regulations, group insurance contracts, and state and federal laws. For details on specific eligibility for each program, see the applicable documents, agreements, regulations, or contracts.

ARTICLE 35 - VACATION LEAVE

A. ELIGIBILITY FOR VACATION LEAVE

1. The University provides vacation benefits to employees holding career, limited, or floater appointments with a full-time equivalent (FTE) of fifty percent (50%) or more for a period of six (6) continuous months or longer.
2. An employee does not earn vacation credit for time on pay status in excess of a full-time work schedule.
3. An eligible employee whose FTE is reduced below fifty percent (50%) will no longer accrue vacation leave.

B. ACCRUAL OF VACATION LEAVE

1. Eligible employees begin to accrue vacation leave from the first day of their appointment.
2. An employee accrues vacation leave based on FTE, years of qualifying service, and hours on pay status at the rates specified below. A month on pay status at one-half time or more is counted as a month of qualifying service, and a quadriweekly cycle on pay status at one-half time or more is counted as a quadriweekly cycle of qualifying service.
3. Eligible employees appointed at less than full-time status accrue vacation leave on a pro-rata basis. If an employee's FTE is fifty percent (50%) or more for six (6) or more months but actual time worked is less than fifty percent (50%), the employee will accrue vacation in proportion to the time worked.
4. Vacation credits are based on hours on pay status, including paid holidays. Overtime hours are excluded when calculating vacation leave accrual.
5. Accrued vacation leave is credited and available for use on the next working day following each month or quadriweekly pay cycle, except that eligible separating employees earn proportional vacation leave through their last day on pay status.
6. Accrual rates for employees (full-time status) shall be in accordance with the table below:

Years of Qualifying Service	Vacation Days Accrued Per Month/ Year (Approx.)**	Vacation Accrual Factor (Per Hour on Pay Status)	Maximum Vacation Hours
Less than 10	1.25 days per month 15 days per year	.057692	240
10 but less than 15	1.50 days per month 18 days per year	.069231	288

Years of Qualifying Service	Vacation Days Accrued Per Month/ Year (Approx.)**	Vacation Accrual Factor (Per Hour on Pay Status)	Maximum Vacation Hours
15 but less than 20	1.75 days per month 21 days per year	.080769	336
20 or more	2.00 days per month 24 days per year	.092308	384

**Full time rate.

7. Maximum Accrual Limit – A full-time employee shall not accrue vacation in excess of the maximum of two (2) times the employee's annual accrual. A part-time employee shall accrue vacation to a pro-rated maximum number of hours as a full-time employee with comparable years of service.
 - a. Once an employee reaches the maximum accrual, no additional vacation leave may be accrued until the employee's vacation leave balance falls below the maximum.
 - b. However, if an employee cannot schedule vacation within sixty (60) working days of reaching the maximum accrual limit due to operational considerations, the University will provide the employee an additional four (4) months within which to take vacation leave in order to bring the employee's accrual below the maximum. The employee continues to accrue vacation leave during these additional four (4) months.

C. USE OF ACCRUED VACATION LEAVE

1. An employee may not use vacation leave before it is accrued, except as authorized by the University during a curtailment leave, as outlined in Section D below.
2. An employee may request vacation.
 - a. Accrued vacation shall be approved or denied by the designated University official.
 - b. Vacation requests shall not be unreasonably denied.
 - c. An approved vacation request shall not be unreasonably canceled.
 - d. Upon request of the employee, the reason for denial of a vacation request shall be provided in writing.
3. Vacation leave requested by an employee will be scheduled in accordance with the University's operational needs and departmental procedures. Departmental procedures which restrict an employee's ability to schedule vacation shall be based on operational needs.
4. Employees separating from University employment may not use vacation leave on or after their last day of work, except that an employee who is retiring may use accrued vacation up to the effective date of retirement.

D. CURTAILMENT PERIOD

1. Curtailment for the purpose of this Article refers to periods when the University curtails or shuts down all or some of its activities, on a location-by-location basis, for periods of specific duration. By way of example and not limitation, such periods may represent opportunities for energy/cost savings and/or adjustments to reduce levels of work activity due to transition periods in the academic calendar and/or “seasonal” or “holiday” influences on scheduled work activities and/or the occurrence at or on University facilities of major public events and/or the occurrence of emergency or “forces of nature” situations adversely affecting normal University operations.
2. In the event of such total or partial closure or curtailment of operations, whether or not the University is able to anticipate such event, employees affected shall select one or a combination of the following options to cover their status during such period of time:
 - a. Employees may use accrued vacation leave during the period. Employees without sufficient accrued vacation would be allowed to use up to three (3) days’ vacation leave prior to actual accrual.
 - b. Employees who do not wish to use vacation may elect to take a leave without pay during the closure. Notwithstanding the provisions of Section B above, if an employee is in leave-without-pay status due to a location closure which is three (3) consecutive days or less in duration, such a full-time or part-time employee shall not lose hourly vacation accruals.
3. Employees who do not select from Section D.2.a or D.2.b above or who do not qualify for Section D.2.a, or D.2.b above shall, for the period of time necessary, be placed in a leave-without-pay status. The hourly accrual provisions in Section D.2.b. above related to location closure(s) shall also apply to employees who are placed in leave-without-pay status.
4. With the exception of Winter Curtailment and with supervisor approval, employees in this unit who have a remote work/telework arrangement in place and who have meaningful work may work remotely during the curtailment period on days that would otherwise require the utilization of either vacation pay or leave without pay.
5. Nothing in this provision is intended to limit a location’s discretion to allow remote or in-person work during curtailment consistent with operational needs.

