## General Information

Delta Dental is founded on the principle of delivering quality dental care and preventing dental problems before they start. Dental services are provided solely by your selected DeltaCare USA Contract Dentist. If any services are provided by a non-DeltaCare USA Contract Dentist or specialist, you will be obligated to pay for such services.

## How to use the DeltaCare USA Plan – Choice of Contract Dentist

To enroll in this Program, you must select a Contract Dentist for both yourself and any Dependent Enrollee from the list of Contract Dentists furnished during the enrollment process. You can also access an online provider directory at <https://www1.deltadentalins.com/group-sites/uc.html>. Collectively, you and your Eligible Dependents may select no more than three Contract Dentist facilities. If you fail to select a Contract Dentist or the Contract Dentist selected becomes unavailable, we will request the selection of another Contract Dentist or assign you to a Contract Dentist. You may change your assigned Contract Dentist by directing a request to the Customer Service department at 800-422-4234. In

order to ensure that your Contract Dentist is notified and our eligibility lists are correct, changes in Contract Dentists must be requested prior to the 21<sup>st</sup> of the month for changes to be effective the first day of the following month.

Shortly after enrollment you will receive a DeltaCare USA membership packet that tells you the effective date of your Program and the address and telephone number of your Contract Dentist. After the effective date in your membership packet, you may obtain dental services which are Benefits. To make an appointment, simply call your Contract Dentist's facility and identify yourself as a DeltaCare USA Enrollee. Initial appointments should be scheduled within four weeks unless a specific time has been requested. Inquiries regarding availability of appointments and accessibility of Dentists should be directed to the Customer Service department at 800-422-4234. If you cannot keep your appointment, notify the Contract Dentist's office at least 24 hours in advance, or you will be charged for a broken appointment.

EACH ENROLLEE MUST GO TO HIS OR HER ASSIGNED CONTRACT DENTIST TO OBTAIN COVERED SERVICES, EXCEPT FOR SERVICES PROVIDED BY A SPECIALIST PREAUTHORIZED IN WRITING BY DELTA DENTAL, OR FOR EMERGENCY SERVICES AS PROVIDED IN *EMERGENCY SERVICES*. ANY OTHER TREATMENT IS NOT COVERED UNDER THIS PROGRAM.

To receive Benefits, other than for out-of-area emergency dental care, service must be rendered by: your assigned DeltaCare USA Contract Dentist; a dental hygienist under his/her supervision; or a specialist to whom your DeltaCare USA Contract Dentist has referred you, and whose treatment has been preauthorized in writing by Delta Dental.

If you have any questions about a prior authorization, please call Delta Dental at the numbers listed on the back page of this booklet.

If your assigned Contract Dentist's agreement with Delta Dental terminates, that Contract Dentist will complete 1) a partial or full denture for which final impressions have been taken, and 2) all work on every tooth upon which work has started (such as completion of root canals in progress and delivery of crowns when teeth have been prepared).

## **Continuity of Care**

Current Members:

You may have the right to the benefit of completion of care with your terminated Dentist for certain specified dental conditions. Please call Customer Service at 800-422-4234 to see if you may be eligible for this benefit. You may request a copy of our Continuity of Care Policy. You must make a specific request to continue under the care of your terminated Dentist. We are not required to continue your care with that Dentist if you are not eligible under our policy or if we cannot reach agreement with your terminated Dentist on the terms regarding your care in accordance with California law.

New Members:

You may have the right to the qualified benefit of completion of care with an Out-of-Network Dentist for certain specified dental conditions. Please call the Customer Service department at 800-422-4234 to see if you may be eligible for

this benefit. You may request a copy of our Continuity of Care Policy. You must make a specific request to continue under the care of your current Dentist. We are not required to continue your care with that Dentist if you are not eligible under our policy or if we cannot reach agreement with your Dentist on the terms regarding your care in accordance with California law.