E. VACATION LEAVE ACCRUAL DURING LEAVES OF ABSENCE

1. An employee continues to accrue vacation leave while on pay status. However, employees do not accrue vacation leave during any unpaid leave of absence, except for the first three (3) days of unpaid curtailment leave.
2. An employee on leave without pay and receiving temporary disability payments under the California Workers’ Compensation Act accrues vacation leave on the same basis as if actually working, but accrued leave is credited to the employee only upon return to work.

F. VACATION LEAVE PAY

1. Pay during a vacation leave is at the employee's straight-time rate of pay in effect at the time the leave is taken, not the straight-time rate of pay in effect when the vacation leave was accrued.
2. An employee will be paid for any unused vacation leave accrued through their last day on pay status upon:
 - a. Separation of employment from the University (resignation, termination, retirement, indefinite layoff or medical separation),
 - b. Transfer, promotion, or demotion to a University position or location that does not accrue vacation leave.
3. An employee granted unpaid extended military leave is eligible for accrued vacation pay according to the provisions of Article 14 – Leaves of Absence.
4. Payment for unused vacation leave upon separation will be at the employee's straight-time rate of pay in effect as of the employee's last day on pay status. Payment of accrued vacation leave upon transfer, promotion or demotion to a position that does not accrue vacation leave will be based at the employee's straight-time rate of pay in effect at the time of the transfer, promotion, or demotion.
5. An employee who dies shall have any accumulated vacation credit paid to the employee in accordance with University policy.

G. AVAILABILITY OF ACCRUED VACATION LEAVE UPON CHANGE IN POSITION

Unless a conflict exists with the terms governing the new position, and except as provided in Section F, any unused accrued vacation leave will remain available when an employee changes positions within the University, with no break in service. The rate of pay for such vacation leave will be at the employee's straight-time rate of pay in effect at the time the leave is taken.

H. RECORDING VACATION LEAVE ACCRUAL AND USE

1. Employees are responsible for entering any vacation leave taken as follows:
 - a. Non-Exempt Employees: The employee will record vacation leave used to the nearest quarter hour.
 - b. Exempt Employees: The employee will record vacation leave used in full day increments, or in increments not less than that portion of the day during which an employee on less than full-time pay status is normally scheduled to work. If an exempt employee has exhausted all accrued vacation leave, absences of less than one (1) full day will not be deducted from the employee's salary. The foregoing does not apply when an employee is taking FML on an intermittent or reduced schedule basis. See Article 14 – Leaves of Absence.

I. CATASTROPHIC LEAVE DONATION PROGRAM

An employee may participate in a location's Catastrophic Leave Donation program, if any, in accordance with the provisions of that location's program.

J. FLOATING HOLIDAY

1. Non-probationary career employees in the unit shall be entitled to one (1) floating holiday per calendar year. The floating holiday must be used within the calendar year in which it is granted and shall not carry over to the following year. The floating holiday has no cash value, and an unused floating holiday remaining at the end of the calendar year shall be forfeited.
2. Use of the floating holiday shall be consistent with Section C.2–4.
3. The floating holiday may only be used on a day the employee is scheduled to work, or during curtailment. The floating holiday may not be used to increase an employee's regularly scheduled hours, provide pay on a non-scheduled workday, or result in overtime pay.
4. Compensation for Floating Holiday

An eligible full-time employee shall receive eight (8) hours of floating holiday time, regardless of their work schedule. An eligible part-time employee shall receive proportionate holiday pay as set forth in Section C.2.c of Article 09 – Holidays. Eligibility for floating holidays is set forth in Section D of Article 09 – Holidays.

ARTICLE 36 - WAGES

A. GENERAL PROVISIONS

1. Eligibility and Effective Dates

- a. Employees covered by this Agreement shall be compensated in accordance with step structures which shall be established in accordance with the provisions outlined in Section C, below.
- b. Wage increases shall be effective on the first full biweekly or monthly pay period on or after the effective date of the increase.
- c. The initial wage structure shall remain in effect until implementation of the step structure as described in Section C except as modified by the increases in Section B unless modified by mutual agreement.

2. Title Code System Lookup (TCS)

- a. Once established, applicable wage rates will be reflected on the Corporate Title Code System Lookup (TCS) at: <https://tcs.ucop.edu/home>. In the event this web page expires and is replaced by a new title code system and corresponding web page, the University will provide thirty (30) calendar days' notice to the Union advising where such title code and wage rate information can be found online. The parties recognize that the actual wage rates paid to employees may vary slightly due to rounding.

3. Order of Increases

- a. If more than one wage adjustment takes place on the same date, actions occur in the following order:
 - i. Across the board pay range adjustment
 - ii. Individual step increase
 - iii. Individual equity increase
 - iv. Increase resulting from promotion or reclassification
 - v. Increase to the minimum of the pay range

B. ACROSS THE BOARD WAGE INCREASES

Following receipt of written notification from the Union of its ratification and acceptance of the entire Agreement with the University of California, the University will implement the following wage increases, within one hundred and twenty (120) calendar days, in accordance with the provisions of this Article:

1. Effective July 1, 2026, all employees shall receive a five percent (5%) increase to their base rate of pay. This increase will be applied to the base rate of each employee as well as the minimum and maximum rates of the pay ranges for each title.

- a. Effective January 1, 2027 all current non-probationary career employees with an overall performance evaluation rating of satisfactory (or equivalent) or above, shall receive a one percent (1%) base building increase. Employees hired after January 1, 2027 are not eligible for this payment.
 - b. Within ninety (90) calendar days of ratification, all employees shall receive a one-time non-base building lump sum payment equal to one percent (1%) of base salary, which shall be treated as retirement eligible compensation. Employees hired after the date of ratification are not eligible for this payment.
2. Effective July 1, 2027, all employees shall receive a five percent (5%) increase to their base rate of pay. This increase will be applied to the base rate of each employee as well as the minimum and maximum rates of the pay ranges for each title.

C. STEP ESTABLISHMENT

1. Within sixty (60) calendar days of ratification, the University will establish a systemwide committee to begin the process of creating step structures for eligible bargaining unit covered positions (Initial Development Phase). The University will meet with the Union at least twice during the Initial Development Phase to talk through the process and work being performed and get the Union's feedback. Development of step structures will incorporate the following factors:
 - a. Structures having a minimum of eighteen (18) steps.
 - b. Two percent (2%) progression between steps.
 - c. The minimum salary shall be no lower than the minimum in a given grade as of the date of implementation.
 - d. Structures targeting market composite rates at the fiftieth (50th) percentile step.

 - f. Local compensation practices.
 - g. Equity among similar positions.
 - h. Advancement opportunities within and between job families.

- i. Employees will be placed no lower than the nearest step that is not below their current rate of pay.
 - j. Employees with rates below the initial step will be raised to step 1.
 - k. Placement onto the step scale shall take into account years of service.
 - l. Employees above the top step will be red circled.
 - m. If significant numbers of employees lie outside the range for a given position, further analyses will be conducted to determine if adding additional steps is appropriate.
2. Once the committee has established draft structures and steps, and no later than January 1, 2027, the step structures will be provided to the Union for its review. Within thirty (30) calendar days of such information being provided, the Union and representatives of the committee will meet regarding the structures, methodology and supporting data. The committee will make any necessary adjustments to the structures based on the Union's feedback.
 3. Within sixty (60) calendar days of such information being provided, the Union and University will meet and confer regarding the step structures. After the parties have reached agreement through this process, the step scales shall be implemented and bargaining unit members shall be placed onto them effective July 1, 2027.
 4. If the parties fail to reach agreement through this process regarding the creation of these step structures, the expedited impasse procedures set forth below in Section D shall apply.

D. EXPEDITED IMPASSE PROCEDURES

1. If either party believes there is an irresolvable dispute regarding the creation of these step structures the parties agree that they will jointly declare impasse and file a request to PERB for an impasse determination. The joint request will be filed within two (2) business days of a party notifying the other of its belief that there is an irresolvable dispute under this paragraph. The joint request will ask that mediation begin within fifteen (15) calendar days of the date the joint request is submitted.
2. After at least two (2) full days of mediation, either party may provide notice that mediation should be ended. Within fifteen (15) calendar days of either party providing notice that mediation should be ended, the parties agree to jointly request to PERB and the mediator that their differences be submitted to a fact-finding panel.
3. Fact finding will consist of a tripartite panel. The University will appoint one (1) panel member, the Union will appoint one (1) panel member, and the parties will mutually agree upon a person to chair the fact-finding panel in lieu of a chairperson selected by the Board.
4. If within thirty (30) calendar days from initiation of fact finding the parties are unable to reach agreement as to the neutral panel member the parties will meet to select from a list of five (5) arbitrators that will be agreed to within forty-five (45) days of ratification. If the

parties cannot agree on a list of five (5), Appendix B – Panel of Arbitrators will be used in lieu.