## **Special Needs**

If an Enrollee believes he or she has a Special Health Care Need, the Enrollee should contact Delta Dental's Customer Service department at 800-422-4234. Delta Dental will confirm that a Special Health Care Need exists, and what arrangements can be made to assist the Enrollee in obtaining such Benefits. Delta Dental shall not be responsible for the failure of any Contract Dentist to comply with any law or regulation concerning structural office requirements that apply to a Dentist treating persons with Special Health Care Needs.

## **Facility Accessibility**

Many facilities provide Delta Dental with information about special features of their offices, including accessibility information for patients with mobility impairments. To obtain information regarding facility accessibility, contact Delta Dental's Customer Service department at 800-422-4234.

## **Benefits, Limitations and Exclusions**

This Program provides the Benefits described in the *Description of Benefits and Copayments* subject to the limitations and exclusions. The services are performed as deemed appropriate by your attending Contract Dentist. A Contract Dentist may provide services personally or through associated Dentists, technicians or hygienists who may lawfully perform the services.

## **Copayments and Other Charges**

You are required to pay any Copayments listed in the *Description of Benefits and Copayments* directly to the Dentist who provides treatment. Charges for broken appointments (unless notice is received by the Dentist at least 24 hours in advance or an emergency prevented such notice), and charges for visits after normal visiting hours are listed in the *Description of Benefits and Copayments*.

## **Emergency Dental Services**

Emergency Dental Services are used for palliative relief, controlling of dental pain, and/or stabilizing the patient's condition. The Enrollee's assigned Contract Dentist's facility maintains a 24 hour emergency dental services system, 7 days a week. If the Enrollee is experiencing an Emergency Dental Condition, he or she can call 911 (where available) or obtain Emergency Dental Services from any dental provider without a referral.

After Emergency Dental Services are provided, further non-emergency treatment is usually needed. Non-emergency treatment must be obtained at the Enrollee's assigned Contract Dentist's facility.

The Enrollee is responsible for any Copayment(s) for Emergency Dental Services received. Non-covered procedures will be the Enrollee's financial responsibility and will not be paid by this plan.

## **Urgent Dental Services Inside the Service Area**

An Urgent Dental Service requires prompt dental attention but is not an Emergency Dental Condition. If an Enrollee thinks that he or she may need Urgent Dental Services, the Enrollee can call his or her Contract Dentist.

## **Out-of-Area Urgent Care**

If an Enrollee needs Urgent Dental Services due to an unforeseen dental condition or injury, we cover Medically Necessary dental services when prompt attention is required from an Out-of-Network Dentist if all of the following are true:

- The Enrollee receives the Urgent Dental Services from Out-of-Network Dentists while temporarily outside of the Delta Dental Service Area.
- A reasonable person would have believed that the Enrollee's health would seriously deteriorate if he or she delayed treatment until they returned to the Delta Dental Service Area.

Enrollees do not need prior authorization for out-of-area Urgent Dental Services. The out-of-area Urgent Dental Services an Enrollee receives from Out-of-Network Dentists are covered if the Benefits would have been covered if the Enrollee had received them from Contract Dentists.

We do not cover follow-up care from Out-of-Network Dentists after the Enrollee no longer needs Urgent Dental Services. To obtain follow-up care from a Contract Dentist, the Enrollee can call his or her Contract Dentist. The Enrollee is responsible for any Copayment(s) for Urgent Dental Services received.

## **Specialist Services**

Specialist Services for oral surgery, endodontics, periodontics or pediatric dentistry must be: 1) referred by your assigned Contract Dentist; and 2) authorized by us. You pay the specified Copayment(s). (Refer to the Schedules attached to this EOC.)

If you require Specialist Services and there is no Contract Specialist to provide these services within 35 miles of your home address, your assigned Contract Dentist must receive Authorization from Delta Dental to refer you to an Out-of-Network specialist to provide the Specialist Services. Specialist Services performed by an Out-of-Network specialist that are not authorized by Delta Dental will not be covered. Delta Dental will respond in writing to all Authorization requests for Specialist Services within five days of receipt.

If the services of a Contract Orthodontist are needed, please refer to the Schedules attached to this EOC to determine Benefits.