5. The parties will flip a coin to determine which side has the first strike. The parties will alternate striking and the last remaining name will serve as the neutral.
6. If the selected neutral declines to serve, the second-to-last struck arbitrator shall be asked to serve and so forth until the panel is exhausted.
7. The parties will submit proposals for the step structure to the panel, along with evidence and oral argument.
8. The parties agree to jointly request that the fact-finding panel issue a report no later than two (2) months after the initiation of fact finding.
9. Nothing precludes the parties from reaching agreement upon the step structure at any time.
10. The parties will meet at least twice after the fact-finding report is issued to attempt to reach agreement. These meetings will start within one (1) month after the fact-finding report is issued. If an agreement cannot be reached by July 1, 2027, the parties have the post impasse rights provided for under the law. Additionally, if an agreement cannot be reached, the prohibition on strikes related to step bargaining set forth in Article 17 – No Strikes/No Lockouts will be lifted until an agreement is reached. All other terms of Article 17 – No Strikes/No Lockouts will remain in full force and effect. Once an agreement is reached, all prohibitions on striking in Article 17 – No Strikes/No Lockouts will be reinstated.

E. STEP INCREASES

1. Following transition of employees to step structures, the following wage actions will be implemented:
 - a. Effective January 1, 2028, the University shall provide a one (1) step within range increase to non-probationary career employees with an overall performance evaluation rating of satisfactory (or equivalent) or above. Prior to implementation of employee level step increases, one (1) additional step will be added to the top of each agreed to structure.
 - b. Effective January 1, 2029 the University shall provide a one (1) step within range increase to non-probationary career employees with an overall performance evaluation rating of satisfactory (or equivalent) or above.
 - c. Effective January 1, 2030, the University shall provide a one (1) step within range increase to non-probationary career employees with an overall performance evaluation rating of satisfactory (or equivalent) or above.
 - d. In the event that employees have not been placed on steps by the effective dates of the wage actions outlined in Section C, step-eligible employees will receive a base building wage adjustment of 2% as a proxy in lieu of a step increase.
2. Nothing precludes the University from hiring new employees above step 1.

3. Nothing precludes the University from advancing employees more than one step per year.

F. AWARD PROGRAMS

Employees are eligible for the STAR awards program in the same manner as other eligible staff employees at the location.

ARTICLE 37 - WAIVER

- A.** The University and the Union had the opportunity during negotiations to make proposals with respect to any subject matter not prohibited by law from the area of collective bargaining. Unless mutually agreed otherwise, the University and the Union, for the life of this Agreement, each voluntarily and unqualifiedly waives the right, and each agrees that the other shall not be obligated to bargain collectively with respect to any subject or matter referred to, or covered in this Agreement, or with respect to any subject or matter not specifically referred to or covered by this Agreement, even though such subject or matter may not have been within the knowledge or contemplation of either or both of the parties at the time they negotiated or signed this Agreement.
- B.** Unless specifically noted otherwise, this Agreement supersedes and replaces the specific rights and/or procedures set forth under the various personnel programs and policies, which previously applied to employees covered by this Agreement.
- C.** Notwithstanding Section A above, in the event the University proposes a new policy or proposes to eliminate or modify a practice and/or policy not covered by the Agreement that has a significant and consequential impact on a substantial number of bargaining unit members, the University shall provide the Union a thirty (30) calendar day notice prior to the proposed implementation.
 - 1. The parties shall undertake negotiations regarding the impact of such changes when all four of the following exist:
 - a. The changes proposed by the University would have a significant impact on the terms and conditions of employment of a substantial number of bargaining unit members;
 - b. The subject matter of the change is within the scope of representation pursuant to HEERA; and
 - c. The Union makes a request to negotiate with the University within fifteen (15) calendar days of the date of the receipt by the Union of the University's notice as described in Section C.
 - 2. If such a request is made, the University will meet with the Union within fifteen (15) calendar days of its request, when practicable.
 - 3. The University and the Union shall execute in writing the agreement resulting from such negotiations, and the agreement shall become an addendum to this Agreement.
 - 4. If the parties do not reach agreement in the negotiations, the impasse procedures pursuant to HEERA shall apply.

ARTICLE 38 - WORK-INCURRED INJURY AND ILLNESS

A. GENERAL PROVISIONS

This Article defines the application of sick leave and vacation for employees who are unable to work due to a work-incurred injury or illness compensable under the California Workers' Compensation Act, and provides extended sick leave benefits for such employees when sick leave is exhausted and employees are still unable to work because of such injury or illness.

1. An employee unable to perform the normal duties of their job even after reasonable accommodations due to a work-incurred illness or injury compensable under the California Workers' Compensation Act may be granted leave for the duration of a verified disability but not to exceed twelve (12) months or a predetermined date of separation, whichever comes earlier, unless additional leave is otherwise required by law.
2. Work-Incurred Injury or Illness Leave runs concurrently with Family Medical Leave (FML) for a qualified work incurred injury or illness.
3. An approved leave of absence for work-incurred illnesses or injuries shall not be considered a break in service.
4. Employees who are unable to work due to a work-incurred injury or illness compensable under the California Workers' Compensation Act are eligible to use accrued sick leave and vacation as provided below. When sick leave is exhausted and when employees are still unable to work because of such illness or injury, employees may use extended sick leave or leave without pay as provided below.
5. An employee shall notify their supervisor of the need for leave for a work-incurred injury or illness, or any extension of such leave, as soon as practicable after the need for such leave or extension is known. This notification shall include written medical certification of the need for such leave or extension, and the anticipated return to work date.

B. EXTENSIONS OF WORK-INCURRED INJURY OR ILLNESS LEAVE

In the event an employee requires an extension to their work-incurred injury or illness leave, they shall provide the University with a statement from their Primary Treating Physician or licensed health care practitioner of the need for the extension and the anticipated return to work date. The employee will provide such a statement as soon as practicable prior to the date the employee was previously scheduled to return to work.

C. RETURN FROM WORK-INCURRED INJURY OR ILLNESS LEAVE

1. Prior to returning to work, an employee granted a work-incurred injury or illness leave must provide the University with a statement from their Primary Treating Physician or licensed health care practitioner of the employee's ability to return to work. The employee will provide such a statement as soon as practicable prior to the date the employee was previously scheduled to return to work. If the health care practitioner's return to work statement specifies restrictions, the University will implement accommodations in accordance with Article 23 – Reasonable Accommodation.

2. If the University eliminates the position during the leave, the employee shall be afforded the same considerations which would have been afforded had that employee been actively working when the position was eliminated.

D. SUPPLEMENTAL SICK LEAVE AND VACATION

1. Employees shall be permitted to use sick leave and vacation to supplement temporary disability payments received under the California Workers' Compensation Act.
2. Sick leave and vacation payments shall be the difference between the amount payable to the employee under the Workers' Compensation Act and the employee's regular salary. The additional payment made to an employee to provide the employee with full salary prior to receipt of disability payments shall be deemed an advance temporary disability payment within the Workers' Compensation Act.
3. The University shall provide advance temporary disability payment in accordance with California law. This additional payment made to an employee to provide the employee with full salary prior to receipt of disability payments shall be deemed an advance temporary disability payment within the Workers' Compensation Act. An employee who receives advance temporary disability payment shall reimburse the University for such payment. The reimbursement is used to restore proportionate sick leave and vacation credit as appropriate.

E. EXTENDED SICK LEAVE

1. An employee who is receiving temporary disability payments and who has exhausted all accrued sick leave shall receive extended sick leave payments from the University in an amount equal to the difference between the payments from Workers' Compensation and eighty percent (80%) of the employee's basic salary plus any shift differential which the employee would have received.
2. If such an employee returns to part-time University duties, the earnings plus any temporary disability payments, if less than eighty percent (80%) of the employee's basic salary plus shift differential, shall be supplemented to eighty percent (80%) of the employee's basic salary by extended sick leave payments, provided the employee continues to be medically authorized for Workers' Compensation temporary disability.
3. Total extended sick leave payments shall not exceed twenty-six (26) weeks for any one injury or illness or one hundred percent (100%) of original pay plus shift differentials.
4. An eligible employee who does not have sufficient accrued sick leave to cover the three (3) calendar days waiting period for receiving Workers' Compensation payments shall receive extended sick leave payment to cover any part of the waiting period not covered by sick leave. Payment shall be made only after determination that the injury or illness is compensable under Workers' Compensation.

F. EFFECT ON PAY STATUS

1. An employee who is receiving temporary disability payments and supplemental sick leave, extended sick leave, vacation leave as described in Section D above, or leave without pay is considered on regular pay status for purposes of application of provisions of this Agreement, except the completion of the employee's probationary period.

2. Sick leave and vacation accrued during Extended Sick Leave in Section E above is credited to the employee only upon return to work. However, if an employee separates without returning to work, the employee shall be paid for vacation accrued during the period the employee received extended sick leave payment.
3. An employee on leave without pay and receiving temporary disability payments accrues sick leave and vacation on the same basis as if regularly employed, but such accrual is credited to the employee only upon return to work. If an employee separates without returning to work, no payment shall be made for such vacation credit.