## **Second Opinion**

You may request a second opinion if you disagree with or question the diagnosis and/or treatment plan determination made by your Contract Dentist. Delta Dental may also request that you obtain a second opinion to verify the necessity and appropriateness of dental treatment or the application of Benefits.

Second opinions will be rendered by a licensed Dentist in a timely manner, appropriate to the nature of your condition. Requests involving cases an Emergency Dental Condition will be expedited (authorization approved or denied within 72 hours of receipt of the request, whenever possible). For

assistance or additional information regarding the procedures and timeframes for second opinion authorizations, contact Delta Dental's Customer Service department at 800-422-4234 or write to Delta Dental.

Second opinions will be provided at another Contract Dentist's facility, unless otherwise authorized by Delta Dental. Delta Dental will authorize a second opinion by an Out-of-Network provider if an appropriately qualified Contract Dentist is not available. Delta Dental will only pay for a second opinion which Delta Dental has approved or authorized. You will be sent a written notification should Delta Dental decide not to authorize a second opinion. If you disagree with this determination, you may file a grievance with the plan or with the Department of Managed Health Care. Refer to the Enrollee Complaint Procedure section for more information.

## **Claims for Reimbursement**

Claims for covered Emergency Services or preauthorized Specialist Services should be submitted to Delta Dental within 90 days of the end of treatment. Valid claims received after the 90 day period will be reviewed if you can show that it was not reasonably possible to submit the claim within that time. The address for claims submission is Claims Department, P.O. Box 1810, Alpharetta, GA 30023.

## **Provider Compensation**

A Contract Dentist is compensated by Delta Dental through monthly capitation (an amount based on the number of Enrollees assigned to the Dentist), and by Enrollees through required Copayments for treatment received. A Contract Specialist is compensated by Delta Dental through an agreed-upon amount for each covered procedure, less the applicable Copayment paid by the Enrollee. In no event does Delta Dental pay a Contract Dentist or a specialist any incentive as an inducement to deny, reduce, limit or delay any appropriate treatment.

In the event we fail to pay a Contract Dentist, you will not be liable to that Dentist for any sums owed by us. By statute, the DeltaCare USA provider contract contains a provision prohibiting a Contract Dentist from charging an Enrollee for any sums owed by Delta Dental. Except for the provisions in *Emergency Services*, if you have not received Preauthorization for treatment from an Out-of-Network Dentist, and we fail to pay that Out-of-Network Dentist, you may be liable to that Dentist for the cost of services.

You may obtain further information concerning compensation by calling Delta Dental at the toll-free telephone number shown on the back cover of this booklet.

## **Processing Policies**

The dental care guidelines for the DeltaCare USA Program explain to Contract Dentists what services are covered under the dental Contract. Contract Dentists will use their professional judgment to determine which services are appropriate for the Enrollee. Services performed by the Contract Dentist that fall under the scope of Benefits of the dental Program are provided subject to any Copayments. If a Contract Dentist believes that an Enrollee should seek treatment from a specialist, the Contract Dentist contacts Delta Dental for a determination of whether the proposed treatment is a covered benefit. Delta Dental will also determine whether the proposed treatment requires treatment by a specialist. An Enrollee may contact Delta Dental's Customer

Service department at 800-422-4234 for information regarding the dental care guidelines for DeltaCare USA.

## **Coordination of Benefits**

In addition to the provisions under Dental Accident Benefits, this Program provides Benefits without regard to coverage by any other group insurance policy or any other group health benefits program if the other policy or program covers services or expenses in addition to dental care. Otherwise, Benefits provided under this Program by specialists or Out-of-Network Dentists are coordinated with such other group dental insurance policy or any group dental benefits program. The determination of which policy or program is primary shall be governed by the rules stated in the Contract.

If this plan is secondary, it will pay the lesser of:

- 1) the amount that it would have paid in the absence of any other dental benefit coverage, or
- 2) the enrollee's total out-of-pocket cost payable under the primary dental benefit plan as long as the benefits are covered under this plan.