G. SEPARATION

An employee shall not use vacation, sick leave, or extended sick leave to supplement Workers' Compensation payments beyond a predetermined date of separation or leave without pay. Any vacation credit remaining on the date of separation shall be paid on a lump-sum basis.

H. LIGHT DUTY

The University shall modify duties consistent with documented medical restrictions for employees who have experienced work-related injuries. Employees whose work-related injuries cause them to become qualified employees with permanent disabilities may also be eligible for reasonable accommodation in accordance with Article 23 – Reasonable Accommodation. Nothing in this provision waives the employer's duties and/or the employee's rights to reasonable accommodations under the California Fair Employment and Housing Act (FEHA), the Americans with Disabilities Act of 1990, or Article 23 – Reasonable Accommodation.

ARTICLE 39 - WORKLOAD/HOURS OF WORK

A. EXEMPT EMPLOYEES ONLY

1. The normal workweek for a full-time exempt employee is considered to be forty (40) hours, and for part-time exempt employees the proportion of forty (40) hours equivalent to the appointment percentage. However, greater emphasis is placed on meeting the responsibilities assigned to the position rather than on working a specified number of hours. Required work schedules must be reasonable, considering factors such as operational needs and the employee's underlying job duties. In recognition of the professional exempt status of employees, assigned work schedules provide the flexibility to meet work goals and to occasionally allow a schedule of more or less than forty (40) hours in a week. After extended periods of additional time worked or unusually heavy workload, supervisors may approve an employee's request for a temporary reduction in work schedule with no loss of pay.
2. Accounting For Time Not Worked
 - a. For full-time exempt employees, leaves with and without pay shall be used in one-day increments only except if an employee is taking Family Medical Leave on an intermittent or reduced schedule basis.
 - b. Part-time exempt employees shall account for time off work in increments not less than that portion of a day during which an employee on less than full-time pay status is normally scheduled to work; absences of less than an employee's regularly scheduled work day shall not be charged against accrued leave time.
 - c. The salary of exempt employees shall not be reduced for absences of less than a full day or less than that portion of a day during which an employee on less than full-time pay status is normally scheduled to work.

B. NON-EXEMPT EMPLOYEES ONLY

1. Standard Workweek: A workweek is a period of time consisting of seven (7) consecutive days. A standard workweek is generally from Sunday morning (12:01 a.m.) to midnight the following Saturday. Workweeks beginning and ending in a seven-day period other than the above may be established by the University.
2. Work Schedules
 - a. A work schedule is the normal hours of work for an employee within a workweek.
 - b. A standard full-time work schedule shall be eight (8) hours per day, excluding meal periods, on five (5) consecutive days. An alternate (flexible) full-time work schedule may consist of a different combination of days and hours not to exceed forty (40) hours in one (1) workweek.
 - c. Work schedules are established by the University. Alternate work schedules shall be approved or denied in accordance with Section B.10 below. Employee work schedules will be made known to the employees in accordance with the provisions of Section B.3 of this Article.

3. Schedule/Shift Assignments: Employees will be made aware of their work schedule/shift assignment in the following manner:

- a. The University will provide an employee with at least five (5) work days' notice prior to changing their work schedule/shift for a period of less than four (4) workweeks in duration, except provided for in Sections B.8 and B.9 (call-back and on-call).
- b. The University will provide an employee with at least twenty (20) work days' notice prior to changing their work schedule/shift for a period of at least four (4) workweeks duration, except provided for in Sections B.8 and B.9 (call-back and on-call).
- c. Employees who do not have fixed work schedules and shift assignments will be made aware of their work schedule/shift assignment in advance.
- d. An employee may file a written indication of preference for a particular shift (i.e., day, evening, night) with their immediate supervisor. When assigning work schedules and shifts to employees, the University will also consider the skills, knowledge, and abilities of the employees who normally perform the work involved prior to deciding upon the shift assignment. In the event two (2) department career employees with substantially equal qualifications have expressed a preference, the University may use departmental seniority to make the shift assignment.
- e. The University may at its discretion grant employee requests for flexible working hours, or shift assignments. Such requests shall not be unreasonably denied. Allegations of unreasonable denial are grievable only through Step 2 of Article 07 – Grievance and Arbitration.

4. Overtime

- a. Employees will be compensated with overtime when the employee's actual hours worked exceeds forty (40) hours in a single workweek.
- b. Pay status includes time worked and paid leave such as sick leave, vacation leave, holidays, military leave, and administrative leave with pay.
- c. Overtime shall be compensated at a rate of one-and-a-half times ($1\frac{1}{2}x$) the regular rate of pay.
- d. Overtime shall be reported and paid on the basis of the nearest quarter ($\frac{1}{4}$) hour.
- e. Overtime hours do not count toward accumulation of sick leave, vacation, holiday, or retirement service credit.
- f. Actual hours worked for the purpose of computing overtime does not include hours paid in non-work status, such as sick leave pay, vacation pay, holiday pay, compensatory time, and paid leave of absence pursuant to Article 14 – Leaves of Absence, except as provided in Article 09 – Holidays, Section C.1 ("Compensation for Holidays Worked").

g. Assignment of Overtime

The University shall decide when overtime is needed and which employees will be assigned overtime. Overtime must be approved in advance by the University. When practicable, the University may ask for volunteers before assigning overtime. As soon as the need for overtime is determined, the University shall notify the employee that overtime must be worked. Employees are expected to work overtime when such work is assigned. If brought to the attention of the supervisor, the supervisor shall consider individual circumstances when assigning overtime.

h. Compensatory Time

- i. At the option of the University, overtime shall be compensated at the appropriate rate either by pay or by compensatory time off, if the Department offers a compensatory time program, in accordance with this Section.
- ii. Unless the employee and the University agree otherwise, overtime will be paid. An employee may within thirty (30) days of the effective date of this Agreement, or upon hire, and thereafter during the month of June, file a written indication of preference for either compensatory time off or pay with their immediate supervisor. The University shall grant the preference indicated.
- iii. The written indication of preference referenced in B.4.h.ii above may be withdrawn by mutual agreement of the supervisor and the employee.
- iv. Accumulation of compensatory time is limited to no more than two hundred-forty (240) hours. An employee shall be paid for hours of overtime which exceed this limit.
- v. An employee may request scheduling of compensatory time. An employee's request for the scheduling of compensatory time shall be granted subject to the operational needs of the University, and shall not be unreasonably denied. Once the University has approved an employee's request to schedule compensatory time, the University shall not unreasonably rescind such approval.

5. Meal Periods

A meal period of at least one-half ($\frac{1}{2}$) hour is provided for any work period of six (6) continuous hours or more. Meal periods are neither time worked nor time on pay status. If the total work period of the shift is no more than six (6) continuous hours, the meal period may be waived by written agreement between the employee and the supervisor. Whenever an employee is required to perform work or is not substantially relieved of work-related duties during a meal period, the meal period shall be considered time worked. The University may reschedule an employee's meal period during the workday when operational needs preclude relieving the employee of work-related duties during the originally scheduled meal period, however, regularly scheduled meal periods shall normally be provided.

6. Rest Periods

- a. Two (2) rest periods of fifteen (15) minutes shall normally be granted during an eight (8) or ten (10) hour shift. Three (3) rest periods of fifteen (15) minutes shall normally be granted during a twelve (12) hour shift. A part time employee shall normally be granted one (1) fifteen (15) minute rest period for each work period of three (3) continuous hours or more, not to exceed three (3) rest periods per day.
- b. Operational requirements may affect the timing of rest breaks.
- c. Rest periods shall not be taken at the beginning or end of a work period or accumulated for use at a later time. The combining of rest periods with meal periods for some, any or all employees of a department/division shall be at the discretion of the University.

7. Travel Time

Travel between an employee's home and the workplace is not considered time worked. Travel on University business during an employee's normal working hours (including travel during those hours on the employee's day off) is considered time worked. Travel outside normal working hours is considered time worked when it occurs on a scheduled day of work and is to or from a work location outside the normal commuting area of the assigned workplace. Travel time will be paid in accordance with the University Business and Finance Manual.

8. Call-Back

- a. Call-back applies to an employee who is not in on-call status and is called back to the campus to work in their department after completing a shift and leaving the campus but before their next scheduled shift.
- b. An employee called back to the work site may be assigned by the University to perform available work and shall be paid for the time actually worked upon return to the location, or a minimum of four (4) hours, whichever is greater. Call-back time, whether worked or not, is considered time worked for the purpose of calculating hours of overtime.

9. On-Call

- a. The University retains the right to determine the need for, and the assignment of, on-call time. An employee is not considered to be in on-call status unless they have previously been scheduled by the University for the assignment. Employees in on-call status are required to inform the employer how they can be reached or to carry a pager in order to receive a call to work. An employee in on-call status is not eligible for minimum call-back payments. An employee in on-call status who is called to perform work or to return to the work site will be paid at their regular rate of pay for the time worked. Payment for on-call time paid at the on-call rate is included as part of compensation in calculating the regular rate when determining premium overtime pay. When practicable, the University may ask for volunteers before assigning on-call.
 - i. Unrestricted on-call is time during which an employee is free to engage in activities for their own purposes but is required to be available for work or timely return to

the work site when called to work. Time in unrestricted on-call status is not counted as hours worked or time on regular pay status when employees are not required to be at the work location or to actually perform work from a location other than the work location.

- ii. Restricted on-call is time during which the employee is required to restrict personal activities so that time cannot be effectively used for their own purposes. Restricted on-call will be considered hours worked and will be paid at the employee's normal pay rate (or overtime if appropriate). When an employee is on restricted on-call during a holiday, Article 09 – Holidays shall apply.