An Enrollee must provide to Delta Dental and Delta Dental may release to or obtain from any insurance company or other organization, any information about the Enrollee that is needed to administer coordination of benefits. Delta Dental shall, in its sole discretion, determine whether any reimbursement to an insurance company or other organization is warranted under these coordination of benefits provisions, and any such reimbursement paid shall be deemed to be Benefits under this Contract. Delta Dental will have the right to recover from a Dentist, Enrollee, insurance company or other organization, as Delta Dental chooses, the amount of any Benefit paid by Delta Dental which exceeds its obligations under these coordination of benefit provisions.

## **Enrollee Complaint Procedure**

Delta Dental shall provide notification if any dental services or claims are denied, in whole or in part, stating the specific reason or reasons for the denial. If you have any complaint regarding eligibility, the denial of dental services or claims, the policies, procedures or operations of Delta Dental, or the quality of dental services performed by a Contract Dentist, you may call the Customer Service department at 800-422 4234, or the complaint may be addressed in writing to:

Quality Management Department  
P.O. Box 6050  
Artesia, CA 90703

Written communication must include 1) the name of the patient, 2) the name, address, telephone number and identification number of the Primary Enrollee, 3) the name of the Client and 4) the Dentist's name and facility location.

For complaints involving an adverse benefit determination (e.g. a denial, modification or termination of a requested benefit or claim) you may file a request for review (a complaint) with Delta Dental for at least 180 days after receipt of the adverse determination. Delta Dental's review will take into account all information, regardless of whether such information was submitted or considered initially. The review shall be conducted by a person who is neither the individual who made the original benefit determination, nor the subordinate of such individual. Upon request and free of charge, Delta Dental

will provide you with copies of any pertinent documents that are relevant to the benefit determination, a copy of any internal rule, guideline, protocol, and/or explanation of the scientific or clinical judgment if relied upon in making the benefit determination. If the review of a denial is based in whole or in part on a lack of medical necessity, experimental treatment, or a clinical judgment in applying the terms of the Contract, Delta Dental shall consult with a Dentist who has appropriate training and experience. If any consulting dentist is involved in the review, the identity of such consulting dentist will be available upon request.

Within 5 business days of the receipt of any complaint, including adverse benefit determinations as described above, the quality management coordinator will forward to you a written acknowledgment of receipt of the complaint. Certain complaints may require that you be referred to a regional dental consultant for clinical evaluation of the dental services provided. Delta Dental will forward to you a determination, in writing, within 30 days of receipt of a complaint. If the complaint involves an Emergency Dental Condition to a patient's dental health, Delta Dental will provide the Enrollee written notification regarding the disposition or pending status of the complaint within three days.

If you have completed Delta Dental's grievance process, or you have been involved in Delta Dental's grievance procedure for more than 30 days, you may file a complaint with the California Department of Managed Health Care. You may file a complaint with the Department immediately you are experiencing an Emergency Dental Condition.

The California Department of Managed Health Care is responsible for regulating health care service plans. If you have a grievance against your health plan, you should first telephone your health plan at 800-422-4234 and use your health plan's grievance process before contacting the Department. Utilizing this grievance procedure does not prohibit any potential legal rights or remedies that may be available to you. If you need help with a grievance involving an Emergency Dental Condition, a grievance that has not been satisfactorily resolved by your health plan, or a grievance that has remained unresolved for more than 30 days, you may call the Department for assistance. You may also be eligible for an Independent Medical Review (IMR). If you are eligible for IMR, the IMR process will provide an impartial review of medical decisions made by a health plan related to the medical necessity of a proposed service or treatment, coverage decisions for treatments that are experimental or investigational in nature and payment disputes for Emergency Dental Condition or urgent medical services. The Department also has a toll-free telephone number (1-888-HMO-2219) and a TDD line (1-877-688-9891) for the hearing and speech impaired. The Department's Internet Web site <http://www.hmohelp.ca.gov> has complaint forms, IMR application forms and instructions online.

If the group health plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), you may contact the U.S. Department of Labor, Employee Benefits Security Administration (EBSA) for further review of the claim or if you have questions about the rights under ERISA. You may also bring a civil action under section 502(a) of ERISA. The address of the U.S. Department of Labor is: U.S. Department of Labor, Employee Benefits Security Administration, 200 Constitution Avenue, N.W. Washington, D.C. 20210.

## **Public Policy Participation by Enrollees**

Delta Dental's Board of Directors includes Enrollees who participate in establishing Delta Dental's public policy regarding Enrollees through periodic review of Delta Dental's Quality Assessment program reports and communication from Enrollees. Enrollees may submit any suggestions regarding Delta Dental's public policy in writing to: Customer Service department, P.O. Box 1803, Alpharetta, GA 30023.

## **Termination of Benefits**

All Benefits terminate for any Enrollee as of the date that this Program is terminated. We are not obligated to continue to provide Benefits to any such person in such event except for completion of single procedures commenced while this Program was in effect.

If you believe that enrollment has been improperly cancelled or not renewed you may request a review by the Director of the California Department of Managed Health Care of the State of California. Please refer to the *Enrollee Complaint Procedure* section for more information.

## **Organ and Tissue Donation**

Donating organs and tissue provides many societal benefits. Organ and tissue donation allows recipients of transplants to go on to lead fuller and more meaningful lives. Currently, the need for organ transplants far exceeds availability. If you are interested in organ donation, please speak with your physician. Organ donation begins at the hospital, when a patient is pronounced brain dead and identified as a potential organ donor. An organ procurement organization will become involved to coordinate the activities.

## SCHEDULE B

Limitations and Exclusions below with age restrictions will be subject to exceptions based on medical necessity.

### Limitations of Benefits

1. The frequency of certain Benefits is limited. All frequency limitations are listed in *Schedule A, Description of Benefits and Copayments*.
2. Benefits for sealants include the application of sealants only to permanent first and second molars with no decay, with no restorations and with the occlusal surface intact, for first molars through age nine and second molars through age 15. Benefits for sealants do not include the repair or replacement of a sealant on any tooth within three years of its application.
3. If a porcelain margin is also chosen by the Enrollee for a covered porcelain-fused-to-metal crown, the maximum additional cost for this laboratory upgrade is \$75.00.
4. The replacement of an existing inlay, onlay, crown, fixed partial denture (bridge) or a removable full or partial denture is covered when:
  - a. The existing restoration/bridge/denture is no longer functional and cannot be made functional by repair or adjustment, **and**
  - b. Either of the following:
    - The existing non-functional restoration/bridge/denture was placed three or more years prior to its replacement, **or**
    - If an existing partial denture is less than three years old, but must be replaced by a new partial denture due to the loss of a natural tooth, which cannot be replaced by adding another tooth to the existing partial denture.
5. A fixed bridge is considered standard dental treatment when it is necessary to replace one missing permanent anterior tooth in a person 16 years old or older. Such treatment will be covered if the patient's oral health and general dental condition permits.

Fixed bridges used to replace missing posterior teeth are considered Optional when the abutment teeth are dentally sound and would be crowned only for the purpose of supporting a pontic. A fixed bridge used under these circumstances is considered Optional dental treatment.

Fixed bridges are not a benefit when provided in connection with a partial denture on the same arch. If provided, it is considered Optional treatment.

Replacement of an existing nonfunctional bridge is limited to once in a three year period and shall be covered only when the replacement duplicates the original bridge.

Fixed bridges are not a benefit for Enrollees under the age of 16. A fixed bridge under these circumstances is considered Optional dental treatment.

Optional treatment procedures are defined under Limitation #9.