10. Alternative Work Schedules

- a. Employees may request alternate work schedules. The University will review the feasibility of implementing alternate work schedules in those work units for which the employee(s) indicate(s) there is an interest in such schedules. The University may at its discretion grant such requests. Such requests shall not be unreasonably denied. Allegations of unreasonable denial are grievable only through Step 2 of Article 07 – Grievance and Arbitration.
- b. Where practicable, the parties will, at the local labor management meetings, identify problems and concerns related to existing alternate work schedules.
- c. In the event the University decides to abolish, establish or change alternate work schedules in work areas, the University shall inform the Union at least thirty (30) calendar days prior to taking such action.
- d. Nothing in this Section shall infringe upon, interfere with or diminish in any way the University's right to ensure adequate staffing and coverage to meet operational requirements and necessities in an efficient and orderly manner.

C. DUAL EMPLOYMENT

Management retains sole discretion to approve or deny an employee's request for dual employment. Dual employment must comply with University policy and procedures.

D. EMPLOYEE INITIATED REDUCTION IN TIME (ERIT)

The University retains sole discretion to continue, create, modify or abolish the ERIT program on a location-by-location basis. Employees will retain eligibility to participate in the Employee Initiated Reduction in Time (ERIT) program, if any exists.

E. GENERAL PROVISIONS

- 1. There shall be no duplication, pyramiding, or compounding of any premium wage payments.
- 2. This Article shall not be construed as a guarantee of or limitation on the number of hours per work day or workweek.

ARTICLE 40 - WORKSPACE MATERIALS

Employees shall have access to required facilities, equipment, supplies, and materials necessary to perform their job duties. Such access shall be in accordance with local policies, practices and/or procedures and shall not be unreasonably denied.

ARTICLE 41 - DURATION

2. The University shall have until October 15, 2029 to notify the Union if it intends to open the agreement for successor negotiations.
3. If neither party notifies the other of its intent to open the Agreement for successor negotiations, the Agreement shall remain in full force and effect and the procedures in Section C below shall apply.
4. If the conditions under Sections B.1 and B.2 are met, the Union shall provide the University with written notice of its selected article(s) and a list of bargaining team members by no later than November 14, 2029.
5. If the conditions under Sections B.1, B.2, and B.4 are met, the University shall provide the Union with written notice of its selected article(s) by no later than November 28, 2029.
6. December 4, 2029, the parties shall set a mutually agreeable start date for the commencement of negotiations no later than January 9, 2030.

C. CONTINUATION OF AGREEMENT

1. In the event that neither party gives timely notice as set forth in Section B, this Agreement shall remain in effect on a year-to-year basis, from July 1 until the following June 30.
2. In the event that the Agreement continues in this manner, the parties shall provide written notice of selected articles and a list of bargaining team members for a successor Agreement no later than January 1st of the applicable year. Thereafter, the parties shall follow the requirements for negotiations of a successor agreement as set forth in Section B, above.

SIDE LETTER - SYSTEMWIDE DYNAMIC STATUS QUO HEALTHCARE

A. PREMIUMS FOR 2026

1. For Kaiser, UC Blue & Gold HMO, and UC Care Plan, for all tier and pay bands for which UC proposes a rate decrease in 2026, bargaining unit members will enroll at the proposed decreased rate. For all tier and pay bands for which UC proposes a rate increase in 2026, bargaining unit members will enroll at the 2025 rates.
2. For bargaining unit members who switch from the CORE PPO or UC HSA PPO to the Kaiser, UC Blue & Gold HMO, or UC Care Plan, they will enroll with the same premium rate as other bargaining unit members per Section A.1 above.

B. DURATION

1. The terms of this Agreement shall apply through 2026 and will be incorporated as a side letter into the parties new collectively bargained Agreement.
2. Neither party waives its right to make proposals on these topics to be applicable in 2027 and thereafter. This provision does not include proposals in 2026 regarding supplemental health benefits.

C. WAIVER OF CLAIMS

As a result of this agreement, UAW agrees to waive any claims of a potential unfair labor practice charge related to the announced changes to healthcare plans and premiums in dynamic status quo for plan year 2026 for the SSAP and RPSP bargaining units.

Currently there are over 700 employees in job classifications set forth in Section A of Article 01 – Recognition who are in dispute as to whether they are supervisory, managerial or confidential employees appropriately in the unit (hereinafter referred to as “the exclusion disputes”). In the event the parties execute a Collective Bargaining Agreement before the exclusion disputes are resolved and if the parties cannot reach a mutual agreement regarding the exclusion disputes, the parties agree to jointly submit a joint petition for unit modification to resolve the disputes under 32781(b)(4).