6. Interim partial dentures (stayplates), in conjunction with fixed or removable appliances, are limited to:
  - The replacement of extracted anterior teeth for adults during a healing period when the teeth cannot be added to an existing partial denture **or**
  - The replacement of permanent tooth/teeth for children under 16 years of age.
7. Benefits provided by a pediatric Dentist are limited to children through age seven following an attempt by the assigned Contract Dentist to treat the child and upon prior authorization by Delta Dental, less applicable Copayments. Exceptions for medical conditions, regardless of age limitation, will be considered on an individual basis.
8. In cases of accidental injury, benefits available are described in *Schedule B, Dental Accident Benefits*. Damages to the hard and soft tissues of the oral cavity from normal masticatory (chewing) function, exclusive attrition and normal wear, will be covered as described in *Schedules A, Description of Benefits and Copayments; and B, Limitations and Exclusions of Benefits*.
9. An Optional procedure is defined as any alternative procedure presented by the Contract Dentist that satisfies the same dental need as a covered procedure, is chosen by the Enrollee, and is subject to the limitations and exclusions of the program. The applicable charge to the Enrollee is the difference between the Contract Dentist's "filed fee" for the Optional procedure and the "filed fees" for the covered procedure, plus any applicable Copayment for the covered procedure. Optional treatment does not apply when alternative choices are benefits.
10. General anesthesia and/or intravenous sedation/analgesia is limited to treatment by a contracted oral surgeon and in conjunction with an approved referral for the removal of one or more partial or full bony impactions, (Procedures D7230, D7240, and D7241).
11. The Contract Dentist shall have the right to refuse treatment to an Enrollee who continually fails to follow a prescribed course of treatment.
12. If implants are utilized, Delta Dental will allow the cost of a standard full or partial denture toward the cost of appliances constructed thereon (Optional treatment formula). The patient is responsible for the Optional treatment fee if implants are used. The DeltaCare USA Plan does not cover the surgical removal of implants.
13. The cost to an Enrollee receiving orthodontic treatment whose coverage is cancelled or terminated for any reason will be based on a maximum of \$1,400.00 for the treatment plan. The Contract Orthodontist will prorate the amount for the number of months remaining to complete treatment. The Enrollee makes payment directly to the Contract Orthodontist as arranged.

Should this Contract be terminated by either party due to breach or non-renewal at the end of any applicable term, the provision of the above paragraph shall apply with respect to an Enrollee being treated for orthodontic work which is not completed at the date of termination. The Enrollee's payment shall be no more than \$1,000.00.

14. Orthodontic treatment in progress is limited to new DeltaCare USA Enrollees who, at the time of their original effective date, are in active treatment started under their previous employer sponsored dental plan, and continue to be eligible under the DeltaCare USA Program. Active treatment means tooth movement has begun. An enrollee and/or dependent who has had only models taken or has not been banded is not considered to be in active treatment. Enrollees are responsible for all Copayments and fees subject to the provisions of their prior dental plan. Delta Dental is financially responsible only for amounts unpaid by the prior dental plan for qualifying orthodontic cases.
15. Three recementations or replacements of a bracket/band on the same tooth or a total of five rebracketings/rebandings on different teeth during the covered course of treatment are Benefits. If any additional recementations or replacements of brackets/bands are performed, the Enrollee is responsible for the cost at the Contract Orthodontist's usual fee.
16. Comprehensive orthodontic treatment (Phase II) consists of repositioning all or nearly all of the permanent teeth in an effort to make the Enrollee's occlusion as ideal as possible. This treatment usually requires complete fixed appliances; however, when the Contract Orthodontist deems it suitable, a European or removable appliance therapy may be substituted at the same Copayment amounts as for fixed appliances.

"Filed fees" means the Contract Dentist's fees on file with Delta Dental. Questions regarding these fees should be directed to Delta Dental's Customer Service department at 800-422-4234.

1. The replacement of lost, missing or stolen appliances furnished in whole or in part under this benefit or any other TMJ benefit are not covered.
2. Repair and replacement of covered TMJ devices may be made only after three years have elapsed following any prior provision of such appliances under this program or any other program, except when it is determined that there is such extensive change in the patient's condition (such as the loss of a tooth or teeth) that the appliance cannot be made functional. If the TMJ device is not functional resulting from abuse or alteration by the enrollee, this benefit is excluded.
3. Fixed appliances and restorations provided solely for the treatment of TMJ are excluded.

5. Services for bruxism (grinding of teeth) unrelated to TMJ dysfunction are not covered.

Your medical plan's customer service representatives will be able to confirm the coverage for Dental Accidents that your medical plan provides.
